Whereas, the City has now completed the construction of the Moccasin power plant as a part of the development of the Hetch Hetchy project, which plant has a rated capacity of 70,000 kilowatts and is capable of producing approximately 460,000,000 kilowatt hours of electric energy annually, and has also completed the building of a transmission line to the vicinity of Newark, in Alameda county, of sufficient capacity to transmit and deliver to that point approximately 420,000,000 kilowatt hours after al-

lowance for transmission losses; and

Whereas, the City has not yet constructed or acquired a transmission line from the point near Newark to the City limits, and has not yet constructed or acquired a distribution system for utilizing the power produced at Moccasin plant and delivering the same for general municipal uses and for sale to consumers of electric energy within the limits of the City and County; and

Whereas, pursuant to resolutions of its Board of Supervisors looking to the acquisition of a municipally owned electric distribution system, the City has commenced and there is now pending before the Railroad Commission of the State of California proceedings for the determination by the Commission of the compensation to be paid by the City for the local distribution systems and certain steam plants now owned and operated by the Pacific Gas and Electric Company and the Great Western Power Company of California, respectively, when the same shall be taken over by the City under eminent domain proceedings, or otherwise; and

Whereas, the City has not funds available at the present time with which to purchase or construct a distribution system of its own and it will be necessary to submit a proposition to the People to vote bonds to provide money for that purpose before a distribution system can be purchased or constructed, and the City cannot well determine whether to purchase one or both of the local distribution systems, or to construct a distribution system of its own until the Railroad Commission determines the amount of compensation to be paid by the City for the taking of either or both of said local distribution systems under the proceedings now pending before the Commission; and

Whereas, the City intends to complete its power transmission line from Newark to San Francisco and to acquire or construct a distribution system of its own; and

Whereas, the said Moccasin Power Plant is now in condition to operate at its full capacity of 70,000 kilowatts, and unless some temporary arrangement is made between the City and the Company for the distribution to consumers of the electric energy which can be produced at said plant during the period that must elapse before the City can acquire, own and operate a distribution system of its own, there will be a great waste of said potential energy and a great loss of po-

tential revenue to the City and its taxpayers; and

Whereas, the statistical and financial records kept by the City or the Company show the following, viz.:

1. That the total capacity and possible annual output of energy from the Moccasin plant will not be sufficient to supply all municipal requirements and the demand of consumers in the City and County for electric power and energy, although in hours and days of low energy requirement the capacity and output may be more than sufficient to supply said requirements and demands during said hours and days.

2. That the average transmission and distribution losses of energy from the Newark substation of the Company to the various consumers' meters in San Francisco is 24 per cent of all energy delivered into the system of the Company at Newark for transmission and distribution to consumers in San Francisco.

3. That 2.383 cents is the average revenue per kilowatt hour received from all classes of consumers of the Company in San Francisco under existing rates based on the experience of the Company for the year 1924.

Now, therefore, in consideration of the premises and the mutual covenants and conditions herein contained, the parties hereto mutually covenant and agree as follows:

First: The City hereby employs the Company and the Company accepts employment as temporary distributor for and on behalf of the City, of the electric energy to be generated at Moccasin Power House and transmitted to Newark by the City over its own transmission lines. The City agrees to so maintain its Moccasin plant that it will, whenever necessary to do so, carry load up to its full capacity of 70,000 kilowatts, subject to limitations of its forebay storage and to accidents and unforeseen contingencies; and to deliver and consign the entire energy output of its said plant to the Company, save and except such portion thereof as may be reserved for City requirements as hereinafter provided. The Company agrees to accept such consignment of the entire energy output of Moccasin plant, less transmission losses and except such portion as the City shall retain as above and hereinafter mentioned, delivered at not to exceed a 75 per cent monthly load factor, to make at its own expense the necessary physical connection of the City's transmission lines with its own sys-

tem at Newark; to install all necessary equipment, facilities and proper meters for accurately measuring the amount of energy delivered; to transmit so much of said energy through its own system to San Francisco as may be required to light public streets and to meet other municipal needs for electric energy; to supply street railroads and other consumers of such energy in the City; to transform, convert, regulate, distribute and meter the energy sold; to furnish all necessary peak load and steam standby service and collect from consumers of such energy the charges therefor, which shall not exceed the lawfully established rates, and make accounting to the City as hereinafter in Paragraph Fifth provided.

Second: The City agrees that the energy consigned to the Company from the Moccasin plant shall be the entire output thereof, diminished only by transmission and other losses and by such amounts as the City shall require for its own use in the construction or operation of any portion of the Hetch Hetchy Project, and also by such amounts, if any, as the City may be legally required to furnish to irrigation districts or municipalities under the terms of the act of Congress, approved December 19, 1913, known as the Raker Act. Failure or inability of the Company to take at Newark a part of the energy which the City is in a position to deliver to it under the terms of this agreement shall not constitute grounds for deduction in the amount of the revenue to be paid to the City had such energy been received by the Company and sold to consumers, it being understood, however, that the Company is not required to accept the output of the Moccasin plant at a monthly load factor in excess of 75 per cent.

Third: In order to arrive at the amount which should be realized by it for its Moccasin energy consigned by the City to the Company at Newark under the terms of this agreement for transmission and delivery to consumers, the City has assumed (and the Company, for the purposes of this agreement merely, has acquiesced in the assumption) that of the energy consigned and delivered to the Company at Newark and by the Company delivered to consumers in the City and County of San Francisco there would be transmission, substation and distribution losses amounting to 24 per cent of the energy thus consigned and delivered at Newark and therefore 76 per cent of the energy consigned and delivered at Newark should be taken as the true meas-

ure of the amount possible of deliverance to consumers.

Fourth: In order to arrive at the amount which should be realized by it for its Moccasin energy consigned by the City to the Company at Newark under the terms of this agreement for transmission and delivery to consumers, the City has assumed (and the Company, for the purposes of this agreement merely, has acquiesced in the assumption) that inasmuch as in the year 1924 under existing rates the average revenue received by the Company from consumers in San Francisco amounted to 2.383 cents per kilowatt hour, such average revenue should be applied to 76 per cent of the energy to be consigned and delivered by the City to the Company at Newark for the purposes in this contract declared.

Fifth: In order to arrive at the amount which should be realized by it for its Moccasin energy consigned and delivered by the City to the Company at Newark under the terms of this agreement for transmission and delivery to consumers, the City has assumed (and the Company, for the purposes of this agreement merely, has acquiesced in the assumption) that the City shall receive for the energy consigned and delivered by it to the Company at Newark 26.935 per cent of 2.383 cents per kilowatt hour for 76 per cent of the energy so consigned and delivered at Newark, and that the Company shall receive 73.065 per cent thereof.

It is agreed by the City and the Company that the Company shall account for and pay over to the City for the energy so consigned and delivered to it by the City at Newark for transmission and distribution to consumers as provided in this contract 26.935 per cent of 2.383 cents per kilowatt hour for 76 per cent of the energy so consigned and delivered by the City to it at Newark, and the Company shall retain the aforementioned 73.065 per cent as its compensation for services rendered under this contract.

Sixth: The City shall not be obliged to deliver energy into the system of the Company at Newark, nor shall the Company be obligated to receive such energy at such time as either shall be prevented from doing so on account of accidents, acts of God or fire, making it physically impossible to so deliver or receive energy or on account of strikes, riots, war or any other cause beyond reasonable power of control of either party. In the event of inability on the part of the City to deliver the said energy

at Newark, or inability on the part of the Company to receive the energy at Newark arising from any of the causes in this paragraph specified, the party so prevented from making such delivery of energy or receiving such energy shall proceed at all possible speed to take the necessary action to enable it to comply with its covenants herein contained.

Seventh: The net proceeds due the City, namely 26.935 per cent of 2.383 cents per kilowatt hour for 76 per cent of the energy so consigned and delivered at Newark by it to the Company, shall be paid into the Treasury of the City and County of San Francisco by the Company in monthly installments and not later than the 15th day of each month after operation under this agreement commences. The amount of such payment shall be based upon the amount of energy actually delivered into the system of the Company at Newark during the preceding month. In the event of the refusal, failure or inability of the Company to take the available output of the Moccasin plant deliverable at Newark in accordance with the terms of this agreement, then the amount of energy which the City could have delivered shall be the basis of computing such monthly payment. The method for determining this amount shall be covered in the memorandum of technical specifications, details and conditions hereinafter provided for.

Eighth: Should the present established rates for the sale of electric energy in San Francisco be hereafter increased or decreased by lawful authority, then the amount to be retained by the Company and the amount to be paid to the City under the terms of this agreement shall be proportionately increased or decreased.

Ninth: Neither this contract nor anything contained herein, nor the prices, rates or charges fixed herein, shall ever be offered or in any manner used as evidence by either said City and County or said Company or any successor in interest of either of them in any court or before any commission or official of the State of California or of the United States of America in any action or proceeding in which said City or any successor in interest shall be a party adversary to said Company, or any successor in interest, other than an action or proceeding between the parties hereto, or their respective successors in interest, or one of said parties and a

successor in interest of the other, commenced and prosecuted for the purpose of obtaining a judicial or official interpretation or determination of the legality of this contract or of any provision thereof or for the purpose of enforcing its performance, or recovering damages for its nonperformance.

Tenth: It is expressly recognized that this contract is a temporary arrangement between the parties for distributing the energy output of the Moccasin plant over and through the Company's lines and system during the period that must elapse before the City can construct or acquire a distribution system of its own.

It is therefore agreed that the contract may be terminated at any time by either the City or the Company upon one day's previous notice in writing to the other.

Eleventh: It is further understood and agreed that this contract is subject to immediate cancellation upon request or demand of the Secretary of the Interior of the United States should he hold that in his opinion the agreement violates any provision of the laws of the United States in general, or the Raker Act in particular.

Twelfth: All of the electric energy to be delivered and received pursuant to the provisions of this contract shall be three phase, 60 cycle, alternating current. The electromotive force of such energy at the point of delivery shall be approximately 105,000 volts, slight variation in voltage and frequency to be permitted.

Thirteenth: The Company shall inspect, test and keep in proper repair all meters and accessories at Newark which will be used for measuring the amount of electric energy consigned to the Company under this contract. The said meters shall be kept under joint seals of the City and Company which shall not be broken except in the presence of authorized representatives of both parties. Either party shall have the right at any time to request an inspection or test, and if found necessary, proper adjustment of such meters in the presence of a representative of the other party appointed for that purpose. When such inspection or test is desired, sufficient notice shall be given by the party desiring the test, to permit of the other party having its representative present. The registration of the meters shall be used as the basis of determining the amount of energy consigned thereunder, unless, upon being

tested, the meters shall be found to register inaccurately and such inaccuracy shall exceed two per cent (2%). Where the inaccuracy is more than two per cent (2%), but the actual inaccuracy can be approximately determined, the readings of such meters shall be corrected and such corrected reading shall be used as a basis for determining the amount of energy delivered. Where the registry of the meters cannot be so properly corrected, the amount of energy delivered during such period of inaccurate registry shall be estimated by the engineers for the parties hereto from the average daily plant output of energy during such period, and from any other available and pertinent data.

Fourteenth: Technical specifications, details and conditions as to the construction of the interconnecting lines and switching apparatus at Newark, and as to the maintenance, repair and operation of the power generating plant and transmission system of the City shall be agreed upon by the City Engineer of San Francisco and the Vice President in charge of electrical construction and operation of the Company, and a memorandum of such agreed specifications and operating details shall be filed with and become part of this agreement; provided, that if any changes in said technical specifications or operating details may from time to time become necessary or advisable in the opinion of both of said parties, supplemental memoranda of the same shall be filed, and become part hereof without affecting the remaining terms of the agreement.

Fifteenth: The recitals hereinabove contained commencing with the words "Whereas, the City has now completed the construction of the Moccasin Power Plant," and ending with the words "a great loss of potential revenue to the City and its taxpayers; and" are statements made by the City of its purposes and intentions and concerning other matters contained in said recitals. Said recitals are not and no one of them is made by or on behalf of the Company. None of said recitals shall be binding on either of the parties to this agreement in any dispute, controversy or question which may ever hereafter arise in which the same might otherwise be relevant or pertinent.

In witness whereof, the Board of Public Works has caused these presents to be duly executed and signed by its members, and the Company

has caused these presents to be executed by its officers first thereunto duly authorized by resolution of its board of directors, a copy of which is hereunto annexed, the day and year first above written.

Section 2. As soon as said agreement is duly executed by the parties therein named, a duly executed copy or certified copy thereof shall forthwith be presented to the Secretary of the Interior of the United States at Washington, D. C. If said Secretary of the Interior shall, upon such presentation of the agreement to him, or at any time thereafter, announce his disapproval of said agreement, either directly or through the Attorney-General of the United States, and direct that the same be cancelled, then said agreement will be subject to immediate cancellation as therein provided.

Establishing Set-back Lines.

Bill No. 7165, Ordinance No. 6685 (New Series), as follows:

Establishing set-back lines along portions of Staples avenue, Edna street and Sadowa street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that on the 18th day of May, 1925, the Board of Supervisors adopted Resolution of Intention No. 91, to establish set-back lines along Staples avenue, Edna street and Sadowa street, and fixed the 15th day of June, 1925, at 2 o'clock p m., at the chambers of the Board of Supervisors, as the time and place for hearing objections thereto; that thereafter, and more than ten days prior to said hearing, the said reso-

lution was published and notices of the passage of said resolution were posted along the line of said streets in time, form and manner required by Ordinance No. 5636 (New Series); that said hearing was held at the time and place aforesaid, and that all objections made at said hearing have been properly overruled.

Section 2. Pursuant to the foregoing recitals, and in accordance with the provisions of said Ordinance No. 5636 (New Series), set-back lines are hereby established as follows:

Along both sides of Staples avenue, commencing at points 100 feet easterly from Foerster street and running thence easterly to points 100 feet westerly from Edna street, said set-back lines to be 8½ feet.

Along the northerly side of Staples avenue, commencing at a point 100 feet easterly from Edna street and running thence easterly to a point 100 feet westerly from Detroit street, said set-back line to be 5 feet; along the southerly side of Staples avenue, commencing at a point 100 feet easterly from Edna street and running thence easterly 275 feet, said set-back line to be 15 feet; thence easterly to a point 100 feet westerly from Detroit street, said set-back line to be 4½ feet.

Along the easterly side of Edna street between Judson avenue and Staples avenue, said set-back line to be 5 feet.

Along the westerly side of Edna street, commencing at Marston avenue and running thence northerly 50 feet, said set-back line to be 10 feet; thence northerly to Judson avenue, said set-back line to be 12 feet; along the easterly side of Edna street between Marston avenue and Judson avenue, said set-back line to be 9 feet.

Along the southerly side of Sadowa street, commencing at Capitol avenue and running thence easterly 650 feet, said set-back line to be 12 feet; thence easterly 25 feet, said set-back line to be 5 feet; thence easterly 25 feet, said set-back line to be 2 feet.

As shown on the maps filed in the office of the Board of Supervisors, and to which reference is hereby made for further particulars.

Section 3. No structures shall be erected in the area between said set-back lines and the street lines, except as provided in said Ordinance No. 5636 (New Series), and the penalties for the violation of this ordinance shall be as fixed by the ordinance aforesaid.

Ordering Street Work.

Bill No. 7166, Ordinance No. 6686 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors June 13, 1925, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of the following portions of *Cabrillo street between Thirty-seventh and Thirty-eighth avenues*: The northerly one-half of Cabrillo street between Thirty-eighth avenue and a line parallel with and 95 feet easterly therefrom, and the southerly one-half of Cabrillo street between Thirty-eighth avenue and a line parallel with and 120 feet easterly therefrom, by the construction of concrete curbs; by the construction of concrete gutters 2 feet in width adjacent to the above mentioned curb, and by the construction of an asphaltic con-

crete pavement on the remainder of the roadway thereof.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Bill No. 7167, Ordinance No. 6687 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors May 7, 1925, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works and to be done in accordance with the specifications prepared therefor by said Board of Public Works and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of *Shotwell street between Bernal avenue and Stoneman street*, where not improved, including the intersection of *Montezuma street and Aztec street with Shotwell street*, by the construction of concrete curbs where granite curbs are not already constructed; by the construction of artificial stone sidewalks on the

angular corners of the above mentioned intersections; by resetting the existing curbs and catchbasins on the intersection of Montezuma street and Shotwell street; by the construction of 3 brick catchbasins, with appurtenances, and 10-inch ironstone pipe culverts, one on the northwesterly corner of Aztec street and Shotwell street, and two on the east curb line of Shotwell street, and by the construction of a concrete pavement on the roadway thereof.

Section 2. This ordinance shall take effect immediately.

Vertical curve passing through the last three described points.

10 feet easterly from the westerly line of, 60 feet northerly from Ottawa avenue, 227.67 feet.

10 feet easterly from the westerly line of, 180 feet northerly from Ottawa avenue, 233.67 feet.

10 feet easterly from the westerly line of, 300 feet northerly from Ottawa avenue, 229.03 feet.

Vertical curve passing through the last three described points.

10 feet westerly from the easterly line of, 350 feet northerly from Ottawa avenue, 224.87 feet.

10 feet easterly from the westerly line of, 350 feet northerly from Ottawa avenue, 224.87 feet.

10 feet westerly from the easterly line of, at Mt. Vernon avenue southerly line, 220.13 feet.

10 feet easterly from the westerly line of, at Mt. Vernon avenue southerly line, 221.13 feet.

Easterly line of, 12 feet northerly from Mt. Vernon avenue southerly line, 221.29 feet. (The same being the present official grade.)

Westerly line of, 12 feet northerly from Mt. Vernon avenue southerly line, 219.67 feet. (The same being the present official grade.)

Easterly line of, 12 feet southerly from Mt. Vernon avenue northerly line, 219.79 feet. (The same being the present official grade.)

Westerly line of, 12 feet southerly from Mt. Vernon avenue northerly line, 217.45 feet. (The same being the present official grade.)

10 feet westerly from the easterly line of, at Mt. Vernon avenue northerly line, 219.32 feet.

10 feet easterly from the westerly line of, at Mt. Vernon avenue northerly line, 217.92 feet.

70 feet northerly from Mt. Vernon avenue, 217.83 feet.

320.40 feet northerly from Mt. Vernon avenue, 215.00 feet.

Del Monte Street.

10 feet westerly from the easterly line of, at Ottawa avenue northerly line, 208.87 feet.

10 feet easterly from the westerly line of, at Ottawa avenue northerly line, 208.49 feet.

200 feet northerly from Ottawa avenue, 210.50 feet.

10 feet westerly from the easterly line of, at Mt. Vernon avenue southerly line, 209.90 feet.

10 feet easterly from the westerly line of, at Mt. Vernon avenue southerly line, 208.50 feet.

On Ellington avenue between Ottawa avenue and a line parallel with Mt. Vernon avenue and 320.40 feet northerly therefrom, and on Del Monte street between Ottawa and Mt. Vernon avenues be established to conform to the true gradients between the grade elevations above given therefor.

Section 2. This ordinance shall take effect immediately.

Providing for the Disposal at Private Sale of Certain Land Belonging to the City and County of San Francisco, in Accordance With the Provisions of Article II, Chapter II Section 9 of the Charter.

Bill No. 7169, Ordinance No. — (New Series), as follows:

Providing for the disposal at private sale of certain land belonging to the City and County of San Francisco, in accordance with the provisions of Article II, Chapter II, Section 9, of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following land, owned and held by the City and County of San Francisco, situated within the County of San Mateo, State of California, and being more particularly described as follows, to-wit:

Parcel 1. Beginning at an iron pipe monument and old post marked "B-3" set in the northeasterly boundary line of that certain tract of land containing 429.20 acres conveyed by Frederick R. King et ux. to Spring Valley Water Company, by deed dated December 19, 1906, and recorded in the office of the County Recorder of San Mateo County, State of California, December 28, 1906, in Book 131 of Deeds, page 200; said monument "B-3" being also in the boundary line of that certain tract of land containing 301.60 acres, conveyed by Allis-Chalmers Mfg. Co. to the City and County of San Francisco, by deed dated March 12, 1924, and recorded March 27, 1924, in said Recorder's office in Book 110 of Official Records, page 143, running thence along the boundary line between said 429.20-acre tract and said 301.60-acre tract; south 56 degrees 00 minutes west 761.98 feet to an iron pipe monument and post marked "B-2"; thence north 35 degrees 32 minutes west 291.67 feet to an iron pipe monument and post marked "B-1" set in the southerly boundary line of that

certain 972.66-acre tract conveyed to Spring Valley Water Co. by W. F. Chipman and the United Trust Company of San Francisco, executors of the last will of Josephine A. Phelps, deceased, dated June 4, 1918, and recorded in said Recorder's office June 6, 1918, in Book 272 of Deeds, page 356; thence along the boundary line between said 972.66-acre tract and said 301.60-acre tract north 47 degrees 32 minutes east 1100.00 feet to an iron monument; thence leaving said last mentioned boundary line south 19 degrees 14 minutes east 213.70 feet; thence south 12 degrees 51 minutes west 361.56 feet to the point of beginning, containing 8.10 acres and being a portion of said 301.60-acre tract.

Parcel 2. Beginning at a point in the boundary line between said 429.20-acre tract and said 301.60-acre tract hereinabove referred to in Parcel 1, distant thereon south 36 degrees 22 minutes east 2656.27 feet from the point of beginning of said Parcel 1, hereinabove described, running thence north 86 degrees 36 minutes east 718.82 feet; thence south 18 degrees 59 minutes west 733.10 feet to said last mentioned boundary line; thence along said last mentioned boundary lines north 36 degrees 22 minutes west 807.96 feet to the point of beginning, containing 5.59 acres and being a portion of said 301.60-acre tract.

Section 2. Said parcels of land shall be sold together, for cash in lawful money of the United States, at a private sale to be held in accordance with the provisions of Article II, Chapter II, Section 9, of the Charter of the City and County of San Francisco.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper published in this City and County for two weeks successively next before the day on or after which the sale is to be made, a notice of such sale, describing the land to be sold with common certainty.

Section 4. The Mayor, Assessor and the chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise said land within three weeks after the final passage of this ordinance, as required by Article II, Chapter 2, Section 9, of the Charter.

Section 5. Upon receipt and examination of bids or offers for said land as aforesaid, the Mayor shall accept the highest bid made, provided said bids be for at least ninety (90) per cent of the value

found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors, with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

Section 6. This ordinance shall take effect immediately.

City Consents to Elimination of Property From Spring Valley Option for Road to Connect Westerly Terminus of Dumbarton Bridge With Willow Road in San Mateo County.

Supervisor Shannon presented:

Resolution No. 24214 (New Series), as follows:

Whereas, heretofore, on the 14th day of April, 1922, Spring Valley Water Company, a corporation, gave to the City and County of San Francisco an option to purchase certain properties of said Spring Valley Water Company; and

Whereas, Dumbarton Bridge Company, a corporation, has requested that said Spring Valley Water Company sell and grant to it a right of way and easement for the construction, maintenance and/or use of a road of such character as said Dumbarton Bridge Company may determine, for use by all traffic of whatsoever kind, as an approach to and egress from any bridge which may be constructed or maintained by said Dumbarton Bridge Company over the Bay of San Francisco, and also a right of way and easement for the construction, maintenance and/or use of drainage canals, as required by the War Department of the United States, over certain lands of said Spring Valley Water Company, situated in the County of San Mateo, State of California, lying between the westerly terminus of said proposed bridge and Willow road; and

Whereas, said Dumbarton Bridge Company has agreed to pay to said Spring Valley Water Company the sum of one hundred (\$100) dollars per acre for said rights of way and easements if and when said rights of way and easements are sold and granted to it; and

Whereas, said Spring Valley Water Company has requested the City and County of San Francisco to consent to the selling and granting of said rights of way and easements in so far as the properties of said Spring Valley Water Company which are subject to said option are or will be affected thereby; and

Whereas, said Spring Valley Water Company has agreed that if

said consent be given and if and when said sale grant is consummated, the purchase price specified in said option aforesaid shall be reduced by the sum of one thousand fifty-one and 60/100 dollars (\$1,051.60); and

Whereas, in the opinion of this Board, it is for the best interests of all concerned that the City and County of San Francisco consent to the selling and granting of said rights of way and easements in so far as the said properties of Spring Valley Water Company subject to said option are or will be affected thereby; now, therefore, be it

Resolved, That the City and County of San Francisco does hereby give its full consent to the selling and granting by said Spring Valley Water Company to said Dumbarton Bridge Company of the rights of way and easements hereinabove referred to over the said parcels of land hereinabove more particularly described, upon such terms and conditions as the said Spring Valley Water Company may deem proper.

Ordering Street Work.

On motion of Supervisor Harrelson:

Bill No. 7170, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors December 12, 1922, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and speci-

cations are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of *Twentieth street between Kansas street and Rhode Island street*, by grading to official line and grade.

Section 2. This ordinance shall take effect immediately.

Extension of Time, Municipal Construction Company.

Supervisor Harrelson presented:

Resolution No. 24215 (New Series), as follows:

Resolved, That the Municipal Construction Company is hereby granted an extension of sixty days' time from and after June 27, 1925, within which to complete the improvement of Key avenue from Jennings street to a line 325 feet easterly therefrom, under public contract. This extension of time is granted for the reason that the contractor has been delayed by inclement weather.

Adopted by the following vote:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets at the points hereinafter specified and at the elevations above city base as hereinafter stated, in accordance with Resolution No. 86963 (Second Series), of the Board of Public Works, adopted June 22, 1925, and written recommendation of said Board, filed June 24, 1925, to-wit:

Kansas Street.

Twentieth street, 255 feet. (The same being the present official grade.)

100 feet southerly from Twentieth street, 240 feet.

140 feet southerly from Twentieth street, 234.62 feet.

180 feet southerly from Twentieth street, 230.50 feet.

(Vertical curve passing through the last three described points.)

220 feet southerly from Twentieth street, 227 feet.

260 feet southerly from Twentieth street, 224.26 feet.

300 feet southerly from Twentieth street, 223.06 feet.

(Vertical curve passing through the last three described points.)

581 feet southerly from Twentieth street, 220 feet.

Easterly line of, 651 feet southerly from Twentieth street, 219.24 feet.

On Kansas street between Twentieth and Twenty-second streets be changed and established to conform to the true gradients between the grade elevations above given therefor and the present official grade of Twenty-second street at Kansas street.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are un-

graded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Passed for Printing.

The following bill was *passed for printing*:

Amending Spur Track Permit Respecting Joint Use of Newcomb Avenue.

On motion of Supervisor Harrelson:

Bill No. 7172, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 6669 (New Series), entitled "Granting permission, revocable at will of the Board of Supervisors, to Southern Pacific Company, a corporation, to construct, maintain and operate standard-gauge railroad tracks upon, along and across those certain streets and avenues in the City and County of San Francisco, State of California, as hereinafter described," by adding a new section thereto, to be numbered 3, relating to the common use of a railroad track described in said ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. There is hereby added to Ordinance No. 6669 (New Series), entitled "Granting permission, revocable at will of the Board of Supervisors, to Southern Pacific Company, a corporation, to construct, maintain and operate standard-gauge railroad tracks upon, along and across those certain streets and avenues in the City and County of San Francisco, State of California, as hereinafter described," a new section, to be numbered 3, and to read as follows:

Section 3. The permission granted to construct, maintain and operate a railroad track, the center line of which is described as follows:

Beginning at a point on the southwesterly line of Newcomb avenue, distant therein 100 feet, more or less, southeasterly from the southeasterly line of Quint street; thence northwesterly on a curve concave to the left, with a radius of 365 feet, crossing the intersection of

Quint street and Newcomb avenue, for a distance of 170 feet, more or less, to the intersection of the center line of Newcomb avenue and the northwesterly line of Quint street produced; thence northwesterly along said center line of Newcomb avenue, crossing Rankin street and Selby street, for a distance of 1328 feet, more or less, to a point on the northwesterly line of Selby street, distant thereon 240 feet, more or less, northeasterly from the northeasterly line of Oakdale avenue; thence continuing on private property to a point on the southeasterly line of Toland street, distant thereon 240 feet, more or less, northeasterly from the northeasterly line of Oakdale avenue; thence northwesterly, crossing Toland street, for a distance of 64 feet, more or less, to a point on the northwesterly line of Toland street distant thereon 240 feet, more or less, northeasterly from the northeasterly line of Oakdale avenue, shall not be an exclusive right, and in that behalf said Southern Pacific Company, its successors in interest, or assigns, shall allow any other railroad owner or operator, or owners or operators, to use in common with it such track, each owner or operator paying an equal portion of the cost of the construction and repair of said track and appurtenances so jointly used plus interest on such portion at the rate of six per cent (6%) per annum (not compounded) from the time of the expenditures for construction and repairs, and such track and appurtenances so jointly used shall be owned in common.

Section 2. This ordinance shall take effect immediately.

Relief for Victims of Santa Barbara Earthquake.

Supervisor McLeran presented:

Resolution No. 24222 (New Series), as follows:

Whereas, news has been received of a shocking disaster at Santa Barbara and neighboring places this morning, and recalling that the people of that section responded promptly and generously to San Francisco at the time of the disaster in 1906;

Resolved, That the Mayor is hereby authorized to tender to the people of Santa Barbara and neighboring communities the earnest sympathy of the people of this City and the proffer of everything pos-

sible that can be done to help them in this emergency;

Further Resolved, That the Mayor be authorized to do whatever he deems to be necessary to assist the stricken communities, and that he forthwith send a representative of the City to Santa Barbara to act accordingly.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovleri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Accepting Offers to Sell Property Required for School Purposes.

Resolution No. 24223 (New Series), as follows:

Whereas, an offer has been received from Bartholomew Cademartori to convey to the City and County of San Francisco certain land and improvements, situate on the northwest corner of Franklin and Green streets, for school purposes; and

Whereas, the price at which said parcel of land and improvements is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, with improvements, free of all encumbrances, for the sum of \$27,500, be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point formed by the intersection of the northerly line of Green street with the westerly line of Franklin street, running thence westerly along the northerly line of Green street 98 feet 2 inches; thence at a right angle northerly 130 feet; thence at a right angle easterly 98 feet 2 inches to the westerly line of Franklin street; thence southerly along the westerly line of Franklin street 130 feet to the northerly line of Green street and point of commencement. Being a portion of Block 546 on Assessor's Map Book.

The City Attorney is hereby directed to examine the title to said land and, if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured, or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the

Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

Adopted under suspension of the rules by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Also, Resolution No. 24224 (New Series), as follows:

Whereas, an offer has been received from Henry Jacobs to convey to the City and County of San Francisco certain land situate on the southerly line of Golden Gate avenue, distant 57 feet 6 inches east from Gough street, required for school purposes; and

Whereas, the price at which said parcel of land and improvements is offered is the reasonable value thereof, therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, with improvements, free of all encumbrances, for the sum of \$18,000, be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point on the southerly line of Golden Gate avenue, distant thereon 57 feet 6 inches easterly from Gough street, running thence easterly along said southerly line of Golden Gate avenue 55 feet; thence at a right angle southerly 120 feet; thence at a right angle westerly 55 feet; thence at a right angle northerly 120 feet to the southerly line of Golden Gate avenue and point of commencement. Being a portion of Block 768 on Assessor's Map Book.

The City Attorney is hereby directed to examine the title to said land, and, if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured, or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon

payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

Mayor to Sell Physicians' Cottage, Isolation Hospital.

Supervisor McLeran presented:

Resolution No. 24225 (New Series), as follows:

Resolved, That in accordance with the recommendation of Wm. C. Hassler, Health Officer of the City and County of San Francisco, his Honor the Mayor, be and is hereby authorized and requested to sell at public auction, in accordance with provisions of the Charter, the certain building known and designated as the Physicians' Cottage on the old Isolation Hospital site, said building being undesirable for further use by the City and County of San Francisco.

Adopted under suspension of the rules by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Finance Committee to Make Appropriation for Circulation of Petitions for Bridge District.

Supervisor Welch presented:

Resolution No. — (New Series), as follows:

Resolved, That the Finance Committee be requested to appropriate the sum of \$——— for the purpose of defraying the cost of circulating petitions and obtaining signatures thereto to initiate the organization of a Bridge District as provided by law.

Referred to Finance Committee.

Board of Public Works to Remove Hetch Hetchy Railroad Track and Surface Road.

Resolution No. — (New Series), as follows:

Supervisor McLeran presented:

Whereas, the City of San Francisco is obligated under the provisions of Section 9(p) of the Raker Act to construct a wagon road from Mather (formerly known as Hog Ranch) into the Hetch Hetchy Damsite; and

Whereas, the roadbed for said road has heretofore been constructed and is now occupied by the rails of the Hetch Hetchy Railroad, but said railroad will not be required for the further use of the City for a number of years; now, therefore, be it

Resolved, That in order to comply with the said terms of the Raker Act, the Board of Public Works is hereby instructed to remove said railroad track between Mather and Hetch Hetchy Damsite, and to re-surface the road so as to place it in condition for vehicular traffic. Be it further

Resolved, That the City Engineer be and he is hereby requested to furnish this Board at once with an estimate of the cost of doing said work in order that suitable appropriations may be made therefor.

Referred to Public Utilities Committee.

Lighting Surplus for Third Street Improvement.

Supervisor McSheehy presented: Resolution No. ——— (New Series), as follows:

Whereas, the Public Lighting Committee reports there has been a saving of \$24,159.19 in the budget of 1924-1925 on street lighting; therefore, be it

Resolved, That the sum of \$24,159.19 be set aside out of the budget appropriation for the reconstruction of Third street from the intersection of Third and Fourth streets South, which has been left out of the budget passed by the Board of Supervisors.

Referred to Streets Committee.

ADJOURNMENT.

There being no further business, the Board at the hour of 6 p. m. adjourned.

ROLL CALL FOR PETITIONS FROM MEMBERS.

President's Reply to Mayor's Request That Hetch Hetchy Contract Matter Be Expedited.

The following was presented, read and ordered *filed*:

Mayor's Office, San Francisco.

San Francisco, Calif.,

July 6, 1925.

To the Honorable Board of Supervisors, City Hall, San Francisco, Calif.

My dear Colleagues:

The following letter, in reply to a telegram which I addressed to the President in an endeavor to expedite the matter of the Hetch Hetchy power project in the various departments, was received by me this morning:

"The White House,

Washington.

Lynn, Mass., June 29, 1925.

My dear Mr. Mayor:

I have placed before the President your telegram of June 26th and he has read it with the greatest care. He asks me to say to you that this matter is at once being brought to

the attention of the Secretary of the Interior.

Sincerely yours,

(Signed)

EVERETT SANDERS,

Secretary to the President.

Hon. James Rolph, Jr., Mayor,
San Francisco, Calif."

Very respectfully yours,

(Signed)

JAMES ROLPH, JR.,

Mayor.

Ordered *filed*.

Report of the Grand Jury on Hetch Hetchy Temporary Power Contract.

The following was presented, read and referred to *Public Utilities Committee*. Copies to members of committee, to-wit:

July 3, 1925.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Enclosed herewith you will find copy of the Grand Jury report on Hetch Hetchy project.

Respectfully,

(Signed)

HARRY A. FIALER,

Secretary Grand Jury.

July 1, 1925.

The Grand Jury, as a Committee of the Whole, made an inspection of some of the outstanding features of the Hetch Hetchy water supply development. Eleven Grand Jurors, accompanied by the Grand Jury's accountant, Mr. Wm. J. Lynch, left here on Friday, May 22d, and proceeded by automobile to Moccasin Creek power house, where the structures at that point were examined.

On the following day the other important structures of the Mountain Division were visited, including the Hetch Hetchy dam and reservoir, the power house and tunnel

connections at Early Intake and the dam and surge at Priest's.

The committee was impressed with the solidity of the structures and believes that an exceedingly high type of work has been performed.

The Hetch Hetchy water supply project was first planned in 1901, when City Engineer Marsden Manson, to whom the City will ever be indebted for his vision and practical farsightedness, and Mayor James D. Phelan filed water locations on Tuolumne River, Cherry River and Eleanor Creek. Subsequently, thorough examination was made of all other water supplies by the most eminent authority in this field, John R. Freeman, and finally, after considerable effort and an exhaustive investigation by a commission of army engineers, Secretary of the Interior Fisher recommended to Congress that San Francisco be granted the right to reservoir and dam sites and the conservation of water and power from the waters of the high Sierras in the Yosemite National Park, including the Hetch Hetchy Valley and its watershed.

This congressional grant is embodied in the "Raker Act" and stipulates that the water and power so developed shall be used for the municipal and domestic purposes of the City of San Francisco primarily, after satisfying the power demands for the Turlock and Modesto Irrigation districts at cost.

The interpretation of the grant is in many details a duty of the Secretary of the Interior.

A general plan was prepared by John R. Freeman and this plan is being followed in its main features and without substantial changes under the able direction of City Engineer M. M. O'Shaughnessy and a corps of loyal assistants.

The Mountain Division was found to be nearly completed, according to the statements given to your committee by various representatives of the City Engineer's office. We were told that the structures at the Moccasin power house and the installations, together with those higher up, would be ready for the delivery of electricity at Moccasin within approximately three to four weeks from that date.

The committee found that the surge intake at Priest's is nearly completed to about the same extent.

High in the mountains Hetch Hetchy Lake and Eleanor send their waters to Early Intake and thence to Priest's.

The Priest reservoir is 2240 feet above sea level. The main nozzles of the water wheels at the Moccasin power house are 924 feet above sea level. From there on the water is to be conducted into the aqueduct leading into San Francisco. This will be accomplished by gravity flow. The initial power installation at Moccasin Creek provides for the production of about 100,000 horse power.

The power house at Early Intake has been in operation for several years and surplus energy which has not been used for constructing purposes has been sold by the City and an income obtained therefrom. As the time is at hand for the production of a considerable amount of electricity, negotiations are pending between the City and the Pacific Gas and Electric Company as to a possible arrangement to utilize this power for the benefit of the City of San Francisco and its inhabitants through the agency of the public service corporation. As the City does not own a distributing system, it is at a disadvantage in the utilization of its power crop.

Your committee appreciates the necessity of conserving this power and of securing for the City the best available income therefrom. There are certain conditions involved in the congressional grant by which the City of San Francisco is constructing this water and power supply which must be observed and which have to some extent become an obstacle in the negotiations now pending. It is to be hoped that an agreement may quickly be reached whereby all of the City's rights and interests can be safeguarded and a mutually satisfactory and profitable arrangement created between the two parties.

The ultimate development of the water supply would be sufficient for approximately nine times the present consumption of San Francisco. The dam structure at the present time, however, establishes a possible delivery of 200,000,000 gallons of water per day. The power development, according to the present status, will be approximately 460,000,000 K. W. H. at Moccasin. This is less than the total annual consumption of current now used in San Francisco.

The requirements of electric current are growing from year to year and provision should be made through a farsighted plan for its availability so that the development of this community may proceed unchecked.

In this connection the problems that will confront the City in the near future will be the creation of a comprehensive plan to cover the development necessary during a period of years, the possible co-operation or participation by communities adjacent to San Francisco or around the bay, or even distant sections, and the question of co-operation on the part of public service corporations now in the field and supplying these communities.

These plans for the future will entail a comprehensive financial scheme which should go hand in hand with a properly developed scheme in the further construction of the water supply units, as well as the power supply.

In the past there seems to have been some confusion and either lack of co-operation or lack of co-ordination between the financing and constructing ends. Such a state of affairs is bound to lead to serious losses. There should be the closest co-ordination.

It appears from a cursory examination of records that the costs of certain elements greatly exceed the estimates. This may be explained by essential changes of original plans and higher cost of labor and material at the time of construction.

Again, it appears a considerable sum of money was borrowed through the sale of the City's bonds, long before the amount of money was required, thus adding a considerable interest charge to the construction cost, while at the same time the money market was in a very disadvantageous condition for the sale of such bonds.

It is to be hoped that the responsible authorities will provide a working system that will in the future have its fingers on all ends of this vast undertaking. The divided authority now resting in the Board of Supervisors, the Mayor and the Board of Works through the City Engineer's office, would in all likelihood be surpassed by unification of authority and responsibility through the supervision of a special water and power commission.

It is reasonable to believe that the creation of such a commission would have been advisable with the inception of the work over ten years ago. It is at least timely to suggest that such a commission should exist for the work yet to be done. Such a body would be faced with duties covering not only the period of development, but also the actual use, distribution and consumption of the

output, both of the supply of water as well as of power.

The City Engineer pointed out to the Board of Supervisors about two years ago the necessity for early action with reference to the distribution of electricity. The City, not having a distributing system of its own, must, therefore, if it wishes to use this electricity, distribute it through the private corporations, and is, of course, at a disadvantage in its negotiations. As the development will grow and as the consumption of electricity in the City will grow from year to year, a definite plan must be set in force.

Similarly, the time will approach when the City must exercise an option on the properties of the Spring Valley Water Company, or, if it wishes to have sufficient water for the City's requirements, must construct a distributing system of its own. It should be possible to work out definite plans before the last moment arrives when there is no alternative.

It should also be pointed out that the City has been redeeming \$1,000,000 of the water supply bonds annually since 1920. This money is raised by taxation and, as the obligations of the City for water supply and for power should preferably be paid for out of the revenues from the business of selling water and power, it is apparent that the suggestion as to co-ordination of financing, constructing and distributing is at least timely.

Conclusion: It is not possible or necessary in a report of this nature to enter in great detail or at much length into the intricacies of so vast an undertaking and project. We believe, however, that the community is awake to the importance of its undertaking and that it somehow feels that the construction and development work has been pursued through a policy of drifting rather than through a policy of farsighted planning ahead towards the ultimate status that can be foreseen.

We feel, as previously said, that the quality of the construction work is of very high character. But we do wish to point out that water, light and power are among the very basic essentials of modern life; that a community cannot grow and develop to its fullest extent without an adequate supply thereof; that the tendency of our present industrial development as well as of our domestic civilization is toward complete electrifications. That with the rapid growth of population and the rapid increase in requirement of

water and electricity, power and water must be made available to the greatest possible degree and at the very lowest possible cost of production. That it is, therefore, obvious that plans must encompass in advance the requirements of several generations to come and as we have planned for a supply of water even so far ahead, plans should be made and followed for the availability of electric power.

This is not merely a municipal nor merely a local problem or the problem of individual corporations. It is a statewide and national problem in which every factor must take its place in the co-operation towards a practical solution.

The private public service corporations are constantly confronted with the necessity of finding and developing new supplies. Municipalities are in exactly the same position when they enter the field of public ownership.

We cannot, therefore, lay stress enough upon the necessity of coordinating all the different factors above mentioned so that plans may be prepared and developed and followed that will assure the growth and security of our community for generations to come and its ability to develop its social and industrial life to the highest point of progressive civilization.

July 1, 1925.

Since the above report was prepared, the Board of Supervisors has authorized the Board of Works to enter into contract with the Pacific Gas and Electric Company, employing the latter to act as agent for the City in the distribution of electricity generated at the Moccasin Creek power plant of the Hetch Hetchy project.

The City receives 26.935 per cent per K. W. H. for 76 per cent of the energy consigned and delivered by the City to the company at Newark, the company retaining 73.065 per cent as its compensation for services rendered in distribution and sale to the consumers for account of the City.

It is estimated that this arrangement will yield the City approximately \$2,000,000 per annum. The contract is of a temporary character and is revocable at one day's notice by either the City or the company, and it is subject to review by the Secretary of the Interior, to whom it has been submitted for approval of its conditions as they may be concerned by the "Raker Act." The contract furthermore recites that it is the intention of the City to pur-

chase or construct a distribution system of its own, the apparent purpose of the contract being to conserve the output of electricity developed by the City until the City is able to handle it itself.

Mention should be made of the fact that by an arrangement made by the City with the Spring Valley Water Company on the 17th day of April, 1922, the City has constructed and leased to the company the conduits built by the City between Crystal Springs Lake, in San Mateo County, and Irvington, in Alameda County, whereby the water company is enabled to bring an additional supply of water from its Alameda County sources into San Francisco Peninsula, against the payment of not over \$250,000 per annum. Under a subsequent agreement with the City some of these annual rentals were to be paid by the company in advance of their due dates in order to overcome temporary financial deficiencies in the funds of the Hetch Hetchy project. The total cost of this portion of the City's water supply project is considerably more than was originally estimated. The income from the rental of this portion is considerably less than the interest required to be paid by the City annually on its expenditures therefor.

Thus, the City in the one instance has its electricity brought into the City through the agency of the Pacific Gas and Electric Company, and in the other instance furnishes the City-owned aqueduct for the distribution of water into the City by the Spring Valley Water Company. Of course, both of these arrangements are to be considered as emergency methods.

Discussion.

Supervisor Hayden moved that a copy of the report of the Grand Jury on the Hetch Hetchy contract be sent to the Secretary of the Interior.

Supervisor Shannon raised the point of order that the matter was in the hands of the Public Utilities Committee.

Mayor Rolph (in the chair) ruled the point of order well taken.

Supervisor McGregor suggested that the Board request the Grand Jury to send a copy.

Thereupon, *Supervisor Hayden* changed his motion and moved that the Grand Jury be requested to send a copy of its report to the Department of the Interior.

Supervisor Shannon raised the point of order that the matter was in the hands of the committee.

Point of order well taken.

Telegram.

Supervisor Shannon, at the request of his Honor the Mayor, read the following telegram which had been sent by the minority members to Secretary Edwards of the Department of the Interior:

"The undersigned, representing a minority view of the Board of Supervisors, but a majority view of the citizens of San Francisco, are forwarding to your office a brief in opposition to the Hetch Hetchy power contract, and we respectfully request that no decision be reached on said contract pending its arrival."

Whereupon, the Grand Jury report was referred to the *Public Utilities Committee* and Supervisor Shannon agreed to report it out next Monday.

(Copies of the report were ordered sent to each member of the *Public Utilities Committee*.)

Supervisor Hayden thereupon gave notice that he would present a resolution asking that the Board of Supervisors send a copy of this report of the Grand Jury to the Interior Department after report of committee is made.

* * * * *

Minority Protest.

Supervisor Rossi, referring to a newspaper report that the minority Supervisors had filed or intended to file a protest against the Hetch Hetchy contract with the Department of the Interior, asked Supervisor Shannon if he would file a copy of the protest with the Board.

Supervisor Shannon promised to do so when it was ready; also Assistant Secretary Edwards' reply.

Supervisor Shannon agreed that telegram sent to the Department of the Interior requesting that no action be taken pending filing of a brief by minority members, and also that said minority brief would be filed with the Board.

Authorizing Committee to Proceed to Washington.

Supervisor Hayden presented:

Resolution No. — (New Series), as follows:

Resolved, That his Honor the Mayor, James Rolph, Jr., Supervisors Ralph McLeran and Warren Shannon, M. M. O'Shaughnessy, City Engineer, and John J. Dailey, Assistant City Attorney, be and they are hereby authorized to proceed to Washington, D. C., and to represent the City and County before the Department of the Interior in the matter of the disposition of the Hetch Hetchy power now pending before the Department of the Interior.

* * * * *

Supervisor Colman moved that

the name of Supervisor Shannon be taken from the list. Seconded by Supervisor McGregor.

Supervisor McSheehy moved as an amendment to the amendment that the resolution be referred to the Public Utilities Committee.

Whereupon, the roll was called and the foregoing resolution was referred to the *Public Utilities Committee* by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Wetmore—15

No—Supervisor Hayden—1.

Absent—Supervisors McLeran, Welch—2.

Relative to James Oliver's Bay Bridge Project.

Mayor's Office,

July 2, 1925.

Honorable Board of Supervisors,
City Hall, San Francisco, Cal.

Gentlemen:

As of interest to your Honorable Board, the Mayor directed me to send you the inclosed letter from Mr. M. K. Miller, 33 Bacon Building, Oakland, California, relative to Mr. James Oliver's bay bridge project, together with copies of letters from the War Department to Mr. Miller.

Very sincerely yours,

W. F. BENEDICT,

Assistant Secretary to the Mayor.

Oakland, Cal., June 26, 1925.

Hon. James Rolph, Jr., Mayor of San Francisco, City Hall, San Francisco, Cal.

My dear Sir:

I beg to suggest that you request from Major Schultz, U. S. A., of the local War Department office, an opinion as to the probable action of the War Department in reference to Mr. James Oliver's bay bridge project before you grant a franchise for same.

The War Department in 1921 declared its policy as to a San Francisco bay bridge, and has recently reaffirmed that policy upon two occasions. See inclosed correspondence. The Oliver project is squarely in conflict with that policy. Obviously, it would be just the opposite of serving any good purpose, or of subserving the best interests of San Francisco, to grant a franchise for a project in such circumstances. It would serve only to block some other

project that the War Department may sanction.

Kindly return inclosures, and oblige,

Yours truly,

M. K. MILLER.

April 15, 1925.

Mr. M. K. Miller, 33 Bacon Building,
Oakland, California.

Dear Sir:

I have received a copy of a recent letter from the Acting Secretary of War to Mr. Allen C. Rush, who is a recent applicant for a permit for a bridge across San Francisco Bay from the intersection of Mission street and The Embarcadero to Goat Island, and thence to the east side of the bay. The Acting Secretary of War advises Mr. Rush that in 1921 the policy was announced that no bridge of any kind will be approved over San Francisco Bay north of Hunter's Point, as it was considered that such a bridge would be a constant menace to navigation, especially in time of fog, and might prove a very serious obstruction if wrecked by aircraft or otherwise in time of war. The Acting Secretary of War states further that nothing has since occurred to warrant a change in that policy, and that he is constrained to advise that a bridge at the locality contemplated by Mr. Rush cannot be approved. It is thought that the foregoing decision may be of interest to you in connection with your present plans for a transbay bridge. No reply has yet been received from the War Department regarding your own application under date of March 6, 1925.

Very sincerely,

JOHN W. N. SCHULZ,

Major, Corps of Engineers, District
Engineer.

War Department.

Washington, April 18, 1925.

Mr. M. K. Miller, 33 Bacon Building,
Oakland, Cal.

Dear Sir:

The receipt is acknowledged of your inquiry of the 6th ult. as to whether the department is willing to modify its policy relative to the bridging of San Francisco Bay so as to permit the construction of a bridge thereover at a location north of Hunter's Point.

In reply I would inform you that this matter has received extensive and careful consideration. The need of a more expeditious crossing between Oakland and San Francisco than that afforded by the present ferry system is recognized, but in

view of the commercial and naval importance of that section of San Francisco Bay which would be affected by such a crossing as you propose, and of the constant menace to life and property that would be created by any bridge over that section, it is the decision of the department that its policy on the subject must stand as heretofore announced, namely:

(1) That no bridge of any kind will be approved north of Hunter's Point.

(2) That no low bridge will be approved north of San Mateo.

(3) That a tunnel crossing the bay will be approved in any location, provided that the highest part of the structure is placed at least 50 feet below mean lower low water and proper compensation is made for obstruction of cross-section as affecting tidal flow.

(4) That a combined bridge and tunnel will be approved at a location south of the proposed Alameda naval base site, provided that the tunnel is so placed as to leave the channel along the San Francisco side unobstructed to a depth of 50 feet at mean lower low water for a width of 3000 feet measured from the nearest point of the pierhead line, and provided that proper compensation is made for obstruction of cross-section as affecting tidal flow.

(5) That not more than one crossing will be approved at present in any location north of San Mateo.

Yours very truly,

DWIGHT F. DAVIS,

Acting Secretary of War.

H. TAYLOR,

Major General, Chief of Engineers.

Resolved, That the Registrar of Voters be authorized and directed to cause petitions to be circulated and signed by the registered voters of the City and County for the incorporation of a bridge and highway district, as provided in Chapter 228 of the Statutes of 1923, and the Ordinance No. 6569 (New Series) of the Board of Supervisors.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Wetmore—16.

Absent — Supervisors McLeran, Welch—2.

Accepting Offer to Sell Land Required for Extension of Niagara Street.

Supervisor McGregor presented: Resolution No. 24229 (New Series), as follows:

Whereas, the owner of the following described land sought to be acquired by the City and County of San Francisco for the extension of Niagara avenue from its present westerly termination westerly to Edgar place has offered to convey

the property desired by the City and County of San Francisco for the sum set forth opposite his name, viz.:

Louis Johnson, \$450.

Commencing at a point on the easterly line of Edgar place, distant thereon 255.536 feet southerly from the southerly line of Bruce avenue and running thence southerly along the easterly line of Edgar place 67.365 feet, to the southwesterly line of Niagara avenue produced; thence deflecting to the left an angle of 62 degrees 57 minutes 25 seconds and running southeasterly along the southwesterly line of Niagara avenue produced 21.197 feet to the boundary line between the San Miguel City and Lakeview tracts; thence northeasterly along said boundary line 60.06 feet; thence deflecting to the left an angle of 92 degrees 35 minutes and running northwesterly along the northeasterly line of Niagara avenue produced northwesterly 54.532 feet to the easterly line of Edgar place and the point of commencement; being a portion of Lakeview Block "A".

It is hereby understood and agreed that the owner shall not be held liable for any sewer constructed on the above-mentioned parcel and in the event that a sewer is constructed on the above-described parcel, that the City and County of San Francisco will bear the cost of the same.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the property owned by said person and offered to the City and County of San Francisco for the sum set forth, which said price is in accordance with the City's appraisement of the property.

Now, therefore, be it Resolved, That the said offer of sale be accepted and the City Attorney is hereby authorized and directed to examine the title of said property, if the same is found in satisfactory condition, to accept in behalf of the City and County of San Francisco, a deed conveying title thereto, and file the same for record with a copy of this resolution attached thereto, as evidence of acceptance by the City and County of San Francisco, upon payment of the agreed purchase price.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Death of Battalion Chief Spear.

Supervisor Wetmore presented:
Resolution No. 24238 (New Series), as follows:

Whereas, it is with more than passing sorrow that we chronicle the death of Samuel J. Spear, a battalion chief in the Fire Department, who lost his life in a heroic attempt to save the life of another; therefore, be it

Resolved, That in addition to the condolences which we extend to the members of his family that it be also written in the proceedings of this Board, that Battalion Chief Spear was a valued officer of the department of which he was a member, faithful and courageous in the discharge of his duty and won by his bravery on many occasions, praise from his superiors and the high regard of those who served with him. It is a genuine loss to have him taken at this time and our hope is that his reward will be such that it will compensate for his heroism; that a copy of the foregoing be sent to the family of our beloved officer, and that when we adjourn we do so as a further mark of esteem, and that the Fire Committee attend the funeral as the representatives of the Board of Supervisors.

Adopted under suspension of the rules by the following vote:

PROCEEDINGS OF BOARD OF EQUALIZATION.

Assessor's Report.

The following was presented and read by the Clerk:

July 6, 1925.

Honorable Board of Supervisors, City Hall, San Francisco, Calif.

Gentlemen:

I have this day delivered to the Clerk of your Board the Assessment Rolls for 1925. My estimated report and comparison to last year as follows:

Total Non-Operative

Roll, 1925\$ 723,908,961.00

Total Non-Operative Roll, 1924	684,099,920.00
Increase to date..\$	39,809,041.00
Total Operative Roll, 1925.....\$	314,895,189.00
Total Operative Roll, 1924.....	304,568,245.00
Increase to date..\$	10,326,944.00
Operative and Non-Operative Grand Total, 1925	\$1,038,804,150.00
Operative and Non-Operative Grand Total, 1924	988,668,165.00
Total increase to date	\$ 50,135,985.00

Further increases will be made.
See notation:

As in previous years, in addition to the non-operative roll above, there will be a further increase, which is obtained entirely by the efforts of the Assessor's office, namely, the collection of unsecured personal property in July. This amount will not be definite until some time in August. Last year this additional assessment amounted to \$5,717,364.00—collected under Section 3821, Political Code. The indications are that this amount will be exceeded this year; possibly making the complete total of the non-operative roll reach more than seven hundred thirty-two millions (\$732,000,000.00). Of this unsecured personal property assessment of seventy-seven millions (\$77,000,000.00) already collected, plus our collections in the month of July, will make more than eighty-six millions (\$86,000,000.00). This amount must be collected at last year's rate (\$3.47). No additional tax can be levied against unsecured personal property. This law was recently passed by the vote of the people, Section 9a, Article XIII.

The property value and growth of San Francisco has been going on for some time and is greater than most people realize. In the last two years, owing to improvements in our working facilities, we have been enabled to overtake some of the increased sales values, continue personal property appraising and keep pace with building activities. These are evidenced in the increased assessments of this and last year's roll.

This has been done impartially and justly to all.

Respectfully submitted,
(Signed) JOHN GINTY,
Assessor.

Whereupon, the following resolutions were presented and adopted:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Wetmore—16.

Absent—Supervisors McLeran, Welch—2.

Adopting a Rule As to the Manner in Which Persons, Firms and Corporations Are to Be Notified Why Their Assessments For the Fiscal Year 1925-1926 Should Not Have Been Increased By the Board of Supervisors, Sitting As a Board of Equalization.

Resolution No. 24237 (New Series), as follows:

Resolved, That it is hereby adopted as a rule of this Board that the notice required to be given under the provisions of Section 3673 of the Political Code, to corporations or persons, to show cause why their assessments on the assessment book of real and personal property for the fiscal year 1925-1926 should not be increased, will be as follows:

To corporations—A written or printed notice addressed to the president, secretary, manager or agent of such corporation and delivered by the Sergeant-at-Arms of the

Board of Supervisors at the office of such corporation in this City.

To persons, firms or companies—
A written or printed notice, postage prepaid, and mailed to their address.

The Clerk is hereby directed to cause to be delivered or mailed to the several corporations, persons, firms or companies, when designated

by this Board, the said notice, at least twelve (12) hours prior to the time set for hearing said parties, as aforesaid.

ADJOURNMENT.

Thereupon, the Board at 5 p. m. adjourned.

J. S. DUNNIGAN,

Registrar's Estimate of Cost of Making Census.

The following was presented, read and referred to Finance Committee:

City and County of San Francisco—Department of Elections.—In re Census.

May 12, 1925.

Honorable Board of Supervisors, City Hall, San Francisco.
Gentlemen:

In reply to your request for an estimate on the cost of taking a census of the City and County of San Francisco, I beg to advise you that, after a careful investigation, the same can be done at a cost not to exceed twenty thousand (20,000) dollars, which price will include the printing.

The census can be completed within a period of thirty (30) days.

If it is the desire of your Honorable Board to have this department handle the taking of the census it would be advisable to begin about August 15, 1925, so that this work will not interfere with preparations for election to be held November 3, 1925.

Very respectfully,
(Signed) J. H. ZEMANSKY,
Registrar of Voters.

Authorizing Committee to Proceed to
Washington and Represent San
Francisco in re Hetch Hetchy Power
Contract.

The following resolution, heretofore presented by Supervisor Hayden and referred to the Public Utilities Committee, was taken up together with the accompanying report of said committee:

Resolution No. — (New Series), as follows:

Resolved, That his Honor the Mayor, James Rolph, Jr., Supervisors Ralph McLeran and Warren Shannon, M. M. O'Shaughnessy, City Engineer, and John J. Dalley, Assistant City Attorney, be and they are hereby authorized to proceed to Washington, D. C., and to represent the City and County before the Department of Interior in the matter of the disposition of the Hetch Hetchy power now pending before the Department of the Interior.

Report of Public Utilities Committee on Delegation to Washington on Hetch Hetchy Power Contract.

Supervisor Shannon presented:
To the Honorable Board of Supervisors:

The Public Utilities Committee sees no merit in the resolution offered by Supervisor Hayden, directing that a second trip to Washington be taken by a delegation of city officials, four of whom favored the contract selling Hetch Hetchy power to the Pacific Gas and Electric Company, and one of whom opposed the contract.

The contract has been passed by this Board, and under its wording the only ground upon which the Secretary of the Interior might order a cancellation is the legal ground. This being so, no difference can be made in the Department's attitude by a showing of official support or by any amount of individual oratory. The legal argument in behalf of the contract has already been fully presented by Assistant City Attorney Dailey, who held several conferences with the Interior Department officials and who, with Assistant City Engineer Eckart, offered every argument in justification of the agreement that can be made.

Furthermore, unfavorable comment might well be elicited at Washington by the appearance there of the same San Francisco officials.

Therefore, the Public Utilities Committee strongly opposes the passage of the Hayden resolution and further recommends that no delegation of city officials take a needless and costly trip to Washington in regard to this contract unless further personal interviews and explanations are specifically requested by the Department of the Interior.

Accepting Offer to Sell Land Required for the Extending and Widening of Market Street.

Supervisor McLeran presented:

Resolution No. 24262 (New Series), as follows:

Whereas, the owner of the following described land sought to be acquired by the City and County of San Francisco for the extending and widening of Market street has offered to convey the property desired by the City and County of San Francisco for the sum set forth opposite her name, viz.:

Marie Kenny, \$510—Beginning at a point on the southerly line of Market street, distant thereon 350 feet at right angles westerly from the westerly line of Hattie street, said point being on the easterly boundary line of Lot 42 of Block "B" of Park Lane Tract, and running thence westerly along the southerly line of Market street 25.061 feet to the westerly boundary line of said lot; thence deflecting 94 degrees 00 minutes 20 seconds to the left and running southerly, parallel with Hattie street, along said westerly boundary line 20.925 feet; thence easterly on a curve to the right of 165-foot radius, tangent to a line deflected 91 degrees 54 minutes 03 seconds to the left from the preceding course, central angle 5 degrees 54 minutes 23 seconds a distance of 17.009 feet; thence easterly, tangent to the preceding curve, parallel with the southerly line of Market street and distant 20 feet at right angles southerly therefrom, a distance of 8.021 feet to the easterly boundary line of said lot; thence deflecting 94 degrees 00 minutes 20 seconds to the left and running northerly, parallel with Hattie street along said easterly boundary line 20.049 feet to the point of beginning. Being portion of Lot 42 of Block "B" of Park Lane Tract.

The above amount includes, in addition to the payment of the above described parcel, all damages in full to the adjoining lot caused or to be caused by the future establishment of a grade on the proposed extension of Market street.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the property owned by said person and

offered to the City and County of San Francisco for the sum set forth, which said price is in accordance with the City's appraisal of the property; now, therefore, be it

Resolved, That the said offer of sale be accepted and the City Attorney is hereby authorized and directed to examine the title of said property, and if the same is found in satisfactory condition, to accept, in behalf of the City and County of San Francisco, a deed conveying title thereto, and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco, upon payment of the agreed purchase price.

Absent—Supervisors Badaracco, Colman, Schmitz, Welch—4.

Accepting Offers of Property Owners Adjacent to Roosevelt Way to Release City for a Consideration From All Claims of Damages to Their Property.

Supervisor McLeran presented:

Resolution No. 24263 (New Series), as follows:

Whereas, the following owners of property adjacent to Roosevelt way have offered to release the City and County of San Francisco, its contractors or agents, from all claim or claims of damages to their property or the buildings thereon caused by the establishment of grades on Roosevelt way and necessary changes of grades of adjacent streets in connection with Roosevelt way and the grading and construction of Roosevelt way to the proposed official grade and the grading and repaving of adjacent streets to said Roosevelt way.

Whereas, the City Attorney has recommended the acceptance of said offers as per the following terms, namely:

J. E. W. Carey and Margaret Carey, \$800 — Lot 22, Block 2608, as per the Assessor's Map.

As a part consideration for the above-mentioned sum the owners agree to construct a small concrete or brick retaining wall along the northerly line of said Roosevelt way sufficient to protect their building and prevent the earth immediately adjacent to said building from depositing upon the said Roosevelt way.

D. A. Comisky and Mary Comisky,

\$200—Lot 35, Block 2608, as per the Assessor's Map.

Now, therefore, be it

Resolved, That the said offers be accepted and the City Attorney be authorized to close negotiations and superintend the payment of moneys to each of the above-named persons upon receipt of the proper releases.

Adopted by the following vote:

Ayes—Supervisors Bath, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Runcovieri, Rossi, Shannon, Wetmore—14.

Amending Zoning Ordinance, Proceedings for the Establishment of Set-back Lines.

On motion of Supervisor McGregor:

Bill No. 7181, Ordinance No. — (New Series), as follows:

Amending Section 1 of Ordinance No. 5636 (New Series), entitled, "An ordinance describing the method of procedure for establishing set-back lines in the first and second residential districts in the City and County of San Francisco, and penalty for violation of ordinance establishing such lines."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 1 of Ordinance No. 5636 (New Series), the title of which is above recited, is hereby amended so as to read as follows:

Section 1. Proceedings for the establishment of set-back lines on any portion of a street in the City and County of San Francisco may be initiated and conducted as in this ordinance provided.

A petition signed by the owners of the majority of frontage on one or both sides of the street or streets, or any portion of a street along which such set-back line or lines are sought to be established may be filed with the City Planning Commission, proposing the establishment of such set-back line or lines. Said petition shall designate the street or streets or portion of street along which such set-back line or lines are proposed and shall be accompanied by a map or sketch showing said street or streets or portion of street and lot lines and the proposed set-back line or lines and the distance thereof from the street line.

The City Planning Commission, if satisfied that the proposed set-

back line or lines should be in whole or in part or in modified form established, shall so report to the Board of Supervisors with the recommendation that such set-back line or lines be established as proposed or as modified by the commission.

The City Planning Commission, without any petition therefor being filed, may of its own motion file with the Clerk of the Board of Supervisors its recommendation that certain set-back line or lines be established along one or both sides of any street or streets or portion of street. Such recommendation shall be accompanied by a map or sketch similar to that required in the case of petition filed with the Commission by property holders.

War Department Requested to Reopen Bridge Hearings.

Supervisor Welch presented:

Resolution No. 24269 (New Series), as follows:

Whereas, after a hearing upon the application for permission to construct a bridge across the Bay of San Francisco from San Francisco to the opposite shore, held in 1921, the War Department promulgated certain rules and conditions under which bridges could be constructed across said bay and impose certain restrictions thereon; and

Whereas, no bridge has been constructed under the conditions so imposed and applications have been made to the Board of Supervisors of the City and County of San Francisco for franchises to construct bridges of designs and locations different from those submitted and considered at said hearing in 1921; and the restrictions and conditions previously imposed by the War Department do not permit of the construction of the proposed bridge or bridges; and

Whereas, public interest requires the construction of improved transportation facilities across San Francisco Bay; therefore,

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby respectfully appeals to the War Department to grant another hearing in the matter of the construction of a bridge, bridges, tubes or bridges at which hearing additional information may be presented, together with new and modified designs for providing transportation facilities

across said bay may be brought to the engineers of the War Department for their consideration and determination.

Government to Provide for Dredging Bar Off Islais Creek.

Supervisor Shannon presented for Supervisor Welch:

Resolution No. 24270 (New Series), as follows:

Whereas, an act of the Legislature provides for the formation of the Islais Creek Reclamation District and the reclamation of 291 acres of present worthless land which will be valuable for industries away to its accessibility by rail and water, and as a part of the plan of development it is proposed to build a seawall along the north side of Islais Creek, construct new sewers and to dredge the channel and use the material removed for filling back of the seawall and furthermore the necessary material for reclamation can be obtained by removing the bar off Islais Creek; and

Whereas, a hearing will be held in the chambers of the Board of Supervisors on July 21, 1925, at which the War Department will direct an inquiry as to the means that should be taken to improve the harbor of San Francisco; therefore,

Resolved, That at such hearing attention of the governmental authorities be called to the facts above stated, and that the government be urged to co-operate in said reclamation project and provide for the dredging of bar existing off Islais Creek, and by this means improve the navigability of the harbor and channel and at the same time provide the material to be used in reclamation.

The following matters were passed for printing:

Opening and Extension of Newcomb Avenue.

On motion of Supervisor Harrelson:

Resolution No. ——— (New Series), as follows:

Whereas, on the 1st day of June, 1925, the Supervisors of the City and County of San Francisco duly and regularly and finally passed Resolution No. 24089 (New Series), which said resolution was presented to his Honor the Mayor for his approval, and was, on the 8th day of June, 1925, approved by his Honor the Mayor, and which said resolution is in the words and figures as follows, to-wit:

Resolution No. 24089 (New Series).

Resolved, That it is the intention of the Board of Supervisors of the City and County of San Francisco to order the opening and extension of the following named street, to-wit: Newcomb avenue from Selby street to Barneveld avenue.

The land deemed necessary to be taken for said opening and extension of Newcomb avenue from Selby street to Barneveld avenue is particularly described as follows, to-wit:

Beginning at a point on the northwesterly line of Selby street, distant thereon 220 feet northeasterly from the northeasterly line of Oakdale avenue and running thence northwesterly parallel with the northeasterly line of Oakdale avenue and distant 220 feet at right angles northeasterly therefrom, a distance of 1277.177 feet; thence northwesterly on a curve to the right of 314.439-foot radius, tangent to the preceding course, central angle 26 degrees 31 minutes 49 seconds, a distance of 145.598 feet to a point on the easterly line of Barneveld avenue, distant thereon 285.317 feet northerly from the northeasterly line of Oakdale avenue; thence northerly along the easterly line of Barneveld avenue, a distance of 81.902 feet; thence southeasterly on a curve to the left of 274.439-foot radius, tangent to a line deflected 157 degrees 59 minutes 27 seconds to the right from the preceding course, central angle 40 degrees 30 minutes 17 seconds, a distance of 194.012 feet to a point distant 260 feet at right angles northeasterly

from the northeasterly line of Oakdale avenue; thence southeasterly, tangent to the preceding curve, and parallel with Oakdale avenue, a distance of 1277.117 feet, to a point on the northwesterly line of Selby street, distant thereon 260 feet northeasterly from the northeasterly line of Oakdale avenue; thence southwesterly along the northwesterly line of Selby street, a distance of 40 feet to the point of beginning.

The damages, costs and expenses of opening and extending said street are nominal, and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof. The Board of Supervisors hereby declares and determines that the whole damage, cost and expense of opening and extending said street shall be paid out of the revenue of the City and County of San Francisco.

Said opening and extension of Newcomb avenue from Selby street to Barneveld avenue shall be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco, and shall be done in the manner and in accordance with the provisions of Section 2 and sections following Section 2 of Chapter III of Article VI of said Charter of the City and County of San Francisco.

Whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Board of Public Works of the City and County of San Francisco a certified copy of said resolution, and the said Board of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution, and did also cause, in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, more than ten (10) days have elapsed after the expiration of the publication of said notice, and no objections to the said opening and extension of said street were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and,

Whereas, the public interest and convenience require the said improvement to be done as specifically described in said Resolution No. 24089 (New Series); and

Whereas, the Supervisors have acquired jurisdiction to order that said opening and extension of Newcomb avenue be opened and ex-

tended as aforesaid and as specifically described and proposed in said Resolution No. 24089 (New Series); now, therefore, be it

Resolved, That it be ordered, and it is hereby ordered, that said opening and extension of Newcomb avenue be opened and extended as aforesaid, and as specifically described and proposed in said Resolution No. 24089 (New Series); and be it further

Resolved, That the lands and property described in said Resolution No. 24089 (New Series) and declared to be deemed necessary to be taken for said opening and extension of said street be taken for said opening and extension; and be it

Further Resolved, That the entire damages, costs and expenses of the opening and extension of said street shall be paid out of the revenues of the City and County of San Francisco, as proposed and provided in said Resolution No. 24089 (New Series); and be it

Further Resolved, That said opening and extension of said street shall be done in pursuance of Chapter III, Article VI of the Charter of the City and County of San Francisco, and shall be done in the manner and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of the Charter of the City and County of San Francisco; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law.

Section 1. Ordinance No. 5472 (New Series), ordering the improvement of DeHaro street from the northerly line of Twentieth street to the northerly line of Nineteenth street, including the crossing

of Nineteenth street and DeHaro street, etc., is hereby repealed.

Section 2. This ordinance shall take effect immediately.

Closing and Abandoning Portion of Oloran Avenue.

On motion of Supervisor Harrelson:

Resolution No. — (New Series), as follows:

Whereas, the public interest requires that a portion of Oloran avenue be closed up and abandoned, as hereinafter described; be it

Resolved, That it is the intention of the Board of Supervisors to close up and abandon all that certain portion of Oloran avenue described as follows, to-wit:

All of Oloran avenue lying between Paulding street and Santa Rosa avenue (formerly Jarnac street) as shown on Map of Belle Roche City, recorded on pages 70 and 71 of Map Book "G", records of the City and County of San Francisco.

Said closing up and abandonment of said portion of said street shall be done and made in the manner and in accordance with the provisions of Section 2 of Chapter III of Article VI of the Charter of the City and County of San Francisco, as amended, and the sections of said chapter and article following said Section 2; be it

Further Resolved, That there are no costs or expenses to be incurred in connection with said closing and abandoning.

And the Clerk is hereby directed to transmit to the Board of Public Works a certified copy of this resolution and the Board of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Oloran avenue, in the manner provided by law, and to cause notice to be published in "The San Francisco Bulletin" as required by law.

Relative to Santa Barbara Relief Appropriation.

The following was presented, read by the Clerk and ordered filed:

Mayor's Office,

San Francisco, Calif.,

July 13, 1925.

Board of Supervisors, City Hall,
San Francisco, Calif.
Gentlemen:

For your information and records the Mayor has directed me to send you the enclosed copy of a letter addressed by him to the Hon. C. M. Andera, Mayor of Santa Barbara, transmitting the \$50,000 appropriated by your Honorable Board for the relief of the stricken city.

I am also enclosing Mayor Andera's letter of thanks addressed to the Mayor, under date of July 10.

Very sincerely yours,

W. F. BENEDICT,

Assistant Secretary to the Mayor.

Given to press.

July 9, 1925.

Hon. C. M. Andera, Mayor's Office,
Santa Barbara, Calif.

Dear Mayor Andera:

San Francisco sends affectionate neighborly greeting to Santa Barbara, with its congratulations to your people upon the pluck and enterprise with which your plans of reconstruction have been made.

Your city has always been particularly beautiful. With its stately Mission, recalling the romance of California's past; with its homes and gardens, eloquent of the contentment of its people; with its delightful beaches, its mountains and its sunshine, it has evoked a sentiment of affection in the hearts of all who have been its visitors. No city could have more or truer friends than your Santa Barbara, lying between the mountains and the sea.

San Francisco is one of your friends. We sympathize with your losses and it is our desire to aid those of your people who need a helping hand. To that end, by unanimous vote of our Board of Supervisors, which I was happy to immediately approve, San Francisco has appropriated the sum of fifty thousand dollars for your relief fund. It is going forward today with the good wishes of every San Franciscan.

Yours sincerely,

JAMES ROLPH, JR.,
Mayor.

Santa Barbara, Calif.,
July 10, 1925.

Honorable James Rolph, Jr., Mayor,
San Francisco, California.

Dear Mayor Rolph:

Our souls are so filled with emotions these days of stress, and our minds and bodies are so tired with incessant work, that we are unable to express adequately as we would wish our gratitude to you, the Supervisors and the citizens of San Francisco for the wealth of sympathy and the magnificent gift you have sent us today.

Sincerely yours,

C. M. ANDERA,
Mayor.

The Anglo and London Paris National Bank of San Francisco.

July 9, 1925.

Received at Mayor's office. Referred to Honorable Board of Supervisors July 11, 1925.

Honorable James Rolph, Jr., Mayor
of the City of San Francisco, City
Hall, San Francisco, California.

Dear Sir:

This will acknowledge receipt from you of \$50,000, which we were pleased to send today by registered mail, insured, to the Mayor of Santa Barbara, Santa Barbara, California.

Yours very truly,

HARRY COE,
Vice-President.

**Report of Public Utilities Committee
on Cost of Repairs and Fixing Responsibility
for Moccasin Creek
Power Plant Damage.**

The following was presented by Supervisor McSheehy, read by the Clerk, *adopted and a copy ordered sent to the Board of Public Works:*

San Francisco, Cal.,

July 20, 1925.

To the Honorable Board of Supervisors.
Gentlemen:

On July 8, 1925, the Public Utilities Committee of this Board requested a report as to the cost of repairs and fixing of the responsibility for the accident to the pen-

stock pipes at the Moccasin Power Plant, which occurred on June 30, 1925.

On July 15, 1925, the following report was received from the Board of Public Works:

"On Thursday morning, June 30, 1925, units Nos. 1, 2 and 4 were all operating. Nos. 1 and 2 were running in parallel on the station bus. No. 4 was running on short circuit drying out. No. 3 had been shut down since 4:30 a. m. for inspection of the exciter brushes. About 6:58 a. m. the chief operator, Mr. Greenwood, issued instructions to one of the assistant operators, Earl P. Hope, to open the north by-pass and gate valve for No. 3 unit preparatory to starting up the same. Hope proceeded to carry out this order, but neglected to open the by-pass valve and fill the section of the pipe between the nozzle and the gate valve to pressure before opening the main gate valve.

"This caused a violent pressure surge or water hammer in the No. 3 or 'C' penstock, the exact amount of which is not known, as the needle on the pressure gauge swung up and down against the limit stops. The range on the scale on the recording pressure gauge is from 300 pounds to 800 pounds per square inch and the normal pressure under the then operating conditions was 525 pounds. At about the same time it was reported that the 'D' line had burst and the water was pouring down the hill. When it was apparent that the basement would be flooded all circuits were de-energized. Units 1 and 2 and 4 were shut down. According to the power house log this was completed at 7:05 a. m.

"From all accounts the 'A' line burst some 10 to 15 minutes after the 'B' line, and from no apparent direct cause. The lines bursting, a torrent of water flooded the basement of the power house and deposited a considerable degree of mud over the floor of the yard and basement of the building.

"A careful examination of the lines after the break revealed a split in the 'C' line and some minor spots and the fracture of some of the concrete saddles supporting the pipe. The pipes that were ruptured were A-95, C-93 and D-122, all being in the lower or welded section of the penstocks. The breaks in the 'A' and 'D' lines revealed flaws in the welds about 6 to 8 inches in length.

"All of the pipes in the line had been tested at the factory under the inspection of a representative of

this office to approximately 50 per cent over the normal static pressure, in accordance with the terms of the specifications, and each line had been similarly tested in the field during installation.

"The pressure surge in the 'C' line readily accounts for the rupturing of that line and possibly of the 'D' line, which is connected directly with the 'C' line through a 'Y' located about approximately 3500 feet above the power house, both being branches of the U-2 line leading from the surge chamber. The exact amount of pressure rise in the 'D' line is not determinable from the recording pressure gauge chart, but this may be approximated by testing after the service is restored.

"The breaking of the 'A' line is not so readily explained, as any pressure surge in this line communicated from the 'C' line must of necessity be relatively small, as these lines are only connected through the surge chamber at the top of the hill, and which would be expected to effectively dam any pressure surges originating in the independent lines.

"Everybody connected with the operation of the plant has been closely questioned, and no evidence has been obtained of the mishandling of the gates or nozzles which would explain the break of the 'A' line some 10 or 15 minutes after the 'D' line. For your information I may say, however, that it is not unusual for the bursting of a pipe to hand back for some considerable interval of time after it has been subject to heavy shock or excess pressure. When the plant has been restored I expect to be able to more definitely determine the related effects of pressure rise in the several lines and would withhold final judgment until that time.

"With regard to the improper handling of the valve which was the immediate cause of the pressure surge in the 'C' line, I regret to place the blame for this on the assistant operator, Earl P. Hope, who had been in the City employ at the Moccasin Power Plant in the capacity of an electrician's helper, and for the two weeks prior to the accident had been on the power house floor and had been thoroughly instructed in opening and closing the valves.

"The estimated cost of making the repairs to the pipe line proper is \$10,000. The cost of overhauling and placing the electrical and hydraulic equipment in serviceable condition will add approximately \$15,000 to this figure. The cleaning

up of the yard and the removal of the sediment from the power house and the repairs to the tramway and railroad will probably add approximately \$25,000 to the above amounts.

"Attached hereto is a statement of the condition of the equipment at Moccasin Power House on the morning of the accident and a report of the flooding of Moccasin Power House, by Ralph B. Greenwood, chief operator, also copy of statement of E. P. Hope and L. H. Colburn:

Condition of Equipment at Moccasin Power House at 6:55 a. m. Tuesday, June 30, 1925. (By Ralph B. Greenwood.)

"Moccasin, Cal., July 1, 1925.

"All turbine governors with the one exception of governor No. 4 S (or No. 8), which has not yet been adjusted and has therefore never been used, were available for service since Mr. Foulds, of the Pelton Water Wheel Company, personally made these governors operative.

"Governor No. 1-N was blocked at about 10 per cent nozzle opening with the load limit device. This governor was blocked because when governing it apparently caused the pressure in penstocks No. 1 (A) and No. 2 (B) to swing 20 pounds per square inch, 10 pounds each way at the rate of about one complete swing per second.

"Penstock valve 1S (No. 2) was closed.

"Governor No. 2N was maintaining the bus frequency between the limits of 60 and 60.5 cycles.

"Penstock valve 2S was closed.

"Unit No. 3 was shut down because of trouble on exciter No. 3. Both penstock and by-pass valves were closed on this unit.

"Penstock and by-pass valves 4N were open. Unit No. 4 was being operated at 150 r. p. m. by the use of load limit device on governor No. 4N.

"The water wheel brake line was connected to penstocks No. 2 and No. 4 with both sectionalizing valves at oil pressure set No. 3 closed. The units were brought to a standstill by the use of the water wheel brakes.

"All penstock pressure gauges with the exception of No. 4N were in service with their valves and cocks wide open. Pressure gauge No. 4N has previously been removed from the gauge board and repairs.

"Generators No. 1 and No. 2 were operating in parallel on the 11 Kv. bus. Generator No. 3 was shut down because of exciter trouble. Generator No. 4 was on short circuit run. Neither generators No. 3

or No. 4 had been completely dried, or operated at normal speed. Excitation for each generator was supplied by its associated exciter.

"Oil pressure set No. 1 was shut down. Oil pressure set No. 2 was in operation, and supplying oil for all three units. Oil pressure sets No. 3 and No. 4 were out of service. Oil pressure tanks No. 1 and No. 2 were in parallel. The valves between governor oil sump tanks No. 3 and No. 4 and the discharge header were closed.

"The cooling water pump was supplying water to the bearings. No pumps in the basement were in operation, except possibly the automatic drainage pump.

RALPH B. GREENWOOD.'

"All penstock valves except No. 1N have been adjusted to require five minutes to open or close.

Report of Flooding of Moccasin Power House on Tuesday, June 30, 1925.

"Moccasin, Cal., July 1, 1925.

"At 4:35 a. m. unit No. 3, which was being dried out with short circuit current, was shut down because of trouble on its direct connected exciter. See attached defect report covering this trouble. Penstock and by-pass valves 3N, in the order named, were closed to have the unit in readiness for possible work on exciter No. 3. Penstock and by-pass valves No. 3S were not open at 4:35 a. m.

"At 6:57 a. m., after a careful inspection was made of exciter No. 3 by E. Harvey and myself, I instructed Earl Hope to open the by-pass and penstock valves for water wheel No. 3N. He immediately proceeded to execute this order. The object of this order was to get ready to start unit No. 3 and observe the action of its exciter.

"About 6:58 a. m., while opening the main supply valve to governor No. 3N I heard the sound of rushing air in nozzle body 3N. A few seconds later I heard three muffled reports which sounded as though coming from nozzle body No. 3N. At this time I heard the gong on penstock valve No. 3N strike one, and started for this valve to learn why the penstock valve had been opened before the by-pass valve. On my way I glanced at pressure gauge 3N and noticed that the pressure was violently swinging on each side of the 500 pound division.

"At this time R. Coburn reported that penstock No. 4 (D) had failed. P. Hoebel immediately afterward made a similar report. I instructed him to telephone to the hospital and

notify Mr. McAfee to have the butterfly valve closed.

"At 7:04 a. m. water and debris could be seen rapidly approaching the power house. I closed each of the rolling steel doors at this time, while others closed the remaining doors and hastily attempted to throw up embankments at the doors to prevent the water from entering the power house. Time was not available to brace the two roller doors inside; hence they were forced inwards sufficiently to flood the station.

"It being evident that the basement would soon be flooded, I ordered all equipment stopped, and proceeded to the control room to assist the operator on duty there to open switches so that all circuits would be de-energized. All switches in the control room were opened by 7:06 a. m. The water entered the station at approximately 7:10 a. m.

"About 7:08 a. m. I was informed that penstock No. 1 (A) had failed.

"An attempt was not made to open the auxiliary nozzles on the units by means of the hand wheels. The water entering the nozzle pits where the hand wheels are located soon forced the men to leave the pits. Auxiliary nozzles No. 2N and No. 4N were opened approximately 1/2 inch before the pits were vacated.

"The main units were stopped by the use of the water wheel brakes and were brought to a standstill before the water level reached the field poles.

"About 7:10 I instructed T. Duran to leave penstock valves No. 1N, 2N and 4N open, as I thought that the damage could be lessened by permitting as much water as possible to flow through such auxiliary nozzles as were open.

"About 7:30 a. m. I started to close penstock valve No. 1N, but stopped it when about half way closed, as I remembered that auxiliary needle No. 1N was slightly open.

"About 9 a. m. I learned that penstock No. 3 (C) had failed.

"I have questioned Earl Hope concerning the faulty operation of penstock valve 3N. He states that he opened the by-pass valve a few turns (of the hand wheel) then partly opened the penstock valve control valve. After opening the penstock valve approximately 3 inches he completely closed it.

"Earl Hope has been working as floorman for two weeks, and his work has been unusually satisfactory. It is difficult to understand why penstock valve 3N was improperly opened, but it is only fair to

say that such an error can very easily be made.

"A determined effort has been made from the beginning of the generator dry-out runs to see that all equipment was properly and carefully handled. The penstock valves and their associated by-passes had been opened or closed 54 times before penstock valve 3N was improperly opened.

RALPH B. GREENWOOD.'

Report of Trouble at Moccasin Power House on June 30, 1925.

"July 3, 1925.

"At about 6:56 a. m., R. B. Greenwood gave me orders to open the valves so that No. 3 unit could be started.

"I went to No. 3N valves and opened the by-pass hand wheel a few turns. I then opened the penstock valve control valve slightly; the valve opened about 3 inches. R. Coburn now yelled to me to close the valve, as the penstock was broken. I closed the valve at once.

"The only reason I can give for handling this valve incorrectly is that I was most familiar with shutting machine down and possibly became confused as to which valve should be opened first when getting ready to start a machine.

E. P. HOPE.'

Report of L. H. Colburn.

"Tuesday, June 30, 1925, 7 a. m.

"I was standing at No. 3 oil pressure set talking to Mr. Francisconia, of the Pelton Company, when I heard a loud report or "bang" on the north side of No. 3 unit. It sounded like the brakes being turned on the wheels, only much louder and sharper. I looked to see who was operating the brakes, but saw no one on the floor except Mr. Greenwood, who was at No. 3 north governor.

"I then looked at the pressure and recording gauges, as they were right before me, and the hands on both were going from peg to peg. I then heard the bell ring on the gate valve indicator and stepped to see who was operating same. The operator on shift was opening the valve and had it open about one foot. I asked him if he had opened the "by-pass," and he said, "Whv, no, we never open it till after the valves are opened." By that time there was another "bang," and men from the outside came running in, saying the pipe line had broken.

"I looked out of the side door and saw the water shooting out of "D" line just below the first anchor below the "Y". At this time units No. 1, No. 2 and No. 4 were running. I told Mr. Greenwood that the water

was coming and he had better shut the machines down; and with others we ran to close the doors at the south end of the power house, as the water was then in sight. We then ran to the relief valve hand controls and started to open these valves, but could not stay very long, as the water was then on the floor.

"It was about this time there was another "bang" and men from the outside came running in, saying "A" line had broken. It was then that I left the building.

1. The committee carefully examined this report and would recommend that competent men be placed in charge of the work.

2. That some mechanical contrivance be designed to remove, as far as possible, the mistakes which are bound to occur when the human element is called into play in the operation of a plant that has cost millions of dollars and which means so much to the life and prosperity of this city, and that no time be lost in the preparation of this design, as a recurrence of the accident that took place on June 30, 1925, might mean the destruction of the Moccasin Creek Power Plant.

Respectfully submitted,

WARREN SHANNON,

JAMES B. MCSHEEHY,

Public Utilities Committee.

Opening and Extension of Newcomb Avenue.

Resolution No. 24295 (New Series), as follows:

Whereas, on the 1st day of June, 1925, the Supervisors of the City and County of San Francisco duly and regularly and finally passed Resolution No. 24089 (New Series), which said resolution was presented to his Honor the Mayor for his approval, and was, on the 8th day of June, 1925, approved by his Honor the Mayor, and which said resolution is in the words and figures as follows, to-wit:

Resolution No. 24089 (New Series).

Resolved, That it is the intention of the Board of Supervisors of the City and County of San Francisco to order the opening and extension of the following named street, to-wit: Newcomb avenue from Selby street to Barneveld avenue.

The land deemed necessary to be taken for said opening and extension of Newcomb avenue from Selby street to Barneveld avenue is particularly described as follows, to-wit:

Beginning at a point on the northwesterly line of Selby street, distant thereon 220 feet northeasterly from the northeasterly line of Oakdale avenue and running thence northwesterly parallel with the northeasterly line of Oakdale avenue and distant 220 feet at right angles northeasterly therefrom, a distance of 1277.177 feet; thence northwesterly on a curve to the right of 314.439-foot radius, tangent to the preceding course, central angle 26 degrees 31 minutes 49 seconds, a distance of 145.598 feet to a point on the easterly line of Barneveld avenue, distant thereon 285.317 feet northerly from the northeasterly line of Oakdale avenue; thence northerly along the easterly line of Barneveld avenue, a distance of 81.902 feet; thence southeasterly on a curve to the left of 274.439-foot

radius, tangent to a line deflected 157 degrees 59 minutes 27 seconds to the right from the preceding course, central angle 40 degrees 30 minutes 17 seconds, a distance of 194.012 feet to a point distant 260 feet at right angles northeasterly from the northeasterly line of Oakdale avenue; thence southeasterly, tangent to the preceding curve, and parallel with Oakdale avenue, a distance of 1277.117 feet, to a point on the northwesterly line of Selby street, distant thereon 260 feet northeasterly from the northeasterly line of Oakdale avenue; thence southwesterly along the northwesterly line of Selby street, a distance of 40 feet to the point of beginning.

The damages, costs and expenses of opening and extending said street are nominal, and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof. The Board of Supervisors hereby declares and determines that the whole damage, cost and expense of opening and extending said street shall be paid out of the revenue of the City and County of San Francisco.

Said opening and extension of Newcomb avenue from Selby street to Barneveld avenue shall be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco, and shall be done in the manner and in accordance with the provisions of Section 2 and sections following Section 2 of Chapter III of Article VI of said Charter of the City and County of San Francisco.

Whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Board of Public Works of the City and County of San Francisco a certified copy of said resolution, and the said Board of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution, and did also cause, in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Opinion of City Attorney on Charter

Amendment No. 27.

The following was presented and ordered spread in the Journal:

San Francisco, Cal., July 23, 1925.
Mr. John S. Dunnigan, Clerk, Hon. Board of Supervisors, City Hall, San Francisco, California.

Dear Sir: Kindly note the enclosed opinion from the City Attorney in the matter of the legality of the adoption of Charter Amendment No. 27, which applies to the standardization and classification of the salaries of City employees.

It would be well to have this read before the Board of Supervisors at their next regular meeting, and to be made a part of the records.

Very sincerely,

J. EMMET HAYDEN,

Acting Mayor.

July 22, 1925.

Subject: Charter Amendment No. 27. Legally adopted.

Dear Sir: I am in receipt of a request for an opinion upon the legality of the adoption of Amendment No. 27 of the Charter, proposed at the last election in regard to the standardization and classification of the salaries of City employees.

Opinion:

It appears that in the printed copies of the amendment mailed to the voters that a typographical mistake was made in the latter part of the amendment; in fact, there was a jumbling of the type in the printing office which caused a portion of the copy to be meaningless, and if the mailing of a printed copy of the amendment to the voter is a mandatory provision of the law, I would have no hesitancy in saying that the proposed amendment is void. But the mailing of the copy of the amendment purported to be done by the Regis-

trar in accordance with Section 9, Chapter III, Article 11 of the Charter which deals with initiative measures is not required in case of Charter amendments. Chapter III, Article 11, Section 1, provides:

"The registered voters shall have power to propose by petition and to adopt or reject at the polls any ordinance, act or other measure which is within the power conferred upon the Board of Supervisors or any legislative measure which is within the power conferred upon any other board, commission or officer. Such ordinance, act or other measure may be proposed by filing with the Board of Election Commissioners a petition setting forth said measure in full, signed by registered voters of the City and County as many in number as the percentages hereinafter required of the entire vote for all candidates for the office of Mayor cast at the last preceding regular municipal election."

Sections 2, 3, 4, 5, 6, 7 and 8 provide for the procedure after the receipt of the petition by the Supervisors, so that the measure may be put upon the ballot.

Section 9 provides:

"Whenever any measure is required by this Charter to be submitted to the voters of the City and County at any election, the Board of Election Commissioners shall cause the measure to be printed in substantially the same form as the latest municipal edition of this Charter, and they shall enclose a printed copy thereof in an envelope with a sample ballot, and mail the same to each voter at least five days prior to the election."

Now it is clear that Section 9, just quoted, has reference solely to initiative measures—measures that are within the power of the Supervisors to pass, thus providing a scheme whereby the people may put upon the ballot any measure which the Supervisors might have passed themselves.

This chapter has no reference to Charter amendments, except that Section 12 thereof provides that its provisions shall apply to elections upon Charter amendments, unless prohibited by the Constitution. In reference to Charter amendments, the Constitution itself prescribes the method in which they may be adopted, and having prescribed a method, all other methods are prohibited. (*Blanchard v. Hartwell*, 131 Cal. 263.)

Section 12, therefore, could not refer to this amendment, for it is

an amendment proposed by the Supervisors and as such entirely regulated by the Constitution of the State. Whenever the Constitution of the State and the provisions of the Charter conflict the Constitution must be supreme. In this sense all other methods than prescribed by the Constitution are prohibited.

Section 8 of Article XI of the Constitution prescribes the method of amending Charters. It is provided among other things:

"The Charter of any City, or City and County, may be amended by proposal therefor submitted by the legislative body of the City on its own motion, or on petition signed by fifteen per cent of the registered electors, or both. . . . The amendment so submitted shall be advertised in the same manner as herein provided for the advertisement of a proposed Charter.

. . . . The legislative body of said City shall within fifteen days after such filing cause such Charter to be published once in the official paper of such City (or in case there be no such paper, in a paper of general circulation), and shall cause copies of such Charter to be printed in convenient pamphlet form and shall, until the date fixed for the election upon such Charter, advertise in one or more papers of general circulation published in said City, a notice that such copies may be had upon application therefor."

I am advised that all of these steps as provided by the Constitution were complied with. The amendment was properly published and notice was published that copies of the amendment could be had upon application at the office of the Clerk of the Board of Supervisors. I am therefore of the opinion that the mailing of the proposed amendment was entirely unnecessary. It was simply a voluntary offering by the Election Commissioners. The defect in the copies mailed in no way affects the legality of the amendment.

The provisions of the Charter of the City and County with regard to amendment of the Charter by petition simply reassert the provisions of the Constitution. (Section 22, Article II, Chapter I.)

You are therefore advised that Amendment No. 27 was legally adopted and is in effect.

Respectfully,

GEORGE LULL,

City Attorney.

Hearing of Objections to the Assessment for the Improvement of Jerrold Avenue.

Hearing of objections to the assessment for the improvement of Jerrold avenue.

Privilege of the Floor.

A. F. Boronio, property owner, and J. W. Crosby, representing the Ocean Shore Railway Company, were granted the privilege of the floor and heard in opposition to the proposed improvement.

A. J. Gallagher and Mr. Rhinehart, representing the Rhinehart Lumber Company, were heard in favor of the improvement.

Action Deferred.

Whereupon, on motion of Supervisor Harrelson the hearing was continued until August 10, 1925, at 2 p. m.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were read and ordered filed:

Fire Committee, by Supervisor Deasy, chairman.

Public Buildings Committee, by Supervisor Wetmore, chairman.

Streets Committee, by Supervisor Harrelson, chairman.

Joint Committee on Streets and Commercial Development, by Supervisor Harrelson, chairman.

Noted Picture Man to Assist at

Jubilee.

Mr. Sid Grauman, noted for his achievements along the line of moving pictures and moving picture entertainments, was introduced to the Board by Acting Mayor Hayden, who declared that he had come to San Francisco to offer his services to co-operate in making the Diamond Jubilee a success. His work in the picture world was highly commended by Supervisors Schmitz, Colman and Hayden, and he was invited to return to San Francisco, which was originally his home, and to make his future home here and to do the wonderful work he is able to do in San Francisco. They also paid a tribute or respect to the father of Sid Grauman, who had recently passed away, and who was noted for his successful theatrical career in San Francisco.

Supervisor Colman spoke of his pleasure in attending Grauman's picture house in Los Angeles recently when Chief of Police Daniel J. O'Brien's son starred in the principal feature.

Elizabeth Street.

In response to inquiry by Supervisor Shannon, Assistant City Engineer C. E. Healy stated that his office is working on plans and specifications for a circular roadway on Elizabeth street and they expect to have it ready to submit to the Board within two weeks, together with the costs.

Action Deferred.

On motion of Supervisor Harrelson, the following matters were continued until August 24, 1925, at 2 p. m.:

HEARING—2 P. M.

Beginning at the intersection of the center line of Sixteenth street with the center line of Third (Kentucky) street, in the City and County of San Francisco, and extending thence easterly along the center line of Sixteenth street to the water front line; thence easterly along a straight line to a point on the center line of Pacific avenue, in the City of Alameda, Alameda County, which point is (100) one hundred feet westerly from the intersection of said center line of Pacific avenue with the center line of Bryant street.

That the length of said bridge is 27,750 feet; that the width of the roadway on said bridge is 38 feet.

BAY CITIES BRIDGE CORPORATION.

By A. O. STEWART,
President.

Consideration of the application

of Elbert W. Davis for a franchise to construct, operate and maintain a toll-bridge between San Francisco and Alameda County.

Stricken from Calendar.

On motion of Supervisor Harrelson, the following matter was *stricken from the Calendar*:

Consideration of application of Charles Brennan for a franchise to conduct, operate and maintain a toll-bridge across San Francisco Bay between San Francisco and Alameda.

Golden Gate Ferry.

The following notice was read and application therewith filed and referred to Public Utilities Committee:

Notice is hereby given that Golden Gate Ferry Company, a corporation, on the twenty-seventh day of July, 1925, at the hour of two o'clock p. m. of said day, will apply to the Board of Supervisors of the City and County of San Francisco, State of California, at the meeting place of said Board, in the City Hall, located in said City and County, for authority to erect, maintain and take tolls on a public ferry to be operated between the present terminal of Golden Gate Ferry Company, at the foot of Hyde street, in said City and County of San Francisco, and the foot of University avenue, City of Berkeley, County of Alameda, said State.

GOLDEN GATE FERRY COMPANY,

By A. O. Stewart, President.

G. T. McNeely, Secretary.

Dudley D. Sales, Attorney at Law,
Holbrook Building.

Golden Gate San Francisco-Berkeley Ferry.

The following were presented and read by the Clerk:

Communication. from Dudley D. Sales, attorney representing Golden Gate Ferry, filing application of the Golden Gate Ferry Company for authority to erect, maintain and take tolls on a public ferry to be operated between San Francisco and the City of Berkeley in Alameda County.

Hann, City Clerk, Berkeley, transmitting certified copy of resolution of City Council of Berkeley, endorsing the application of the Golden Gate Ferry Company for a ferry system between Berkeley and San Francisco, and requesting the Board of Supervisors to give the application favorable consideration and instructing Mayor Stringham of Berkeley to appear in its behalf.

Action Deferred.

Supervisor Shannon moved that the hearing in the Board of the Golden Gate Ferry application be continued until August 10, 1925, at 2 p. m.

PRESENTATION OF PROPOSALS.

Tanks for Chemical Fire Engine.

Sealed proposals were received between the hours of 2 and 3 p. m. for furnishing four tanks for chemical fire engine and *referred to Supplies Committee.*

UNFINISHED BUSINESS.

Relative to Payment of Salary of Special Counsel J. J. Dailey.

Supervisor Shannon called attention to Item 28, Resolution No. 1 on the calendar, to-wit:

Hetch Hetchy Operative Revenue Fund.

(28) John J. Dailey, legal services as Special Counsel for City and County, per contract of employment under Resolution No. 22251, New Series (claim dated July 15, 1925), \$850.

Supervisor Shannon declared that Mr. Dailey had been employed for the evaluation proceedings and that his presence here is necessary to look out for this important matter, and thereupon moved that a telegram be sent Mr. J. J. Dailey in Washington from the Board of Supervisors demanding his immediate return. Seconded by Supervisors McSheehy and Badaracco.

Supervisor Shannon subsequently, after debate, changed his motion.

He moved that Mr. Dailey be ordered to return to San Francisco after the present hearing and if the hearing is to be continued after this week, that he so notify us that we may send Mr. Lull, who helped Mr. Dailey draw up the agreement.

Motion lost by the following vote:

Ayes—Supervisors Badaracco, McSheehy, Roncovieri, Shannon—4.

Noes—Supervisors Bath, Colman,

Harrelson, Hayden, Morgan, Robb, Rossi, Schmitz, Wetmore—9.

Absent—Supervisors Deasy, Katz, McGregor, McLeran, Welch—5.

Supervisor Shannon moved that Mr. Dailey's salary be reduced from \$850 to \$350 per month. Seconded by Supervisor Badaracco.

Supervisor McSheehy, for Supervisor Roncovieri, moved as an amendment that the leave of absence granted Mr. Dailey terminate August 8, 1925.

Chair (Acting Mayor Hayden) ruled that the amendment was not germane to the original motion.

Supervisor Shannon thereupon withdrew his motion and moved that Mr. Dailey be requested to return to San Francisco on August 8 and that if the Mayor needs additional legal advice, in addition to Mr. Searls, that Mr. Lull be sent to Washington.

Motion lost by the following vote:

Ayes—Supervisors Badaracco, McSheehy, Roncovieri, Shannon—4.

Noes—Supervisors Bath, Colman, Harrelson, Hayden, Morgan, Robb, Rossi, Schmitz, Wetmore—9.

Absent—Supervisors Deasy, Katz, McGregor, McLeran, Welch—5.

Whereupon, the roll was called on Item No. 28 and the same was *referred passage* by the following vote:

Ayes—Supervisors Bath, Colman, Harrelson, Hayden, Morgan, Robb, Rossi, Schmitz, Wetmore—9.

Noes—Supervisors Badaracco, McSheehy, Roncovieri, Shannon—4.

Absent—Supervisors Deasy, Katz, McGregor, McLeran, Welch—5.

Notice of Reconsideration.

Whereupon, Supervisor Morgan changed her vote from *aye* to *no* and gave notice that she would move for reconsideration.

Thereupon, Supervisor McSheehy moved for suspension of rules and immediate reconsideration.

Motion lost by the following vote:

Ayes—Supervisors Badaracco, Bath, McSheehy, Roncovieri, Shannon—5.

Noes—Supervisors Colman, Harrelson, Hayden, Morgan, Robb, Rossi, Schmitz, Wetmore—8.

Absent—Supervisors Deasy, Katz, McGregor, McLeran, Welch—5.

Whereupon, the following resolution, with Item 28 eliminated, was *finally passed* by the following vote:

**City Attorney to Institute Condemna-
 tion Proceedings for the Acquisition
 of Land on Frederick Street Re-
 quired for the Polytechnic High
 School.**

Supervisor Wetmore presented:
 Resolution No. 24325 (New Se-
 ries) as follows:

Resolved, By the Board of Super-
 visors of the City and County of San
 Francisco, that the immediate ac-
 quisition, construction, completion
 and equipment by the City and
 County of San Francisco of perma-
 nent buildings and improvements to
 be used by the said City and Coun-
 ty for public schools and the acqui-
 sition of necessary land therefor is
 an imperative and public necessity
 and that the public interest and
 necessity demand such acquisition,
 construction, completion and equip-
 ment by the City and County of
 San Francisco.

That the land to be so acquired
 for public use and necessity is situ-
 ated in the City and County of San
 Francisco and described as follows:

Commencing at a point on the
 southerly line of Frederick street,
 distant thereon 192 feet 6 inches
 westerly from the westerly line of
 Willard street, running thence
 southerly and parallel with the
 westerly line of Willard street 137
 feet 6 inches; thence at a right
 angle westerly 55 feet 7½ inches,

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Wage Increases Voted.

Supervisor McSheehy called attention to the wages of several employees in the Department of the Board of Public Works which had been omitted in the Budget, but which the board afterwards voted

to allow. However, as there had been no appropriation made in the Budget covering this increase, the Auditor was unable to allow them to be paid.

Auditor Boyle insisted that he could not authorize their payment unless the Board made a sufficient additional appropriation to cover these increases.

Supervisor Rossi contended that the Board of Works has authority to change money from the supplies account to meet these increases.

Appropriation, \$4,350, Increase for Asphalt Workers.

Whereupon, Supervisor McSheehy, seconded by Supervisor Schmitz, presented:

Resolution No. ——— (New Series), as follows:

Resolved, That the sum of \$4,350 be and the same is hereby set aside and appropriated out of General Fund, Fiscal Year 1925-1926, to the credit of the hereinafter mentioned Budget items, in the amounts set forth, for the payment of an increased wage, to-wit:

Accepting Offer of Anna L. Sears, School Lands.

Supervisor Wetmore presented:

Resolution No. 24328 (New Series), as follows:

Whereas, an offer has been received from Anna L. Sears to convey to the City and County of San Francisco certain land situate on the east line of Goettingen street, distant 166 feet northerly from

Bacon street, required for school purposes; and

Whereas, the price at which said parcel of land is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all incumbrances, for the sum of \$1,000, be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point on the easterly line of Goettingen street, distant thereon 166 feet northerly from Bacon street, running easterly 120 feet; thence at a right angle northerly 66 feet; thence at a right angle westerly 120 feet to the easterly line of Goettingen street; thence southerly along said easterly line of Goettingen street 66 feet to the point of commencement; being a portion of Block 5984 on Assessor's Map Book.

The City Attorney is hereby directed to examine the title to said land, and, if the same is found to be

vested in the aforesaid owner, free of all incumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Harrelson, Hayden, McSheehy, Morgan, Robb, Roncovi, Rossi, Schmitz, Shannon, Wetmore—13.

Absent—Supervisors Deasy, Katz, McGregor, McLeran, Welch—5.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Telegram From His Honor Mayor Rolph and Supervisor McLeran.

Acting Mayor Hayden presented the following telegram which was read and ordered placed on file:

Washington, August 3, 1925.

Acting Mayor J. Emmet Hayden, Mayor's office, City Hall, San Francisco, Calif.

Modesto protesting delegation, after learning that we desired to be present during their hearing to answer any points raised, requested Attorney General that they be granted a private hearing, apparently being unwilling to state openly what they will state in private. We have expressed our willingness to the Attorney General to answer all questions of Modesto delegation or others relative to contract or its legality. Attorney General will advise if any further information desired after hearing Modestans. In the meantime we are waiting outcome and keeping cool at New Willard at City's ex-

pense. All occasioned by action of minority members of Board.

Bus Line on The Embarcadero.

The Public Utilities Committee presented:

Communication, from the Chamber of Commerce Embarcadero Bus Line Committee and the Pacific Traffic Association Embarcadero Bus Line Committee, transmitting petitions totaling approximately 3,000 signatures, requesting that favorable action be taken on the matter of The Embarcadero Bus Line at an early date.

Motion.

Supervisor Shannon moved that the ordinance authorizing, directing and empowering the Board of Public Works to establish, maintain and operate a municipal motor bus service from The Embarcadero or water front of the City and County, and to prepare plans and specifications for the motor buses and equipment necessary for such service, and to advertise and receive bids and enter into contract for the furnishing of such buses and equipment, be taken up out of order and acted upon. *Carried.*

The subject-matter was discussed by Supervisors Shannon, Schmitz, McGregor and Harrelson.

H. C. Miller, president of the Chamber of Commerce, was granted the privilege of the floor and was heard at length in support of the ordinance and the installing of the bus line.

Whereupon, *Supervisor Shannon* moved passage to print of the ordinance, which was *carried* and the following bill was thereupon *passed to print*:

Bill No. 7194, Ordinance No. — (New Series), as follows:

Authorizing, directing and empowering the Board of Public Works to establish, maintain and operate a municipal motor bus service on The Embarcadero or water front of the City and County, and to prepare plans and specifications

for the motor buses and equipment necessary for such service, and to advertise and receive bids and enter into contracts for the furnishing of such buses and equipment.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized, directed and empowered to establish, maintain and operate a municipal motor bus service suitable for the transportation of passengers along The Embarcadero of water front of the City and County, from a southerly terminus at or in the vicinity of Third and Townsend streets to a northerly terminus in the vicinity of the Golden Gate Ferry terminus at the foot of Hyde street; and for the purpose of establishing this municipal motor bus service the said board is hereby authorized, directed and empowered to prepare plans and specifications for furnishing to the City and County the necessary motor buses and equipment for such service, and to advertise, receive bids and enter into contracts for the furnishing of such buses and equipment.

Section 2. When such bus line has been established and operated the rate of fare on and over said line on said buses shall be five cents.

Section 3. The authority to exercise the powers herein granted is hereby declared to be contingent upon the receipt of a legal offer and guarantees by and from the Board of State Harbor Commissioners, that such board will contribute from its funds a sum (which shall not exceed \$18,000 in any one year) for the period of three years to offset any deficiency which may result from the operation of said municipal bus line by the City and County.

Section 4. Ordinances heretofore adopted authorizing said Board of Public Works to establish similar bus line or to furnish transportation service along The Embarcadero are hereby repealed.

Section 5. This ordinance shall take effect immediately.

Bus Line on Monterey Boulevard Between Junipero Serra Boulevard and Genesee Street.

On motion of Supervisor Shannon the following ordinance was ordered *passed to print*:

Bill No. 7195, Ordinance No. — (New Series), as follows:

Accepting the offer of Residential Development Company of San Francisco to furnish and present to the City the equipment required for the

installation and operation of a bus line in connection with the Municipal Railway on Monterey boulevard between Junipero Serra boulevard and Genesee street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whereas, some 600 residents of the district to be served filed with this Board on December 17, 1924, their petition praying for the installation and operation of a municipal bus line along the following route: From the intersection of Junipero Serra boulevard and Monterey boulevard; thence running along said Monterey boulevard to Genesee street and return; and

Whereas, said petition, with other petitions praying for extensions of the Municipal Railway system, were by this Board referred to the City Engineer for his report; and

Whereas, the City Engineer did, on the 26th day of February, 1925, file with this Board his report dealing with the proposed extensions of the Municipal Railway service, and recommending a bond issue in which the purchase of three new busses and the establishment of the above described service on Monterey boulevard was recommended; and

Whereas, said bond issue has not yet been submitted to the people; and

Whereas, Residential Development Company of San Francisco, in order to secure this service at an early date, has filed with this Board its offer to pay for and present said three new busses to the City without cost to the City, on the condition hereinafter specified;

Now, therefore, be it ordained that the said offer of Residential Development Company of San Francisco be and the same is hereby accepted.

Section 2. Before purchasing said three new busses Residential Development Company of San Francisco will submit the specifications therefor to the City Engineer for his approval and shall obtain his approval before making such purchase.

Immediately upon the delivery by said Residential Development Company of San Francisco to the City and County of said three new busses there shall be installed and thereafter maintained a bus line on said Monterey boulevard between Junipero Serra boulevard and Genesee street, which shall be operated in connection with and as a part of the Municipal Railway system. The said bus line shall be operated between the hours of 6:50 in the morning and 12:30 at night, giving the following minimum service:

Between 6:50 a. m. and 8 p. m. two busses shall be operated simultaneously and continuously so as to connect with the Municipal Railway service on Junipero Serra boulevard, and after 8 p. m. one bus shall operate so as to connect with the Municipal Railway cars on Junipero Serra boulevard.

The third bus shall be held in reserve for emergencies and repairs and the like.

The fare on said bus line shall be five cents, and transfers shall be exchanged between said bus line and the Municipal Railway cars operated on Junipero Serra boulevard. Said three new busses shall be used for on said bus line.

Section 3. This ordinance shall take effect immediately.

Proposals for Bids.

The hour of 3 o'clock having arrived, bids were received for furnishing paper and class room supplies, garbage cans, scavenger service, window cleaning, printing and machinery for the school department; also for furnishing fire hydrants and galvanized iron street cans. The foregoing bids, on motion, were referred to the Supplies Committee.

Communication From the Attorney-General, Washington, D. C.

Supervisor Shannon presented the following communication which was read by the Clerk and ordered filed: Honorable Warren Shannon, Supervisor, San Francisco, California. Sir:

Receipt is acknowledged of your letter of July 24, 1925, advising that you had transmitted by air mail, under separate cover, a copy of the statement (with exhibits) of seven members of the Board of Supervisors of the City and County of San Francisco relating to the proposed contract with the Pacific Gas and Electric Company. The department had already received the documents in question from the Interior Department when your telegram of July 24 was received, and you were advised in answer thereto that decision would be deferred pending hearing of all parties interested. The statement referred to will be carefully considered in reaching a conclusion.

Respectfully,

For the Attorney-General.

Accepting Offer to Sell Land for the Extending and Widening of Market Street.

Also, Resolution No. 24364 (New Series), as follows:

Whereas, the owner of the following described land sought to be acquired by the City and County of San Francisco for the extending and widening of Market street has offered to convey the property desired by the City and County of San Francisco for the sum set forth opposite his name, viz.:

Joseph Brodaric, \$2,096—Beginning at a point on the southerly line of Market street, distant 375 feet at right angles westerly from the westerly line of Hattie street, said point being on the easterly boundary line of Lot 41 of Block "B" of Park Lane Tract, and running thence westerly along the southerly line of Market street 25.061 feet to the westerly boundary line of said lot; thence deflecting 94 degrees 00 minutes 20 seconds to the left and running southerly, parallel with Hattie street, along said westerly boundary line 25.422 feet; thence easterly on a curve to the right of 165-foot radius, tangent to a line deflected 100 degrees 38 minutes 34 seconds to the left from the preceding course, central angle 8 degrees 44 minutes 31 seconds, a distance of 25.175 feet to the easterly boundary line of said lot; thence northerly, parallel with Hattie street, along said easterly boundary line 20.925 feet to the point of beginning. Being portion of Lot 41 of Block "B" of Park Lane Tract.

The above amount includes, in

addition to the payment of the above described parcel, all damages in full to the remaining lot, and the building now partially situated thereon, adjoining the above described parcel, caused or to be caused by the future establishment of a grade on Market street and the grading and construction of Market street. The above mentioned building to be moved by the owner within sixty (60) days after receiving notice by the City and County of San Francisco.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the property owned by said person and offered to the City and County of San Francisco for the sum set forth, which said price is in accordance with the City's appraisal of the property. Now, therefore, be it

Resolved, That the said offer of sale be accepted and the City Attorney is hereby authorized and directed to examine the title of said property, and if the same is found in satisfactory condition to accept, in behalf of the City and County of San Francisco, a deed conveying title thereto and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco upon payment of the agreed purchase price.

Sale of City Property Situate in San Mateo County.

The following communication and bid of the Spring Valley Water Company was read by the Clerk and ordered spread at length in the Journal, as follows:

San Francisco, Cal., Aug. 8, 1925.
Honorable Board of Supervisors,
City Hall, San Francisco, Cal.

Gentlemen:

I have the honor to advise you that, in accordance with Ordinance No. 6697 (New Series), finally passed by your honorable Board July 13, 1925, notice of sale of certain lands mentioned therein was legally advertised in the legal publication of the City and County of San Francisco.

Only one bid for the purchase of this land was received, that being the bid of the Spring Valley Water Company for \$1,711.25, accompanied by certified check for one-tenth of this sum, or \$171.13.

Inasmuch as this bid is in conformity with the appraised value of the land in question, I am referring to you herewith the bid and the certified check, and, under the provisions of the Charter, respectfully recommend that your honorable Board join with me in confirming this sale.

Respectfully yours,

J. EMMET HAYDEN,
Acting Mayor.

San Francisco, Aug. 4, 1925.
To the Honorable the Mayor of the City and County of San Francisco, City Hall, San Francisco, California.

Dear Sir:

Spring Valley Water Company hereby offers to purchase from the City and County of San Francisco the property hereinafter described, and hereby submits its bid therefor in the sum of seventeen hundred eleven and 25/100 dollars (\$1,711.25).

Said property consists of two certain parcels of land situate in the County of San Mateo, State of California, more particularly described as follows:

Parcel 1. Beginning at an iron pipe monument and old post marked "B-3" set in the northeasterly boundary line of that certain tract of land containing 429.20 acres conveyed by Frederick R. King et ux. to Spring Valley Water Company by deed dated December 19, 1906, and recorded in the office of the County Recorder of San Mateo County, State of California, December 28, 1906, in Book 131 of

Deeds, page 200; said monument "B-3" being also in the boundary line of that certain tract of land containing 301.60 acres conveyed by Allis-Chalmers Manufacturing Company to the City and County of San Francisco by deed dated March 12, 1924, and recorded March 27, 1924, in said Recorder's office, in Book 110 of Official Records, page 143, running thence along the boundary line between said 429.20-acre tract and said 301.60-acre tract south 56 degrees 00 minutes west 761.98 feet to an iron pipe monument and post marked "B-2"; thence north 35 degrees 32 minutes west 291.67 feet to an iron pipe monument and post marked "B-1" set in the southerly boundary line of that certain 972.66-acre tract conveyed to Spring Valley Water Company by W. F. Chipman and the Union Trust Company of San Francisco, executors of the last will of Josephine A. Phelps, deceased, dated June 4, 1918, and recorded in said Recorder's office June 6, 1918, in Book 272 of Deeds, page 356; thence along the boundary line between said 972.66-acre tract and said 301.60-acre tract north 47 degrees 32 minutes east 1100 feet to an iron monument; thence leaving said last mentioned boundary line south 19 degrees 14 minutes east 213.70 feet; thence south 12 degrees 51 minutes west 361.56 feet to the point of beginning, containing 8.10 acres, and being a portion of said 301.60-acre tract.

Parcel 2. Beginning at a point in the boundary line between said 429.20-acre tract and said 301.60-acre tract hereinabove referred to in Parcel 1, distant thereon south 36 degrees 22 minutes east 2656.27 feet from the point of beginning of said Parcel 1, hereinabove described; running thence north 86 degrees 36 minutes east 718.82 feet; thence south 18 degrees 59 minutes west 733.10 feet to said last mentioned boundary line; thence along said last mentioned boundary line north 36 degrees 22 minutes west 807.96 feet to the point of beginning, containing 5.59 acres, and being a portion of said 301.60-acre tract.

The above described property is that certain property offered for sale by the City and County of San Francisco pursuant to the provisions of Ordinance No. 6697 (New Series) of the Board of Supervisors of the City and County of San Francisco.

Spring Valley Water Company herewith incloses its certified check, dated August 4, 1925, in the sum of \$171.13, made payable to the City and County of San Francisco, said sum being a deposit on account of

the purchase price, amounting to 10 per cent of the foregoing sum bid of \$1,711.25. In the event that the sale by the City and County of San Francisco is confirmed to it of the property herein offered to be purchased, Spring Valley Water Company will make payment of the balance of the purchase price upon delivery to it of the property. In the event that the sale is not confirmed to it, you are kindly requested to return the inclosed check to Spring Valley Water Company.

Yours very truly,

SPRING VALLEY WATER
COMPANY,

By JNO. J. SHARON,
Secretary.

Restoration of Fresh Water to Replace Salt Water in the Tanks and Mains of the High-Pressure System.

Communication, received from Thomas R. Murphy, Chief Engineer of the San Francisco Fire Department, recommending that fresh water be restored to replace the salt water in the tanks and mains of the high pressure system, and requesting that \$26,000 be appropriated for the purpose.

The communication was read by the Clerk and, on motion, *referred to the Finance Committee*.

Purchase Market Street Railway System.

Communication was received from the San Francisco Labor Council transmitting a copy of a resolution favoring the purchase of the Market Street Railway on the pay-as-you-go plan and without issuance of bonds, and further, that no purchase contract should be entered into by the City until after the expiration of the principal franchises, expiring in 1929 and thereafter, unless a price be obtained at the present time which includes no sum whatever for franchise or other intangible value, but based solely on the actual physical value of the property.

The above matter was read by the Clerk and ordered *referred to the Special Committee on Purchase of Market Street Railway*.

Report of City Planning Commission.

The report of the City Planning Commission was presented in response to Resolution No. 24180 (New Series), which requested the City Planning Commission to report as to the desirability and necessity of the several improvements heretofore recommended by the Park Commission and certain other improvements recommended by the City Engineer.

The report set forth the estimated cost of all the proposed improve-

ments to be \$14,530,000; that they are all desirable and most of them are necessary, and if it were not for the limitation of the bonded indebtedness affecting public utilities, as fixed by the Charter, the Commission would favor the acquisition of all of them.

One of paramount importance to San Francisco at the present time is the immediate necessity for a municipally-owned distribution system for the disposal by the City to its own customers of electric energy developed at Moccasin Creek. Next in importance, but ultimately of greater importance, is the water question.

The report further referred to the law relating to assessment of operative and non-operative property and referred to contentions that the limitation of our bonded indebtedness as far as public utilities are concerned, should be 15 per cent of the combined values of the operative and non-operative property. That a test case should be instituted for the purpose of determining whether the 15 per cent limitation applies only to "non-operative" property, or whether it applies, as the Charter literally provides, to "the assessed value of all real and personal property in the City and County," which includes both operative and non-operative property, and if it should be held that the 15 per cent limitation applies only to non-operative property the Charter should be amended by removing limitation of bonded indebtedness incurred for the acquisition of income-paying utilities, so that the City may acquire a power distribution system, may complete its work on the Hetch Hetchy project and may purchase the Spring Valley water properties.

In view of the foregoing facts the City Planning Commission recommends the following:

Glyn Park reservoir site, Amazon reservoir construction, parks, playgrounds and golf links for Mission District, parkway extending from the southerly line of Golden Gate Park to the northerly line of Lake Merced; Lafayette Square.

Other Improvements.

Yacht harbor, aquatic park, Bernal cut, San Francisco Bay Shore boulevard, widening of Ocean Shore right of way, Van Ness avenue extension to Howard street, parkway from Lincoln Park to Golden Gate Park, Panhandle extension to Market street, Sutro Market Park.

On motion the said report was referred to the Finance, Education,

Parks and Playgrounds and the City Planning Committee jointly. It was further ordered that the report be published in full in the Municipal Record and that a copy of same be addressed to each member of the Board of Supervisors.

Auctioneers' License.

Communications, from the San Francisco Chamber of Commerce, the Down Town Association, the Retail Furniture Association of California, and the Retail Merchants' Association endorsing the passage of the proposed ordinance "regulating the calling of auctioneers and sale of property by auction and prescribing a penalty for violation thereof."

The above communications were referred to the Police Committee.

Improvement Jerrold Avenue.

Hearing of the protest of the Ocean Shore Railway Company and others for the improvement of Jerrold avenue from San Bruno avenue to a line easterly from Barneveld avenue was taken up.

A communication from M. A. Harris withdrawing his protest filed against the street work affecting his property at the southeast corner of Jerrold and San Bruno avenues, was read and ordered filed.

On motion of Supervisor Harrelson the following resolutions were adopted:

Denying Protest of Ocean Shore Railway.

Resolution No. 24371 (New Series), as follows:

Resolved, That the protest of the Ocean Shore Railroad Company et al. against the improvement of Jerrold avenue from San Bruno avenue easterly as set forth in Resolution of Intention No. 86826 (Second Series), be denied and the work ordered as recommended by the Board of Public Works:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Welch, Wetmore —16.

Absent — Supervisors McLeran, Shannon —2.

Confirming Assessment for Improvement of Jerrold Avenue.

Resolution No. 24372 (New Series), as follows:

Resolved, That the method of assessment for the improvement of Jerrold avenue from San Bruno avenue easterly as set forth in Resolution of Intention No. 86826 (Second Series), as determined

and declared by the Board of Public Works by its Resolution No. 87185 (Second Series), is hereby confirmed.

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Welch, Wetmore—16.

Absent—Supervisors McLeran, Shannon—2.

Supervisor Harrelson further presented the following bill and ordinance, and on his motion said bill was passed to print as follows:

Ordering Street Work, Jerrold Avenue.

Bill No. 7215, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors July 16, 1925, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The method of assessment for the work and improvement determined and declared by the Board of Public Works by its Resolution No. 87185 (Second Series) is hereby confirmed.

The improvement of *Jerrold avenue between San Bruno avenue and a line at right angles to the southerly line of Jerrold avenue at a point 459 feet easterly from the easterly line of Barneveld avenue, including that portion of the intervening intersections that lies between the property lines of Jerrold avenue and that portion of the intersection of Jerrold avenue and San Bruno avenue that lies between the northeasterly line of Jerrold avenue produced northwesterly on a straight line from a point 734 feet northwesterly from the northerly line of Napoleon street to the easterly line of San Bruno avenue, and excepting that portion required by law to be paved by the railroad company having tracks thereon, by grading to official line and grade; by the construction of concrete curbs; by the construction of the necessary brick catchbasins and appurtenances and 10-inch ironstone pipe culverts; by the construction of a 12-inch ironstone pipe sewer with 2 brick manholes and appurtenances and 12 Y branches along the center line of Jerrold avenue between the easterly line of Barneveld avenue, produced, and the easterly termination of the above-mentioned improvement; and by the construction of an asphaltic concrete pavement on the roadway thereof.*

Section 2. This ordinance shall take effect immediately.

PROPOSAL 3.

Bids were received for furnishing paper towels and soap dispensers and also for furnishing lumber for the School Department.

On motion the various bids were referred to the *Supplies Committee*.

REPORT OF COMMITTEE.

The Fire Committee presented a report through its Chairman, Supervisor Deasy.

Read and ordered *filed*.

The following matters were adopted:

Acceptance Land.

On motion of Supervisor Rossi: Resolution No. 24379 (New Series), as follows:

Whereas, the owners of the following described land sought to be acquired by the City and County of San Francisco for the extending and widening of Market street have offered to convey the property desired by the City and County of San Francisco for the sum set forth opposite their names, viz.:

John E. Stevenson and Rebecca Stevenson, \$2,350—Beginning at a point on the southerly line of Market street, distant 50 feet at right angles westerly from the westerly line of Hattie street, said point being on the easterly boundary line of Lot No. 54 of Block "B" of Park Lane Tract and running thence westerly along the southerly line of Market street 25.062 feet to the westerly boundary line of said lot; thence deflecting 94 degrees 00 minutes 20 seconds to the left and running southerly, parallel with Hattie street, along said westerly boundary line 20.049 feet; thence deflecting 85 degrees 59 minutes 40 seconds to the left and running easterly, parallel with the southerly line of Market street, and distant 20 feet at right angles southerly therefrom, a distance of 25.062 feet, to the easterly boundary line of said lot; thence deflecting 94 degrees 00 minutes 20 seconds to the left and running northerly, parallel with Hattie street, along said easterly boundary line 20.049 feet, to the point of beginning. Being portion of Lot No. 54 of Block "B" of Park Lane Tract.

The above amount includes, in addition to the payment of the above described parcel, all damages in full to the remaining lot and the building now partially situated thereon adjoining the above-described parcel, caused or to be caused by the future establishment of a grade on Market street and the grading and construction of Market street. The above-mentioned building to be moved by the owners within sixty (60) days after receiving notice by the City and County of San Francisco.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the property owned by said persons and offered to the City and County of San Francisco for the sum set forth, which said price is in accordance with the City's appraisal of the property; now, therefore, be it

Resolved, That the said offer of sale be accepted and the City Attorney is hereby authorized and directed to examine the title of said property, and, if the same is found

in satisfactory condition, to accept, in behalf of the City and County of San Francisco, a deed conveying title thereto, and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco, upon payment of the agreed purchase price.

Credit to Hetch Hetchy Fund.

On motion of Supervisor Shannon:

Resolution No. 24382 (New Series), as follows:

Whereas, in accordance with the

directions contained in Resolution No. 24083 (New Series), the Board of Public Works has procured from the City Engineer and filed with the Board of Supervisors a detailed estimate of the expenditures which will be necessary for surveys, examinations, rights of way, and other preliminary work, as well as the cost of camp construction, shaft and adit construction, roads, telephone lines, water supply development, power transmission lines and other work necessary to place the Foothill Division of the Hetch Hetchy aqueduct in the position where contracts can be let for the construction of sections of the aqueduct tunnel within said division, and has also submitted an estimate of the amounts necessary for surveys, core borings and other preliminary investigations of the Coast Range Division of said project; and

Whereas, the total amount of said budget is the sum of \$1,972,466, from which there should be subtracted the sum of \$593,240 representing the salvage value of equipment already transferred from the Mountain Division of the Hetch Hetchy project, and the further sum of \$100,000 heretofore appropriated by Resolution No. 23695 (New Series), leaving a net total of \$1,279,206 in additional cash to be appropriated; and

Whereas, it appears to the satisfaction of the Board that said estimate of preliminary costs is in accordance with the plan approved by this Board in Resolution No. 24083 (New Series); now, therefore, be it

Resolved, That said budget of expenditures submitted by the Board of Public Works is hereby approved and the additional sum of \$1,279,206 is hereby appropriated from the "Hetch Hetchy Water Construction Fund," issue of 1925, for the purpose of meeting the expenditures shown by said budget. Be it

Further Resolved, That the Auditor be and he is hereby directed to immediately credit this appropriation with the remaining portion of the proceeds of said bond issue which have thus far been sold, and to make a further credit to said appropriation of the balance thereof when the proceeds of future sales of said bonds in sufficient amount shall be placed in the Treasury.

Communication from City Attorney.

The following were presented and read by the Clerk:

August 17, 1925.

Board of Supervisors, San Francisco, Calif.

Gentlemen:

The Public Utilities Committee of your Honorable Board has requested me to advise your Board as to the effect of a proposed section, Section 9 in the ordinance granting a franchise to the Golden Gate Ferry Company to operate between San Francisco and Berkeley.

At the meeting of the Public Utilities Committee on Wednesday last it was agreed by the representatives of the Golden Gate Ferry Company, Mr. Scully, representing the proponents of the proposed Yacht Harbor, and Mr. Frank G. White, consulting engineer, that Mr. White should prepare a description to be inserted in the proposed ordinance granting this franchise, this description to be of the property to which the Golden Gate Ferry Company agrees to remove its San Francisco terminal in case work is commenced on the breakwater for the Yacht Harbor beyond the northerly line of Lewis street. I have since received a copy of this description with a letter from Mr. White, both of which I enclose herewith.

Section 9 of the franchise ordinance, as presented by the Public Utilities Committee, does guarantee that the San Francisco Ferry Company, within sixty days after the commencement of work upon a breakwater for the Yacht Harbor beyond the northerly line of Lewis street, and after notice thereof from the Board of Supervisors, will commence to construct a new terminus upon the property described in the accompanying description, prosecute such work with reasonable diligence and remove the present slips or that the franchise shall be null and void. This section assures the fact that the development of the Yacht Harbor will not be interfered with by the granting of this franchise to the Golden Gate Ferry Company,

as, unless the Golden Gate Ferry Company complies with the terms of this section it will lose its franchise.

No effort has been made in this office to verify the correctness of the enclosed description since, as above set out, it was agreed by all parties at the time of the hearing before the Utilities Committee that a description prepared by Mr. White would be satisfactory to all concerned.

Yours truly,

(Signed)

MAURICE T. DOOLING, JR.,

Deputy City Attorney.

Description of Ferry Terminal Property.

San Francisco, Calif.,

August 13, 1925.

City Attorney, City Hall, San Francisco, Calif.

Dear Sir:

In accordance with our understanding at the meeting of the Public Utilities Committee of the Board of Supervisors, held yesterday afternoon, I have prepared the enclosed description of the property upon which the Golden Gate Ferry Company is to build its new terminal under the terms of the proposed franchise for the operation of a ferry system to Berkeley.

It is my opinion that the construction of the terminal as proposed will in no way interfere with but rather will be of distinct advantage to the Aquatic Park project.

Yours very truly,

(Signed) FRANK G. WHITE,

Consulting Engineer.

Description to Be Incorporated in Franchise of Golden Gate Ferry Company:

Beginning at the intersection of the northerly line of Jefferson street and the westerly line of Hyde street, running thence northerly along the westerly line of Hyde street and the projection northerly of the westerly line of Hyde street 624 feet, more or less, to a point on the northerly line of The Embarcadero, also designated as the waterfront line; thence deflecting 34 degrees to the left and running 330 feet; thence deflecting 124 degrees to the right and running 540 feet; thence deflecting 105 degrees to the right and running 480 feet; thence deflecting 75 degrees to the right and running 90 feet; thence deecting 90 degrees to the left and running southerly parallel with Hyde street 434 feet, more or less, to a point on the northerly line of Jefferson street; running thence westerly

along the northerly line of Jefferson street 141 feet, more or less, to the place of beginning.

Waiver of Notice.

The following was presented by Dudley D. Sales, attorney for the Golden Gate Ferry Company and on his request made a matter of record:

Know all Men by these Presents:

That the State of California, being the owner of the following piece and parcel of real property located in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Beginning at the intersection of the northerly line of Jefferson street and the westerly line of Hyde street, running thence northerly along the westerly line of Hyde street and the projection northerly of the westerly line of Hyde street 624 feet, more or less, to a point on the northerly line of The Embarcadero, also designated as the waterfront line; thence deflecting 34 degrees to the left and running 330 feet; thence deflecting 124 degrees to the right and running 540 feet; thence deflecting 105 degrees to the right and running 480 feet; thence deflecting 75 degrees to the right and running 90 feet; thence deflecting 90 degrees to the left and running southerly parallel with Hyde street 434 feet, more or less, to a point on the northerly line of Jefferson street; running thence westerly along the northerly line of Jefferson street 141 feet, more or less, to the place of beginning.

does hereby waive any and all notice required by law of any intention on the part of Golden Gate Ferry Company, or its assigns, to apply to the Board of Supervisors of the City and County of San Francisco for authority to erect, maintain and take tolls on a public ferry having a terminal located upon the above described real property, or any part thereof.

STATE OF CALIFORNIA,

By State Board of Harbor Commissioners.

(Signed)

Chas. H. Spear, President.

Dated August 17, 1925.

Motion.

Supervisor McSheehy, seconded by Supervisor Schmitz, moved the passage to print of the bill granting the franchise.

Supervisor Morgan made inquiry as to the life of the franchise and as to whether or not it could be assigned. She declared her confidence in the present management,

but wanted assurance that the interests of the Aquatic Park would be protected in case franchise changed hands.

Privilege of the Floor.

George Gearhardt, secretary of the Civic League, was granted the privilege of the floor and addressed the Board, making certain recommendations as to the terms of the franchise.

Ordinance Granting Franchise to Golden Gate Ferry Company.

Whereupon the following bill was passed for printing by the following vote:

Bill No. 7220, Ordinance No. — (New Series), as follows:

Granting a franchise to Golden Gate Ferry Company, a corporation, and its assigns, to erect, maintain and take tolls on a public ferry to be operated between the City and County of San Francisco, State of California, and the City of Berkeley, Alameda County, California, across the San Francisco Bay, a navigable body of water dividing the City and County of San Francisco and the County of Alameda, and fixing the amount of the penal bond, the license tax, the rate of tolls to be collected, and the term of said franchise.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Golden Gate Ferry Company, a corporation, having, on the 27th day of July, 1925, presented to the Board of Supervisors of the City and County of San Francisco, State of California, its verified written petition praying for authority to erect, maintain and take tolls on a public ferry to be operated across the San Francisco Bay, between the City and County of San Francisco, State of California, and the City of Berkeley, Alameda County, California, and said petition having come on regularly for hearing on said day before the said Board of Supervisors, and said hearing having been duly and regularly continued from time to time to Monday, the 17th day of August, 1925, at the hour of 2 o'clock p. m. of said day, and it having been made to appear by the necessary affidavits presented to said Board and filed in the office of the Clerk thereof that Golden Gate Ferry Company has given notice of its intention to apply to said Board of Supervisors on the 27th day of July, 1925, at the hour of 2 o'clock p. m. of said day, for authority to erect, maintain and take tolls on a public ferry, as hereinbefore stated, and that said notice has been given in the manner, form, and for the

time required by law, and that said notice was served upwards of ten (10) days prior to the 27th day of July, 1925, upon the State of California and the City of Berkeley, the State of California and the City of Berkeley being the owners of the land upon which Golden Gate Ferry Company expects to locate its terminals, which said land is herein-after particularly described; and

Section 2. It further appearing that Golden Gate Ferry Company has in all things complied with the law in making application for said ferry franchise between the said terminals and in giving notice of said application; and

Section 3. It further appearing that such ferry is a public necessity and convenience and for the best interest of the said City and County of San Francisco and the County of Alameda and the traveling public, and that the situation of the City and County of San Francisco and the City of Berkeley and the crossing of the public highway renders it necessary for public convenience and necessity to establish such a ferry, and that such a ferry be established; and

Section 4. It further appearing that Golden Gate Ferry Company is a proper and suitable corporation to which to grant such a franchise, right and privilege, and that the owners of the land described herein, and neither of them, have made application for a ferry franchise within a reasonable time after the necessity therefor arose, and that no franchise for a ferry has been granted by this Board within one mile of the proposed location of said ferry; and

Section 5. It further appearing that the location of a part of the present ferry slips of Golden Gate Ferry Company on a portion of the real property described in said petition of Golden Gate Ferry Company as being located in the City and County of San Francisco, State of California, may interfere with the future development of the Aquatic Park, the site of which lies adjacent to said ferry landing in a westerly direction, and that Golden Gate Ferry Company has made the necessary arrangements with the State of California, through the State Board of Harbor Commissioners, to change its said San Francisco ferry landing from the real property last hereinabove mentioned to the following piece and parcel of real property owned by the State of California and located in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Beginning at the intersection of the northerly line of Jefferson street and the westerly line of Hyde street; running thence northerly along the westerly line of Hyde street and the projection northerly of the westerly line of Hyde street 624 feet, more or less, to a point on the northerly line of The Embarcadero, also designated as the waterfront line; thence deflecting 34 degrees to the left and running 330 feet; thence deflecting 124 degrees to the right and running 540 feet; thence deflecting 105 degrees to the right and running 480 feet; thence deflecting 75 degrees to the right and running 90 feet; thence deflecting 90 degrees to the left and running southerly parallel with Hyde street 434 feet, more or less, to a point on the northerly line of Jefferson street; running thence westerly along the northerly line of Jefferson street 141 feet, more or less, to the place of beginning.

Section 6. It further appearing that Golden Gate Ferry Company is willing to move its said San Francisco ferry landing to the real property last hereinabove described upon the commencement of the work of constructing any breakwaters or piers in the Aquatic Park north of the northerly line of Lewis street; and

Section 7. It further appearing that the State of California, through the State Board of Harbor Commissioners, has waived any and all notice required by law of any intention on the part of the Golden Gate Ferry Company or its assigns to apply to the Board of Supervisors of the City and County of San Francisco for authority to erect, maintain and take tolls on a public ferry having a terminal located upon any of the real property herein described, and that all of the allegations contained in said petition are true;

Section 8. Now, therefore, this Board of Supervisors does hereby grant to Golden Gate Ferry Company, a corporation, and its assigns, for a period of fifty (50) years from and after the date hereof, the right, privilege and authority to erect, maintain and take tolls on a public ferry to be run and operated across the San Francisco Bay between the City and County of San Francisco, State of California, and the City of Berkeley, Alameda County, California, with ferry landings or terminals located in said City and County of San Francisco and said City of Berkeley on the following described real property:

San Francisco Ferry Landing

Parcel 1. Beginning at a point on the northerly line of Jefferson

street and one hundred (100) feet east of the easterly line of Hyde street; thence northerly at right angles to said line of Jefferson street fifty (50) feet; thence westerly at right angles one hundred (100) feet; thence northerly along easterly line of Hyde street produced one hundred seventy (170) feet; thence northwesterly at an angle of thirty-seven (37) degrees to the left three hundred ten (310) feet; thence southwesterly at an angle of ninety-eight (98) degrees to the left three hundred (300) feet, more or less, to a point distant at right angles westerly fifty (50) feet from the easterly line of Hyde street produced; thence southerly and parallel to said line of Hyde street one hundred eighty (180) feet, more or less, to the northerly line of Jefferson street; thence easterly along the northerly line of Jefferson street one hundred fifty (150) feet to the point of beginning, containing forty-nine thousand (49,000) square feet, more or less, of land, and/or

Berkeley Ferry Landing.

Parcel 1. Beginning at the point of intersection of the western line of the State Tide Lands, as said Tide Lands are shown on that map entitled "Map No. 4 of Salt Marsh and Tide Lands, situate in the County of Alameda, State of California," on file in the office of the Surveyor-General of the State of California, at Sacramento, California, with the westerly extension of the southern line of University avenue, as said University avenue is shown on that map entitled "Berkeley Land and Town Improvement

Association, Tract B," said point of beginning being the southwestern corner of the property deeded by W. B. Heywood to the City of Berkeley by deed dated September 25, 1907, and filed in the office of the County Recorder of Alameda County, California, in Liber 1405 of Deeds, at page 165, and running thence south 18 degrees 26 minutes east along the western boundary line of said State Tide Lands one hundred and $47/100$ (100.47) feet; thence south 66 degrees 0 minutes west three (3) miles, more or less, to the western boundary line of the City of Berkeley; thence northerly along said city boundary to a point distant one hundred (100) feet northerly from said line bearing south 66 degrees 0 minutes west, said distance being measured at right angles to said line; thence north 66 degrees 0 minutes east to the point of beginning.

Lot "A."

Parcel 2. All that portion of Lot numbered 31 in Section 4, Township 1 south, Range 4 west, M. D. B. and M., as said lot is delineated and so designated upon that certain map entitled "Map No. 4 of Salt Marsh and Tide Lands, situated in the County of Alameda, State of California," which map is on file in the office of the Board of Tide Land Commissioners at San Francisco and certified copies of which said map are on file in the office of the Surveyor-General of the State of California, and the County Recorder of the City and County of San Francisco, State of California, lying south of the southern line of University avenue extended westerly on its present course.

Excepting from the above described portion the following parcel of land, to-wit:

Commencing at the point formed by the intersection of the southern line of University avenue with the shore line of San Francisco Bay; running thence westerly along said southern line of University avenue extended sixty feet; thence at right angles southerly two hundred ten feet, more or less, to the line dividing Sections 4 and 9, Township 1 south, Range 4 west, Mount Diablo Base and Meridian; thence easterly along said line dividing Sections 4 and 9 aforesaid to the shore line of the said Bay of San Francisco, and thence northerly and following the meanderings of said shore line of the Bay of San Francisco two hundred sixty feet, more or less, to its intersection with said southern line of University avenue and the point of beginning, and being the most eastern portion of Lot 31 in Section

4, Township 1 south, range 4 west, Mount Diablo Base and Meridian, lying south of the southern line of University avenue extended.

Lot "B."

Beginning at the point of intersection of the eastern boundary line of Lot numbered 30 in Section 4, Township 1 south, Range 4 west, M. D. B. and M., according to the map hereinafter referred to, with the southern boundary line of that certain piece or parcel of land conveyed by William B. Spur Track Permit, Pacific Box Factory, Inc.

On motion of Supervisor Harrelson:

Bill No. 7239, Ordinance No. — (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Pacific Box Factory, Inc., to construct, maintain and operate a spur track crossing North Point street between Mason and Taylor streets, as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, to Pacific Box Factory, Incorporated, to construct, maintain and operate a spur track, crossing North Point street between Mason and Taylor streets, as follows:

Beginning at a point on the center line of an existing spur track in North Point street, said point being distant easterly 73 feet, more or less, from the easterly line of Taylor street and distant southerly 27.29 feet from the northerly line of North Point street; thence in an easterly direction on a curve concave to the left having a radius of 252.35 feet for a distance of 53.69 feet to a point; thence compounding along the arc of a curve concave to left having a radius of 191.53 feet for a distance of 60 feet, more or less, to a point on the northerly line of North Point street; thence con-

tinuing in a northeasterly direction into private property.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof as complete as though the same were written in this ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by said Pacific Box Factory, Inc.

Provided, that Pacific Box Factory, Inc., shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Accepting Deed for Sewer Right of Way.

Supervisor Harrelson presented: Resolution No. 24411 (New Series), as follows:

Resolved, That the deed from James Herlihy, dated 3d day of August, 1925, to the City and County of San Francisco (a municipal corporation), of a perpetual easement for and as sewer right of way, under, and in all that certain lot, piece or parcel of land situate, lying and being in the City and County of San Francisco, State of California, and lying 2 feet 6 inches on each side of the following described center line, to-wit:

Commencing at a point on the northwesterly line of Mission street, distant thereon 307 feet 6½ inches southwesterly from the southerly line of Bosworth street; thence at right angles northwesterly 77 feet, more or less, to the southerly termination of Marsilly street, is hereby accepted.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Welch, Wetmore—14.

Absent—Supervisors Bath, McLeran, Schmitz, Shannon—4.

Award of Contract, Gasoline.

The following resolution, laid over from last meeting, was, on mo-

tion of Supervisor Rossi, *referred to the Supplies Committee*:

Resolution No. ——— (New Series), as follows:

Resolved, That award of contract for furnishing gasoline during the fiscal year 1925-26, be made to Crown Oil Company on bid submitted May 11, 1925 (Proposal No. 116), as follows, viz.:

Item No. 508—Gasoline, motor:

(a) In steel barrels, per gallon, 17 cents.

(b) By tank wagon, per gallon, 16¾ cents.

(c) At service stations of contractor and of Shell Company of California, per gallon, 19 cents.

Note—(a) The price of gasoline herein quoted for delivery in contractor's steel tanks is based upon a differential of 3 cents; and (b) the price for delivery by tank truck is based upon a differential of 3¼ cents; and (c) the price for delivery at contractor's service stations is based upon a differential of 1 cent per gallon under the current retail market price of gasoline in San Francisco, California, including the current 2-cent state gasoline tax.

In the event of a decline in such retail market prices the prices to be paid hereunder shall be correspondingly decreased; and in the event of such decline and a subsequent increase the prices to be paid hereunder shall be correspondingly increased; so that the prices payable hereunder under section (a) shall at all times be 3 cents less, under section (b) the price shall at all times be 3¼ cents less, and under section (c) the price shall at all times be 1 cent less than the current retail market price of gasoline in San Francisco, California, including the 2-cent state tax; provided, however, that the prices payable under this bid shall not in any event exceed the prices first set out herein, including the said 2-cent tax.

Delivery to be made within the City and County of San Francisco at such times and in such quantities as may be designated by buyer.

Any additional tax or charge levied by governmental authority which seller is obliged to pay on account of deliveries of gasoline hereunder shall be added to the prices herein agreed to be paid by buyer.

Resolved, That all other bids submitted be rejected.

Note—All above awards are made to the lowest bidder except when award is made in consideration of deliveries or on account of the quality offered as determined by such tests as required or recom-

mended by the Purchaser of Supplies.

Award of Contract, Lumber.

Supervisor Rossi presented:

Resolution No. 24412 (New Series), as follows:

Resolved, That award of contract for furnishing lumber for School Department be made on bids submitted August 10, 1925 (Proposal No. 139), as follows, viz.:

To Van Arsdale Harris Lumber Company, lot of soft wood (with Item No 10 amended to read "lineal feet" instead of "board feet") for the sum of \$2,761.

To White Brothers, lot of hardwood for the sum of \$2,717.

Resolved, That all other bids submitted thereon be rejected.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Welch, Wetmore—14.

Absent—Supervisors Bath, McLeran, Schmitz, Shannon—4.

Resolved, That award of contract be hereby made to The Oscar Krenz Copper and Brass Works, Inc., on bid submitted July 27, 1925 (Proposal No. 134), for furnishing four chemical fire engine tanks, all as per blue print and specifications with riveted seams for the sum of \$1,400.

Resolved, That all other bids be rejected.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Welch, Wetmore—14.

Absent—Supervisors Bath, McLeran, Schmitz, Shannon—4.

Award of Contract, Paper.

Also, Resolution No. 24414 (New Series), as follows:

Resolved, That award of contract for furnishing paper and classroom supplies be made on bids submitted August 3, 1925 (Proposal No. 137), as follows, viz.:

Item No. 1, construction paper, \$1.13 per ream, Milton Bradley Co.

Item No. 2, sample A paper, \$1.01 per ream of 1000 sheets cut, Pacific Coast Paper Co.

Item No. 3, paste powder, \$0.114 per pound, Zellerbach Paper Co.

Item No. 4, ink powder No. 9, \$0.225 per pound, Schwabacher-Frey Stationery Co.

Item No. 5, waste baskets, \$0.80 each, Easterday Supply Co.

Resolved, That all other bids submitted be rejected.

Note—All above awards are made to the lowest bidder except when award is made in consideration of deliveries or on account of the quality offered as determined by such tests as required or recommended by the Purchaser of Supplies.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Welch, Wetmore—14.

Accepting Offers to Sell Land Required for School Purposes.

Supervisor Wetmore presented:

Resolution No. 24416 (New Series), as follows:

Whereas, an offer has been received from Emelia Brignardello to convey to the City and County of San Francisco certain land situate on west line of Brussels street, 133 feet northerly from Bacon street, required for school purposes; and

Whereas, the price at which parcel of land is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all encumbrances, for the sum of \$1,900 be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point on the westerly line of Brussels street, distant thereon 133 feet northerly from Bacon street, running thence northerly along said westerly line of Brussels street 66 feet; thence at a right angle westerly 120 feet; thence at a right angle southerly 66 feet; thence at a right angle easterly 120 feet to the westerly line of Brussels street and point of commencement. Being a portion of Block 5984 on Assessor's Map Book.

The City Attorney is hereby directed to examine the title to said land, and, if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Coleman, Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Welch, Wetmore—15.

Absent—Supervisors Bath, McLeran, Shannon—3.

Also, Resolution No. 24417 (New Series), as follows:

Whereas, an offer has been received from Carl A. Ahlman to convey to the City and County of San Francisco certain land and improvements situate on north line of Seventeenth street, distant 49 feet 3 inches west from Church street, required for school purposes; and

Whereas, the price at which parcel of land is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all encumbrances, for the sum of \$9,250 be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point on the northerly line of Seventeenth street, distant thereon 49 feet 3 inches westerly from the westerly line of Church street, running thence westerly along said northerly line of Seventeenth street 32 feet; thence at a right angle northerly 80 feet; thence at a right angle easterly 32 feet; thence at a right angle southerly 80 feet to the northerly line of Seventeenth street and point of commencement. And the said deed to said land is hereby accepted.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Coleman, Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Welch, Wetmore—15.

Absent—Supervisors Bath, McLeran, Shannon—3.

Relative to the Evaluation Proceedings.

Supervisor McSheehy moved that the Clerk be directed to obtain from the City Attorney's office and the Railroad Commission a report as to the time necessary to complete the evaluation of the distribution systems of the Pacific Gas and Electric Company and the Great Western Power Company, and also of the amount of work done to date.

Motion carried.

Supervisor Morgan requested an investigation as to the reason for the length of time and increased cost of the evaluation proceedings, it having been originally estimated to cost not more than \$50,000.

So ordered.

Removal of Hetch Hetchy Railroad Tracks.

Acting Mayor Hayden inquired of Supervisor McSheehy, as acting chairman of the Public Utilities Committee, as to what was being done with the resolution in the matter of complying with the request of the National Park Commission for the immediate removal of the tracks of the Hetch Hetchy Railroad from Mather Station to the O'Shaughnessy Dam, and placing the roadbed in condition for vehicular traffic.

Supervisor McSheehy declared that the communication from the National Park Commission had been in the hands of the committee for only three of four days, that it had been laid over one week at the last meeting of the committee as a matter of courtesy to Chairman Shannon, who was not present at that time.

Supervisor Welch inquired as to estimate of the cost of placing the roadbed in shape for vehicular traffic, and was advised by Assistant Engineer Eckart that it could be done for \$25,000.

Messrs. Searles and Eckart urged the importance of action on the request at the earliest possible moment.

Motion.

Supervisor Colman moved that the matter be taken out of the hands of the Public Utilities Committee and into the hands of the

Board for immediate consideration.

Points of Order.

Supervisor McSheehy raised the point of order that the matter was now in the hands of the committee and under the rules of the Board the committee has thirty days in which to present its report.

Supervisor Schmitz raised the point of order that all these proceedings were out of order. He referred to the rule of the Board providing that no resolution can be referred to committee without first having been presented by some Supervisor in the Board. This resolution he claimed had been referred by the Clerk to the Public Utilities Committee without having first been presented to the Board.

Supervisor Schmitz's point of order was well taken and sustained by the chair.

Resolutions Presented.

Whereupon, Supervisor Colman formally presented the resolution in question, and moved the suspension of the rules for its adoption.

Subsequently the resolution was withdrawn with the understanding that a report will be made at next Monday's meeting.

Market Street Railway Purchase.

Supervisor McGregor announced that there would be a public meeting in the Mayor's office at 10 o'clock a. m., August the 18th, for the purpose of considering the proposed purchase of the properties of the Market Street Railway.

Transbay Bridge.

Supervisor Welch stated that Mr. Piper, Assistant U. S. Engineer, had requested of him a map of the proposed transbay bridge connecting San Francisco and Alameda, and requested that the Clerk be directed to get in touch with Mr. Oliver and have him file at once with Mr. Piper the plans and maps of said proposed bridge.

So ordered.

ADJOURNMENT.

Whereupon, there being no further business, the Board at the hour of 6:35 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Absent—Supervisor Welch—1.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of July 27, 1925, was considered read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Cost and Time for Evaluation of Properties of the Pacific Gas and Electric Company and the Great Western Power Company.

The following was presented and read by the Clerk:

Communication, from H. G. Mathewson, Secretary of the Railroad Commission, State of California, replying to request for a report on the progress of the evaluation proceedings for a hydroelectric distributing system in San Francisco, including an estimate of the time and total cost thereof, and stating that the matter will have the early attention of the Commission.

Ordered *filed*.

Report of Delegation to Washington on Temporary Hetch Hetchy Power Contract.

Supervisor McLeran thereupon took the floor and made a verbal report for the delegation, consisting of his Honor Mayor Rolph, Special Counsel J. J. Dailey, Nelson Eckart, Assistant City Engineer, and Spe-

cial Counsel Robert M. Searls, in the matter of the contract for temporary disposal of the Moccasin Creek hydroelectric power through the Pacific Gas and Electric Company. He congratulated the people of San Francisco on the "happy conclusion" of the Hetch Hetchy negotiations before the Interior Department.

He denounced the action of the minority members of the Board, who had sent a brief to Washington in opposition to the proposed contract. He declared that scores of anonymous letters had been sent to the Attorney-General and the Secretary of the Interior, which sought to influence these federal officials by misleading propaganda and false statements about the power contract alleging an attempt to sell out the interests of the City, but that these attempts failed of their purpose.

He said, in part:

"We have been criticized for signing the power contract with the Pacific Gas and Electric Company. We have been misquoted, misrepresented, ridiculed and cartooned. We don't object much to that, but we do object to having the name of San Francisco held up to public contempt in a way that it has all over the country by the actions of the minority group. Some of them even went so far as to urge that the Modesto people ask that the Hetch Hetchy grant be canceled.

"I am convinced that the minority members are influenced by certain newspapers who want to write their own ticket. What they expect to gain is a mystery. But they don't dare charge the majority members with anything that is not above board and honorable.

"The Modesto protests were expected. They have been protesting ever since Secretary Garfield made the Hetch Hetchy grant to San Francisco.

"The Federal Government recognizes the right of San Francisco to contract for the disposal of its power until it is in a position to use it or distribute it. It recognizes that it is our duty to sell all the power we can."

Hearings were had before the Attorney-General and the Department of the Interior at which all phases of the question were discussed.

The meeting with the Attorney-General was entirely satisfactory as to his attitude toward San Francisco's big project upon which the City has spent \$55,000,000. The Attorney-General rendered a report to the Department of the Interior declining to pass upon the legality of the question because it was not his function to do so.

The Secretary of the Interior withheld his decision until the return of Mr. Edwards last Tuesday, and then it was determined that it is not the province of the Secretary of the Interior to approve of a contract of this kind, but he told us that San Francisco has nothing to worry about.

He stated that they were told by the Secretary of the Interior to go back to San Francisco and to tell you to sell all the power that you can. Do the best you can for San Francisco. You have a big project which is recognized by the Federal Government as the biggest piece of work in the West. You are not going to be molested. Go home, do your best and continue the good work you are doing and you will not have any opposition in Washington. So they came home to tell us that we need have no fear of any kind on the part of the Federal Government on account of any action taken by this Board.

He further stated that the power which was delivered to the Pacific Gas and Electric Company the previous day amounted to \$6,000, which at this rate means \$2,200,000 per annum instead of \$2,000,000, as estimated.

His Honor Mayor Rolph said, in part:

"I want to take this occasion to add my remarks to Supervisor McLeran's, and refer to the damnable attempts on the part of a few San Franciscans themselves to urge the cancellation by the Federal Government of the Hetch Hetchy grant to this City.

"I would rather have torn off my right hand than to have signed that minority report sent to Secretary Work, and I would rather have cut off my legs than to have gone to Modesto and urged them to send that telegram of protest.

"You know nothing is so timid as money. If we are not careful we are going to scare people from buying the bonds you want to sell. Hot air speeches here don't provide distrib-

uting systems. Don't you think it about time to quit this fighting and wrangling and unite for the common good?

"Have you ever considered what the cancellation of San Francisco's grant would mean to the holders of Hetch Hetchy bonds?

"There are some things better left unsaid, and perhaps I had better stop here. I may have occasion later to say more."

He stated that he is in favor of building the distributing system for San Francisco to distribute its own power as quickly as possible, but that it is the people themselves who will have the final say as to whether they will put up the money by the issuance of bonds for the purpose of acquiring or building a distributing system.

He also called attention to the criticism which was made against him for taking Mr. Dailey with them to Washington, and that in talking with an official in Washington he mentioned this criticism, and he stated that he would be glad to have him in his office and he would pay him a thousand dollars a month. And the Mayor thinks we should be very glad that he asked Mr. Dailey, who is so well qualified, to act for the City, instead of employing some attorney in Washington, as others have done, and paid a hundred thousand dollars for the services.

He confirmed the statements made by Supervisor McLeran that San Francisco need have no fear. That we should go ahead and sell all the power we can now and proceed as rapidly as we can to either acquire or construct a distribution system of our own to take care of our own power.

Communication From Secretary of Interior in Re Hetch Hetchy Contract.

The following was presented by his Honor the Mayor and read by the Clerk:

The Secretary of the Interior,
Washington.

August 19, 1925.

Hon. James Rolph, Jr., Mayor of
San Francisco, New Willard Hotel,
Washington, D. C.,

My dear Mr. Mayor:

The act approved December 19, 1913 (38 Stat. 242) does not require the Secretary of the Interior to approve or disapprove contracts such as the contract entered into between the City and County of San Francisco and the Pacific Gas and Electric Company dated July 1, 1925.

It is the duty of the City and County of San Francisco at all times to comply with and observe on its part all the conditions specified in the act; and it is the duty of the Secretary of the Interior, in the event that the conditions specified in the act are not reasonably complied with and carried out, to report the facts, after notifying the City and County of San Francisco in writing, to the Attorney-General for such suits or proceedings in the proper courts as the law and the facts in his opinion warrant. The Secretary should not act at this time, but must await such development of facts as will enable the Secretary to determine with a certainty whether or not this act is being reasonably carried out by the City and County of San Francisco.

The violation of the law, if any, is a fact evidenced by acts, and the Secretary must necessarily await a reasonable time until performance shall have indicated whether or not the acts of the parties constitute such a violation of the law as will make action on his part proper.

Very respectfully,

(Signed) HERBERT WORK,
Secretary.

Hon. J. Emmet Hayden, Acting Mayor of San Francisco, Mayor's Office, City Hall, San Francisco, Calif.:

After lengthy conference this morning with Secretary Work, Judge Edwards and ourselves following letter dated today was drafted by Secretary Work and Judge Edwards and handed to us:

"My Dear Mr. Mayor: The act approved December 19, 1913 (38 Stat. 242), does not require the Secretary of the Interior to approve or disapprove contracts such as the contract entered into between the City and County of San Francisco and the Pacific Gas & Electric Company dated July 1, 1925.

It is the duty of the City and County of San Francisco at all times to comply with and observe on its part all the conditions specified in the act; and it is the duty of the Secretary of the Interior, in the event that the conditions specified in the act are not reasonably complied with and carried out, to report the facts, after notifying the City and County of San Francisco in writing, to the Attorney-General for such suits or proceedings in the proper courts as the law and the

facts in his opinion warrant. The Secretary should not act at this time, but must await such development of facts as will enable the Secretary to determine with a certainty whether or not this act is being reasonably carried out by the City and County of San Francisco.

The violation of the law, if any, is a fact evidenced by acts, and the Secretary must necessarily await a reasonable time until performance shall have indicated whether or not the acts of the parties constitute such a violation of the law as will make action on his part proper.

Very respectfully,

(Signed) HERBERT WORK,
Secretary."

With this document signed by Secretary of Interior Work we are now free to continue proceeding with delivery of power under contract and without fear of any unfriendly action on part of Secretary of Interior. Go ahead and deliver all the power you can and get the money for the taxpayers of San Francisco who are the real owners of the project and whom the majority of the Board of Supervisors represent. Haste all proceedings to the ultimate requirement of our own distributing system for both power and water. Congratulations to all those who have befriended the successful constructive cause of Hetch Hetchy. We leave for home this afternoon, feeling justified in our trip and efforts here. Warmest regards.

JAMES ROLPH, JR.
RALPH McLERAN.

His Honor the Mayor presented also a clipping from an Eastern paper showing that Muscle Shoals' plant is paying government \$2,500 a day on lease to the Alabama Power Co. since 1921.

Supervisors Hayden, Colman, Rossi and Schmitz complimented the Mayor and the other officials who were with him in Washington on the work which they accomplished, and extended a welcome to them on their return.

Supervisor Shannon took exception to some of the Mayor's remarks. He denied that the minority brief called for the cancellation of the Hetch Hetchy grant and challenged anyone to find such a statement in the document.

He said in part:

"I never urged anything on the Modesto-Turlock people and I never signed anything that would injure the status of the Hetch Hetchy project. The situation now is that the tentacles of the corporations

are on Hetch Hetchy power and we never will get them off."

Supervisor McSheehy said in part:

"I signed that minority report and I certainly don't regret it.

He declared that San Francisco's water and power rates are the highest of any city in the United States and declared that he intended as a Supervisor for a distributing system for municipal water and power.

Status of Evaluation Proceedings.

The following was read and ordered filed:

August 24, 1925.

Hon. Board of Supervisors, San Francisco, California.

Members:
In response to your request that the City Attorney furnish your Honorable Board with a report on the status of the valuation proceedings now pending before the Railroad Commission of the State of California, permit me to present the following:

I am advised that the Railroad Commission has expended as costs in the making of this valuation to July 31, 1925, the sum of \$151,141. I am also advised that the Commission estimates further costs from that date to the end of December, 1925, when we expect the two proceedings to be submitted to the Commission for decision, amounting to the sum of \$50,000.

There will be a small additional expense after January 1, 1926, until the determination of the condemnation proceedings, should such proceedings follow, in order to keep account of additions and betterments added to the companies' systems since the commencement of the proceedings.

Certain expenses have been incurred by the City in relation to these two proceedings in addition to the money supplied to the Commission for carrying on its work. From the commencement of the proceedings in February, 1924, to August 31, 1925, the expenses of our rate department and the expenses incidental to these two proceedings have been as follows:

Expenditure to August 31, 1925:

Legal	\$14,751.60
Engineering ...	17,780.00
Special studies,	
intangibles ..	9,491.58
Stenographic ..	1,275.00
Stationery and	
sundries	373.25

Total to August	
31, 1925.....	\$43,671.43

Estimate to December 31, 1925:

Legal	\$ 3,400.00
Engineering ...	4,000.00
Stenographic ..	800.00
Transcript	2,000.00
Special Engi-	
neering'	5,000.00

Total to Decem-	
ber 31, 1925..	\$15,200.00
	<hr/>
	\$58,871.43

In the statement just given of the expense incurred by the City as separate from that incurred by the Commission itself, the cost of maintaining our rate department is included. A very considerable service was rendered by this department in other rate matters not directly connected with the valuation proceedings.

Respectfully submitted,
(Signed) GEORGE LULL,
City Attorney.

Special Counsel.

Communication From City Attorney of Criticism of His Assistant, John J. Dailey.

The following was presented and read by the Clerk:

August 24, 1925.

Board of Supervisors, San Francisco, California.

Members:
By separate communication I am reporting to you, in response to a resolution passed by your Board, the status of the evaluation proceedings now pending before the Railroad Commission of the two electric distributing plants of this City.

In connection with this matter certain criticism has been made of the fact that Mr. Dailey was assigned to the preparation of the contract between the Pacific Gas and Electric Company and the City, in response to a resolution of your Honorable Board asking for such preparation, and the further fact that Mr. Dailey was sent to Washington to appear before the departments there in order to explain the legal phases of this contract.

In accordance with a resolution of your Board, Mr. Dailey was employed to conduct the evaluation proceedings before the Railroad Commission when your Board unanimously passed a resolution directing that these proceedings be commenced by this office. As shown by the report sent you this day, those proceedings are now drawing to a close and everything has been done by this office to facilitate them and to bring as prompt a decision of the Railroad Commis-

sion as the circumstances would warrant.

Mr. Dailey is entirely familiar with electric power matters, having been engaged in the rate proceedings extending over the past six years, and in my judgment, best qualified to handle the matter of the preparation of this contract. In addition, the work of this office in the matter of those valuation proceedings was so advanced that he could give the necessary time to the preparation of the contract without in any way delaying the valuation proceedings. This contract was authorized by the Board as a temporary arrangement pending the acquisition of a distributing system by the City for which the valuation proceedings are being had. The two propositions, therefore, are related and care should be taken that nothing should be done that would interfere with the efforts of the City to acquire its distributing system.

This office does not deem it within its province to in any way interfere with a policy adopted by the Board of Supervisors. It did not suggest entering into this contract but merely obeyed the request of the majority of the Board of Supervisors. To have refused to prepare the contract would have been rank usurpation of authority on the part of the City Attorney. After the contract was prepared a majority of your Board directed its execution by the Board of Public Works. The policy of the City was committed toward its fulfillment and it became the duty of the City Attorney's office to do all within its power to sustain it. When the matter came before the Department of the Interior attack was made upon it as to its legality and it became the duty of this office to appear before the department in justification of its legality. When the question came before the department the Mayor, as executive head of the City, requested that Mr. Dailey appear before the department. Regardless of this request it would have been the duty of the City Attorney to make that appearance. Mr. Dailey's second trip to Washington was made in response to a telegraphic request from the Mayor to go there. To have refused this request would have been rank usurpation of authority on the part of the City Attorney. Because Mr. Dailey had prepared the contract, was entirely familiar with the situation and could make the trip without interfering with his work in the evaluation proceedings I di-

rected him to go in response to the Mayor's request.

I make this extended statement to your Board for the reason that I am sure that no member of this Board would desire to make an unjust criticism of the actions of a public official who merely performed his obvious duty.

Respectfully,

(Signed) GEORGE LULL,
City Attorney.

Report of Public Utilities Committee on Removal of Hetch Hetchy Railroad.

The following was presented by Supervisor McSheehy and read by the Clerk:

August 24, 1925.

The Honorable Board of Supervisors:

On August 17, 1925, a resolution was submitted to the Board, drawn by Supervisor McLeran and introduced by Supervisor Colman, the purport of which asks for the removal of railroad tracks between Mather (formerly known as Hog Ranch) and the Hetch Hetchy damsite—a distance of nine miles. The same was referred to the Public Utilities Committee. The Committee feels that a mistake would be made upon the adoption of this resolution at this time for the following reasons, to-wit:

(1) The Raker Act, which was drawn up some twelve years ago, contemplated a wagon road and not a vehicular road, as stated in the resolution. There is a great difference between a vehicular road and a wagon road. Vehicular might mean a paved highway.

(2) The present railroad is on a 4 per cent grade with a number of 30-degree right angle turns and is very narrow.

(3) This road or highway is one of the most scenic in the Yosemite Valley because Hetch Hetchy is part of the Yosemite Valley and will be used by the citizens of the entire United States.

(4) It will take at least two months for the Board of Public Works and the Board of Supervisors to draw plans and specifications, let contracts and set aside the money for execution of same.

(5) The winter season sets in about the 1st of November and on account of the inclement weather it will take about six months for

the contractors to take up the rails and surface the road suitable for wagon travel.

(6) The Committee would recommend this resolution be allowed to lay in committee for six months from this date and that the Committee be authorized to solicit the co-operation of the thirteen Congressmen and the two United States Senators from the State of California that a suitable appropriation be made out of the Highway Fund for a scenic, safe, paved highway of sufficient width to accommodate the safe passing of two machines.

(7) The City and County of San Francisco allow the sum of \$25,000, the amount estimated by the City Engineer for the rehabilitating of the present railroad into a wagon road, as called for in the Raker Act.

(8) That this amount of \$25,000 be tendered to the Government as the City's portion of the expense for the erection of this scenic highway.

(9) The City contemplates, some years in the future, the erection of an addition to the Hetch Hetchy dam, and that a suitable agreement be entered into with the Government that we be allowed the hauling of materials over this highway for the erection of said addition. This will obviate the necessity of tearing up the highway and erecting a railroad for the purpose of hauling these materials and will mean a great saving to the City and County of San Francisco.

(10) That the present railroad be turned over to the Yosemite National Park authorities for public use.

Communications.

The following were presented and read by the Clerk:

The New Willard.

Washington, August 7, 1925.
Mr. J. S. Dunnigan, Clerk, Board of Supervisors, City Hall, San Francisco, California.

My dear Jack:

I enclose herewith draft of a resolution directing the removal of tracks between Hog Ranch and the Hetch Hetchy damsite; also original letter from the Secretary of the Interior to the Mayor approving this resolution as complying with the City's obligation under the Raker Act with respect to this removal. Will you please have this resolution considered by the Public

Utilities Committee on Wednesday, August 12, as a substitute for the resolution which I have already introduced prior to leaving for the East, to bring about such removal. If possible this resolution should be reported to the Board for adoption not later than August 17th and adopted. Please get in touch with Mr. L. W. Stocker, of the City Engineer's office, and see that the budget covering the expense of such removal is submitted to the Committee for approval at the same time. Appropriations covering the removal should be made from Hetch Hetchy Operative Fund.

Please impress upon the members of the Board that good faith on the part of the City in complying with this requirement of the Secretary is essential and Director Stephen Mather of the National Park Bureau has particularly requested that the tracks be up by September 9, when he expects to visit Hetch Hetchy.

Yours very truly,

(Signed) RALPH McLERAN.

The Secretary of the Interior,
Washington.

Hon. James Rolph, Jr., Mayor of
San Francisco, California.

My dear Mr. Rolph:

I have a copy of a proposed resolution which I understand will be introduced for adoption by the Board of Supervisors of the City and County of San Francisco, California, for the removal of the railroad tracks between Hog Ranch and Hetch Hetchy damsite. I note that this resolution provides that if the City and County of San Francisco shall at some future time temporarily relay these railroad tracks between Hog Ranch and the damsite for such construction work as is permitted to said City and County under the act approved December 19, 1913 (38 Stat., 242), suitable means for transportation of passengers and freight over the tracks thus temporarily laid will be provided satisfactory to the Secretary of the Interior.

This Department, I assure you, will be pleased to have at the earliest possible time this road opened for vehicular travel and whatever action may be taken by the City and County of San Francisco to construct the road under the requirements of the aforesaid act will be appreciated by the Department.

Sincerely yours,

(Signed) HERBERT WORK,
Secretary.

Motion.

Supervisor McSheehy moved the adoption of the report.

Supervisor Schmitz moved as an amendment that the report be received and filed.

Supervisor McLeran moved the suspension of the rules and that the necessary ordinances or resolutions be adopted in accordance with his resolution, reported upon by the Public Utilities Committee.

Point of Order.

Supervisor Schmitz raised the point of order that inasmuch as the resolution has been reported out of the committee and is now in the hands of the Board that suspension of the rules is unnecessary.

Chair: Point of order is well taken.

Motion.

Supervisor Shannon requested permission to withdraw the report, Secretary Work's letter and all other matters in reference thereto and moved to re-refer the same to the Public Utilities Committee.

Motion lost by the following vote:

Ayes—Supervisors Badaracco, Bath, Deasy, Katz, McSheehy, Shannon—6.

Noes—Supervisors Colman, Harrelson, Hayden, McGregor, McLeran, Morgan, Robb, Roncovieri, Rossi, Schmitz, Wetmore—11.

Absent—Supervisor Welch—1.

Resolutions Passed.

Whereupon, the following resolutions were presented by Supervisor McLeran:

Board of Public Works to Remove
Hetch Hetchy Railroad Tracks and
Pave Roadbed.

Resolution No. ——— (New Series), as follows:

Whereas, under Section 1 of the Raker Act, the City and County of San Francisco was granted the right to construct and maintain construction roads and railroads necessary for the building of the Hetch Hetchy project; and

Whereas, in accordance with the further provisions of Section 1 of said act, and as a preliminary to the construction of the dam at the entrance to the Hetch Hetchy Valley, the City and County filed with the Secretary of the Interior maps showing the location and extent of a right of way for a construction railroad extending from a point formerly known as Hog Ranch, now known as Mather Station, to the Hetch Hetchy damsite, and said map was duly approved by the Secretary of the Interior in writing; and

Whereas, thereafter the City and

County proceeded to grade and construct the roadbed for said railroad and to lay the rails thereon between said points in accordance with authority thus conferred; and

Whereas, the roadbed for said railroad was so designed and constructed as to be available as a portion of the scenic road which the City and County is required under Section 9-p of said Raker Act to build from Hog Ranch into the Hetch Hetchy damsite; and

Whereas, subsequent to the construction of said railroad the City proceeded to transport construction materials and equipment over the same and to build at the Hetch Hetchy reservoir site a dam more than 200 feet high with a foundation capable of supporting said dam when built to its greatest economic and safe height, as required by Section 9-k of the Raker Act; and

Whereas, it is now apparent that a number of years will elapse before said dam will be raised to its ultimate economic and safe height and further construction work on a large scale be undertaken at or near the Hetch Hetchy Valley, and that during the said period of time the City and County will not require the use of said railroad further for construction purposes; and

Whereas, the City desires to make the roadbed of said railroad available for public use during said period of time, as a road between Mather Station and Hetch Hetchy Valley, in accordance with the requirements of Section 9-p of the Raker Act; now, therefore, be it

Resolved, That the Board of Public Works be and is hereby instructed and directed to take up and remove the Hetch Hetchy Railroad tracks consisting of rails, ties and appurtenances between Mather Station and the dam of the Hetch Hetchy Valley, and surface the roadway with the ballast used in constructing said railroad, so as to make said roadway available for vehicular traffic. That upon completion of said removal of the railroad and surfacing of the roadway, as aforesaid, the same be turned over to the Yosemite National Park authorities for public use until such time as further construction requirements on the Hetch Hetchy project make it necessary in the opinion of the governing authorities of San Francisco to relay said tracks or otherwise use said roadbed for the transportation of construction materials and equipment. Be it

Further Resolved, That in turning said roadway over to the park authorities for public use the City

and County of San Francisco does not abandon, but expressly reserves, the right granted under Section 1 of the Raker Act and the approval of location maps filed in accordance therewith, to further use said roadway and to lay rails thereon temporarily whenever the requirements for further construction on a large scale make said use necessary or advisable in the opinion of the governing authorities of San Francisco, with the understanding always that if and whenever said railroad tracks are relaid upon said roadbed, the same shall be again removed as soon as construction requirements permit, and the roadway shall be again restored to suitable condition for vehicular traffic; provided, further, that during the period that said roadway is occupied by railroad tracks the City and County of San Francisco will make available to the government of the United States and to its duly authorized lessees and concessionaires, upon terms satisfactory to the Secretary of the Interior, but not less than actual cost, suitable means for transportation of passengers and freight over said railroad tracks between Mather Station and Hetch Hetchy damsite, which shall be of a character satisfactory to the Secretary of the Interior. Be it

Further Resolved, That a certified copy of this resolution be sent to the Secretary of the Interior, as evidence of the intent of the City and County of San Francisco to comply in good faith with the provisions of Section 9-p of the Raker Act.

Spur Track Permit, Pacific Box Factory, Inc.

Bill No. 7239, Ordinance No. 6761 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Pacific Box Factory, Inc., to construct, maintain and operate a spur track crossing North Point street, between Mason and Taylor streets, as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, to Pacific Box Factory, Incorporated, to construct, maintain and operate a spur track, crossing North Point street between Mason and Taylor streets, as follows:

Beginning at a point on the center line of an existing spur track in North Point street, said point being distant easterly 73 feet, more or less, from the easterly line of Taylor street and distant southerly 27.29 feet from the northerly line of North Point street; thence in an easterly direction on a curve concave to the left having a radius of 252.35 feet for a distance of 53.69 feet to a point; thence compounding along the arc of a curve concave to left having a radius of 191.53 feet for a distance of 60 feet, more or less, to a point on the northerly line of North Point street; thence continuing in a northeasterly direction into private property.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof as complete as though the same were written in this ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by said Pacific Box Factory, Inc.

Provided, that Pacific Box Factory, Inc., shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Ordinance Granting Franchise to Golden Gate Ferry Company for Automobile Ferry.

Bill No. 7220, Ordinance No. 6762 (New Series), as follows:

Granting a franchise to Golden Gate Ferry Company, a corporation, and its assigns, to erect, maintain

and take tolls on a public ferry to be operated between the City and County of San Francisco, State of California, and the City of Berkeley, Alameda County, California, across the San Francisco Bay, a navigable body of water dividing the City and County of San Francisco and the County of Alameda, and fixing the amount of the penal bond, the license tax, the rate of tolls to be collected, and the term of said franchise.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Golden Gate Ferry Company, a corporation, having, on the 27th day of July, 1925, presented to the Board of Supervisors of the City and County of San Francisco, State of California, its verified written petition praying for authority to erect, maintain and take tolls on a public ferry to be operated across the San Francisco Bay, between the City and County of San Francisco, State of California, and the City of Berkeley, Alameda County, California, and said petition having come on regularly for hearing on said day before the said Board of Supervisors, and said hearing having been duly and regularly continued from time to time to Monday, the 17th day of August, 1925, at the hour of 2 o'clock p. m. of said day, and it having been made to appear by the necessary affidavits presented to said Board and filed in the office of the Clerk thereof that Golden Gate Ferry Company has given notice of its intention to apply to said Board of Supervisors on the 27th day of July, 1925, at the hour of 2 o'clock p. m. of said day, for authority to erect, maintain and take tolls on a public ferry, as hereinbefore stated, and that said notice has been given in the manner, form, and for the time required by law, and that said notice was served upwards of ten (10) days prior to the 27th day of July, 1925, upon the State of California and the City of Berkeley, the State of California and the City of Berkeley being the owners of the land upon which Golden Gate Ferry Company expects to locate its terminals, which said land is herein-after particularly described; and

Section 2. It further appearing that Golden Gate Ferry Company has in all things complied with the law in making application for said ferry franchise between the said terminals and in giving notice of said application; and

Section 3. It further appearing that such ferry is a public necessity and convenience and for the

best interest of the said City and County of San Francisco and the County of Alameda and the traveling public, and that the situation of the City and County of San Francisco and the City of Berkeley and the crossing of the public highway renders it necessary for public convenience and necessity to establish such a ferry, and that such ferry be established; and

Section 4. It further appearing that Golden Gate Ferry Company is a proper and suitable corporation to which to grant such a franchise, right and privilege, and that the owners of the land described herein, and neither of them, have made application for a ferry franchise within a reasonable time after the necessity therefor arose, and that no franchise for a ferry has been granted by this Board within one mile of the proposed location of said ferry; and

Section 5. It further appearing that the location of a part of the present ferry slips of Golden Gate Ferry Company on a portion of the real property described in said petition of Golden Gate Ferry Company as being located in the City and County of San Francisco, State of California, may interfere with the future development of the Aquatic Park, the site of which lies adjacent to said ferry landing in a westerly direction, and that Golden Gate Ferry Company has made the necessary arrangements with the State of California, through the State Board of Harbor Commissioners, to change its said San Francisco ferry landing from the real property last hereinabove mentioned to the following piece and parcel of real property owned by the State of California and located in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Beginning at the intersection of the northerly line of Jefferson street and the westerly line of Hyde street; running thence northerly along the westerly line of Hyde street and the projection northerly of the westerly line of Hyde street 624 feet, more or less, to a point on the northerly line of The Embarcadero, also designated as the waterfront line; thence deflecting 34 degrees to the left and running 330 feet; thence deflecting 124 degrees to the right and running 540 feet; thence deflecting 105 degrees to the right and running 480 feet; thence deflecting 75 degrees to the right and running 90 feet; thence deflecting 90 degrees to the left and running southerly parallel with Hyde street 434 feet, more or less, to a point

on the northerly line of Jefferson street; running thence westerly along the northerly line of Jefferson street 141 feet, more or less, to the place of beginning.

Section 6. It further appearing that Golden Gate Ferry Company is willing to move its said San Francisco ferry landing to the real property last hereinabove described upon the commencement of the work of constructing any breakwaters or piers in the Aquatic Park north of the northerly line of Lewis street; and

Section 7. It further appearing that the State of California, through the State Board of Harbor Commissioners, has waived any and all notice required by law of any intention on the part of the Golden Gate Ferry Company or its assigns to apply to the Board of Supervisors of the City and County of San Francisco for authority to erect, maintain and take tolls on a public ferry having a terminal located upon any of the real property herein described, and that all of the allegations contained in said petition are true;

Section 8. Now, therefore, this Board of Supervisors does hereby grant to Golden Gate Ferry Company, a corporation, and its assigns, for a period of fifty (50) years from and after the date hereof, the right, privilege and authority to erect, maintain and take tolls on a public ferry to be run and operated across the San Francisco Bay between the City and County of San Francisco, State of California, and the City of Berkeley, Alameda County, California, with ferry landings or terminals located in said City and County of San Francisco and said City of Berkeley on the following described real property:

San Francisco Ferry Landing

Berkeley Ferry Landing.

Parcel 1. Beginning at the point of intersection of the western line of the State Tide Lands, as said Tide Lands are shown on that map entitled "Map No. 4 of Salt Marsh and Tide Lands, situate in the County of Alameda, State of California," on file in the office of the Surveyor-General of the State of California, at Sacramento, California, with the westerly extension of the southern line of University avenue, as said University avenue is shown on that map entitled "Berkeley Land and Town Improvement Association, Tract B," said point of beginning being the southwestern corner of the property deeded by W. B. Heywood to the City of Berkeley by deed dated September 25, 1907, and filed in the office of the County Recorder of Alameda County, California, in Liber 1405 of Deeds, at page 165, and running thence south 18 degrees 26 minutes east along the western boundary line of said State Tide Lands one hundred and 47/100 (100.47) feet; thence south 66 degrees 0 minutes west three (3) miles, more or less, to the western boundary line of the City of Berkeley; thence northerly along said city boundary to a point distant one hundred (100) feet northerly from said line bearing south 66 degrees 0 minutes west,

said distance being measured at right angles to said line; thence north 66 degrees 0 minutes east to the point of beginning.

Lot "A."

Parcel 2. All that portion of Lot numbered 31 in Section 4, Township 1 south, Range 4 west, M. D. B. and M., as said lot is delineated and so designated upon that certain map entitled "Map No. 4 of Salt Marsh and Tide Lands, situated in the County of Alameda, State of California," which map is on file in the office of the Board of Tide Land Commissioners at San Francisco and certified copies of which said map are on file in the office of the Surveyor-General of the State of California and the County Recorder of the City and County of San Francisco, State of California, lying south of the southern line of University avenue extended westerly on its present course.

Excepting from the above described portion the following parcel of land, to-wit:

Commencing at the point formed by the intersection of the southern line of University avenue with the shore line of San Francisco Bay; running thence westerly along said southern line of University avenue extended sixty feet; thence at right angles southerly two hundred ten feet, more or less, to the line dividing Sections 4 and 9, Township 1 south, Range 4 west, Mount Diablo Base and Meridian; thence easterly along said line dividing Sections 4 and 9 aforesaid to the shore line of the said Bay of San Francisco, and thence northerly and following the meanderings of said shore line of the Bay of San Francisco two hundred sixty feet, more or less, to its intersection with said southern line of University avenue and the point of beginning, and being the most eastern portion of Lot 31 in Section 4, Township 1 south, range 4 west, Mount Diablo Base and Meridian, lying south of the southern line of University avenue extended.

Lot "B."

Beginning at the point of intersection of the eastern boundary line of Lot numbered 30 in Section 4, Township 1 south, Range 4 west, M. D. B. and M., according to the map hereinafter referred to, with the southern boundary line of that certain piece or parcel of land conveyed by William B. Heywood to the Town of Berkeley, a municipal corporation, by deed dated September 25th, 1907, and recorded September 28th, 1907, in Liber 1405 of Deeds, at page 165, Alameda County Records; running thence south-

erly along the said eastern boundary line of said Lot numbered 30 one hundred feet; thence westerly and parallel with the said southern boundary line of that certain piece or parcel of land conveyed by William B. Heywood to the Town of Berkeley, a municipal corporation, hereinabove referred to, to the western boundary line of Lot numbered 5, in Section 9, Township 1 south, Range 4 west, M. D. B. and M.; thence northerly along the said western boundary line of said Lot numbered 5, in Section 9, Township 1 south, Range 4 west, M. D. B. and M., to the said southern boundary line of that certain piece or parcel of land conveyed by William B. Heywood to the Town of Berkeley, a municipal corporation, hereinabove referred to; thence easterly and along the said last mentioned line 2121.82 feet, more or less, to the point of beginning.

Being a portion of lot numbered 30, in Section 4, and a portion of lots numbered 3, 4 and 5, in Section 9, Township 1 south, Range 4 west, M. D. B. and M., as said lots are delineated and so designated upon a certain map entitled "Map No. 4 of Salt Marsh and Tide Lands, situated in the County of Alameda, State of California," which map is on file in the office of the Board of Tide Land Commissioners at San Francisco and certified copies of which said map are on file in the office of the Surveyor-General of the State of California, and the County Recorder of the City and County of San Francisco, State of California, lying south of the southern line of University avenue extended westerly on its present course.

Section 9. These presents shall be null and void and of no effect if Golden Gate Ferry Company (or its assigns) does not commence the construction of a ferry terminal on the above described real property located in the City and County of San Francisco, and designated as "Parcel 2," within sixty days from and after the date that the work of constructing any breakwaters or piers in the Aquatic Park north of the northerly line of Lewis street has commenced and Golden Gate Ferry Company or its assigns has received written notice from the Board of Supervisors of the City and County of San Francisco, said State, to that effect, and if Golden Gate Ferry Company does not, after commencement thereof, as herein provided, diligently prosecute the work of constructing said ferry terminal to completion, and immediately after such completion aban-

don and remove its said present San Francisco ferry slips.

Section 10. The amount of the penal bond to be given by Golden Gate Ferry Company, or its assigns, as required by Subdivision 1 of Section 2845 of the Political Code of the State of California, is hereby fixed at the sum of ten thousand dollars (\$10,000), which said bond shall be given and renewed annually for said sum;

Section 11. The amount of the license tax to be paid by Golden Gate Ferry Company, or its assigns, for taking tolls on said ferry is hereby fixed at the sum of one hundred dollars (\$100) per month, payable yearly.

Section 12. That the rate of tolls which may be collected for crossing said ferry is hereby fixed as follows:

Certificate to Railroad Commission as to Public Convenience and Necessity of Golden Gate Ferry Service to Berkeley.

Supervisor Roncovieri presented: Resolution No. — (New Series), as follows:

Whereas, this Board of Supervisors has this day by ordinance granted to Golden Gate Ferry Company, a corporation, a franchise for a public ferry between the City and County of San Francisco and the City of Berkeley; and

Whereas, it is the opinion of this Board that the present facilities for the transportation of automobiles across the Bay of San Francisco between the City and County of San Francisco and the East Bay District are inadequate to meet either the present or future demands of the automobile traveling public; and

Whereas, the lack of such adequate facilities is a serious obstacle to the commercial, industrial and economic growth of San Francisco and the East Bay District; and

Whereas, the present automobile ferries between San Francisco and the East Bay District have their terminals at the foot of Mission street in San Francisco, thereby causing the concentration at the foot of Mission street of all automobile travel between said East Bay District and San Francisco; and

Whereas, said concentration of automobiles at said point brings about a traffic condition which makes travel slow, dangerous and congested; and

Whereas, the establishment of a ferry service between a point at the foot of Hyde street, San Francisco, and a point at the foot of University avenue in Berkeley, would greatly relieve the said traffic congestion and make travel between said points more rapid and convenient; and

Whereas, it has been made to ap-

pear that under the present law the Railroad Commission of the State of California must grant to Golden Gate Ferry Company a certificate of public convenience and necessity as a condition precedent to the establishment of said public ferry. Now, therefore, be it

Resolved, That it is the opinion of this Board that public necessity and convenience demands the establishment of said public ferry and that the Railroad Commission of the State of California should grant to Golden Gate Ferry Company the required certificate of public convenience and necessity; and be it

Further Resolved, That a copy of this resolution be delivered by the Clerk of this Board to said Railroad Commission.

Auctioneers' Ordinance.

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Regulating the calling of auctioneers and sale of property by auction and prescribing a penalty for a violation thereof, and repealing Ordinance No. 2366 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A "public auction room" is hereby defined to be the premises designated in the application filed with the Board of Police Commissioners by any person desiring to engage in the calling of auctioneer when and after said permit has been granted by the Board, and during the time said premises are used for conducting legal auction sales therein.

Section 2. It shall be unlawful for any person, firm or corporation to sell, offer for sale or expose for sale by public auction, any real or personal property at any place other than in a public auction room, except as hereinafter provided.

Section 3. The provisions of Section 2 shall not apply to household furniture, vehicles, automobiles, machinery, livestock and such bulky articles as have been usually sold in warehouses or in the public streets or on the wharves.

Section 4. The provisions of Section 2 shall not apply to any bona fide sale of a stock of merchandise by public auction where the owner thereof or the creditors of the owner are engaged in the legitimate closing out of any such stock and such sale is held upon the premises where the business of the owner had been carried on for not less than one year immediately preceding; provided, however, that no

public auction conducted under the provisions of this section shall continue for a period longer than thirty days at any one time.

Section 5. In all cases where a public auction sale is held under the provisions of Section 4, the owner or the creditors of the owner must take an inventory of the stock of merchandise on the premises which is to be sold at said public auction, and must submit said inventory to the Chief of Police at least twenty-four hours prior to the commencement of the auction sale. The inventory required by this section must show each item of merchandise contained in the stock to be offered for sale in the premises by public auction, and the said owner or creditor of the owner must take and subscribe an oath, to be attached to the inventory, that the said inventory contains a true and itemized account of all the property to be sold at said public auction, and that the same is a bona fide closing out sale of said stock. No property or merchandise shall be sold under the provisions of Section 4 except those itemized and shown in the inventory provided for herein.

Section 6. During the pendency of auction sales held under the provisions of Section 4, the auctioneer engaged in the public auction sale must, at the end of each and every twenty-four hours, forward to the Chief of Police, by mail or otherwise, an itemized account of all sales made by him during said twenty-four hour periods. This itemized statement shall be subscribed by the auctioneer conducting the sale, and any false or fraudulent itemized statement submitted by said auctioneer to the Chief of Police shall be deemed sufficient cause for the suspension or revocation of his permit from the Board of Police Commissioners.

Section 7. The provisions of Section 2 shall not apply to any sale made under the direction of any court or pursuant to any law.

Section 8. The Chief of Police may give special permit to any regularly licensed auctioneer to conduct sales of pictures, paintings and furniture and books or bric-a-brac at a place other than at such public auction room.

Section 9. It shall be unlawful for any person to engage in the calling of an auctioneer, or to conduct a public auction room without first having obtained a permit from the Board of Police Commissioners and without having first filed a bond and paid the license fee pro-

vided for in this or other ordinances.

Section 10. Application for such permit from the Board of Police Commissioners shall be made in writing by the person desiring the same and shall contain a description of the premises sought to be used as public auction room. A notice, printed in conspicuous type, signed by the Secretary of the Board of Police Commissioners, stating that application has been made for such permit, and stating the date when such application would be heard by the said Board, shall be conspicuously posted on the premises described in the application for at least ten days prior to the date of such hearing.

Section 11. At the hearing of such application any person may object to the granting of such permit and may be heard in respect thereto.

Section 12. The Board of Police Commissioners may grant the permit applied for or may, in the exercise of a sound and reasonable discretion when the public interest may so require, deny the same. Such permit shall authorize the holding of auction sales only at the premises described therein.

Section 13. Any permit granted under this ordinance may be suspended or revoked by the Board of Police Commissioners when it shall appear to said Board that the business or calling of the person to whom such permit was granted is conducted in a disorderly or improper manner or in violation of any law of this State or ordinance of this City and County, or that the place where such business or calling is being conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling. Complaints to revoke permits granted by the Board must be in writing, signed by the person making the same, and filed with the Secretary of the Board, and a copy thereof, certified by the Secretary, must be served upon the party complained against or upon the person in charge of the said place of business at least five days before the time set for the hearing of the complaint. Upon the revocation of the permit the license issued thereon shall immediately terminate or be suspended during such time as said Board shall determine.

Section 14. No auctioneer must have at one time more than one place for holding auction.

Section 15. All sales of goods, wares or merchandise by public auction must be made between the

hours of 7 a. m. and 7 p. m., and no such sales can be made on Sundays or legal holidays.

Section 16. It shall be unlawful to ring any bell or sound any other loud or noisy instrument for the purpose of attracting attention to any auction sale.

Section 17. The bond referred to in Section 9 must be conditioned to be paid to the people of the State of California, with one or more sureties, in the sum of five thousand dollars, and approved by a judge of the Superior Court, and must be filed in the office of the County Clerk. For every violation of this ordinance, or of his duty as an auctioneer, in addition to the criminal penalty the auctioneer shall forfeit two hundred and fifty dollars, recoverable on his bond.

Section 18. Every auctioneer, in case of inability to attend any auction by reason of sickness or the performance of any duty imposed upon him by law, or during a temporary absence from the City and County, may employ a copartner or clerk to hold such auction in his name and behalf, such partner or employee to take and file with the Chief of Police an affidavit to faithfully perform the duties of auctioneer and to be approved by the Chief of Police; but any auctioneer may employ a crier at any sale and he shall be responsible for the acts of his partner, employee or crier, upon his bond. Where a crier is employed, however, the auctioneer employing him must be present in person during all auction sales. No auctioneer shall transfer or loan his license or permit it to be used by any other person or persons except as in this section set forth.

Section 19. Each auctioneer must keep a book in which he must enter all sales, the amount paid and the date of each sale, which book must be open at all times for the inspection of the Police Department and of any person interested therein.

Section 20. Every auctioneer must, under his own name, give previous notice in one or more daily newspapers of general circulation in the City and County of San Francisco, of every auction sale to be made by him. Such notice must be inserted in the regular auction columns of such paper or papers and must be continued from day to day during any such sale, and in the case the auctioneer is connected with any person or firm, his name must in all cases precede, separately and individually, the name of such person or the title of the firm.

Section 21. No auctioneer must

demand or receive a higher compensation for his services than a commission of ten per cent on the amount of any sales (said ten per cent to include all expenses of sale), public or private, made by him, unless by virtue of a previous agreement in writing between him and the owner or consignee. Every auctioneer who violates this section must refund the excess of charge and forfeit to the party aggrieved two hundred and fifty dollars in addition to the criminal penalty herein provided.

Section 22. It shall be unlawful for any person, firm or corporation, other than a licensed auctioneer, to hold, conduct, carry on or maintain any auction room or place for holding public auction sales, or to advertise or hold himself out to the public as an auctioneer, or to conduct, carry on or maintain any sale of goods by public auction; and it shall be unlawful to maintain, conduct or carry on any mock auction.

Section 23. Any auctioneer, as defined and covered by this ordinance, or any person, firm or corporation owning or conducting a public auction room, who purchases or buys for or on his or its own account, new or second-hand merchandise, and who sells the same or offers for sale the same at either public auction or private sale, must, in all notices or advertising of any auction sale, or of any private sale, which may be either published, printed or distributed, and, likewise, prior to the commencement of any auction sale, or likewise prior to making any private sale, clearly and distinctly state and declare that the property so being sold or offered or advertised for sale belongs to and is the property of such auctioneer.

Section 24. Anyone aggrieved or damaged by any act of an auctioneer in violation of or contrary to the provisions of this ordinance, has an action against him and his bondsmen on his official bond therefore.

Section 25. The provisions of this ordinance shall not apply to any auction held for charitable or benevolent purposes or at any church fair, festival or bazaar; but the same shall be made applicable to all sales of public and unclaimed property.

Section 26. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or invalid, such decision shall not affect the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each sec-

tion, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional or invalid.

Section 27. All ordinances in so far as they conflict with the provisions of this ordinance, and especially Ordinance 2366 (New Series), are hereby repealed.

Section 28. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment, and each day that any of the provisions of this ordinance is violated shall constitute and be a separate offense punishable as in this ordinance provided.

Section 29. This ordinance shall take effect immediately.

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by adding thereto a new section to be numbered 885.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the width of sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Board of Public Works, filed in this office August 20, 1925, by adding thereto a new section to be numbered 885, to read as follows:

Section 885. The width of sidewalks on Kearny street between Market street and Columbus avenue shall be fourteen (14) feet.

Section 2. Any expense caused by the above change of walk widths shall be borne by the property owners.

Section 3. This ordinance shall take effect and be in force from and after its passage.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Acquisition of California Street Cable Railroad.

Supervisor Katz presented:

Resolution No. — (New Series), as follows:

Whereas, the Charter of the City and County of San Francisco provides that the City shall gradually

acquire and ultimately own all of its public utilities; and

Whereas, the California Street Cable Railroad Company operates eleven miles of track in the City and County of San Francisco, and its franchise expires in the year 1929; and

Whereas, said properties should be acquired by the City and County of San Francisco and operated without cessation of service at the very cheapest price obtainable by the City and County of San Francisco; and

Whereas, its physical assets constitute the sole value of the Company's property; and

Whereas, for the year 1924, the total operating revenue of said company aggregated \$556,024.65, and, after paying all operating costs, bond interest on \$85,000 worth of bonds and all other expenses of every nature, paid dividends on their stock at the rate of 7 2/10 per cent, totaling \$72,000, leaving a net surplus for the year of \$90,755.34; be it, therefore,

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby declare as its policy that the California Street Cable Railroad Company be acquired immediately upon the expiration of its franchise and merged with our present municipal system, unless it may be sooner acquired, without allowance of any nature for franchise or other alleged intangible values; and be it

Further Resolved, That whenever acquired that it be paid for solely on the basis of the physical value of its property and equipment; and be it

Further Resolved, That the Public Utilities Committee of this Board be and it is hereby instructed and directed to carry on negotiations with the officials of the above-named corporation, having for their object the acquisition of the properties of said Company upon the above-mentioned basis, and report the result of their negotiations to this Board.

Referred to Public Utilities Committee.

Purchase of Market Street Railway.

Supervisor McGregor reported to the Board that on Tuesday of last week there had been a meeting in the Mayor's office of the Special Committee on the purchase of the Market Street Railway and at that meeting he had made what he called a progress report but not a complete report; and that Mr. Starring, president of the Market Street Railway Company had also made a statement; that a transcript of the

stenographic report of the meeting had been made and each Supervisor furnished with a copy of the report in order that they might be fully advised as to all that had transpired at the meeting.

He stated that he did not consider it a complete report because President Starring had intimated that something might be done by negotiations, but that this is just a statement of some of the difficulties which the committee encountered in its work.

Continued Employment of J. J. Dailey.

Supervisor Rossi presented:

Resolution No. — (New Series), as follows:

Resolved, That the City Attorney be and he is hereby authorized to continue the employment of John J. Dailey as Special Counsel for the City and County to assist him in the prosecution of the two proceedings now pending before the Railroad Commission of the State of California for the valuation of the local electric distribution systems of the Pacific Gas & Electric Company and the Great Western Power Company of California, such employment to continue from month to month during the pendency of said proceedings, or until the further order of this Board in the premises. The compensation to be paid said John J. Dailey for his services during such continuing period shall be at the rate of eight hundred and fifty (\$850) dollars per month, that being the same rate of compensation provided for in Resolution No. 22251 (New Series), the original resolution authorizing his employment as such Special Counsel.

Referred to Finance and Public Utilities Committee.

Map of Southern Hillside Approved.

Supervisor Harrelson presented:

Resolution No. 34431 (New Series), as follows:

Citizens Advisory Committee Favors Temporary Contract for Disposal of Hetch Hetchy Power.

The following was presented by Supervisor McLeran, read by the Clerk and ordered *spread in the Journal*:

August 4, 1925.

Hon. Hubert Work, Secretary of the Interior; Hon. John Sargent, Attorney-General, Washington, D. C.

The Mayor's Advisory Committee of San Francisco has just received a telegram from Ralph McLeran urging that the committee communicate with you and state its position with regard to the temporary disposal of Hetch Hetchy power. The Advisory Committee recognizes that real emergency exists through the fact that the Hetch Hetchy power is ready for delivery to San Francisco and that no distribution system is as yet owned by the City. Therefore, pending the construction or purchase of a distribution system in San Francisco, the Advisory Committee favors a temporary agreement by which the electric energy developed at Hetch Hetchy might be legally disposed of in conformity with the Raker Act. Such a temporary agreement is necessary in order that the City might get some immediate benefit from its enormous expenditures. If the government decides that the proposed contract is not legal, that it then indicate to the City of San Francisco the kind of contract it may enter into for the temporary disposal of its power during its present emergency and pending the construction or acquisition of a distributing system. We strongly deplore the action of the Modesto

people in asking for a revocation of the Raker grant. It is unfortunate that there should be this division among Californians on a matter of the greatest public importance, especially where the grant safeguards in every respect the rights of the irrigation districts, to which the impounding of the extra seasonal flow of flood water from the mountains must be, under the terms of the grant, a safeguard and protection. Certainly the domestic supply of water for the great cities intimately interests the people of the State of California and the Federal Government as well, and there is no necessary conflict under San Francisco's grant between the rights of the cities and the agricultural interests. This whole question was fully considered by Congress when the Raker grant was made.

Report of Airport Committee.

The following was presented by Supervisor Morgan and read by the Clerk:

San Francisco, August 24, 1925.

To the Board of Supervisors, City and County of San Francisco:

The Airport Committee, after considering the different locations, finds on the recommendation of the officers of the United States Air Service and local flyers that Hunter's Point, South Basin, is the most suitable.

The committee therefore recommends that the City Attorney commence condemnation proceedings of the property 1000x1500 feet between Howes and Shafter streets, Fitch and Van Dyke streets.

We are herewith attaching a copy of report of Air Office, Ninth Corps Area, Presidio of San Francisco.

Respectfully submitted,

(Signed)

Board of Public Works to Remove Hetch Hetchy Railroad Tracks and Pave Roadbed.

Resolution No. 24440 (New Series), as follows:

Whereas, under Section 1 of the Raker Act, the City and County of San Francisco was granted the right to construct and maintain construction roads and railroads necessary for the building of the Hetch Hetchy project; and

Whereas, in accordance with the further provisions of Section 1 of said act, and as a preliminary to the construction of the dam at the entrance to the Hetch Hetchy Valley, the City and County filed with the Secretary of the Interior maps showing the location and extent of a right of way for a construction railroad extending from a point formerly known as Hog Ranch, now known as Mather Station, to the Hetch Hetchy damsite, and said map was duly approved by the Secretary of the Interior in writing; and

Whereas, thereafter the City and County proceeded to grade and construct the roadbed for said railroad

and to lay the rails thereon between said points in accordance with authority thus conferred; and

Whereas, the roadbed for said railroad was so designed and constructed as to be available as a portion of the scenic road which the City and County is required under Section 9-p of said Raker Act to build from Hog Ranch into the Hetch Hetchy damsite; and

Whereas, subsequent to the construction of said railroad the City proceeded to transport construction materials and equipment over the same and to build at the Hetch Hetchy reservoir site a dam more than 200 feet high with a foundation capable of supporting said dam when built to its greatest economic and safe height, as required by Section 9-k of the Raker Act; and

Whereas, it is now apparent that a number of years will elapse before said dam will be raised to its ultimate economic and safe height and further construction work on a large scale be undertaken at or near the Hetch Hetchy Valley, and that during the said period of time the City and County will not require the use of said railroad further for construction purposes; and

Whereas, the City desires to make the roadbed of said railroad available for public use during said period of time, as a road between Mather Station and Hetch Hetchy Valley, in accordance with the requirements of Section 9-p of the Raker Act; now, therefore, be it

Resolved, That the Board of Public Works be and is hereby instructed and directed to take up and remove the Hetch Hetchy Railroad tracks consisting of rails, ties and appurtenances between Mather Station and the dam of the Hetch Hetchy Valley, and surface the roadway with the ballast used in constructing said railroad, so as to make said roadway available for vehicular traffic. That upon completion of said removal of the railroad and surfacing of the roadway, as aforesaid, the same be turned over to the Yosemite National Park authorities for public use until such time as further construction requirements on the Hetch Hetchy project make it necessary in the opinion of the governing authorities of San Francisco to relay said tracks or otherwise use said roadbed for the transportation of construction materials and equipment. Be it

Further Resolved, That in turning said roadway over to the park authorities for public use the City and County of San Francisco does not abandon, but expressly reserves,

the right granted under Section 1 of the Raker Act and the approval of location maps filed in accordance therewith, to further use said roadway and to lay rails thereon temporarily whenever the requirements for further construction on a large scale make said use necessary or advisable in the opinion of the governing authorities of San Francisco, with the understanding always that if and whenever said railroad tracks are relaid upon said roadbed, the same shall be again removed as soon as construction requirements permit, and the roadway shall be again restored to suitable condition for vehicular traffic; provided, further, that during the period that said roadway is occupied by railroad tracks the City and County of San Francisco will make available to the government of the United States and to its duly authorized lessees and concessionnaires, upon terms satisfactory to the Secretary of the Interior, but not less than actual cost, suitable means for transportation of passengers and freight over said railroad tracks between Mather Station and Hetch Hetchy damsite, which shall be of a character satisfactory to the Secretary of the Interior. Be it

Further Resolved, That a certified copy of this resolution be sent to the Secretary of the Interior, as evidence of the intent of the City and County of San Francisco to comply in good faith with the provisions of Section 9-p of the Raker Act.

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Schmitz, Welch, Wetmore—15.

Auctioneers' Ordinance.

Bill No. —, Ordinance No. — (New Series), as follows:

Regulating the calling of auctioneers and sale of property by auction and prescribing a penalty for a violation thereof, and repealing Ordinance No. 2366 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A "public auction room" is hereby defined to be the premises designated in the application filed with the Board of Police Commissioners by any person desiring to engage in the calling of auctioneer when and after said permit has been granted by the Board, and during the time said premises are used for conducting legal auction sales therein.

Section 2. It shall be unlawful for any person, firm or corporation to sell, offer for sale or expose for sale by public auction, any real or personal property at any place other than in a public auction room, except as hereinafter provided.

Section 3. The provisions of Section 2 shall not apply to household furniture, vehicles, automobiles, machinery, livestock and such bulky articles as have been usually sold in warehouses or in the public streets or on the wharves.

Section 4. The provisions of Section 2 shall not apply to any bona fide sale of a stock of merchandise by public auction where the owner thereof or the creditors of the owner are engaged in the legitimate closing out of any such stock and such sale is held upon the premises where the business of the owner had been carried on for not less than one year immediately preceding; provided, however, that no public auction conducted under the provisions of this section shall continue for a period longer than thirty days at any one time.

Section 5. In all cases where a public auction sale is held under the provisions of Section 4, the owner or the creditors of the owner must take an inventory of the stock of merchandise on the premises which

is to be sold at said public auction, and must submit said inventory to the Chief of Police at least twenty-four hours prior to the commencement of the auction sale. The inventory required by this section must show each item of merchandise contained in the stock to be offered for sale in the premises by public auction, and the said owner or creditor of the owner must take and subscribe an oath, to be attached to the inventory, that the said inventory contains a true and itemized account of all the property to be sold at said public auction, and that the same is a bona fide closing out sale of said stock. No property or merchandise shall be sold under the provisions of Section 4 except those itemized and shown in the inventory provided for herein.

Section 6. During the pendency of auction sales held under the provisions of Section 4, the auctioneer engaged in the public auction sale must, at the end of each and every twenty-four hours, forward to the Chief of Police, by mail or otherwise, an itemized account of all sales made by him during said twenty-four hour periods. This itemized statement shall be subscribed by the auctioneer conducting the sale, and any false or fraudulent itemized statement submitted by said auctioneer to the Chief of Police shall be deemed sufficient cause for the suspension or revocation of his permit from the Board of Police Commissioners.

Section 7. The provisions of Section 2 shall not apply to any sale made under the direction of any court or pursuant to any law.

Section 8. The Chief of Police may give special permit to any regularly licensed auctioneer to conduct sales of pictures, paintings and furniture and books or bric-a-brac at a place other than at such public auction room.

Section 9. It shall be unlawful for any person to engage in the calling of an auctioneer, or to conduct a public auction room without first having obtained a permit from the Board of Police Commissioners and without having first filed a bond and paid the license fee provided for in this or other ordinances.

Section 10. Application for such permit from the Board of Police Commissioners shall be made in writing by the person desiring the same and shall contain a description of the premises sought to be used as public auction room. A notice, printed in conspicuous type,

signed by the Secretary of the Board of Police Commissioners, stating that application has been made for such permit, and stating the date when such application would be heard by the said Board, shall be conspicuously posted on the premises described in the application for at least ten days prior to the date of such hearing.

Section 11. At the hearing of such application any person may object to the granting of such permit and may be heard in respect thereto.

Section 12. The Board of Police Commissioners may grant the permit applied for or may, in the exercise of a sound and reasonable discretion when the public interest may so require, deny the same. Such permit shall authorize the holding of auction sales only at the premises described therein.

Section 13. Any permit granted under this ordinance may be suspended or revoked by the Board of Police Commissioners when it shall appear to said Board that the business or calling of the person to whom such permit was granted is conducted in a disorderly or improper manner or in violation of any law of this State or ordinance of this City and County, or that the place where such business or calling is being conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling. Complaints to revoke permits granted by the Board must be in writing, signed by the person making the same, and filed with the Secretary of the Board, and a copy thereof, certified by the Secretary, must be served upon the party complained against or upon the person in charge of the said place of business at least five days before the time set for the hearing of the complaint. Upon the revocation of the permit the license issued thereon shall immediately terminate or be suspended during such time as said Board shall determine.

Section 14. No auctioneer must have at one time more than one place for holding auction.

Section 15. All sales of goods, wares or merchandise by public auction must be made between the hours of 7 a. m. and 7 p. m., and no such sales can be made on Sundays or legal holidays.

Section 16. It shall be unlawful to ring any bell or sound any other loud or noisy instrument for the purpose of attracting attention to any auction sale.

Section 17. The bond referred to in Section 9 must be conditioned to be paid to the people of the State

of California, with one or more sureties, in the sum of five thousand dollars, and approved by a judge of the Superior Court, and must be filed in the office of the County Clerk. For every violation of this ordinance, or of his duty as an auctioneer, in addition to the criminal penalty the auctioneer shall forfeit two hundred and fifty dollars, recoverable on his bond.

Section 18. Every auctioneer, in case of inability to attend any auction by reason of sickness or the performance of any duty imposed upon him by law, or during a temporary absence from the City and County, may employ a copartner or clerk to hold such auction in his name and behalf, such partner or employee to take and file with the Chief of Police an affidavit to faithfully perform the duties of auctioneer and to be approved by the Chief of Police; but any auctioneer may employ a crier at any sale and he shall be responsible for the acts of his partner, employee or crier, upon his bond. Where a crier is employed, however, the auctioneer employing him must be present in person during all auction sales. No auctioneer shall transfer or loan his license or permit it to be used by any other person or persons except as in this section set forth.

Section 19. Each auctioneer must keep a book in which he must enter all sales, the amount paid and the date of each sale, which book must be open at all times for the inspection of the Police Department and of any person interested therein.

Section 20. Every auctioneer must, under his own name, give previous notice in one or more daily newspapers of general circulation in the City and County of San Francisco, of every auction sale to be made by him. Such notice must be inserted in the regular auction columns of such paper or papers and must be continued from day to day during any such sale, and in the case the auctioneer is connected with any person or firm, his name must in all cases precede, separately and individually, the name of such person or the title of the firm.

Section 21. No auctioneer must demand or receive a higher compensation for his services than a commission of ten per cent on the amount of any sales (said ten per cent to include all expenses of sale), public or private, made by him, unless by virtue of a previous agreement in writing between him and the owner or consignee. Every auctioneer who violates this section must refund the excess of charge and forfeit to the party aggrieved

two hundred and fifty dollars in addition to the criminal penalty herein provided.

Section 22. It shall be unlawful for any person, firm or corporation, other than a licensed auctioneer, to hold, conduct, carry on or maintain any auction room or place for holding public auction sales, or to advertise or hold himself out to the public as an auctioneer, or to conduct, carry on or maintain any sale of goods by public auction; and it shall be unlawful to maintain, conduct or carry on any mock auction.

Section 23. Any auctioneer as defined and covered by this ordinance, or any person, firm or corporation owning or conducting a public auction room, who purchases or buys for or on his or its own account, new or second-hand merchandise, and who sells the same or offers for sale the same at either public auction or private sale, must, in all notices or advertising of any auction sale, or of any private sale, which may be either published, printed or distributed, and, likewise, prior to the commencement of any auction sale, or likewise prior to making any private sale, clearly and distinctly state and declare that the property so being sold or offered or advertised for sale belongs to and is the property of such auctioneer.

Section 24. Anyone aggrieved or damaged by any act of an auctioneer in violation of or contrary to the provisions of this ordinance, has an action against him and his bondsmen on his official bond therefor.

Section 25. The provisions of this ordinance shall not apply to any auction held for charitable or benevolent purposes or at any church fair, festival or bazaar; but the same shall be made applicable to all sales of public and unclaimed property.

Section 26. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or invalid, such decision shall not affect the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional or invalid.

Section 27. All ordinances in so far as they conflict with the provisions of this ordinance, and especially Ordinance 2366 (New Series), are hereby repealed.

Section 28. Any person, firm or

corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment, and each day that any of the provisions of this ordinance is violated shall constitute and be a separate offense punishable as in this ordinance provided.

Section 29. This ordinance shall take effect immediately.

Accepting Offer of Henry Metzger to Sell Land, etc., Required for School Site.

Supervisor Wetmore presented: Resolution No. 24449 (New Series), as follows:

Whereas, an offer has been received from Henry Metzger to convey to the City and County of San Francisco certain land and improvements situate on south line of Lombard street, distant 87 feet 6 inches westerly from Webster street, required for school purposes; and

Whereas, the price at which said parcel of land is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, with improvements, free of all encumbrances, for the sum of \$2,750 be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point on the southerly line of Lombard street, distant 87 feet 6 inches westerly from Webster street, running thence westerly along said southerly line of Lombard street 25 feet; thence at a right angle southerly 120 feet; thence at a right angle easterly 25 feet; thence at a right angle northerly 120 feet to the southerly line of Lombard street and point of commencement. Being a portion of Block 509 on Assessor's Map Book.

The City Attorney is hereby directed to examine the title to said land, and, if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured, or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to

be executed and delivered to the City and County upon payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Welch, Wetmore—17.

Consenting to Sale of Spring Valley Water Company Land Under Option to the Dumbarton Bridge Company.

Supervisor Wetmore presented:

Resolution No. 24450 (New Series), as follows:

Whereas, heretofore, on the 14th day of April, 1922, Spring Valley Water Company, a corporation, gave to the City and County of San Francisco an option to purchase certain properties of said Spring Valley Water Company; and

Whereas, heretofore, on the 29th day of June, 1925, by Resolution No. 24214 of this Board, the City and County of San Francisco gave its consent to the selling and granting by said Spring Valley Water Company to Dumbarton Bridge Company, a corporation, of a right of way and easement for the construction, maintenance and/or use of a road of such character as said Dumbarton Bridge Company might determine, for use by all traffic of whatsoever kind, as an approach to and egress from any bridge which may be constructed and maintained by said Dumbarton Bridge Company over the Bay of San Francisco, and also a right of way and easement for the construction, maintenance and/or use of drainage canals, as required by the War Department of the United States, over certain lands of said Spring Valley Water Company situate in the County of San Mateo, State of California, more particularly referred to in said Resolution No. 24214 (New Series), said lands including, among others, that certain parcel of land situate in said County of San Mateo, and more particularly described as follows:

Beginning at a point on the northeasterly line of the Pulgas Rancho, said point being distant south 89 degrees 08 minutes 45 seconds west 575.74 feet from a 4x4-inch stake marked P.M.C. 12; thence from said point of beginning along said Rancho line south 89 degrees 08 minutes 45 seconds west 171.11 feet; thence leaving said Rancho line north 53 degrees 23 minutes east 171.11 feet to a point in the north-

erly line of the 100-foot right of way of the Spring Valley Water Company; thence along the northerly line of said right of way north 89 degrees 08 minutes 45 seconds east 171.11 feet; thence south 53 degrees 23 minutes west 171.11 feet to the point of beginning.

Containing 0.393 acres and being a portion of Fractional Section 24, Township 5 South, Range 3 West, M. D. B. & M.; and

Whereas, said Dumbarton Bridge Company had relocated the line of the roadway which it proposes to construct, and has requested Spring Valley Water Company to grant to it rights of way and easements for the purposes above set forth over and across that certain parcel of land situate in the said County of San Mateo and more particularly described as follows:

Beginning at a point on the northeasterly line of the Pulgas Rancho, said point being distant south 89 degrees 08 minutes 45 seconds west 917.96 feet from a 4x4-inch stake marked P.M.C. 12; thence from said point of beginning along said Rancho line south 89 degrees 08 minutes 45 seconds west 171.11 feet; thence leaving said Rancho line north 53 degrees 23 minutes east 171.11 feet to a point in the northerly line of the 100-foot right of way of the Spring Valley Water Company; thence along the northerly line of said right of way north 89 degrees 08 minutes 45 seconds east 171.11 feet; thence south 53 degrees 23 minutes west 171.11 feet to the point of beginning.

Containing 0.393 acres and being a portion of Fractional Section 24, Township 5 South, Range 3 West, M. D. B. & M.

in consideration of and in exchange for the abandonment and relinquishment by said Dumbarton Bridge Company and the grant and reconveyance by said Dumbarton Bridge Company to Spring Valley Water Company of all rights of way and easements heretofore granted to said Dumbarton Bridge Company by said Spring Valley Water Company over and across said parcel of land first above described; and

Whereas, the aforesaid parcels of land are, each of them, subject to the aforesaid option; and

Whereas, Spring Valley Water Company has requested the City and County of San Francisco to consent to the selling and granting of said rights of way and easements as so requested by said Dumbarton Bridge Company, in exchange for the abandonment and relinquish-

ment by said Dumbarton Bridge Company, and the grant and reconveyance by said Dumbarton Bridge Company to Spring Valley Water Company, of all said rights of way and easements heretofore granted to said Dumbarton Bridge Company over and across said parcel of land first above described; and

Whereas, said parcels of land above described are equal in area and are substantially equal in value, and the value of the rights of way and easements to be abandoned and relinquished and granted and reconveyed by said Dumbarton Bridge Company to Spring Valley Water Company are substantially equal to the value of the rights of way and easements proposed to be granted by Spring Valley Water Company to said Dumbarton Bridge Company; and

Whereas, in the opinion of this Board, it is for the best interests of all concerned that the City and County of San Francisco consent to the selling and granting of said rights of way and easements by Spring Valley Water Company to Dumbarton Bridge Company, in so far as the aforesaid properties of said Spring Valley Water Company subject to said option are or will be affected thereby; now, therefore, be it

Resolved, That the City and County of San Francisco does hereby give its full consent to the selling and granting by Spring Valley Water Company to Dumbarton Bridge Company of the rights of way and easements hereinabove referred to over and across the parcel of land last hereinabove described, in consideration of and exchange for the abandonment and relinquishment by Dumbarton Bridge Company, and the grant and reconveyance by Dumbarton Bridge Company to Spring Valley Water Company, of all rights of way and easements heretofore granted to Dumbarton Bridge Company by Spring Valley Water Company over and across said parcel of land first above described, upon such terms and conditions as Spring Valley Water Company may deem proper.

Board of Public Works to Solicit Offers for Lease or Rental of Hetch Hetchy Railroad.

On motion of Supervisor McSheehy:

Bill No. 7243, Ordinance No. — (New Series), as follows:

Authorizing the Board of Public Works to solicit sealed offers and enter into contract for the lease or rental of the Hetch Hetchy Railroad by private persons, firms or corporations, between Mather Station and Hetch Hetchy Junction, for a period not exceeding ten years, commencing January 1, 1926.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works of the City and County of San Francisco is hereby authorized and directed to solicit sealed proposals for the lease or rental of the Hetch Hetchy Railroad between Mather Station and Hetch Hetchy Junction, for a period of not exceeding ten (10) years, commencing January 1, 1926. The property to be covered by said contract shall be the railroad track, spurs, turnouts and switches between said points, water and oil tanks, etc., save and except the Moccasin Power Plant siding and such sidings as the Board of Public Works may elect to retain, construct or use in connection with the construction of the Foothill Division of the Hetch Hetchy aqueduct tunnels. Said contract shall include portions of the yards at Groveland, and may in the discretion of the Board of Public Works include the machine and repair shops at Groveland. Said contract shall contain a clause subjecting it to cancellation in the event the City should require use of the railroad for further construction purposes.

Section 2. The specifications submitted to prospective bidders, and any contracts let in accordance with the authority herein granted, shall contain the following terms:

First: That the contractor must furnish his own locomotives, cars and rolling stock of all kinds.

Second: That the contractor shall keep and maintain the roadbed of the Hetch Hetchy Railroad in good operating condition, including road ballasting where necessary from time to time, replacement of ties where necessary, maintenance and repair of bridges and removal of slides and repair of washouts whenever the same may occur. The contractor shall assume all liability for operating his trains, and for any accidents which may occur as the result of said operation.

Third: The Board of Public Works shall have the right to haul freight and passengers over the road in connection with the construction and operation of the Hetch Hetchy project under joint operating conditions to be arranged between the parties, and the contractor shall agree when requested by the Board of Public Works, to haul over said railroad such freight as the Board of Public Works may consign at Hetch Hetchy Junction or other points for delivery at points to be specified, the contractor to be reimbursed for the actual cost of handling.

Fourth: In addition to the maintenance of said roadbed in good condition, the contractor shall pay to the City a minimum of \$1 per ton for all freight hauled over said railroad by the contractor.

Fifth: The contractor shall agree not to operate said railroad as a common carrier.

Section 3: The Board of Public Works is authorized to incorporate in said specifications and contract such other and further terms not in conflict with the foregoing as in its discretion it may deem advisable. The contract shall be awarded to the bidder submitting the highest offer (in excess of the \$1 minimum limit above set forth) for the hauling of freight over the Hetch Hetchy Railroad on a tonnage basis. Suitable bonds shall be required of the contractor to secure the proper performance of his agreement, in an amount to be fixed by the Board of Public Works.

Section 4. This ordinance shall take effect immediately.

California Street Railway to Be Acquired Upon Expiration of Franchise.

Supervisor McSheehy presented: Resolution No. 24451 (New Series), as follows:

Whereas, the Charter of the City and County of San Francisco provides that the City shall gradually acquire and ultimately own all of its public utilities; and

Whereas, the California Street Cable Railroad Company operates eleven miles of track in the City and County of San Francisco, and its franchise expires in the year 1929; and

Whereas, said properties should be acquired by the City and County of San Francisco and operated without cessation of service at the very cheapest price obtainable by the City and County of San Francisco; and

Whereas, its physical assets constitute the sole value of the company's property; and

Whereas, for the year 1924 the total operating revenue of said company aggregated \$556,024.65, and, after paying all operating costs, bond interest on \$85,000 worth of bonds and all other expenses of every nature, paid dividends on their stock at the rate of 7 1/2 per cent, totaling \$72,000, leaving a net surplus for the year of \$90,755.34; be it therefore

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby declare as its policy that the California Street Cable Railroad Company be acquired immediately upon the expiration of its franchise and merged with our present municipal system, unless it may be sooner acquired, without allowance of any nature for franchise or other alleged intangible values; and be it

Further Resolved, That whenever acquired that it be paid for solely on the basis of the physical value of its property and equipment; and be it

Further Resolved, That the Public Utilities Committee of this Board be and it is hereby instructed and directed to carry on negotiations with the officials of the above named corporation, having for their object the acquisition of the properties of said company upon the above mentioned basis, and report the result of their negotiations to this Board.

Blasting Permit.

On motion of Supervisor Harrelson:

Resolution No. ——— (New Series), as follows:

Resolved, That H. N. McClure is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts while grading on Seventeenth avenue between Lawton and Kirkham streets, provided said permittee shall execute and file a good and sufficient bond in the sum of \$5,000, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction of the Board of Public Works and that if any of the conditions of this resolution be violated by said H. N. McClure, then the privileges and all the rights accruing thereunder shall immediately become null and void.

The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Permission to St. Agnes Academy to Rope Off Portion of Ashbury Street.

Supervisor Harrelson presented: Resolution No. 24457 (New Series), as follows:

Whereas, The Rev. Mother of St. Agnes Academy and a number of residents and property owners, in communication dated August 25, 1925, requested permission to rope off the south half of Ashbury street between Frederick street and Wal-

ler street, from Monday until Friday of each week and between the hours of twelve o'clock m. and one o'clock p. m., in order that the little children attending St. Agnes Academy may be more adequately protected from the dangers of vehicular travel and may utilize that portion of said street between said hours as a playground; therefore, be it

Resolved, That permission be and is hereby granted the Rev. Mother of St. Agnes Academy to rope off the south half of Ashbury street between Frederick street and Waller street from Monday until Friday of each week and between the hours of 12 m. and 1 o'clock p. m., in order that the little children attending St. Agnes Academy may be more adequately protected from the dangers of vehicular travel and may utilize that portion of said street between said hours as a playground.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Board of Public Works to Auction or Rent Hetch Hetchy Equipment.

Supervisor McLeran presented the following bill, which was ordered referred to the Public Utilities Committee:

Bill No. —, Ordinance No. — (New Series); as follows:

Authorizing the Board of Public Works to sell at public auction or to rent equipment purchased for the Hetch Hetchy project upon certification of the City Engineer that the same is not required for

construction purposes on the Hetch Hetchy project.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever the City Engineer shall certify to the Board of Public Works that any portion or portions of the equipment, materials, machinery or supplies owned by the City and purchased for use in the construction of the Hetch Hetchy project and particularly described in his certificate, is or are no longer suitable for or required for construction purposes on the Hetch Hetchy project, and shall in said certificate recommend that said materials, equipment, machinery or supplies be sold at public auction, the Board of Public Works is authorized to sell either directly or through its duly authorized representatives such articles mentioned in the City Engineer's certificate at a public auction, to be held upon not less than five (5) days advertised notice. Said auction sale or sales may be held in the meeting room of the Board of Public Works in the City Hall at San Francisco, California, or in the discretion of said Board at a point convenient to the location of said equipment.

Section 2. Notice of said sale shall be given by publication in the official newspaper of the City and County for a period of not less than five (5) days. Said notice shall specify the time and place of said sale, a description of the property to be sold, and the terms and conditions upon which sale and delivery shall be made, and may, in the discretion of the Board of Public Works, name a minimum price which will be considered.

Section 3. When said sale is held it shall be competent for the Board of Public Works or its representatives to consider as a bid at said sale any sealed offers in writing for the purchase of said equipment accompanied by a certified check for ten per cent (10%) of the amount bid. After receiving, reading and filing all of said sealed offers in writing, the Board shall proceed to receive oral bids and to dispose of the articles sold to the highest bidder, subject to the terms prescribed for the sale, or in its discretion reject all offers.

Section 4. If the City Engineer shall notify the Board in writing that any portion or portions of said equipment, machinery, materials or supplies are not immediately required for construction purposes, but may be required at some future date, and shall recommend that the

articles specified in his communication be rented, the Board of Public Works is authorized in its discretion to rent or lease said articles of equipment, machinery, materials or supplies to any responsible person or corporation for a period not exceeding the length of time estimated by the City Engineer during which use of the same will not be required by the City. Rental shall only be made under written agreement which shall set forth the terms of the rental. Any person or corporation to whom such articles are rented must furnish security in the way of approved surety bond or cash deposits or credits with the City and County of San Francisco to insure the performance of the rental agreement and the return of the equipment in as good shape as received to the City and County of San Francisco at the termination of the agreement, ordinary wear and tear excepted.

Section 5. All moneys received from sales or rentals under the terms of this ordinance shall be deposited to the credit of the particular bond construction fund from the proceeds of which said articles were paid for.

Section 6. This ordinance shall take effect immediately.

Board of Public Works to Prepare Plans, etc., Diversion Dam, Hetch Hetchy Power House.

Supervisor McSheehy presented:

Resolution No. — (New Series), as follows:

Whereas, east of San Francisco, a distance of about 135 miles, is the Moccasin Power Plant with a capacity of 100,000 horse power and contains therein four generators and eight water wheels. This entire plant, including building and equipment, has cost the City about \$1,000,000. About two miles above this power house is situated the Priest Dam and Reservoir which is connected to four penstocks. These penstocks are about one mile long, five feet in diameter and deliver 400 million gallons of water daily to the power house. They have about 300 pounds pressure to the inch and a vertical drop of 1315 feet; and

Whereas, on June 29, 1925, tests were made of the entire Hetch Hetchy plant and for some reason unknown three breaks occurred in the penstock, causing a flow of water to sweep down into the power house flooding the same and causing a damage of about \$50,000, which took about thirty days to repair; and

Whereas, on August 22, 1925, an

inspection was made by this Board of the entire Hetch Hetchy project and during that inspection the penstocks were examined and the three breaks were shown. My attention was called to the fact that if another break should take place under a full load under which the power plant is now operating the pressure of water would be so great that it would sweep the power plant and all the equipment contained therein into the Tuolumne River and that a diversion dam should be erected as soon as possible at the foot of the penstocks and connect to the Tuolumne River so as to protect the power plant in case of another break in the penstocks.

Resolved, That the Board of Public Works, through its engineering department, be instructed to prepare the necessary plans and specifications for the erection of a diversion dam and report to this Board as soon as possible the cost of same.

Maximum Entrance Salary, Stenographer-Typewriters.

Bill No. —, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 5460 (New Series), entitled "Ordinance of Additional Positions."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 28a of Ordinance No. 5460 (New Series), known as "Ordinance of Additional Positions," is hereby amended to read as follows:

Section 28a. The maximum entrance salary for appointees to positions classified by the Civil Service Commission as general clerks and stenographer-typists, is hereby fixed at \$1,800 per annum and such entrance salary shall not be increased within six months after appointment.

Committee on Rivers and Harbors to Inspect Crescent City as a Port of Refuge.

Supervisor Welch presented:

Resolution No. 24464 (New Series), as follows:

Whereas, it has long been recognized that in order that the maritime interests of the Pacific Coast may reach their maximum of development, and the safety of vessels in the coastwise trade be given adequate protection, a harbor of refuge between San Francisco and

Puget Sound is of first importance, and the lack of such a harbor constitutes a menace to the shipping of this coast; and

Whereas, the harbor at Crescent City has been selected by the governmental authorities as having the natural facilities for such a port of refuge and has already expended funds in the construction of a suitable breakwater, and additional construction work is necessary for its completion; therefore,

Resolved, That as the Committee on Rivers and Harbors of the House of Representatives is about to visit this coast on a tour of inspection, that such committee be requested to include Crescent City in its itinerary and inspect the harbor and work at that place with a view of recommending the appropriations necessary for the completion of this important undertaking.

Adopted by the following vote:

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

TUESDAY, SEPTEMBER 8, 1925,
2 P. M.

In Board of Supervisors, San Francisco, Tuesday, September 8, 1925, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncoviari, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Schmitz was called to the chair.

APPROVAL OF JOURNAL.

The Journal of Proceedings of August 24, 1925, was considered read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

San Francisco Census.

The following was read by the Clerk:

Communication, from his Honor Mayor Rolph, calling attention to the importance of an official census of San Francisco, declaring that he is advised by Registrar Zemansky that a correct official census under Federal supervision can be completed in thirty days at a cost of \$20,000, and urging that the matter be given serious consideration.

Referred to Public Welfare Committee.

On motion of Supervisor Schmitz the Clerk was directed to have a representative of the United States government present to supervise the taking of the census; also that he request bay cities of Oakland, Berkeley and Alameda to have a census taken at the same time.

So ordered.

Supervisor Colman agreed to report Supervisor Schmitz's resolution on the subject at the next meeting.

Jubilee Parade, Supervisors' Instructions.

Communication, from Malcolm A. Fraser, in charge of Diamond Jubilee headquarters, reminding Supervisors that decorated cars for their accommodation will be stationed at Sacramento and Market streets, and requesting members to be on hand not later than 9:30 a. m., September 9, to take their places in line at the head of the parade.

Read by the Clerk.

Los Angeles Delegation to the Jubilee.

Assistant Secretary Benedict, on behalf of Mayor Rolph, announced that a delegation of 400, accompanied by Mayor Cryer of Los Angeles, would arrive at Pier 11 tomorrow at 8:15 a. m., to participate in the Jubilee parade, and expressed the wish of his Honor the Mayor that as large a delegation as possible of members of the Board be on hand to receive them.

It was later announced that another official Los Angeles delegation would arrive at Third and Townsend about 8:50 a. m., and a similar request was made that a reception committee of members of the Board be on hand to greet the visitors.

Members indicated their willingness to act and it was so ordered.

Naval Flyers.

Supervisor Morgan called attention to the matter of the lost aeroplane in the San Francisco-Hawaii flight and asked that something be officially done in recognition of the bravery of the men who risked their lives in the interest of aeronautics.

Completion of Bay Aqueduct Crossing.

The following was read by the Clerk:

September 8, 1925.

The Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, Cal.

Gentlemen:

On Monday, August 31, you requested this office to report to you the estimated date on which the Bay-Crossing Division Aqueduct will be ready to deliver water from the connection with the Spring Valley System near Irvington into the Crystal Springs Reservoir.

This matter has been gone into with the engineers for the contractor, the Healy-Tibbitts Construction Company, who are carrying on the work under two contracts. In accordance with their program the submarine pipe will be completed about November 24, and the main caisson, forming the end pier of the bridge, about November 5.

Following the completion of the main caisson there is about thirty days' work to install the last bridge span, lay the steel pipe thereon, and install the valves and connections with the submarine pipe inside of the caisson. This would make the date for completion, ready for water, December 5. This does not make any allowance for delays due to adverse weather conditions or other unforeseen delays.

However, as the most difficult part of the work has now been completed, it would seem reasonable to expect that the date for completion of the aqueduct, ready for delivery of water, would not be later than January 1, and it may be as early as December 5, provided no undue difficulty is experienced by the contractor.

I may add that at this time the temporary connection with the Spring Valley Company has been completed, and water is now being turned into the line with the exception of the submarine pipe section, so that this will be placed in service within the next few days.

Respectfully,

M. M. O'SHAUGHNESSY,
City Engineer.

By N. A. ECKART.

September 8, 1925—Read and referred to the Public Utilities Committee.

Leave of Absence, John E. Bohm,
Election Commission.

The following was presented and read by the Clerk:

San Francisco, Cal.,

September 4, 1925.

Honorable Board of Supervisors,
City Hall, San Francisco, Cal.
Gentlemen:

Application has been made to me by Hon. John E. Bohm, member of the Election Commission, for a leave of absence, with permission to absent himself from the State of California, for a period of thirty days, commencing October 2, 1925.

Will you please concur with me in granting this leave of absence?

Respectfully yours,

JAMES ROLPH, JR.,
Mayor.

Whereupon, the following resolution was presented and adopted:

Resolution No. 24467 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. John E. Bohm, member of the Election Commission, is hereby granted a leave of absence for a period of thirty days, commencing October 2, 1925, with permission to leave the State.

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Schmitz, Shannon, Welch, Wetmore—16.

Absent — Supervisors Hayden, Rossi—2.

Leave of Absence, John F. Davis, Civil Service Commission.

The following was presented and read by the Clerk:

San Francisco, Cal.,

September 8, 1925.

To the Honorable Board of Supervisors, City Hall, San Francisco, Cal.

Gentlemen:

Application has been made to me by Hon. John F. Davis, member of the Civil Service Commission, for a leave of absence, with permission to absent himself from the State of California, for a period of sixty days, commencing September 12, 1925.

Will you please concur with me in granting this leave of absence?

Respectfully yours,

JAMES ROLPH, JR.,
Mayor.

Whereupon, the following resolution was presented and adopted:

Resolution No. 24484 (New Series), as follows:

Resolved, That, in accordance with recommendation of his Honor the Mayor, Hon. John F. Davis is hereby granted a leave of absence for a period of sixty days, commencing September 12, 1925, with permission to leave the State.

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were read and ordered filed:

Fire Committee, by Supervisor Deasy, chairman.

Public Buildings Committee, by Supervisor Wetmore, chairman.

Streets Committee, by Supervisor Harrelson, chairman.

Report of Judiciary Committee on Employment of J. J. Dailey.

The following was presented and read by the Clerk:

September 3, 1925.

To the Board of Supervisors:

Your Judiciary Committee, to which was referred the resolution introduced by Supervisor McSheehy relative to the employment of John J. Dailey as Special Counsel before the Railroad Commission, have had the same under consideration and report thereon as follows:

It appears that Mr. Dailey was appointed as Special Counsel by Resolution No. 22251 (New Series) for a period of ten months from March 17, 1924, and that he has acted under said resolution to the present time and his compensation paid to August 1 of this year. He is still rendering the same amount and quality of service, and this committee finds his services to be satisfactory.

The committee is of the opinion that the action of this Board in allowing the payment of Mr. Dailey's claim for services constituted a ratification of his continued employment.

In order, however, that no legal question may be raised as to his continued employment for the past month, and in the future, your committee would suggest the adoption of an ordinance distinctly providing therefor, either for a definite time or from month to month until the termination of the proceedings now pending. We understand that such an ordinance has been introduced. We therefore recommend that no action on Supervisor McSheehy's resolution be taken at this time or until the ordinance mentioned can be considered.

In regard to that part of the resolution requesting a report from the City Attorney as to the progress and present status of the proceedings before the Railroad Commission and a statement concerning the service that Mr. Dailey has rendered therein, this committee has no objection and welcomes all the information that the City Attorney may desire to furnish.

Respectfully submitted,

EDWIN G. BATH.

JESSE C. COLMAN.

Passed for Printing.

Whereupon, the following resolution, heretofore presented by Supervisor Rossi with the recommendation of the Public Utilities and Finance Committees, was presented and *passed for printing*:

Resolution No. — (New Series), as follows:

Resolved, That the City Attorney be and he is hereby authorized to continue the employment of John J. Dailey as Special Counsel for the City and County, to assist him in the prosecution of the two proceedings now pending before the Railroad Commission of the State of California for the valuation of the local electric distribution systems of the Pacific Gas and Electric Company and the Great Western Power Company of California, such employment to continue from month to month during the pendency of said proceedings, or until the further order of this Board in the premises. The compensation to be paid said John J. Dailey for his services during such continuing period shall be at the rate of eight hundred and fifty (\$50.00) dollars per month, that being the same rate of compensation provided for in Resolution No. 22251 (New Series), the original resolution authorizing his employment as such Special Counsel.

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

**Confirmation of Sale of City Lands,
3 P. M.**

Consideration of the matter of confirming the sale to Spring Valley Water Company for the sum of one thousand seven hundred and eleven and 25/100 (1,711.25) dollars, the following described city lands, situate in the County of San Mateo, State of California, to-wit:

Parcel 1. Beginning at an iron pipe monument and old post marked "B-3" set in the northeasterly boundary line of that certain tract of land containing 429.20 acres conveyed by Frederick R. King et ux. to Spring Valley Water Company by deed dated December 19, 1906, and recorded in the office of the County Recorder of San Mateo County, State of California, December 28, 1906, in Book 131 of Deeds, page 200; said monument "B-3" being also in the boundary line of that certain tract of land containing 301.60 acres conveyed by Allis-Chalmers Manufacturing Company to the City and County of San Francisco by deed dated March 12, 1924, and recorded March 27, 1924, in said Recorder's office in Book 110 of Official Records, page 143, running thence along the boundary line between said 429.20-acre tract and said 301.60-acre tract south 56 degrees 00 minutes west 761.98 feet to

an iron pipe monument and post marked "B-2"; thence north 35 degrees 32 minutes west 291.67 feet to an iron pipe monument and post marked "B-1" set in the southerly boundary line of that certain 972.66-acre tract conveyed to Spring Valley Water Company by W. F. Chipman and the Union Trust Company of San Francisco, executors of the last will of Josephine A. Phelps, deceased, dated June 4, 1918, and recorded in said Recorder's office June 6, 1918, in Book 272 of Deeds, page 356; thence along the boundary line between said 972.66-acre tract and said 301.60-acre tract north 47 degrees 32 minutes east 1100.00 feet to an iron monument; thence leaving said last-mentioned boundary line south 19 degrees 14 minutes east 213.70 feet; thence south 12 degrees 51 minutes west 361.56 feet to the point of beginning, containing 8.10 acres and being a portion of said 301.60-acre tract.

Parcel 2. Beginning at a point in the boundary line between said 429.20-acre tract and said 301.60-acre tract hereinabove referred to in Parcel 1, distant thereon south 36 degrees 22 minutes east 2656.27 feet from the point of beginning of said Parcel 1, hereinabove described, running thence north 86 degrees 36 minutes east 718.82 feet; thence south 18 degrees 59 minutes west 733.10 feet to said last-mentioned boundary line; thence along said last-mentioned boundary line north 36 degrees 22 minutes west 807.96 feet to the point of beginning, containing 5.59 acres and being a portion of said 301.60-acre tract.

If at this meeting an offer of 10 per cent more in amount than that hereinabove named shall be made to the Supervisors in writing by a responsible person, the Supervisors will confirm such sale to such person or order a new sale in conformity with the provisions of the Charter; otherwise said sale to the Spring Valley Water Company will be confirmed for the price hereinabove stated.

The Chair asked if there were any present who wished to increase the bid of the Spring Valley Water Company and there was no response.

Whereupon, the following bill was presented and passed for printing:

Bill No. 7250, Ordinance No. — (New Series), as follows:

Confirming the sale of land owned by the City and County of San Francisco and situate in the County of San Mateo, State of California.

Whereas, by Ordinance No. 6697 (New Series), approved July 16,

1925, the Board of Supervisors determined that public interest and necessity demanded the sale of the land hereinafter described and by said ordinance directed the Mayor of the City and County to sell all of said land at private sale to be held on Wednesday, August 5, 1925, and directed that notice of said sale be given for two weeks successively next before the sale, as required by law; and

Whereas, the Clerk of the Board of Supervisors thereafter proceeded to publish notice of said sale in the official newspaper and one other daily newspaper published in the City and County for three weeks successively next before said sale was directed to be made, describing the land to be sold therein with common certainty and stating the date on which said sale would be made, as specified in Ordinance No. 6697 (New Series), and that all bids or offers would be received by the Mayor at the chambers of the Board of Supervisors, in the City Hall, City and County of San Francisco, State of California, on Wednesday, August 15, 1925.

Whereas, the Mayor, the Assessor and the chairman of the Finance Committee, being the board of appraisalment constituted by the Charter of the City and County of San Francisco for such purpose, thereafter duly met and made an appraisalment of said land and fixed the fair value thereof at the sum of \$1,369 and reported said appraisalment to the Board of Supervisors in writing; and

Whereas, thereafter, and on the 5th day of August, 1925, at private sale, the Mayor sold said property to the Spring Valley Water Company for the sum of \$1,711.25, and accepted from said Spring Valley Water Company a deposit in the amount of \$171.13, being ten per cent or more of the amount bid, and thereafter, and at the next meeting of the Board of Supervisors, August 10, 1925, duly notified the Board of Supervisors in writing of the fact of such sale, stating the sum bid, the name of the bidder, and requesting that the Board confirm the sale; and

Whereas, the Clerk of the Board of Supervisors immediately thereupon proceeded to give notice by publication in the official newspaper and one other newspaper published in the City and County of San Francisco for a period of twenty days from and after the 13th day of August, 1925, that at a meeting of the Board of Supervisors, to be held on the 8th day of September, 1925,

the matter of said sale would come up for confirmation, stating also in said notice the fact of the sale, the amount for which the property had been sold as aforesaid, and the name of the purchaser, and also stating that if at such meeting on the 8th day of September, 1925, an offer of ten per cent more in amount than that named in said notice should be made to the Supervisors in writing by a responsible person, the Supervisors would confirm such sale to such person, or order a new sale; and

Whereas, the date of confirmation specified in said notice has now arrived and a higher bid has not been obtained, and it appearing to the Board of Supervisors that the sum of \$1,711.25 bid as aforesaid by the Spring Valley Water Company, is not disproportionate to the value of the property sold, and that a greater sum cannot be obtained; therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That said sale of the said land hereinafter described to the Spring Valley Water Company for the sum of seventeen hundred and eleven and 25/100 (\$1,711.25) dollars is hereby ratified, approved and confirmed and the Mayor and Clerk of the Board of Supervisors are hereby authorized to execute and deliver to said purchaser, upon payment of the balance of the purchase price, a good and sufficient conveyance in the name of the City and County of San Francisco, conveying to the Spring Valley Water Company all the right, title, and interest of the City and County in and to the land sold as aforesaid, and more particularly described as follows, to-wit:

Parcel 1. Beginning at an iron pipe monument and old post marked "B-3" set in the northeasterly boundary line of that certain tract of and containing 429.20 acres conveyed by Frederick R. King et ux. to Spring Valley Water Company, by deed dated December 19, 1906, and recorded in the office of the County Recorder of San Mateo County, State of California, December 28, 1906, in Book 131 of Deeds, page 200; said monument "B-3" being also in the boundary line of that certain tract of land containing 301.60 acres conveyed by Allis-Chalmers Manufacturing Company to the City and County of San Francisco by deed dated March 12, 1924, and recorded March 27, 1924, in said Recorder's office, in Book 110 of Official Records, page 143, running

F. Chipman and the Union Trust Company of San Francisco, executors of the last will of Josephine A. Phelps, deceased, dated June 4, 1918, and recorded in said Recorder's office June 6, 1918, in Book 272 of Deeds, page 356; thence along the boundary line between said 972.66-acre tract and said 301.60-acre tract north 47 degrees 32 minutes east 1100.00 feet to an iron monument; thence leaving said last mentioned boundary line south 19 degrees 14 minutes east 213.70 feet; thence south 12 degrees 51 minutes west 361.56 feet to the point of beginning, containing 8.10 acres and being a portion of said 301.60-acre tract.

Parcel 2. Beginning at a point in the boundary line between said 429.20-acre tract and said 301.60-acre tract hereinabove referred to in Parcel 1, distant thereon south 36 degrees 22 minutes east 256.27 feet from the point of beginning of said Parcel 1, hereinabove described, running thence north 86 degrees 36 minutes east 718.82 feet; thence south 18 degrees 59 minutes west 733.10 feet to said last mentioned boundary line; thence along said last mentioned boundary line north 36 degrees 22 minutes west 807.96 feet to the point of beginning, containing 5.59 acres and being a portion of said 301.60-acre tract.

Section 2. The City Attorney is hereby directed to prepare the necessary conveyance and supervise the delivery of deed upon payment of purchase price as aforesaid.

Section 3. This ordinance shall take effect immediately.

Board of Public Works to Solicit Offers for Lease or Rental of Hetch Hetchy Railroad.

Bill No. 7243, Ordinance No. 6766 (New Series), as follows:

Authorizing the Board of Public Works to solicit sealed offers and enter into contract for the lease or rental of the Hetch Hetchy Railroad by private persons, firms or corporations, between Mather Station and Hetch Hetchy Junction, for a period not exceeding ten years, commencing January 1, 1926.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works of the City and County of San Francisco is hereby authorized and directed to solicit sealed pro-

posals for the lease or rental of the Hetch Hetchy Railroad between Mather Station and Hetch Hetchy Junction, for a period of not exceeding ten (10) years, commencing January 1, 1926. The property to be covered by said contract shall be the railroad track, spurs, turn-outs and switches between said points, water and oil tanks, etc., save and except the Moccasin Power Plant siding and such sidings as the Board of Public Works may elect to retain, construct or use in connection with the construction of the Foothill Division of the Hetch Hetchy aqueduct tunnels. Said contract shall include portions of the yards at Groveland, and may in the discretion of the Board of Public Works include the machine and repair shops at Groveland. Said contract shall contain a clause subjecting it to cancellation in the event the City should require use of the railroad for further construction purposes.

Section 2. The specifications submitted to prospective bidders, and any contracts let in accordance with the authority herein granted, shall contain the following terms:

First: That the contractor must furnish his own locomotives, cars and rolling stock of all kinds.

Second: That the contractor shall keep and maintain the roadbed of the Hetch Hetchy Railroad in good operating condition, including road ballasting where necessary from time to time, replacement of ties where necessary, maintenance and repair of bridges and removal of slides and repair of washouts whenever the same may occur. The contractor shall assume all liability for operating his trains, and for any accidents which may occur as the result of said operation.

Third: The Board of Public Works shall have the right to haul freight and passengers over the road in connection with the construction and operation of the Hetch Hetchy project under joint operating conditions to be arranged between the parties, and the contractor shall agree when requested by the Board of Public Works, to haul over said railroad such freight as the Board of Public Works may consign at Hetch Hetchy Junction or other points for delivery at points to be specified, the contractor to be reimbursed for the actual cost of handling.

Fourth: In addition to the maintenance of said roadbed in good condition, the contractor shall pay to the City a minimum of \$1 per ton for all freight hauled over said railroad by the contractor.

Fifth: The contractor shall agree not to operate said railroad as a common carrier.

Section 3. The Board of Public Works is authorized to incorporate in said specifications and contract such other and further terms not in conflict with the foregoing as in its discretion it may deem advisable. The contract shall be awarded to the bidder submitting the highest offer (in excess of the \$1 minimum limit above set forth) for the hauling of freight over the Hetch Hetchy Railroad on a tonnage basis. Suitable bonds shall be required of the contractor to secure the proper performance of his agreement, in an amount to be fixed by the Board of Public Works.

Section 4. This ordinance shall take effect immediately.

Accepting Offer to Sell Land for Extension and Widening of Market Street.

Supervisor McLeran presented:

Resolution No. 24476 (New Series), as follows:

Whereas, the owner of the following described land, sought to be acquired by the City and County of San Francisco for the extending and widening of Market street, has offered to convey the property desired by the City and County of San Francisco for the sum set forth opposite her name, viz.:

Margaret Keeley, \$7,000.

Parcel 1. Beginning at a point on the easterly line of Hattie street, distant thereon 132.23 feet northerly from the northerly line of Eighteenth street, and running along the easterly line of Hattie street 17.770 feet; thence at a

right angle easterly 75 feet; thence at a right angle southerly 23.022 feet; thence deflecting 94 degrees 00 minutes 20 seconds to the right and running westerly 75.184 feet to the point of beginning. Being a portion of Lot No. 6 in Block "A" of Park Lane Tract, as recorded on page 147, Map Book "C" and "D," records of the City and County of San Francisco.

And the further right is hereby conveyed to the City and County of San Francisco to construct a concrete wall along the southerly boundary line of the above mentioned Lot No. 6.

As a further consideration for said conveyance it is hereby agreed that the small parcel of land described below shall become the property of Margaret Keeley. Said property being described as follows:

Parcel 2. Beginning at a point distant 110 feet at right angles northerly from the northerly line of Eighteenth street, and distant 136 feet at right angles westerly from the westerly line of Ord street, and running thence easterly parallel with Eighteenth street 21.999 feet to the northwesterly line of Twin Peaks tunnel right of way; thence deflecting 36 degrees 40 minutes to the left and running northeasterly along the northeasterly line of said right of way 8.249 feet; thence northerly on a curve to the left of 6-foot radius, tangent to the preceding course, central angle 143 degrees 20 minutes, a distance of 15.010 feet to the southerly line of proposed Market street; thence westerly, tangent to the preceding curve and along said proposed line 24.710 feet to the westerly boundary of Horner's Addition Block 203; thence deflecting 94 degrees 00 minutes 20 seconds to the left and running southerly parallel with Ord street 16.853 feet to the point of beginning, being portion of Horner's Addition Block 203.

The above described property is subject to an easement right of way to be retained by the City and County of San Francisco for the construction of a concrete wall, said wall to be an extension of the above mentioned wall along the southerly line of aforesaid Lot No. 6.

It is hereby understood and agreed that the sum of seven thousand and 00/100 dollars (\$7,000) mentioned above includes damages in full to the building now wholly or partially on the above mentioned Parcel No. 1, and the owner agrees to remove the building within sixty

(60) days after being notified by the City and County of San Francisco. The above amount also includes damages in full to the remaining portion of the above mentioned Lot No. 6 in Block "A," Park Lane Tract, adjoining Parcel 1, and damages in full to Parcel 2, caused or to be caused by the future establishment of a grade on Market street extension and the grading and construction of Market street as extended.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the property owned by the said person and offered to the City and County of San Francisco for the sum set forth, which said price is in accordance with the City's appraisal of the property. Now, therefore, be it

Resolved, That the said offer of sale be accepted, the Title Insurance and Guaranty Company be authorized to deed said small parcel to Margaret Keeley, and the City Attorney is hereby authorized and directed to examine the title to said property and, if the same is found in satisfactory condition, to accept, in behalf of the City and County of San Francisco, a deed conveying title thereto, and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco upon payment of the agreed purchase price.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovleri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Regulating Use of Aisles in Theaters.
The following was presented and read by the Clerk:

Bill No. —, Ordinance No. — (New Series), as follows:

Regulating the use of aisles, passageways and stairways, and prohibiting the obstruction of all passageways in theaters, operahouses and places of public assemblage, and providing for a fire detail to enforce laws and ordinances providing for public safety and providing a penalty for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any owner, lessee, manager, or other person, firm or corporation having charge or control of any theatre, public hall, concert hall, or other place of public assemblage to obstruct or cause or permit to be obstructed, or to permit any person or persons, with the exception of ushers and other necessary attendants, to sit or remain standing in any entrance, exit, aisle, stairway, lobby, foyer, exit court or passageway, or any other floor space thereof not occupied by fixed seats legally permissible, during any performance, exhibition, lecture, entertainment or public assemblage therein.

Section 2. The Chief Engineer of the Fire Department shall detail one or more experienced mem-

bers of the Fire Department for service in buildings and structures of the kind and description specified in Section One hereof, as he may deem necessary or proper in the interest of the public safety, to be present in such building or structure during the progress of any performance, exhibition, lecture, entertainment or public assemblage therein.

Section 3. The members of the Fire Department so detailed shall report immediately any violation of this ordinance or any violation of any other law or ordinance pertaining to the extinction of fires or public safety to the Police Department, which shall forthwith cause said laws or ordinances to be enforced.

Section 4. All ordinances or parts of ordinances in conflict with this ordinance, or any part thereof, are hereby repealed.

Section 5. Any person or persons, firm or corporation who shall violate any law or ordinance providing for the prevention or extinction of fire or for the safety of the public in buildings or structures of the kind and description in Section One hereof specified, or who shall interfere with any member of the Fire Department in the discharge of his duties as herein prescribed, shall be guilty of a misdemeanor and shall be punished by fine not to exceed the sum of Five Hundred Dollars (\$500) or by imprisonment in the County Jail not exceeding six months, or by both such fine and imprisonment.

Section 6. This ordinance shall take effect and be in force immediately.

Opinion of City Attorney.

The following was presented by Supervisor McLeran and read by the Clerk:

September 8, 1925.

Mr. Ralph McLeran, City Hall, San Francisco.

Dear Sir:

On Saturday of last week you submitted to this office a proposed ordinance "Regulating the use of aisles, passageways and stairways, and prohibiting the obstruction of all passageways in theaters, operahouses and places of public assemblage, and providing for a fire detail to enforce laws and ordinances providing for public safety and providing a penalty for the violation thereof," with a request that we analyze the same for the purpose of determining the extent of its application. This opinion is not on the legal effect of the ordinance but upon its practical effect.

The first section provides in part:

"It shall be unlawful for any owner, etc., having charge or control of any theater, public hall, concert hall or other place of public assemblage . . . to permit any person or persons with the exception of ushers and other necessary attendants to *sit or remain standing* in any entrance, exit, aisle, stairway, lobby, foyer, exit court or passageway, or any other floor space thereof not occupied by fixed seats legally permissible, during any performance, exhibition, lecture, entertainment or public assemblage therein."

A strict enforcement of this proposed ordinance in so far as it applies to a lobby, foyer or any other floor space thereof not occupied by fixed seats would be rather revolutionary in so far as common practice is concerned. It is almost universally true that at largely attended meetings in almost any hall, banquet room or place of large assemblage in the City it is common practice for large numbers of people to stand in the floor space back of the last row of seats, but strict enforcement of the proposed ordinance would prevent this. It is common practice at many of the large assemblages in the Civic Auditorium for many hundreds of people to stand in the floor space back of the seats. This practice is indulged in at nearly all conventions of importance and all so called successful political meetings. It is also true that the same practice is indulged in other places of public entertainment and assemblages and in many of the churches of the City when people are attending religious services on Sunday.

Definition of terms "lobby" and "foyer": The Encyclopedia Britannica defines "lobby" as "a corridor or passageway," also "any apartment serving as an ante room, waiting room or entrance hall in a building". The Century Dictionary as "an enclosed space surrounding or communicating with one or more apartments; a small hall or waiting room serving as an entrance in a principal apartment, especially such a hall or ante room in a theater or adjacent to a legislative or audience chamber." Webster's International Dictionary defines "lobby" as "a passage or hall of communication, especially when large enough to serve as a waiting room." The Century Dictionary defines "foyer" "as in theaters, opera houses, etc., a public room at or near the entrance to or comprising the lobby; often as in Grand Opera at Paris,

a magnificent saloon, elaborately decorated."

Again referring to the Civic Auditorium, it seems to me the long entrance hall in front of the main hall and the two small halls of the building would fall within the definition of either a lobby or a foyer. I am inclined to believe the strict enforcement of such an ordinance as the one proposed would prevent persons from sitting or standing in this hallway.

Foyers in the better class of theaters are usually rooms permanently fitted up and decorated and are intended as lounging places or places in which patrons of the theater meet during intermissions. It may seem rather far fetched but not impossible for it to be held that the lobby or a large hotel adjacent to a large banquet hall or entertainment hall would fall within the definition of this ordinance during a time of public entertainment.

The language used in the proposed ordinance is very sweeping and inclusive. In the matter of caring for and protecting the lives of the people great care should be exercised that proper ordinances are enacted and enforced, which would furnish this protection for the safety of the people. The purpose sought to be obtained by the passage of the ordinance is a most commendable one, but I am inclined to believe some of the language chosen is too sweeping and that the purpose sought can better be accomplished by a revision of the terms of Section 1 of the proposed ordinance.

The Fire Commission also desire that the firemen should be detailed by themselves instead of by the Chief of the Department and Section 2 of the ordinance should be revised accordingly.

Very truly yours,

GEORGE LULL,

City Attorney.

Action Deferred.

Whereupon, the foregoing ordinance was *laid over one week* and made a Special Order for 3 p. m., and City Attorney was requested to draft an ordinance for next meeting covering his views.

Firemen in Theaters, Etc.

Supervisor McLeran presented the following bill and moved its passage to print:

Bill No. —, Ordinance No. — (New Series), as follows:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be the duty of

the Fire Commission, upon the request of the Chief Engineer of the Fire Department, to detail a fireman or firemen to any theater and other places of public assembly in the City and County of San Francisco during the performance in said theater, and it shall be the duty of such fireman or firemen so detailed to see that all laws and ordinances relating to the safety and protection of the people attending such performance are strictly enforced.

Section 2. This ordinance shall be in full force and take effect immediately.

Supervisor Wetmore objected to the passage to print at this time.

Whereupon, the foregoing bill was referred to the Building Committee, to be put on Calendar at next meeting, special order, 3 p. m.

Accepting Offer to Sell Lands, Etc., on Chattanooga Street, Required for School Purposes.

Supervisor Wetmore presented:

Resolution No. 24478 (New Series), as follows:

Whereas, an offer has been received from Wm. H. Jones to convey to the City and County of San Francisco certain land and improvements situate on south line of Twenty-second street, distant 50 feet easterly from Chattanooga street, required for school purposes; and

Whereas, the price at which said parcel of land and improvements is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, with improvements, free of all encumbrances, for the sum of \$10,750, be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point on the southerly line of Twenty-second street, distant thereon 50 feet easterly from the easterly line of Chattanooga street, running thence southerly 106 feet; thence at a right angle easterly 25 feet; thence at a right angle northerly 106 feet to the southerly line of Twenty-second street; thence westerly along said southerly line of Twenty-second street, 25 feet to the point of commencement. Being a portion of Block 67, Horner's Addition.

The City Attorney is hereby directed to examine the title to said land and, if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that

the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

Board of Public Works Authorized to Sell or Rent Hetch Hetchy Equipment.

On motion of Supervisor Shannon:

Bill No. 7247a, Ordinance No. — (New Series), as follows:

Authorizing the Board of Public Works to sell at public auction or to rent equipment purchased for the Hetch Hetchy project upon certification of the City Engineer that the same is not required for construction purposes on the Hetch Hetchy project.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever the City Engineer shall certify to the Board of Public Works that any portion or portions of the equipment, materials, machinery or supplies owned by the City and purchased for use in the construction of the Hetch Hetchy project and particularly described in his certificate, is or are no longer suitable for or required for construction purposes on the Hetch Hetchy project, and shall in said certificate recommend that said materials, equipment, machinery or supplies be sold at public auction, the Board of Public Works is authorized to sell either directly or through its duly authorized representatives such articles mentioned in the City Engineer's certificate at a public auction, to be held upon not less than five (5) days advertised notice. Said auction sale or sales may be held in the meeting room of the Board of Public Works in the City Hall at San Francisco, California, or in the discretion of

said Board at a point convenient to the location of said equipment.

Section 2. Notice of said sale shall be given by publication in the official newspaper of the City and County for a period of not less than five (5) days. Said notice shall specify the time and place of said sale, a description of the property to be sold, and the terms and conditions upon which sale and delivery shall be made, and may, in the discretion of the Board of Public Works, name a minimum price which will be considered.

Section 3. When said sale is held it shall be competent for the Board of Public Works or its representatives to consider as a bid at said sale any sealed offers in writing for the purchase of said equipment accompanied by a certified check for ten per cent (10%) of the amount bid. After receiving, reading and filing all of said sealed offers in writing, the Board shall proceed to receive oral bids and to dispose of the articles sold to the highest bidder, subject to the terms prescribed for the sale, or in its discretion reject all offers.

Section 4. If the City Engineer shall notify the Board in writing that any portion or portions of said equipment, machinery, materials or supplies are not immediately required for construction purposes, but may be required at some future date, and shall recommend that the articles specified in his communication be rented, the Board of Public Works is authorized in its discretion to rent or lease said articles of equipment, machinery, materials or supplies to any responsible person or corporation for a period not exceeding the length of time estimated by the City Engineer during which use of the same will not be required by the City. Rental shall only be made under written agreement which shall set forth the terms of the rental. Any person or corporation to whom such articles are rented must furnish security in the way of approved surety bond or cash deposits or credits with the City and County of San Francisco to insure the performance of the rental agreement and the return of the equipment in as good shape as received to the City and County of San Francisco at the termination of the agreement, ordinary wear and tear excepted.

Section 5. All moneys received from sales or rentals under the terms of this ordinance shall be deposited to the credit of the particular bond construction fund from the proceeds of which said articles were paid for.

Section 6. This ordinance shall take effect immediately.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Passed for Printing.

The following bill was *passed for printing*:

Spur Track Permit, California Baking Company.

On motion of Supervisor Harrelson:

Bill No. 7248a, Ordinance No. — (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to the California Baking Company to construct and maintain a spur track and operate with steam locomotives and cars over and along Twelfth street between Folsom street and Kissling street as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the California Baking Company to construct and maintain a spur track and operate with steam locomotives and cars over and along Twelfth street as follows:

Beginning at a point in the existing track on Twelfth street 30 feet southeast of the northwesterly line of Folsom street; thence northwesterly along Twelfth street through a reverse curve a distance of 183 feet to a point 152 feet northwesterly from the northwesterly line of Folsom street and 10 feet southwesterly from the northeasterly line of Twelfth street; thence continuing northwesterly along Twelfth street and parallel to same a distance of 135 feet.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board

of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part thereof as completely as though the same were written in this ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by the California Baking Company.

Provided, that the California Baking Company shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. Provided, no locomotive, car or cars shall be taken over this spur track on Twelfth street from Harrison to Howard streets except between the hours of 1 o'clock p. m. and 4 o'clock p. m.

Section 3. This ordinance shall take effect immediately.

Harding Boulevard to Be Changed to Camino del Mar.

Supervisor Harrelson presented:

Resolution No. — (New Series), as follows:

Whereas, the highway along the margin of the Pacific Ocean from Sutro Heights to Sea Cliff, where it

forms a connection with the Camino del Mar affords a magnificent view of the sea, and logically and appropriately should be designated by the same name; and

Whereas, the name of Warren G. Harding has been fittingly bestowed on the great golf and athletic field at Lake Merced and the highway leading thereto, and a duplication of the name is unnecessary; therefore,

Resolved, That the name of El Camino del Mar is hereby given to the boulevard extending from Sutro Heights to the Presidio as being that which will most suitably express the salient feature of this notable highway, viz., one of the most magnificent marine views of the world.

Referred to Streets Committee.

may be levied are divided into three classes: 1. Those within the so-called dollar limit; 2. Those outside the dollar limit which can be levied by ten votes; 3. Those outside the dollar limit which can be levied by fifteen votes. The third class is again divided into two groups: 1. For certain purposes an additional tax of 65 cents can be levied by a vote of fifteen Supervisors; and, 2. For certain other purposes an additional tax without express limit to amount can be levied by a vote of fifteen Supervisors.

Under the Charter the tax for the parks, the tax for the playgrounds and the tax to pay the interest and maintain the sinking funds of the City's bonded indebtedness is outside the dollar limit. If the ordinance fixing the tax rate is to be passed by less than fifteen votes the taxes for all other purposes cannot exceed \$1.

If the tax rate is passed by fifteen votes, an amount not exceeding 65 cents additional can be levied to meet the cost of construction and repair of streets and sewers, and of buildings for the Police, Fire and Health Departments and Detention Home; and an amount in excess of this 65-cent limitation can be levied by fifteen votes for the following purposes: To meet the cost of elections, to pay any demands, salaries, expenses or other obligations imposed upon the City and County by legislative or constitutional enactment of the State of California or of the United States; to meet any increase in demands, salaries, expenses or other obligations imposed upon the City and County by any measure passed by direct vote of the people of San Francisco since April 1, 1915; and to meet the cost of maintaining public libraries and the purchase of books therefor.

Considering the proposed tax ordinance with these provisions in mind, the items properly fall into the foregoing classes, as follows:

1. Outside the dollar limit altogether:

The items for the Park Fund, the Playground Fund and to pay interest and maintain sinking funds for the bonded indebtedness.

2. Within the dollar limit:

The first item for the General Fund amounting to \$.953 and the item for Firemen's Relief and Pension Fund amounting to \$.0470. A portion of the tax for the Firemen's Relief and Pension Fund is made necessary by increases in pensions and enlargement of the class of pensioners adopted by direct vote of

the people of San Francisco since April 1, 1915; and so that portion would properly fall into the class of taxes which could be levied by a vote of fifteen Supervisors in excess of the dollar limit. But since the total of the two items comes within that limit, no segregation has been attempted in this opinion.

3. Within the additional 65 cents that can be levied by fifteen votes:

The second item in the ordinance amounting to \$.1720. The portion of this item allocated to the construction and repair of buildings for the School Department belongs properly in the fourth class hereinafter discussed, but since the total is well within the 65-cent limit, no segregation of this item is necessary.

4. Within the amount that can be levied by fifteen votes in excess of 65 cents additional to the dollar limit:

The third item of the ordinance amounting to \$.968. The purposes for which this item is levied, to-wit, to meet the cost of elections; to pay demands, salaries, expenses or other obligations imposed upon the City and County by legislative or constitutional enactment of the State of California or of the United States; and expenses or other obligations imposed upon the City and County by direct vote of the people of the City and County of San Francisco (which I am advised included only items so imposed since April 1, 1915), all fall within the purposes as enumerated in the Charter which may be levied by fifteen votes in excess of the dollar limit, and outside of the 65 cents additional.

The several items for School Department purposes:

The duty of supporting the School Department is imposed upon the City and County by State law, and therefore falls within the classification of "demands, salaries, expenses or other obligations imposed upon the City and County of San Francisco by a legislative or constitutional enactment of the State of California," provided for in Section 13, Chapter I, Article III, of the Charter.

The item for the Library Fund.

The following items made compulsory by direct vote of the people since April 1, 1915:

Retirement System for City Employees; Teachers' Retirement System; M. H. de Young Memorial Museum; California Palace of Legion of Honor, and Steinhart Aquarium.

The following items imposed by State law:

Special tax for publicity and advertising; maintenance of the blind; to pay judgments pursuant to writs of mandate.

It will be seen from the foregoing analysis that the tax ordinance as proposed will require fifteen votes on final passage. The Board has been advised by this office in previous years that any tax ordinance can be passed to print by ten votes.

I therefore advise you that the proposed tax ordinance may be passed to print by ten votes, and that it will require fifteen votes on final passage.

The matter of fixing the tax rate is a matter within the discretion of your Honorable Board, and I would not presume to express an opinion as to how any member of the Board should exercise that discretion. But I cannot refrain from pointing out that many of the items in the tax rate are compulsory, and that by the plain terms of the Charter some ordinance fixing a tax rate must be finally passed on or before the third Monday of September. We cannot close our eyes to the fact that unless this is done a situation will be brought about, the extreme gravity of which cannot be foretold. The City and County of San Francisco cannot risk the serious impairment of credit and virtual bankruptcy which would inevitably result from the failure to fix a tax rate.

I cannot refrain either from pointing out the incongruity of our Charter, which authorizes the making of a budget by a majority vote of the Board and then places such limitations upon the taxing power as to require fifteen votes to pass a tax ordinance to finance the budget. Some Charter amendment should be proposed to the people which would bring these two Charter provisions into harmony.

Respectfully,

GEORGE LULL,
City Attorney.

Motion.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, SEPT. 14, 1925, 2 P. M.

In Board of Supervisors, San Francisco, Monday, September 14, 1925, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Wetmore—16.

Absent—Supervisors Bath, Welch—2.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor McLeran was called to the chair.

APPROVAL OF JOURNAL.

The Journal of Proceedings of August 31, 1925, was considered read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Payment for Hydro-Electric Power.

Supervisor McLeran presented:

September 14, 1925.

Honorable James Rolph, Mayor City and County of San Francisco, City Hall, San Francisco, Cal.

Dear Sir:

The electric energy generated at the Moccasin power plant consigned to us in August, 1925, by the City and County of San Francisco for distribution as provided in the agreement of July 1, 1925, totaled 18,153,600 kilowatt hours. The amount which we are required to account for and pay over to the City and County in respect of said consignment is \$88,555.87, for which amount please find our check herewith, payable to the City and County.

The deliveries of electric energy have been checked by your engineers, but if any error be found therein or in the amount for which we are bound to account to the City and County for the aforesaid Au-

gust deliveries we will be pleased to hear from you in respect thereto.

Very truly yours,

F. A. LEACH, JR.,

Vice-President and General Manager.

Supervisor Rossi asked that the City Engineer be requested to check these figures.

So ordered.

Under-Grade Crossing Junipero Serra Boulevard.

Communication, from City Engineer, submitting plans and specifications and an estimate of cost in the sum of \$140,000 for the construction of an under grade crossing for the Ocean View extension of the Municipal Railway across Junipero Serra boulevard at or near Worcester avenue.

Referred to the Public Utilities Committee and Finance Committee jointly.

City Attorney's Brief in Re Hetch Hetchy Power Contract.

The following was presented and ordered spread in the Journal:

Statement of Facts, Principles and Authorities Supporting the Legality of the Contract Between the City and County of San Francisco and the Pacific Gas and Electric Company for the Marketing of Hetch Hetchy Electric Power.

To the Honorable Hubert Work, Secretary of the Interior, and the Honorable John G. Sargent, Attorney-General of the United States.

Gentlemen:

The following memorandum of facts and citations of legal authority are respectfully submitted, in order that there may be preserved in the Departments of Justice and of the Interior a record of the facts and the law, as set forth in the oral statements of the attorneys and engineers for the City and County of San Francisco, in submitting for your consideration a contract between said City and County and the Pacific Gas and Electric Company for the marketing of Hetch Hetchy electric energy.

This contract is a temporary marketing agreement on an agency basis designed to enable the City

to meet an emergency and to market the hydroelectric output of its power plant through existing privately-owned distributing systems during the time that must elapse before the City can acquire a distributing system of its own. The necessity for its execution and the meaning of its language will be more apparent after a brief consideration of the physical situation and historical facts leading up to its execution.

I.

The Physical Situation in San Francisco With Reference to Electric Distribution Systems and Power Consumption.

Two companies are now engaged in the distribution of the electric energy to consumers in San Francisco. The larger of these companies is the Pacific Gas and Electric Company, which for the year 1924 distributed to consumers in the City approximately 385,000,000 kilowatt hours of energy, measured at consumers' meters. The other company is the Great Western Power Company of California, and this company for the year 1924 distributed in the City approximately 101,000,000 kilowatt hours. The distributing system of the Pacific Gas and Electric Company covers the entire area of the city. Energy used by the street railway systems of San Francisco is supplied by this company, as well as the current used to light public streets and serve other municipal purposes. The system of the Pacific Gas and Electric Company is the only one extensive enough to handle the entire energy output of the Moccasin plant.

The maximum output of the Moccasin plant of the City and County of San Francisco, which is the hydroelectric generating plant owned by the City and involved in this contract, is about 460,000,000 kilowatt hours annually. Approximately 8 per cent of the energy generated at the plant will be lost in transmission to Newark. Careful engineering studies have been made to determine the losses in energy resulting from the additional transmission to San Francisco and in transforming, converting and distributing this energy to the various classes of consumers in the city. In making this estimate the actual experience of the Pacific Gas and Electric Company was made use of and the entire energy input into San Francisco by the Company, including the system owned by the Company and the system operated by the Company

under lease from the Sierra and San Francisco Power Company, was considered. The total resultant losses to the meters were found to be 24 per cent of all energy brought into the City from a point comparable to Newark. From these studies it was found that the maximum delivery to consumers' meters of energy from Moccasin plant would be approximately 319,000,000 kilowatt hours.

The peak load required to be carried by the system of the Pacific Gas and Electric Company in 1924 to meet the maximum demand in the City was 125,000 kilowatts. During certain hours of low energy use the demand on the Company's system dropped as low as fifteen or twenty thousand kilowatts.

At the threshold of our efforts to draft an agency agreement under the terms of which the City's power developed at Moccasin plant would be distributed to consumers in San Francisco over and through the system of the Pacific Gas and Electric Company, the only company capable of handling this power, we were face to face with the following facts:

1. The maximum delivery to consumers' meters from energy generated at Moccasin plant would not exceed 319,000,000 kilowatt hours annually.

2. The Pacific Gas and Electric Company actually sold to consumers in San Francisco during the year 1924, 385,000,000 kilowatt hours;

3. The peak load on the system of the Company in furnishing the 385,000,000 kilowatt hours for the year was 125,000 kilowatts;

4. The peak capacity of the Moccasin plant is 70,000 kilowatts;

5. The City has no transmission line extending west of Newark, no distribution system in San Francisco, no steam plant nor other hydro plant to furnish standby service or to carry peak loads;

6. The energy delivered by the Company is increasing annually and it is estimated that during the year 1925 the Company will distribute and sell in the City at least 10 per cent more energy than in 1924.

When the distribution of Moccasin energy is commenced over and through the system of the Company under the terms of this contract, this energy will be transmitted from Newark and distributed within the City over and through the identical system now being used by the Company in supplying consumers in the City. There is no possible way of identifying the kilowatt-hours

of energy produced at Moccasin plant from the kilowatt hours of energy produced at the Company's own plants after the energy from these two sources is commingled in the one system. It is therefore impossible to determine which particular consumers in San Francisco will be using the City's energy and which will be using energy generated at the Company's plants.

II.

Governing Rules of Law—Analysis of Requirements of the Raker Act.

It being apparent from the general situation, as outlined under the first subdivision of this brief, that unless there is some legal manner by which electric energy generated by the City at the Moccasin Power Plant can be temporarily marketed in San Francisco through the existing privately-owned distribution systems, there will be a tremendous waste of national assets and a tremendous financial loss to the City, what limitations are there, if any, upon the City's right to make an agreement with one or more of the public utility corporations owning distribution systems in San Francisco for such temporary marketing of the Hetch Hetchy energy? The charter of San Francisco imposes no restrictions on such an agreement. Under the provisions of Article 6, Chap. 1, Sec. 9, Sub. 8, the Board of Public Works is empowered to make any contract with reference to the operation of any public utility which the Board of Supervisors by ordinance may authorize. The preamble to Article 12 declares it to be the purpose and intention of the people of the City and County that its public utilities shall be gradually acquired and ultimately owned by the City and County. There is no mandate, however, as to the rate of acquisition or time of ownership.

Secondly, there is no law of the State of California outside of the municipal charter which governs the City in the operation of its public utilities or making of its contracts.

Third, this brings us to the Federal grant as set forth in the Raker Act, which does contain provisions affecting and limiting the City's right to contract with reference to the disposition of the power which it generates. To summarize briefly the more important provisions of this act (Act of December 19, 1913): First—there was granted to San Francisco by Section 1 thereof cer-

tain rights of way over the public domain of the United States in the Yosemite National Park and the Stanislaus National Forest, for the construction of dams, flooding of reservoir sites and the building of tunnels, aqueducts, roads and other structures incidental to the storage and conveyance of water for a municipal water supply, and for the generation and transmission of hydroelectric energy to be generated on the line of the conduit. Second—Sections 9(m) and 9(n) and 9(o) of the act make it mandatory upon the City to generate this electric energy, to develop and use the hydroelectric power thus generated for the use of its people, and to sell or supply such power for irrigation pumping or other beneficial use, at prices to be fixed under the laws of California; or, in the absence of such laws, at prices to be approved by the Secretary of the Interior, with the proviso in the latter instance that such prices shall not be less than the cost of providing and supplying said power as computed by currently accepted accounting methods. If the City fails to generate, transmit and use, or offer for sale, the minimum amounts of power prescribed in the act, the Secretary of the Interior may take possession of, and lease to such persons as he may designate, any portions of the right of way granted, and structures thereon which may be requisite to the development of power. There is thus a clear legislative mandate by Congress that the City must develop the power possibilities of the project, or else the Government will take them over and develop them in order that great national assets may not be wasted. Third—A restriction is placed upon this development, however, in Section 6 of the act, wherein it is provided as follows:

"That the grantee is prohibited from ever selling or letting to any corporation or individual except a municipality or a municipal water district or irrigation district, the right to sell or sublet the water or the electric energy sold or given to it or him by the said grantee; *provided*, that the rights hereby granted shall not be sold, assigned or transferred to any private person, corporation or association, and in case of any attempt to so sell, assign, transfer or convey, this grant shall revert to the Government of the United States."

It is quite apparent from a close reading of this last section that the forfeiture clause applies merely to

a sale of the rights of way and rights in the public domain, granted under the Raker Act, and does not apply to the selling or letting of the right to sell or sublet water or electric energy, because such a right as the last mentioned right is not granted by the act at all. It is possessed by the City by virtue of its charter and the laws of California. Furthermore, the first clause of Section 6 does not prohibit the selling of electric energy to a private person, firm or corporation for its own consumption, but the forfeiture clause provides that if the "*rights hereby granted*" are sold to *any private person, corporation or association*, the grant is automatically forfeited to the United States. Obviously, the penalty cannot apply to the sale of power, to private corporations or individuals which is expressly permitted by the first section, except for the purposes of resale. The means of enforcing the first clause of Section 6 are found in Section 9(u) of the act, which provides:

"That the grantee shall at all times comply with and observe on its part all the conditions specified in this act, and in the event that the same are not *reasonably* complied with and carried out by the grantee, upon written request of the Secretary of the Interior, it is made the duty of the Attorney-General in the name of the United States to commence all necessary suits or proceedings in the proper court having jurisdiction thereof, for the purpose of enforcing and carrying out the provisions of this act."

The question then arises, in view of the language of Section 6 prohibiting a sale for resale purposes, and enforceable under the provisions of Section 9(u) above set forth, what kind of an agreement, if any, could the City, or can the City, make, to avoid the economic waste which would be incidental to a failure to utilize the 460,000,000 kilowatt hours of electric energy to be generated annually at the Moccasin power-house? It was to this problem that the City's legal advisors addressed themselves in formulating the contract in question. How broad an interpretation can be placed upon the beneficial intent of the Hetch Hetchy grant, in view of the concurrent limitations contained in Section 6? In this connection recourse was first had to the provisions of Section 9(u) cited, *supra*, which expressly call for a *reasonable* compliance with the conditions of the act in

order to avoid its penalties. There ought to be some possible way of distributing the electric energy through the medium of privately owned systems during the construction period of the project, and until the City, by the use of reasonable methods, could acquire and own a municipal distribution system; otherwise, the beneficial intent of Congress in granting the City rights which could be utilized in completing a workable project, and in providing for the maximum development of national resources made possible by the project in question, would be entirely defeated. We do not question that it was the intent of Congress that the profit to be derived from the development of these national assets should be a public profit and not a private profit. But if an agreement could be made under which, for a temporary period and until the City could acquire its own system, the energy might be transmitted over privately owned lines and distributed to consumers on behalf of the City at a cost which would not exceed a fair interest return to the Company on the capital invested in such transmission and distribution system, after paying operation expenses and maintenance charges, then it would seem that there was no violation of the intent of Congress. The City would receive an instant return with some measure of profit on the generation and transmission of power, and its sale to the ultimate consumers through the agency of a privately owned system, and as soon as it could reasonably acquire a municipally owned system, would make a further profit on the distribution thereof. Counsel for the City felt supported in this beneficial interpretation of the law by a number of authorities, among which the following may be cited:

"All laws should receive a sensible construction. General terms should be so limited in their application as not to lead to injustice, oppression, or an absurd consequence. It will always, therefore, be presumed that the Legislature intended exceptions to its language, which would avoid results of this character. The reason of the law, in such cases, should prevail over its letter."

U. S. vs. Kirby, 74 U. S. (7 Wall.) 482, 119 L. Ed. 278.

"It will always be presumed that the Legislature intended exceptions to its language which would avoid an absurd or manifestly unjust consequence, and that the law was only intended to apply according to its

spirit to a forbidden act, in its nature illegal or fraudulent. (Syl.)"

Ex Parte Lorenzon, 128 Cal. 431.

"It would be disastrous if this provision should be construed so that during the period necessary for the construction or acquisition of a distributing system the enormously valuable power rights of the city should be almost wholly wasted."

Los Angeles G. & E. Corp. v. Los Angeles, 188 Cal. 309, 312, bottom.

"The contract seems to be a reasonable arrangement, honestly made, to bridge over a necessary period during which the city is seeking to acquire those distributing systems."

Los Angeles G. & E. Corp. v. Los Angeles, 188 Cal. 309, 316.

The last case above cited seems particularly in point as it involves the construction by the Supreme Court of California of a provision contained in the Los Angeles charter, which is even more stringent against a sale by that City to a private corporation for resale purposes, than the provisions of Section 6 of the Raker Act. The contract there, as in the case here, was drawn to meet a temporary emergency and to provide for the distribution of power through private channels during a period of litigation which had to elapse before the City of Los Angeles could acquire a municipally owned system. While some of the provisions of the contract differed from those in the agreement submitted by San Francisco, the essential features were not greatly dissimilar. The important thing is that the Court in that case took the position that every effort not in conflict with plain reason should be made to construe the legislative provision in such a way as to give beneficial effect to the clear intent of the entire statute (in that case the Los Angeles charter). Apparently, the idea that the contract was temporary and was in form and effect an agency contract and not a contract of sale, enabled the City of Los Angeles to meet the situation in their case. It will further be noted that the Los Angeles decision was handed down by the California Supreme Court on February 25, 1922, and was therefore available as a judicial authority and precedent to San Francisco at the time the problem arose in the latter City.

III.

Genesis and History of the Temporary Agency Agreement for Marketing Hetch Hetchy Electric Energy.

Work on the Hetch Hetchy proj-

ect was commenced in 1914, and one of the first structures built was a small power plant situated at Early Intake, which was to furnish the power for construction purposes. Sometimes the construction requirements exceeded the available capacity of this plant; at others, the plant's capacity exceeded the construction requirements. With a view to meeting this situation, the transmission lines were connected with those of the Pacific Gas & Electric Company, and whenever the City needed additional power the Company furnished it. On the other hand, when the City had surplus power it was delivered to the Company and paid for. This sale of surplus power was encouraged by order of the Federal Power Administrator during the war as a war measure. In 1922 these small sales were called to the attention of the Department of the Interior by the superintendent of the Yosemite National Park, and on June 8, 1923, an opinion was rendered by Solicitor Edwards (now Assistant Secretary of the Interior), holding outright sales of power in this case to be illegal by reason of the provisions of Section 6 of the Raker Act, but concurrently suggesting the employment of the systems of existing companies to distribute the power until the City could acquire its own system. The exact language of the Solicitor on this point was as follows:

"I have indicated above that in my opinion the law prohibits the sale of electric energy by the grantee for the purpose of resale. The method for enforcing the act is plainly stated in the proviso to Section 9. I may add, however, that I would not recommend resort to that extremity at this time, but would make known to the grantee the views of this Department in the matter with a suggestion that an arrangement be made for the use or distribution of the surplus electric energy by a method which would not conflict with the law. It seems reasonable to suppose that the grantee may find obstacles in its way which would make it impracticable to acquire or construct a system for the transmission of its limited supply of electric power, and to avoid waste of this surplus energy it is quite desirable that the existing means of transmission be availed of until such time as the supply becomes sufficient to justify the taking over of the present system or the construction of a new one. But instead of selling this

power for resale and distribution, as has been done and as further proposed, it occurs to me that it would be feasible for the parties to agree upon terms by which the grantee would have its power transmitted over the lines of the concern owning or controlling the existing distribution system. This method would avoid conflict with the provisions of the law and apparently would accommodate the grantee to the existing conditions of the project."

The foregoing suggestion of Solicitor Edwards, now Assistant Secretary of the Interior, and the approval by the State Supreme Court in the Los Angeles case, furnished the major premise for a conclusion that a temporary agreement could be made with one or more of the privately owned companies, under which such company would act as the City's agent in distributing the Hetch Hetchy energy until a municipally owned system could be acquired. Early in 1923 the Board of Supervisors, through its Public Utilities Committee, requested the City Engineer to recommend a policy for power disposal. It had by that time been determined as the plan of the City that the Moccasin Power Plant on the line of the aqueduct should be completed, the energy there generated disposed of, and such revenue as might be derived therefrom be utilized as an aid to the public of San Francisco in carrying the enormous financial burden of completing the Hetch Hetchy project.

In this connection it will be well to state that the total bond issue authorized for the Hetch Hetchy water supply project in 1910 was \$45,000,000. Out of the proceeds of these bonds the City has completed construction of the Mountain Division of the project comprising a storage dam at Lake Eleanor and at Hetch Hetchy Valley, the diverting dam at Early Intake, 19 miles of aqueduct tunnel leading to Priest Forebay, the Forebay dam and outlet tunnel, the Moccasin penstock, the Moccasin power-house containing generating machinery of 70,000 kilowatts installed capacity, and an electric transmission line leading from the power-house to Newark, 98 miles away. Certain work, not important here, was also done on the Bay Division of the aqueduct. The above work exhausted all funds available for power construction, making another bond election necessary to complete the transmission line to San Francisco and acquire or con-

struct an electric distribution system. Estimates made at that time showed the necessity of voting \$33,000,000 additional bonds in order to complete the aqueduct and enable the first water delivery to be made to San Francisco, after which the privately owned water distribution system in the City will have to be acquired by the City at a further additional cost of \$38,000,000.

On April 4, 1923, the City Engineer complied with the request from the Supervisors by filing a report which recommended that in view of the fact that the City had no distributing system and would either have to build or buy one, it would be well to inquire whether in the interim the power could be marketed through private channels. In response to this recommendation, on July 30, 1923, and shortly after the receipt by the City Attorney of a copy of Solicitor Edwards' opinion, the Board of Supervisors, by Resolution No. 21398, directed the City Engineer to ascertain from the power companies the "terms under which the total output of electric energy from the Hetch Hetchy project could be marketed through the agency of either or both of the local companies." He was at the same time also directed to inquire the price at which they would voluntarily sell their distributing systems to the City. On September 11, 1923, the City Engineer advised the Supervisors that he had carried out their directions and had interviewed the power companies; that neither the Pacific Gas and Electric Company nor the Great Western Power Company was willing to sell its distributing system to the City, but that either of both companies would participate in an agency agreement under which the City might hope to receive at least \$2,000,000 from the sale of its power. Copies of the offer from both companies were appended to the report. The offer of the Pacific Gas and Electric Company stated that "if the City should decide to *market its power through the medium of an existing public utility*" the Company was willing to discuss such an arrangement with the City's representatives, and believed the same would net the City not less than \$2,000,000 per annum. In other words, here the City had an offer for a marketing agreement. The propositions were duly considered by the Board of Supervisors and were at first rejected, the Board declaring its opposition to

any kind of an agreement looking to the marketing of power through private agencies, and directing the renewal of negotiations for purchase of existing distributing systems. An advisory committee of five citizens, all known to be enthusiastically in favor of municipal ownership, was appointed to take up these negotiations, and the City Engineer was directed to furnish estimates of cost of constructing a new and independent competing municipal distribution system.

The Advisory Committee attempted negotiations to buy the existing systems, but was met in each case by refusal to sell on the part of the companies. The City Engineer reported the cost of building a new system but the economic waste which would result from a complete duplication of existing facilities was apparent to all. As a result the Advisory Committee recommended eminent domain proceedings for acquisition of existing systems, and the Board of Supervisors by resolution unanimously directed commencement of valuation proceedings before the State Railroad Commission as the first step toward condemnation. These proceedings were forthwith commenced and have been pending for more than a year. Due to the necessity of inventorying and valuing very extensive and complicated systems, it became apparent in the early part of 1925 that several years would probably elapse before the City could obtain a final decree of condemnation, should the companies oppose to the end the City's efforts to obtain these properties. In the meantime the mountain division and Moccasin power plant were approaching completion and the City Engineer had reported that it would be ready for use in July, 1925. Unless some temporary measure should be adopted for marketing this energy, it was apparent to all that there would be a great waste of both municipal assets and national resources.

The Advisory Committee in April, 1925, in view of the above situation, recognized the necessity for a temporary agency contract, and filed a report with the Board of Supervisors recommending that the City enter into some form of temporary agency agreement whereby the City's power could be transmitted and distributed over the lines of the local power companies. The Committee laid down certain restrictions which, in its opinion, should be embodied in the agree-

ment. They then entered into negotiations with the Power Company representatives, who, however, refused to agree to all the terms proposed by the Committee. One of the restrictive clauses that the Committee insisted on was to the effect that those to whom power was delivered must be listed as the City's consumers and regular reports made of amount collected from *each consumer* and the amount charged by the Company for services rendered. The Companies pointed out the impossibility of acceding to these terms as the City's power was only part of the total amount delivered to consumers and could not be earmarked. All of the minority opposition Supervisors approved the Advisory Committee's recommendation which differs from the proposed contract only in minor details. As the Committee reported that it was not able to reach an agreement with the power companies, the Board by Resolution No. 23890, on April 13, 1925, appointed a new committee consisting of the Mayor and the Chairmen of the Finance and Public Utility Committees to take up negotiations for the temporary disposal of the City's power under an agency contract. They in turn directed the City Attorney to draft such an agreement which in its terms would not violate the spirit or conditions of the Raker Act. The City Attorney prepared the agreement substantially in its present form, and the Committee inserted a percentage of revenue to be received by the City somewhat in excess of that finally fixed in the contract. The company upon receipt of a copy of the agreement immediately rejected the financial terms in a letter stating that they would not agree to percentages which would make the City's revenue exceed \$2,000,000 per year. Further negotiations ensued, the City's representatives consistently maintaining that the agreement must be an agency contract and that the company's percentage of the revenue must not be in excess of a fair carrying and distribution charge from the terminus of the City's transmission line at Newark to the consumers in San Francisco. Studies of costs of distribution and standby service had been made and the percentages finally established were found to be in reasonable accord with the cost to the company of such service including a reasonable return on its capital devoted thereto. They were also found to

afford the City a substantial margin above all costs of operation, depreciation, maintenance and interest properly chargeable against the power development of the Hetch Hetchy project under approved methods of public cost accounting. The company receded from all contentions for amendments to the agreement which might have destroyed its agency characteristics. It was then presented in final form to the Board of Supervisors, its agency character carefully explained to them, and was finally authorized on June 29, 1925, and signed by the parties July 1.

IV.

Analysis of Contract With Reference to Its Character As An Agency Agreement.

It seems unnecessary to quote the provisions of the agreement, a full copy of which was filed with both the Department of the Interior and the Department of Justice, and is appended hereto. It does seem advisable, however, to direct attention to the features of the agreement which indelibly stamp it as a temporary agency agreement. These features are as follows:

First, the preamble to the agreement, the recitals of which show the absolute necessity for a temporary marketing arrangement.

Second, the language of paragraph *first* under which the company is employed and accepts employment as a temporary distributor of the energy *for and on behalf of the City*.

Third, the fact that the energy is consigned to the company for sale as the City's agent under paragraph *first*, and title thereto does not pass to the company.

Fourth, the requirement at the end of paragraph *first* and in paragraph *fifth*, that the company shall account to the City for the proceeds of sales made as the City's distributor.

Fifth, the requirement in paragraph *first* that all sales to consumers be made at rates regularly fixed by the Railroad Commission, thus meeting the provisions of paragraph 9(m) of the Raker Act.

Sixth, the provisions of paragraphs *fourth* and *fifth*, fixing the company's compensation for carrying and distributing the electric energy at a flat percentage of the revenue received. This percentage, as will be later shown, allows the company only the fair cost of its

services including a fair return on the part of its capital which is devoted to the City's service.

Seventh, the provision in paragraph *eighth* that should the lawfully established rates for electricity be increased or decreased the City's revenue therefrom shall be proportionately increased or decreased.

Eighth, the day to day clause in paragraph *tenth*, which makes it possible to terminate the contract at any time or at the moment the City acquires its own distributing system.

Ninth, the provisions in paragraph *fourth* that the City's revenue is based on the quantity of power actually delivered at consumer's meters and sold at the lawfully established rates. It is true that the energy delivered is measured at Newark, but there is subtracted from the measurement the known existing transmission and distribution losses between Newark and the consumers' meters in San Francisco which results in the City receiving revenue only for the energy that the company actually delivers to the consumer.

Tenth, the requirement that the company deliver energy to consumers of power in San Francisco. If the contract were a sale of the energy there could be no restriction upon its place of use. It would be the property of the company, and not the City. This limitation alone emphasizes the fact that the title to the energy does not pass to the company but passes from the City to the consumer, and the company is only the agent for delivery.

It is submitted that these characteristics, coupled with the temporary nature of the agreement, justify its approval just as similar characteristics justified the approval by the Supreme Court of California of the Los Angeles contract with the Southern California Edison Company.

V.

Temporary Character of Agreement.

The temporary character of the agreement is emphasized by the recital of facts in the preamble which show the declarations and bona fide efforts made and being made by the City looking toward the acquisition of a municipally owned distribution system. As soon as this can be acquired and connected with the present transmission line terminus at Newark, the present agreement can be cancelled upon one day's written notice to the Company and the City

will be able to distribute its own power. Clause *tenth* of the contract sets forth this condition very clearly. It is worth quoting here:

"It is expressly recognized that this contract is a temporary arrangement between the parties for distributing the energy output of the Moccasin Plant over and through the Company's lines and system during the period that must elapse before the City can construct or acquire a distribution system of its own.

"It is, therefore, agreed that the contract may be terminated at any time by either the City or the Company upon one day's previous notice in writing to the other."

VI.

Explanation of Method Employed in Arriving at Percentages Used in Contract, and Facts Justifying the Percentages Adopted.

Under the terms of paragraph "First" of the agreement, the City employs the Company, and the Company accepts employment as temporary distributor, for and on behalf of the City, of the electric energy to be generated at Moccasin power plant and transmitted to Newark by the City over its own transmission lines. The Company agrees to transmit and deliver to consumers' meters in San Francisco the energy so consigned to it at Newark, and to collect the revenue due from such consumers at the lawfully established rates which have heretofore been fixed for that purpose by order of the Railroad Commission of the State of California. The Company is required to account to the City for the revenues so collected, paying to the City its agreed proportion and share of such proceeds, and retaining for itself the proportion agreed upon as compensation for the services performed by the Company, and by way of a fair return on the properties of the Company devoted to this service.

The transmission and distribution losses being known, and it being impossible to tell which particular consumers in the City were using the City's energy, it became apparent that the only way to determine the revenue to be derived from the distribution and sale of a given quantity of City energy was to determine the average revenue paid to the Company by all classes of consumers in the City using energy from the Company. The total amount of energy delivered to consumers' meters in San Francisco by the Company in 1924 was known, as well as the total revenue received

from such consumers. A simple calculation showed that the average revenue received from these consumers of all classes amounted to 2.383 cents per kilowatt hour. So long as the present established rates for electric energy are maintained it is reasonable to suppose that the average revenue paid by the various classes of consumers will not differ materially from that realized in 1924.

Under the terms of this agreement the Company carries the City's energy directly to consumers' meters and the gross revenue received from such consumers is accounted for and then divided between the City and Company on the basis of 26.935 per cent thereof to the City and 73.065 per cent thereof to the Company. To determine the full share of the revenue collected due the City during any particular month, it is only necessary to make a simple calculation, taking 76 per cent of all energy consigned by the City to the Company at Newark and multiplying the resulting number of kilowatt hours by the average revenue received of 2.383 cents per kilowatt hour—26.935 per cent of the total revenue so determined will represent the City's share thereof.

A detailed study of a fair percentage of the gross revenue received from the distribution and sale of the City's electric energy to be retained by the Company as compensation for its services in distributing this energy through its system on behalf of the City, collecting the revenue therefor and furnishing the necessary steam standby and peak load requirements, was made at the request of the City Attorney by N. Randall Ellis, who for many years has been the City's chief valuation engineer in all proceedings or litigation affecting public utility rates in San Francisco. He made an analysis of costs to be incurred in realizing the revenue obtainable from the distribution and sale of the City's energy and submitted his report to the special committee of the Board of Supervisors, headed by the Mayor. He expressed these costs in percentages of gross revenue received from consumers of such energy, taking gross revenue at 100 per cent. In his analysis of costs he made the following segregation:

(a) *General Administration Expense*, including general capital charges, taxes, fire, casualty and uncollectible reserves;

(b) *Distribution Costs* from high tension side of Martin substation to

consumers' meters, including return on capital, depreciation, operating and maintenance expenses;

(c) *Stream Standby and Peak Load Expense*, including return on capital, depreciation, operating and maintenance;

(d) *Transmission Expense*, Newark to Martin substation.

He concluded that a percentage of gross revenue amounting to 73.3 per cent thereof would be a fair and reasonable percentage in view of all of the circumstances surrounding the situation, to cover the above costs and services to be rendered by the Company in distributing the City's power to the ultimate consumers thereof.

Certain persons opposing the execution of this agreement attempted to establish as a fact that the estimated revenue of two million dollars to be received by the City from the sale and distribution of its energy to consumers was less than the actual cost to the City of producing and transmitting such energy. N. A. Eckart, Chief Assistant City Engineer of San Francisco, prepared an analysis of this phase of the question which shows that those opposing the contract on this ground were in error. This analysis of the cost of power production at Moccasin power plant and delivery to Newark, in its essential features, shows the following:

Cost of Plant and Transmission Line

allowing fifty per cent of water development and general expense as charge against power development.

Proportion of mountain water development....\$ 9,495,000

Power development, including transmission line to Newark..... 7,548,000

Proportion of general expense, Mountain Division, including Hetch Hetchy Railroad..... 3,222,000

General system overhead 712,400

\$20,977,400

Credits 50 per cent salvage and revenue during construction..... 1,383,400

\$19,594,000

Interest during construction approx. 2,000,000

\$21,594,000

Total invested capital, say...\$21,600,000
Interest at 5 per cent (being average

rate paid by City on bonds) 1,080,000

Production Costs

460,000,000 kilowatt hours generated at Moccasin.

410,000,000 kilowatt hours delivered at Newark.

Interest at 5 per cent.....\$ 1,080,000

Operation payroll 60,000

Operation materials 40,000

Maintenance, insurance and depreciation 250,000

Administrative and miscellaneous 25,000

\$ 1,455,000

Gross revenue (estimated at round figures) \$ 2,000,000

Operating expenses and interest 1,455,000

Operating surplus applicable to bond redemption, extensions and betterments \$545,000

In connection with this analysis Mr. Eckart states that "the 50 per cent proportion of water development charges above made against power is purely arbitrary and may be taken as the maximum percentage which might be claimed to apply. The Hetch Hetchy project was conceived and bonds voted essentially for a water supply, the power is secondary and its development really incidental to the primary purpose. Considered in this light, in the other extreme, it might be claimed that no proportion of the water development expense should be charged against the power development. An analysis of the construction costs is now being made by a firm of expert accountants and in consultation with the Chief Engineer of the California State Railroad Commission a proper distribution of charges against the water and power features will be determined.

"With regard to the report of the City Engineer on the cost of power, under date of April 24, 1923, it is but fair to state that this report was made at a time when negotiations for the disposal of this power were

pending and the figures used were all what might be considered as being on the extreme upper end of the range.

"In the estimate above set up, there is used for labor the actual payroll charges for the organization which will operate the system. The other items follow closely the experience of the Pacific Gas and Electric Company in similar plants.

"Attention is called to the fact that in the figure of \$2,165,866 in the City Engineer's report of April 24, 1923, as the total of operating and fixed charges, there is included the item of \$450,000 for bond redemption as a fixed charge. '*Currently accepted practice of public cost accounting*' does not include bond redemption as a part of the '*actual total cost of providing and supplying said power*.' (Raker Act, Sec. 9m.) It is quite obvious that this should be so where adequate provision is made for maintenance and depreciation of the plant.

"In the light of the foregoing, it is quite evident that the revenue to be derived by the City through the disposal of the power, in the estimated amount of \$2,000,000 annually is in excess of the actual total cost of providing and supplying said power.

"It might be opportune to point out that the difference to the City between disposing of the power through and under the terms of the contract, or wasting the power, as would be the alternative, is approximately \$1,885,000 annually, as whether the plant is operated or not, the interest must be paid and the maintenance and depreciation charges would likewise almost wholly accrue as well as a considerable payroll for care of the system."

VII.

The City Recognizes all Raker Act Obligations for Power Deliveries.

Under Section 9(1) of the Raker Act, the City is required upon request to sell or supply to the Modesto and Turlock Irrigation districts and to municipalities within their borders, electric energy for irrigation and drainage pumping and for public municipal uses (not including sales to private persons or corporations), at such price as will actually reimburse the City for developing, maintaining and transmitting the energy thus sold.

The cost per unit to the irrigation districts would of course depend upon the load factor under which delivery is taken and in part upon the cost of reducing the voltage at point of delivery. In other words,

the irrigation districts, being situated about midway between the Moccasin power plant and the City of San Francisco, would have to take the energy from a high voltage transmission line designed to carry the energy to San Francisco. The cost to the districts of the City's energy taken in relatively small quantities from the main transmission line on the high side of transformers, plus the cost of stepping down the voltage to meet irrigation requirements, would, therefore, in all probability be much greater than the price that the districts would have to pay to existing private corporations owning low voltage transmission lines designed to serve that section of the State with electric energy derived from near-by sources. Furthermore, both the Modesto and Turlock districts have their own power development and in all probability would require the City's energy largely for standby service during peak periods of the irrigation season, and possibly for municipal purposes at such times as their storage reservoir may be depleted and their power house wholly or partially shut down. This would result in a very low load factor and would proportionately increase the unit cost of delivery, even if made on the high voltage side of the districts' transformers.

Notwithstanding this situation, the City publicly solicited offers for the purchase of its energy by irrigation districts and municipalities prior to entering into the present contract. Copies of the resolution soliciting offers were sent to the Modesto and Turlock Irrigation districts prior to entering into the contract, but no offers to purchase power were received from either district. One district stated that in omitting to make an offer it was not waiving its rights to buy in the future.

In addition to these precautionary measures looking to fulfilment of all its obligations to the districts under the Raker Act, the City inserted in the contract the following provisions:

In paragraph "FIRST," in the City's agreement to consign the entire output of the Moccasin plant to the Company for distribution there is excepted from such delivery "such portion thereof as may be reserved for City requirements as hereinafter provided". The Company agrees to accept such consignment, "excepting such portion as the City shall retain as above and hereinafter mentioned".

In paragraph "SECOND" it is

provided that the enrgy delivered from the Moccasin plant shall be "the entire output thereof, diminished only by transmission and other losses and by such amounts as the City shall require for its own use in the construction or operation of any portion of the Hetch Hetchy project, and also by such amounts, if any, as the City may be legally required to furnish to irrigation districts or municipalities under the terms of the Act of Congress, approved December 19, 1913, known as the Raker Act". We do not know what further step could have been taken under the circumstances to protect the City's obligations to irrigation districts under the Raker Act.

Conclusion.

In the foregoing analysis, the undersigned counsel have attempted to summarize the more important facts which led up to the execution of the agreement set forth in the appendix to this brief, as well as the purposes sought to be accomplished in carrying it out. We are mindful of the fact that there is no record of sworn testimony to substantiate our statements of fact, but in most cases they are referable to public records of the City of San Francisco and of the Railroad Commission of California. It has been our endeavor to compile them as carefully and accurately as possible. The importance of so doing cannot be underestimated, in view of the flood of misinformation and distorted facts that has been spread abroad with reference to San Francisco's rights and intentions.

Appended to the statement is a copy of the executed agreement in question. We have not termed the statement a brief because we are not here seeking a legal remedy. It is rather intended as a record of facts and what the undersigned counsel conceive to be the governing principles of law leading up to and affecting the contract involved. Due to the public nature of the question, it seems not improbable that from time to time complaints or inquiries may be filed with the Department of the Interior or Department of Justice, the correct determination of which may involve some reference to the facts of the situation with which San Francisco was confronted in entering into this contract. It is for the purpose of preserving a record of these facts, as orally outlined to the officers of the respective Departments by counsel for the City upon presenting this contract, that the foregoing state-

ment has been prepared and is hereby respectfully submitted.

JOHN J. DAILEY,

Special Assistant City Attorney,
City and County of San Francisco;

ROBERT M. SEARLS,

Special Counsel, Hetch Hetchy
Water Supply, Attorneys for the
City and County of San Francisco.

Dated, Washington, D. C., August

APPENDIX.

*Agreement Between the City and
County of San Francisco and Pa-
cific Gas and Electric Company.*

This agreement, made and entered into this first day of July, 1925, by and between the Board of Public Works of the City and County of San Francisco, acting for and on behalf of the City and County of San Francisco, a municipal corporation, hereinafter referred to as "City," under authority of the Board of Supervisors granted by Ordinance No. 6684 (New Series), the party of the first part, and Pacific Gas and Electric Company, a corporation, of San Francisco, California, hereinafter referred to as "Company," the party of the second part, witnesseth:

Whereas, the City has now completed the construction of the Moccasin power plant as a part of the development of the Hetch Hetchy Project, which plant has a rated capacity of 70,000 kilowatts and is capable of producing approximately 460,000,000 kilowatt hours of electric energy annually, and has also completed the building of a transmission line to the vicinity of Newark, in Alameda County, of sufficient capacity to transmit and deliver to that point approximately 420,000,000 kilowatt hours after allowance for transmission losses; and

Whereas, the City has not yet constructed or acquired a transmission line from the point near Newark to the city limits, and has not yet constructed or acquired a distribution system for utilizing the power produced at Moccasin plant and delivering the same for general municipal uses and for sale to consumers of electric energy within the limits of the City and County; and

Whereas, pursuant to resolutions of its Board of Supervisors looking to the acquisition of a municipally-owned electric distribution system, the City has commenced and there is now pending before the Railroad Commission of the State of California, proceedings for the determination by the Commission of the compensation to be paid by the City

for the local distribution systems and certain steam plants now owned and operated by the Pacific Gas and Electric Company and the Great Western Power Company of California, respectively, when the same shall be taken over by the City under eminent domain proceedings, or otherwise: and

Whereas, the City has not funds available at the present time with which to purchase or construct a distribution system of its own and it will be necessary to submit a proposition to the people to vote bonds to provide money for that purpose before a distribution system can be purchased or constructed, and the City cannot well determine whether to purchase one or both of the local distribution systems, or to construct a distribution system of its own until the Railroad Commission determines the amount of compensation to be paid by the City for the taking of either or both of said local distribution systems under the proceeding now pending before the Commission; and

Whereas, the City intends to complete its power transmission line from Newark to San Francisco and to acquire or construct a distribution system of its own; and

Whereas, the said Moccasin Power Plant is now in condition to operate at its full capacity of 70,000 kilowatts, and, unless some temporary arrangement is made between the City and the Company for the distribution to consumers of the electric energy which can be produced at said plant during the period that must elapse before the City can acquire, own and operate a distribution system of its own, there will be a great waste of said potential energy and a great loss of potential revenue to the City and its taxpayers; and

Whereas, the statistical and financial records kept by the City or the Company show the following, viz.:

1. That the total capacity and possible annual output of energy from the Moccasin plant will not be sufficient to supply all municipal requirements and the demand of consumers in the City and County for electric power and energy, although in hours and days of low energy requirement the capacity and output may be more than sufficient to supply said requirements and demands during said hours and days.

2. That the average transmission and distribution losses of energy from the Newark substation of the Company to the various consumers' meters in San Francisco is 24 per cent of all energy delivered into the system of the Company at Newark

for transmission and distribution to consumers in San Francisco.

3. That 2.383 cents is the average revenue per kilowatt hour received from all classes of consumers of the Company in San Francisco under existing rates based on the experience of the Company for the year 1924.

Now, therefore, in consideration of the premises and the mutual covenants and conditions herein contained, the parties hereto mutually covenant and agree as follows:

First: The City hereby employs the Company and the Company accepts employment as temporary distributor for and on behalf of the City, of the electric energy to be generated at Moccasin Power House and transmitted to Newark by the City over its own transmission lines. The City agrees to so maintain its Moccasin plant that it will, whenever necessary to do so, carry load up to its full capacity of 70,000 kilowatts, subject to limitations of its forebay storage and to accidents and unforeseen contingencies; and to deliver and consign the entire energy output of its said plant to the Company, save and except such portion thereof as may be reserved for City requirements as hereinafter provided. The Company agrees to accept such consignment of the entire energy output of Moccasin plant, less transmission losses and except such portion as the City shall retain as above and hereinafter mentioned delivered at not to exceed a 75 per cent monthly load factor, to make at its own expense the necessary physical connection of the City's transmission lines with its own system at Newark; to install all necessary equipment, facilities and proper meters for accurately measuring the amount of energy delivered; to transmit so much of said energy through its own system to San Francisco as may be required to light public streets and to meet other municipal needs for electric energy; to supply street railroads and other consumers of such energy in the City; to transform, convert, regulate, distribute and meter the energy sold; to furnish all necessary peak load and steam standby service and collect from consumers of such energy the charges therefor, which shall not exceed the lawfully established rates, and make accounting to the City as hereinafter in Paragraph Fifth provided.

Second: The City agrees that the energy consigned to the Company from the Moccasin plant shall be the entire output thereof, diminished only by transmission and

other losses and by such amounts as the City shall require for its own use in the construction or operation of any portion of the Hetch Hetchy Project, and also by such amounts, if any, as the City may be legally required to furnish to irrigation districts or municipalities under the terms of the act of Congress, approved December 19, 1913, known as the Raker Act. Failure or inability of the Company to take at Newark a part of the energy which the City is in a position to deliver to it under the terms of this agreement shall not constitute grounds for deduction in the amount of the revenue to be paid to the City had such energy been received by the Company and sold to consumers, it being understood, however, that the Company is not required to accept the output of the Moccasin plant at a monthly load factor in excess of 75 per cent.

Third: In order to arrive at the amount which should be realized by it for its Moccasin energy consigned by the City to the Company at Newark under the terms of this agreement for transmission and delivery to consumers, the City has assumed (and the Company, for the purposes of this agreement merely, has acquiesced in the assumption) that of the energy consigned and delivered to the Company at Newark and by the Company delivered to consumers in the City and County of San Francisco there would be transmission, substation and distribution losses amounting to 24 per cent of the energy thus consigned and delivered at Newark, and therefore 76 per cent of the energy consigned and delivered at Newark should be taken as the true measure of the amount possible of deliverance to consumers.

Fourth: In order to arrive at the amount which should be realized by it for its Moccasin energy consigned by the City to the Company at Newark under the terms of this agreement for transmission and delivery to consumers, the City has assumed (and the Company, for the purpose of this agreement merely, has acquiesced in the assumption) that inasmuch as in the year 1924, under existing rates, the average revenue received by the Company from consumers in San Francisco amounted to 2.383 cents per kilowatt hour, such average revenue should be applied to 76 per cent of the energy to be consigned and delivered by the City to the Company at Newark for the purposes in this contract declared.

Fifth: In order to arrive at the amount which should be realized by it for its Moccasin energy con-

signed and delivered by the City to the Company at Newark under the terms of this agreement for transmission and delivery to consumers, the City has assumed (and the Company, for the purposes of this agreement merely, has acquiesced in the assumption) that the City shall receive for the energy consigned and delivered by it to the Company at Newark 26.935 per cent of 2.383 cents per kilowatt hour for 76 per cent of the energy so consigned and delivered at Newark; and that the Company shall receive 73.065 per cent thereof.

It is agreed by the City and the Company that the Company shall account for and pay over to the City for the energy so consigned and delivered to it by the City at Newark for transmission and distribution to consumers as provided in this contract 26.935 per cent of 2.383 cents per kilowatt hour for 76 per cent of the energy so consigned and delivered by the City to it at Newark, and the Company shall retain the aforementioned 73.065 per cent as its compensation for services rendered under this contract.

Sixth: The City shall not be obliged to deliver energy into the system of the Company at Newark, nor shall the Company be obligated to receive such energy at such time as either shall be prevented from doing so on account of accidents, acts of God or fire, making it physically impossible to so deliver or receive energy, or on account of strikes, riots, war, or any other cause beyond reasonable power of control of either party. In the event of inability on the part of the City to deliver the said energy at Newark, or inability on the part of the Company to receive the energy at Newark, arising from any of the causes in this paragraph specified, the party so prevented from making such delivery of energy or receiving such energy shall proceed at all possible speed to take the necessary action to enable it to comply with its covenants herein contained.

Seventh: The net proceeds due the City, namely 26.935 per cent of 2.383 cents per kilowatt hour for 76 per cent of the energy so consigned and delivered at Newark by it to the Company, shall be paid into the Treasury of the City and County of San Francisco by the Company in monthly installments and not later than the 15th day of each month after operation under this agreement commences. The amount of such payment shall be based upon the amount of energy actually delivered into the

system of the Company at Newark during the preceding month. In the event of the refusal, failure or inability of the Company to take the available output of the Moccasin plant deliverable at Newark in accordance with the terms of this agreement, then the amount of energy which the City could have delivered shall be the basis of computing such monthly payment. The method for determining this amount shall be covered in the memorandum of technical specifications, details and conditions hereinafter provided for.

Eighth: Should the present established rates for the sale of electric energy in San Francisco be hereafter increased or decreased by lawful authority, then the amount to be retained by the Company and the amount to be paid to the City under the terms of this agreement shall be proportionately increased or decreased.

Ninth: Neither this contract nor anything contained herein, nor the prices, rates or charges fixed herein, shall ever be offered or in any manner used as evidence by either said City and County or said Company or any successor in interest of either of them in any court or before any commission or official of the State of California or of the United States of America in any action or proceeding in which said City or any successor in interest shall be a party adversary to said Company, or any successor in interest, other than an action or proceeding between the parties hereto, or their respective successors in interest, or one of said parties and a successor in interest of the other, commenced and prosecuted for the purpose of obtaining a judicial or official interpretation or determination of the legality of this contract or of any provision thereof or for the purpose of enforcing its performance, or recovering damages for its non-performance.

Tenth: It is expressly recognized that this contract is a temporary arrangement between the parties for distributing the energy output of the Moccasin plant over and through the Company's lines and system during the period that must elapse before the City can construct or acquire a distribution system of its own.

It is therefore agreed that the contract may be terminated at any time by either the City or the Company upon one day's previous notice in writing to the other.

Eleventh: It is further understood and agreed that this con-

tract is subject to immediate cancellation upon request or demand of the Secretary of the Interior of the United States, should he hold that in his opinion the agreement violates any provisions of the laws of the United States in general, or the Raker Act in particular.

Twelfth: All of the electric energy to be delivered and received pursuant to the provisions of this contract shall be three phase, 60 cycle, alternating current. The electromotive force of such energy at the point of delivery shall be approximately 105,000 volts, slight variation in voltage and frequency to be permitted.

Thirteenth: The Company shall inspect, test and keep in proper repair all meters and accessories at Newark which will be used for measuring the amount of electric energy consigned to the Company under this contract. The said meters shall be kept under joint seals of the City and Company which shall not be broken except in the presence of authorized representatives of both parties. Either party shall have the right at any time to request an inspection or test, and if found necessary, proper adjustment of such meters in the presence of a representative of the other party appointed for that purpose. When such inspection or test is desired, sufficient notice shall be given by the party desiring the test, to permit of the other party having its representative present. The registration of the meters shall be used as the basis of determining the amount of energy consigned hereunder, unless, upon being tested, the meters shall be found to register inaccurately and such inaccuracy shall exceed two per cent (2%). Where the inaccuracy is more than two per cent (2%), but the actual inaccuracy can be approximately determined, the readings of such meters shall be corrected and such corrected reading shall be used as a basis for determining the amount of energy delivered. Where the registry of the meters cannot be so properly corrected, the amount of energy delivered during such period of inaccurate registry shall be estimated by the engineers for the parties hereto from the average daily plant output of energy during such period, and from any other available and pertinent data.

Fourteenth: Technical specifications, details and conditions as to the construction of the interconnecting lines and switching apparatus at Newark, and as to the

maintenance, repair and operation of the power generating plant and transmission system of the City shall be agreed upon by the City Engineer of San Francisco and the Vice-President in charge of electrical construction and operation of the Company, and a memorandum of such agreed specifications and operating details shall be filed with and become part of this agreement; provided, that if any changes in said technical specifications or operating details may from time to time become necessary or advisable in the opinion of both of said parties, supplemental memoranda of the same shall be filed, and become part hereof without affecting the remaining terms of the agreement.

Fifteenth: The recitals hereinabove contained commencing with the words "Whereas, the City has now completed the construction of the Moccasin power plant," and ending with the words "a great loss of potential revenue to the City and its taxpayers; and" are statements made by the City of its purposes and intentions and concerning other matters contained in said recitals. Said recitals are not and no one of them is made by or on behalf of the Company. None of said recitals shall be binding on either of the parties to this agreement in any dispute, controversy or question which may ever hereafter arise in which the same might otherwise be relevant or pertinent.

In witness whereof, the Board of Public Works has caused these presents to be duly executed and signed by its members, and the Company has caused these presents to be executed by its officers first thereunto duly authorized by resolution of its Board of Directors, a copy of which is hereunto annexed, the day and year first above written.

HEARING—2 P. M.

No objection being offered, the following bill was *passed for printing*:

Bill No. 7251, Ordinance No. — (New Series), as follows:

Establishing set-back lines along portions of Presidio avenue, Funston avenue, San Miguel street and Seventeenth avenue.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that on the 18th day of August, 1925, the Board of Supervisors adopted Resolution of Intention No. 99, to establish set-back lines along Presidio avenue, Funston avenue, San Miguel street and Seventeenth avenue, and fixed the 14th day of September, 1925, at 2 o'clock p. m., at the chambers of the Board of Supervisors, as the time and place for hearing objections thereto; that thereafter and more than ten days prior to said hearing the said resolution was published and notices of the passage of said resolution were posted along the line of said streets, in time, form and manner required by Ordinance No. 5636 (New Series); that said hearing was held at the time and place aforesaid, and that all objections made at said hearing have been properly overruled.

Section 2. Pursuant to the foregoing recitals, and in accordance with the provisions of said Ordinance No. 5636 (New Series), set-back lines are hereby established as follows:

Along the westerly side of Presidio avenue between Washington street and Jackson street, said set-back line to be 4 feet.

Along the westerly side of Funston avenue between Kirkham street and Lurline street, said set-back line to be 5 feet.

Along the northwesterly side of San Miguel street, commencing at Mt. Vernon avenue and running thence northeasterly 320 feet, said set-back line to be 15 feet; along the southeasterly side of San Miguel street between Mt. Vernon avenue and Niagara avenue, said set-back line to be 17½ feet.

Along the westerly side of Seventeenth avenue, commencing at a point 100 feet northerly from Taraval street and running thence northerly 25 feet, said set-back line to be 6 feet; thence northerly 25 feet, said set-back line to be 9 feet; thence northerly 25 feet, said set-back line to be 12 feet; thence northerly to the southerly line of

Santiago street, said set-back line to be 15 feet.

As shown on the maps filed in the office of the Board of Supervisors and to which reference is hereby made for further particulars.

Section 3. No structures shall be erected in the area between said set-back lines and the street lines, except as provided in said Ordinance No. 5636 (New Series), and the penalties for the violation of this ordinance shall be as fixed by the ordinance aforesaid.

PRESENTATION OF PROPOSALS.

Bakery Equipment.

Proposals were received between the hours of 2 and 3 p. m. this day for furnishing bakery equipment and referred to the *Supplies Committee*.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were read and ordered filed:

Relative to San Francisco's Obligation to Construct Certain Roads in Yosemite National Park.

The following was read by the Clerk:

Department of the Interior, National Park Service, Yosemite National Park, California—Office of the Superintendent.

September 12, 1925.

To the Honorable Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco, California.
Gentlemen:

I had the recent pleasure of a conference with Supervisors McLeran and Shannon on certain phases of the Hetch Hetchy Water Power Act, particularly relative to the obligation of the City and County of San Francisco as regards the construction of certain roads and trails in Yosemite National Park as provided in that grant.

The National Park Service has in mind a construction program it will formally submit to the City and County of San Francisco in due course, but before doing so it occurs to me that it might be worth while

for me to discuss the matter before the Board. I advise you, therefore, that I will be available to speak before the Board at its meeting on Monday, September 14th on these phases of the Hetch Hetchy situation, as they apply to the Park, if the Board so desires.

Cordially yours,

(Signed)

STEPHEN T. MATHER,
Director National Park Service.

Privilege of the Floor.

Stephen T. Mather, Director of National Park Service, was granted the privilege of the floor and addressed the Board. He declared that the resurfacing and widening of the road from Mather to the Damsite was estimated to cost \$270,000. He hoped that San Francisco would see its way clear to do that work at once so that road would be ready for tourist traffic this season. He said that \$1,500,000 had been granted by Congress for road construction in Yosemite National Park this year, and he hoped that San Francisco would see the importance of co-operating in doing its part as required under the Raker Act, and predicted that it would redound greatly to this city and Northern California if these highways over the summit were constructed as soon as possible. He urged an appropriation of \$25,000 at this time for a survey.

Superintendent Lewis, of Yosemite National Park, also addressed the Board. He declared that the proposed road from Hog Ranch to Harding Lake would cost approximately \$700,000, the trail for the north side of Hetch Hetchy \$40,000 and the road from the Damsite to Lake Eleanor \$500,000.

Whereupon, the foregoing matter was referred to the *Public Utilities Committee*.

Meeting Announcement, Judiciary Committee. Charter Amendments.

Supervisor Colman, for Supervisor Bath, announced a meeting of the Judiciary Committee for Wednesday, September 16, 1925, at 10 a. m., to consider proposed Charter amendment relative to Municipal Courts to be put on the ballot for next election.

Walker Collection, California Palace of the Legion of Honor.

Supervisor McLeran declared that during Jubilee Week 150,000 to 200,000 people had visited the California Palace of the Legion of Honor and viewed the wonderful collection of works of arts of Mr. Walker of Detroit. He moved that a vote of

thanks be extended to Mr. Walker who had loaned the collection.

Motion carried.

Supervisor McGregor declared that he believed that if the proper representations were made, Mr. Walker would give the collection to San Francisco. He declared that it had been offered to Detroit but that that city had refused to provide a suitable building for the collection.

Twin Peaks Park.

Supervisor McLeran asked the Parks and Playgrounds Committee to look into the matter of beautifying the land owned by the City on the top of Twin Peaks and make it into an attractive park.

So ordered.

Also, Resolution No. — (New Series), as follows:

Resolved, That the sum of \$5,000 be and the same is hereby set aside and appropriated out of "\$100,000 War Memorial Fund," per Resolution No. 22724 (New Series), and authorized in payment to California Pacific Title Insurance Company for C. H. Kaul; being payment for lands required for War Memorial purposes; said lands being situate on the northerly line of Grove street beginning 110 feet easterly from the northeasterly corner of Grove and Franklin streets, and running thence easterly along the northerly line of Grove street 27 feet and 6 inches; thence at a right angle northerly 69 feet and 9 inches; thence at a right angle westerly 27 feet and 6 inches, and thence at a right angle southerly 68 feet and 9 inches to the point of beginning. Being a portion of Western Addition Block No. 75.

Accepting Offer of C. H. Kaul to Sell Land on Grove Street for War Memorial Purposes.

Supervisor McLeran presented: Resolution No. 24486 (New Series), as follows:

Whereas, an offer has been received from C. H. Kaul to convey to the City and County of San Francisco certain land, situate on the northerly line of Grove street, distant thereon 110 feet easterly from the northeasterly corner of Grove and Franklin streets, of dimensions 27 feet 6 inches by 68 feet 9 inches, required for War Memorial pur-

poses, in accordance with the provisions set forth in Resolution No. 22724 (New Series), approved August 6, 1924.

Whereas, the price at which said parcel of land is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all encumbrances, for the sum of \$5,000, be and the same is hereby accepted, the said land being described as follows, to-wit:

Beginning at a point on the northerly line of Grove street, distant thereon 110 feet easterly from the northeasterly corner of Grove and Franklin streets, and running thence easterly along the northerly line of Grove street 27 feet and 6 inches; thence at a right angle northerly 68 feet and 9 inches; thence at a right angle westerly 27 feet and 6 inches, and thence at a right angle southerly 68 feet and 9 inches to the point of beginning. Being portion of Western Addition Block No. 75.

The City Attorney is hereby directed to examine the title to said land, and if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Wetmore — 16.

Absent — Supervisors Bath, Welch — 2.

Accepting Offer of R. J. Jileck et al. to Sell Land Required for Widening Roosevelt Way.

Supervisor McLeran presented: Resolution No. 24487 (New Series), as follows:

Whereas, the owners of the following described land, sought to be acquired by the City and County of San Francisco for the opening and widening of Roosevelt way, have offered to convey the property de-

sired by the City and County of San Francisco for the sum set forth opposite their names, viz.:

Richard J. Jileck and Lillie Jileck, \$3,500—Beginning at a point on the easterly line of Park Hill avenue, distant thereon 75 feet northerly from the northerly line of Fifteenth street, and running thence northerly 25 feet along the easterly line of Park Hill avenue; thence at right angles easterly 64 feet; thence at right angles southerly 10.89 feet; thence deflecting 56 degrees 58 minutes 27 seconds to the right and running southwesterly 25.89 feet; thence deflecting 33 degrees 01 minutes 33 seconds to the right and running westerly 42.29 feet to the easterly line of Park Hill avenue and the point of beginning.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the property owned by said persons and offered to the City and County of San Francisco for the sum set forth, which said price is in accordance with the City's appraisalment of the property; now, therefore, be it

Resolved, That the said offer of sale be accepted and the City Attorney is hereby authorized and directed to examine the title of said property, and if the same is found in satisfactory condition, to accept in behalf of the City and County of San Francisco a deed conveying title thereto, and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco, upon payment of the agreed purchase price.

The following bill was ordered *recommitted to the Police Committee*:

Auctioneers' Ordinance.

Bill No. —, Ordinance No. — (New Series), as follows:

Regulating the calling of auctioneers and sale of property by auction and prescribing a penalty for a violation thereof, and repealing Ordinance No. 2366 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A "public auction room" is hereby defined to be the premises designated in the application filed with the Board of Police Commissioners by any person desiring to engage in the calling of auctioneer when and after said permit has been granted by the Board, and during the time said premises are used for conducting legal auction sales therein.

Section 2. It shall be unlawful for any person, firm or corporation to sell, offer for sale or expose for sale by public auction, any real or personal property at any place other than in a public auction room, except as hereinafter provided.

Section 3. The provisions of Section 2 shall not apply to household furniture, vehicles, automobiles, machinery, livestock and such bulky articles as have been usually sold in warehouses or in the public streets or on the wharves.

Section 4. The provisions of Section 2 shall not apply to any bona fide sale of a stock of merchandise by public auction where the owner thereof or the creditors of the owner are engaged in the legitimate closing out of any such stock and such sale is held upon the premises where the business of the owner had been carried on for not less than one year immediately preceding; provided, however, that no public auction conducted under the provisions of this section shall continue for a period longer than thirty days at any one time.

Section 5. In all cases where a public auction sale is held under the provisions of Section 4, the owner or the creditors of the owner must take an inventory of the stock of merchandise on the premises which is to be sold at said public auction and must submit said inventory to the Chief of Police at least twenty-four hours prior to the commencement of the auction sale. The inventory required by this section must show each item of merchandise contained in the stock to be offered for sale in the premises by public auction, and the said owner or creditor of the owner must take and subscribe an oath, to be attached to the inventory, that the said inventory contains a true and itemized account of all the property to be sold at said public auction, and that the same is a bona fide closing out sale of said stock. No property or merchandise shall be sold under the provisions of Section 4 except those itemized and shown in the inventory provided for herein.

Section 6. During the pendency of auction sales held under the provisions of Section 4, the auctioneer engaged in the public auction sale must, at the end of each and every twenty-four hours, forward to the Chief of Police, by mail or otherwise, an itemized account of all sales made by him during said twenty-four hour periods. This itemized statement shall be sub-

scribed by the auctioneer conducting the sale, and any false or fraudulent itemized statement submitted by said auctioneer to the Chief of Police shall be deemed sufficient cause for the suspension or revocation of his permit from the Board of Police Commissioners.

Section 7. The provisions of Section 2 shall not apply to any sale made under the direction of any court or pursuant to any law.

Section 8. The Chief of Police may give special permit to any regularly licensed auctioneer to conduct sales of pictures, paintings and furniture and books or bric-a-brac at a place other than at such public auction room.

Section 9. It shall be unlawful for any person to engage in the calling of an auctioneer, or to conduct a public auction room without first having obtained a permit from the Board of Police Commissioners and without having first filed a bond and paid the license fee provided for in this or other ordinances.

Section 10. Application for such permit from the Board of Police Commissioners shall be made in writing by the person desiring the same and shall contain a description of the premises sought to be used as public auction room. A notice, printed in conspicuous type, signed by the Secretary of the Board of Police Commissioners, stating that application has been made for such permit, and stating the date when such application would be heard by the said Board, shall be conspicuously posted on the premises described in the application for at least ten days prior to the date of such hearing.

Section 11. At the hearing of such application any person may object to the granting of such permit and may be heard in respect thereto.

Section 12. The Board of Police Commissioners may grant the permit applied for or may, in the exercise of a sound and reasonable discretion when the public interest may so require, deny the same. Such permit shall authorize the holding of auction sales only at the premises described therein.

Section 13. Any permit granted under this ordinance may be suspended or revoked by the Board of Police Commissioners when it shall appear to said Board that the business or calling of the person to whom such permit was granted is conducted in a disorderly or improper manner or in violation of any law of this State or ordinance of this City and County, or that the

place where such business or calling is being conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling. Complaints to revoke permits granted by the Board must be in writing, signed by the person making the same, and filed with the Secretary of the Board, and a copy thereof, certified by the Secretary, must be served upon the party complained against or upon the person in charge of the said place of business at least five days before the time set for the hearing of the complaint. Upon the revocation of the permit the license issued thereon shall immediately terminate or be suspended during such time as said Board shall determine.

Section 14. No auctioneer must have at one time more than one place for holding auction.

Section 15. All sales of goods, wares or merchandise by public auction must be made between the hours of 7 a. m. and 7 p. m., and no such sales can be made on Sundays or legal holidays.

Section 16. It shall be unlawful to ring any bell or sound any other loud or noisy instrument for the purpose of attracting attention to any public sale.

Section 17. The bond referred to in Section 9 must be conditioned to be paid to the people of the State of California, with one or more sureties, in the sum of five thousand dollars, and approved by a judge of the Superior Court, and must be filed in the office of the County Clerk. For every violation of this ordinance, or of his duty as an auctioneer, in addition to the criminal penalty the auctioneer shall forfeit two hundred and fifty dollars, recoverable on his bond.

Section 18. Every auctioneer, in case of inability to attend any auction by reason of sickness or the performance of any duty imposed upon him by law, or during a temporary absence from the City and County, may employ a copartner or clerk to hold such auction in his name and behalf, such partner or employee to take and file with the Chief of Police an affidavit to faithfully perform the duties of auctioneer and to be approved by the Chief of Police; but any auctioneer may employ a crier at any sale and he shall be responsible for the acts of his partner, employee or crier, upon his bond. Where a crier is employed, however, the auctioneer employing him must be present in person during all auction sales. No auctioneer shall transfer or loan his license or permit it to be used

by any other person or persons except as in this section set forth.

Section 19. Each auctioneer must keep a book in which he must enter all sales, the amount paid and the date of each sale, which book must be open at all times for the inspection of the Police Department and of any person interested therein.

Section 20. Every auctioneer must, under his own name, give previous notice in one or more daily newspapers of general circulation in the City and County of San Francisco, of every auction sale to be made by him. Such notice must be inserted in the regular auction columns of such paper or papers and must be continued from day to day during any such sale, and in the case the auctioneer is connected with any person or firm, his name must in all cases precede, separately and individually, the name of such person or the title of the firm.

Section 21. No auctioneer must demand or receive a higher compensation for his services than a commission of ten per cent on the amount of any sales (said ten per cent to include all expenses of sale), public or private, made by him, unless by virtue of a previous agreement in writing between him and the owner or consignee. Every auctioneer who violates this section must refund the excess of charge and forfeit to the party aggrieved two hundred and fifty dollars in addition to the criminal penalty herein provided.

Section 22. It shall be unlawful for any person, firm or corporation, other than a licensed auctioneer, to hold, conduct, carry on or maintain any auction room or place for holding public auction sales, or to advertise or hold himself out to the public as an auctioneer, or to conduct, carry on or maintain any sale of goods by public auction; and it shall be unlawful to maintain, conduct or carry on any mock auction.

Section 23. Any auctioneer as defined and covered by this ordinance, or any person, firm or corporation owning or conducting a public auction room, who purchases or buys for or on his or its own account, new or second-hand merchandise, and who sells the same or offers for sale the same at either public auction or private sale, must, in all notices or advertising of any auction sale, or of any private sale, which may be either published, printed or distributed, and, likewise, prior to the commencement of any auction sale, or likewise prior to making any private sale, clearly and distinctly state and de-

clare that the property so being sold or offered or advertised for sale belongs to and is the property of such auctioneer.

Section 24. Anyone aggrieved or damaged by any act of an auctioneer in violation of or contrary to the provisions of this ordinance, has an action against him and his bondsmen on his official bond therefor.

Section 25. The provisions of this ordinance shall not apply to any auction held for charitable or benevolent purposes or at any church fair, festival or bazaar; but the same shall be made applicable to all sales of public and unclaimed property.

Section 26. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or invalid, such decision shall not affect the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional or invalid.

Section 27. All ordinances in so far as they conflict with the provisions of this ordinance, and especially Ordinance 2366 (New Series), are hereby repealed.

Section 28. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment, and each day that any of the provisions of this ordinance is violated shall constitute and be a separate offense punishable as in this ordinance provided.

Section 29. This ordinance shall take effect immediately.

SPECIAL ORDER, 3 P. M.

The following matter, laid over from last meeting, was taken up:

Regulating Use of Aisles, Etc., in Theaters.

Bill No. 7254, Ordinance No. — (New Series), as follows:

Regulating the use of aisles, passageways and stairways, and prohibiting the obstruction of all passageways in theaters, operahouses and places of public assemblage, and providing for a fire detail to enforce laws and ordinances providing for public safety

and providing a penalty for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any owner, lessee, manager, or other person, firm or corporation having charge or control of any theatre, public hall, concert hall, or other place of public assemblage to obstruct or cause or permit to be obstructed, or to permit any person or persons, with the exception of ushers and other necessary attendants, to sit or remain standing in any entrance, exit, aisle, stairway, lobby, foyer, exit court or passageway, or any other floor space thereof not occupied by fixed seats legally permissible, during any performance, exhibition, lecture, entertainment or public assemblage therein.

Section 2. The Chief Engineer of the Fire Department shall detail one or more experienced members of the Fire Department for service in buildings and structures of the kind and description specified in Section One hereof, as he may deem necessary or proper in the interest of the public safety, to be present in such building or structure during the progress of any performance, exhibition, lecture, entertainment or public assemblage therein.

Section 3. The members of the Fire Department so detailed shall report immediately any violation of this ordinance or any violation of any other law or ordinance pertaining to the extinction of fires or public safety to the Police Department, which shall forthwith cause said laws or ordinances to be enforced.

Section 4. All ordinances or parts of ordinances in conflict with this ordinance, or any part thereof, are hereby repealed.

Section 5. Any person or persons, firm or corporation who shall violate any law or ordinance providing for the prevention or extinction of fire or for the safety of the public in buildings or structures of the kind and description in Section One hereof specified, or who shall interfere with any member of the Fire Department in the discharge of his duties as herein prescribed, shall be guilty of a misdemeanor and shall be punished by fine not to exceed the sum of Five Hundred Dollars (\$500) or by imprisonment in the County Jail not exceeding six months, or by both such fine and imprisonment.

Section 6. This ordinance shall take effect and be in force immediately.

**Communication From City Attorney
on Theater Ordinance.**

September 14, 1925.

Board of Supervisors, City Hall,
San Francisco.

Members: The accompanying proposed ordinance is sent to you in pursuance of your request that this office should revise the ordinance already before you on the recommendation of the Public Buildings Committee. I desire it to be understood that it is no part of my duty to suggest the policy of legislation but simply to pass on the legality of any ordinance proposed by your honorable body. Certain objections to the ordinance as originally proposed were raised and your Committee has recommended changes which I have endeavored to incorporate into a new ordinance. It is understood that the ordinance as now proposed expresses the ideas of your Committee expressed in legal language. The matter of its passage is entirely for the Board to determine.

Yours truly,

(Signed) GEORGE LULL.

City Attorney.

City Attorney's Draft of Ordinance.

Bill No. —, Ordinance No. —
(New Series), as follows:

Regulating the use of aisles, passageways, lobbies, foyers and stairways, and prohibiting the obstruction of all passageways in theaters, opera houses and places of public assemblage, and providing for a fire detail to enforce laws and ordinances providing for public safety, and providing a penalty for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any owner, lessee, manager, or other person, firm or corporation, having charge or control of any theater, public hall, concert hall, or other place of public assemblage, to obstruct or cause or permit to be obstructed, or to permit any person or persons, with the exception of ushers and other necessary attendants, to sit or remain standing in any entrance, exit, aisle, stairway, entrance lobby, inner lobby, foyer, exit, court or passageway, or any other floor space thereof not occupied by fixed seats legally permissible during any performance, exhibition, lecture, entertainment or public assemblage therein. Provided, however, that during such

performances the owner, manager, lessee or other person operating any such theater, public hall, concert hall, or other place of public assemblage may allow persons to sit or stand in any such entrance lobby, inner lobby, foyer, or exit court in such numbers as shall not occupy more than — per cent of the total floor space of said entrance lobby, inner lobby, foyer or exit court; and provided further that clear passageways be always maintained free from any obstruction from the exits of the main auditorium or gallery of such theater, public hall, concert hall, or other place of public assemblage to the street exits of such places of public assemblage.

Section 2. For the purpose of determining the number of persons who may be permitted to sit or stand in any entrance lobby, inner lobby, foyer or exit court of any theater, public hall, concert hall, or other place of public assemblage under the provisions of Section 1 of this ordinance, an allowance of not less than — square feet shall be made for each person sitting or standing therein.

Section 3. The Board of Fire Commissioners shall detail one or more experienced members of the Fire Department for service in buildings and structures of the kind and description specified in Section 1 hereof, as they may deem necessary or proper in the interest of the public safety, to be present in such building or structure during the progress of any performance, exhibition, lecture, entertainment or public assemblage therein.

Section 4. The members of the Fire Department so detailed shall report immediately any violation of this ordinance or any violation of any other law or ordinance pertaining to the extinction of fires or public safety to the Police Department, which shall forthwith cause said laws or ordinances to be enforced.

Section 5. All ordinances or parts of ordinances in conflict with this ordinance or any part thereof are hereby repealed.

Section 6. Any person or persons, firm or corporation who shall violate any of the provisions of this ordinance, or who shall interfere with any member of the Fire Department in the discharge of his duties as herein prescribed, shall be guilty of a misdemeanor and shall be punished by fine not to exceed the sum of five hundred dollars (\$500) or by imprisonment in the County Jail not exceeding six

months, or by both such fine and imprisonment.

Section 7. This ordinance shall take effect and be in force immediately.

Privilege of the Floor.

Mr. Flood, representing various organizations, was granted the privilege of the floor and favored the passage of the ordinance originally submitted.

Isadore Golden favored a less drastic ordinance, one that would permit standing to some extent in the lobbies and foyers.

Mrs. Rothwell, representing a Special Committee of the San Francisco Congress of Mothers and Parent Teachers' Association interested in child welfare, also addressed the Board in favor of the ordinance originally presented.

Supervisor McSheehy moved that copies of the last Grand Jury ordinance be sent to the members and that the subject matter lay over one week and made a Special Order of Business for 3 p. m.

Supervisor Wetmore moved as an amendment that the City Attorney's ordinance be referred to the Public Buildings Committee and made a Special Order for 3 p. m. in the Board next Monday.

Amendment carried.

(*Supervisor Wetmore announced that the Public Buildings Committee would meet Thursday at 2 p. m.*)

Supervisor Schmitz moved that the City Attorney prepare an ordinance for placing firemen in theaters and have it here next Monday.

So ordered.

Recommended.

The following bill was recommended to the Streets Committee:

Ordering Street Work.

On motion of Supervisor Harrelson:

Bill No. 7255, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Closing and Abandoning Portion of Oloran Avenue.

Supervisor Harrelson presented:

Resolution No. 24502 (New Series), as follows:

Closing and abandoning a portion of Oloran avenue as hereinafter described.

Whereas, this Board has, by Resolution No. 24296 (New Series), declared its intention to close and abandon a portion of Oloran avenue, situated in the City and County of San Francisco, and hereinafter more particularly described; and

Whereas, proper notice of said resolution of said proposed closing and abandonment of a portion of Oloran avenue was duly given by the Board of Public Works of said City and County by publication and posting in the manner provided by Section 3, Chapter 3, Article 6 of the Charter of the City and County; and

Whereas, more than ten days have elapsed after the expiration of the time of publication of said notice; and

Whereas, no objection or objections to the said closing and aban-

donment of said portion of said Oloran avenue was or were made or delivered to the Clerk of this Board within said period of ten days or at all; and

Whereas, it is the opinion of this Board that the public interests and convenience will be conserved by the closing and abandonment of said portion of Oloran avenue; and

Whereas, in and by said Resolution No. 24296 (New Series), this Board did declare that the damages, costs and expenses of closing said street are nominal, and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said street shall be paid out of the revenues of the City and County of San Francisco; and

Whereas, the said work is for closing a portion of said Oloran avenue, and it appears to this Board that no assessment is necessary; now, therefore, be it

Resolved, That said closing and abandonment of a portion of said Oloran avenue be and the same is hereby ordered, and that the said portion of Oloran avenue be and the same is hereby closed and abandoned as a public street.

The said portion of Oloran avenue hereinabove referred to is more particularly bounded and described as follows, to-wit:

All of Oloran avenue lying between Paulding street and Santa Rosa avenue (formerly Jarnac street) as shown on Map of Belle Roche City, recorded on pages 70 and 71 of Map Book "G", records of the City and County of San Francisco. Be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco; and the Clerk of this Board is hereby directed to advertise this resolution in the Bulletin, as required by law.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Wetmore—16.

Absent—Supervisors Bath, Welch—2.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Loss of Revenue from Garage License Repeal.

The following was presented and read by the Clerk:

Communication, from John J. Lenahan, Superintendent of the License Department, advising that the proposed amendment to the automobile license laws means practically a cut of 15 per cent of license revenue down the line and that its general effect is to open the door of wholesale demands in every direction for license reductions. The present amendment represents a loss of approximately \$36,089.90.

Communication, from the San Francisco Bureau of Governmental Research, requesting that the four garage license ordinances passed to print other lines of business paying licenses into the public treasury be considered in order that there may be a more equitable distribution of the burden.

Masquerade Ball Application.

Petition of S. L. Mash, president of the Samuel M. Shortridge Non-

Partisan League, Fourth and Mission streets, to hold a Halloween masquerade ball at the Knights of Columbus Hall, 150 Golden Gate avenue, on the evening of October 31 and the morning of November 1, 1925.

Referred to Police Committee.

Letter of Appreciation.

Communication, from State Agricultural Society, expressing its appreciation of the exhibit furnished by San Francisco at the California State Fair in Sacramento this year. Also commending Leo Glick for his efforts as the representative of San Francisco.

San Francisco Automobile Trade Association Recommending License Reduction.

The following was presented and read by the Clerk:

Communication, from the San Francisco Automobile Trade Association, inclosing petition and analysis of the San Francisco automobile trade industry in justification of their plea for a 15 per cent reduction of the City license tax affecting the automobile industry.

Leave of Absence, Hon. T. A. Reardon.

The following was presented and read by the Clerk:

Amendment Offered by Supervisor McSheehy.

Supervisor McSheehy presented the following proposed amendment to the Tax Levy and moved its adoption:

September 21, 1925.

As a member of the Board of Supervisors of the City and County of San Francisco, I submit the following amendment to the tax rate of \$4.13 as presented by the Finance Committee on August 31, 1925, and passed to print September 8, 1925.

On May 21, 1925, a budget of 1088 items was passed, calling for an expenditure of \$35,060,509, an increase of \$7,875,173 over last year. On this same day I submitted an amendment to the budget, calling for a reduction of nineteen items, amounting to \$2,007,658, a cut of 31 cents in the tax rate. This amount to be reflected in the itemization as submitted by the Finance Committee, to wit:

General Fund cut.....\$0.185
Special Tax School Buildings. 0.125

These items, together with the 7 cents that the Finance Committee underestimated, the tax roll and revenues from other sources, will total a cut of 38 cents in the tax rate, making a tax rate of \$3.75. These cuts can be made without impairing the efficiency of this City government in any manner or form.

JAS. B. MCSHEEHY,

Supervisor.

Ruling of the Chair.

The Chair (Supervisor McLeran) ruled that any amendment to the Tax Rate at this time is out of order, but that the amendment could be filed and made a part of the record.

Supervisor McSheehy appealed from the decision of the Chair.

Supervisor Shannon asked that City Attorney Lull be sent for. The Sergeant at Arms reported that Mr. Lull was not in his office.

Maurice Dooling, Assistant District Attorney, was thereupon called upon to advise the Board as to the question raised. He advised the Board that no amendments could be made at this time, as the Charter provides that the Tax Levy must be made on or before the third Monday in September, and, in his opinion, the levy is not made nor can it be said to be effective until it has been passed by the Board, advertised the required number of days and then finally passed by the Board.

He also informed them that it would require fifteen votes to pass the tax rate.

City Attorney's Opinion Read.

Thereupon, on motion of Super-

visor Shannon, the City Attorney's opinion heretofore at a previous meeting presented to the Board was again read by the Clerk.

Whereupon, Supervisor Hayden, being called to the chair, put the question:

"Shall the decision of the Chair stand as the decision of the Board of Supervisors?"

Chair Sustained.

The roll was then called and the Chair was sustained by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—16.

No—Supervisor McSheehy—1.

Excused—Supervisor McLeran—1.

Tax Levy Finally Passed.

Thereupon, the roll was called on the final passage of the tax rate and the foregoing bill heretofore passed for printing was finally passed as Ordinance No. 6775 (New Series) by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—17.

No—Supervisor McSheehy—1.

Supervisor Deasy reserved the right to file a statement in explanation of his vote.

Statement of Supervisor Richard J. Welch.

I am voting for this unjustified tax rate of \$4.13 under protest. This enormous rate is the result of a budget referred to as the "budget of accumulated neglects" adopted May 29, 1925, by a bare majority of this Board. Under our Charter ten Supervisors out of a possible eighteen can pass a budget carrying appropriations in excess of the dollar limit, whereas it requires fifteen Supervisors to pass a tax rate exceeding the dollar limit. The action of the majority in passing a budget carrying with it vast sums over and above that which is necessary to pay the cost of our City government for the year 1925-26 was vigorously protested by a minority of six members in an earnest and sincere effort to keep the tax rate to a justifiable figure. Tax rates should be based on a budget of items carefully considered and with due consideration for the taxpayers who have to foot the bills.

One item alone of \$450,000, equal to seven cents in the tax rate, was not a budget item. This enormous sum, which will be placed at the

disposal of the Finance Committee, was made possible by underestimating the City's revenues from outside sources. Item upon item running into vast sums have been crowded into this tax rate, with the result that the City is confronted with a sixty-six cent tax increase. At the same time there has been an increased assessed valuation of \$44,000,000 which does not include new construction. While it is possible for the members who fought for a lower tax rate to defeat this unnecessary increase, yet in doing so the worthy would suffer with the unworthy. The legitimate and necessary cost of our City government, such as Public School, Health, Police and Fire Departments, widows, orphans, hospitals, street lighting, repairs, etc., are all run by necessity far in excess of the dollar limit.

To defeat this unreasonable and unjust tax rate would mean to defeat also these necessities, which would cause suffering, if not disaster. No naval commander would train his guns on a hospital ship even if assured that in addition to her mission of mercy she was carrying contraband of war. No more can I, as a Supervisor, shoot through our schools, hospitals, and other departments of the City government.

RICHARD J. WELCH.

Read and ordered placed in record.

Statement of Supervisor Badaracco.

September 21, 1925.

I want it distinctly understood that I cast my vote for this unprecedented tax rate under protest and under the compulsion of a legal situation over which I have no control—the situation created by the votes of the majority members of the Board of Supervisors.

Realizing that an outrage has been committed upon the tax payers of San Francisco by the fixing of this enormous levy, I am nevertheless confronted by the knowledge that if I and my colleagues who voted to reduce this year's record-breaking budget should now refuse to sanction the tax rate, which is based upon that budget, we would throw the City Government into a financial chaos and bring untold injury upon the community.

I realize that voting *no* would jeopardize the appropriations for Public Schools, Hospital Work, Widows' Pension, Police, Fire Department and Street appropriations.

The minority members of the Board of Supervisors have fought hard and long against the pyramiding of expenditures which has cre-

ated this tax rate, and we are repeatedly voted down and are now powerless to prevent the will of the majority members of the Board of Supervisors.

J. B. BADARACCO.

Statement of Supervisor Shannon.

When this Board of Supervisors was considering the Budget for the fiscal year 1925-1926 I endeavored by argument to have items that I deemed unnecessary or premature eliminated, but without success.

As the representative of fifty-three thousand people that elected me, and the taxpayers generally, I feel that an advance of sixty-six cents in the tax rate in one year is too much of an advance and that it is liable to work a hardship in many quarters. It is bad for the city generally, as prospective investors and locators from the outside would give serious consideration to our high tax rate before making an investment in our midst.

For these reasons and for the further reason that I realize that voting *No* would jeopardize the appropriations for public schools, hospital work, widows' pensions, and like humanitarian work, and Police and Fire Department appropriations, I am going to vote *Aye* on the \$4.13 tax rate, but I want it distinctly understood that I am doing so under protest.

WARREN SHANNON.

Statement of Supervisor McSheehy.

September 12, 1925.

As a member of the Board of Supervisors of the City and County of San Francisco I wish to qualify my vote of "No" and have same recorded and inserted in the records for the following reasons, to-wit:

I have consistently protested against the ever-increasing tax rate every year for the past eight years. When I became a member of this Board in 1918 we had a tax rate of \$2.26 and a Budget of sixteen million dollars. That tax rate and Budget have been increased every year, and we find ourselves in this fiscal year of 1925-1926 with a tax rate of \$4.13 and a budget of thirty-five million dollars. This increase is 20 per cent over last year, and does not include \$450,000 of unbudgeted money that the Finance Committee have not credited, as called for in Article 3, Section 12 of the Charter, and which they can spend just as they see fit.

The people of San Francisco by their vote last November increased the Budget a little less than one and one-half million dollars, and a majority membership have in-

creased it six and one-half million dollars, making a total increase of eight million dollars.

There is not another large city in the United States that can show such a horizontal increase in the expenditures and maintenance of their city that we are showing today. Almost every city in and around this bay region, even our sister city to the south, have reduced their tax rate.

We have doubled our Budget and almost doubled our tax rate in eight years.

On May 21, 1925, a Budget of 1088 items was passed, calling for an expenditure of \$35,060,509, an increase of \$7,875,173, over last year. On this same day I submitted an amendment to the Budget, calling for a reduction of nineteen items, amounting to \$2,007,658, a cut of 31 cents in the tax rate. This amount to be reflected in the itemization as submitted by the Finance Committee, to-wit:

General Fund cut.....\$0.185
Special Tax School Buildings. 0.125

These items, together with the 7 cents that the Finance Committee underestimated, the tax roll and revenues from other sources, will total a cut of 38 cents in the tax rate, making a tax rate of \$3.75. These cuts can be made without impairing the efficiency of this City government in any manner or form, and will mean a reduction of \$19 in a \$5,000 assessment.

Diamond Jubilee Celebration.

Supervisor Colman took occasion to compliment the Diamond Jubilee Citizens' Committee and particularly its chairman, Supervisor Angelo J. Rossi, on the wonderful success of the Diamond Jubilee.

"It eclipses by a great deal anything ever held in San Francisco. A complete success in every way. Over 250,000 visitors and everybody pleased."

"The electric lighting has been the subject of great admiration."

"The Citizens' Committee who carried out the affair so successfully must get the credit for the success of the affair and I am proud to say one of our colleagues is entitled to the greatest credit."

He also praised the rendition of "The Creation" at the Auditorium on last Friday night and commended the work of the Municipal Director of the Municipal Chorus and the Auditorium Committee to which San Francisco is indebted for the splendid rendition of this wonderful oratorio.

Supervisor Schmitz called particular attention to the untiring and efficient services of the Police Department and a resolution presented by him was adopted by the Board.

The resolution extends a vote of thanks and expression of appreciation to the Police Department for the handling of the traffic "in a manner beyond criticism." The Clerk was instructed to forward a copy of the resolution to Chief of Police D. J. O'Brien, to be read at the next meeting of the Police Commission.

Supervisor McSheehy called particular attention to the fact that the tickets sold for "Casa Ramona" amounted to \$55,750 and as the expenses amounted to \$20,000 the net amount was approximately \$30,750. The winner is a young man named Campbell and is soon to be married.

He also called attention to the work done by the Native Sons all over the State and that the success of the Admission Day parade was largely due to their co-operation.

Supervisor Rossi said in part: "The success of the celebration is beyond all the expectations of the committee. No credit is due to any particular set of men and women, but to all the people of the City and the State of California. The Navy Department, the Army, the Native Sons and Daughters, the Pioneers, the Police Department—all helped to make it a success."

He also complimented the Chief of Police and the Police Department and thanked, on behalf of the committee, the Department of Public Health, the Board of Public Works and Fire Department and all other City departments.

It was a combination of all that made it a success.

Supervisor McLeran said: "The whole City is proud of the celebration that has just come to a close. We are proud of the part the Native Sons and Daughters played in it and all those organizations that have participated."

"Without the assistance of those who came from the far away sister cities in the South and the sister cities in the North we would not have been able to rejoice as we are today."

Rivers and Harbors Congressional Committee.

Supervisor Welch moved that the Clerk of the Board get in touch with the Congressional Committee on Rivers and Harbors which is visiting in cities of the State of California and will be in Stockton on the 5th of October, expressing

the desire that said committee come to San Francisco, fixing the time for its coming, arrange for a hearing before the Commercial Development Committee, that said committee may point out to the Congressional Committee the necessity for Federal aid in the matter of removing obstructions to navigation in the Golden Gate and in the Bay of San Francisco, especially the shoal opposite Islais Creek.

Motion carried.

UNFINISHED BUSINESS.

Confirming Sale of City Lands.

Bill No. 7250, Ordinance No. 6781 (New Series), as follows:

Confirming the sale of land owned by the City and County of San Francisco and situate in the County of San Mateo, State of California.

Whereas, by Ordinance No. 6697 (New Series), approved July 16, 1925, the Board of Supervisors determined that public interest and necessity demanded the sale of the land hereinafter described and by said ordinance directed the Mayor of the City and County to sell all of said land at private sale to be held on Wednesday, August 5, 1925, and directed that notice of said sale be given for two weeks successively

next before the sale, as required by law; and

Whereas, the Clerk of the Board of Supervisors thereafter proceeded to publish notice of said sale in the official newspaper and one other daily newspaper published in the City and County for three weeks successively next before said sale was directed to be made, describing the land to be sold therein with common certainty and stating the date on which said sale would be made, as specified in Ordinance No. 6697 (New Series), and that all bids or offers would be received by the Mayor at the chambers of the Board of Supervisors, in the City Hall, City and County of San Francisco, State of California, on Wednesday, August 15, 1925.

Whereas, the Mayor, the Assessor and the chairman of the Finance Committee, being the board of appraisal constituted by the Charter of the City and County of San Francisco for such purpose, thereafter duly met and made an appraisal of said land and fixed the fair value thereof at the sum of \$1.369 and reported said appraisal to the Board of Supervisors in writing; and

Whereas, thereafter, and on the 5th day of August, 1925, at private sale, the Mayor sold said property to the Spring Valley Water Company for the sum of \$1,711.25, and accepted from said Spring Valley Water Company a deposit in the amount of \$171.13, being ten per cent or more of the amount bid, and thereafter, and at the next meeting of the Board of Supervisors, August 10, 1925, duly notified the Board of Supervisors in writing of the fact of such sale, stating the sum bid, the name of the bidder, and requesting that the Board confirm the sale; and

Whereas, the Clerk of the Board of Supervisors immediately thereupon proceeded to give notice by publication in the official newspaper and one other newspaper published in the City and County of San Francisco for a period of twenty days from and after the 13th day of August, 1925, that at a meeting of the Board of Supervisors, to be held on the 8th day of September, 1925, the matter of said sale would come up for confirmation, stating also in said notice the fact of the sale, the amount for which the property had been sold as aforesaid, and the name of the purchaser, and also stating that if at such meeting on the 8th day of September, 1925, an offer of ten per cent more in amount

than that named in said notice should be made to the Supervisors in writing by a responsible person, the Supervisors would confirm such sale to such person, or order a new sale; and

Whereas, the date of confirmation specified in said notice has now arrived and a higher bid has not been obtained, and it appearing to the Board of Supervisors that the sum of \$1,711.25 bid as aforesaid by the Spring Valley Water Company, is not disproportionate to the value of the property sold, and that a greater sum cannot be obtained; therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That said sale of the said land hereinafter described to the Spring Valley Water Company for the sum of seventeen hundred and eleven and 25/100 (\$1,711.25) dollars is hereby ratified, approved and confirmed and the Mayor and Clerk of the Board of Supervisors are hereby authorized to execute and deliver to said purchaser, upon payment of the balance of the purchase price, a good and sufficient conveyance in the name of the City and County of San Francisco, conveying to the Spring Valley Water Company all the right, title, and interest of the City and County in and to the land sold as aforesaid, and more particularly described as follows, to-wit:

Parcel 1. Beginning at an iron pipe monument and old post marked "B-3" set in the northeasterly boundary line of that certain tract of and containing 429.20 acres conveyed by Frederick R. King et ux. to Spring Valley Water Company, by deed dated December 19, 1906, and recorded in the office of the County Recorder of San Mateo County, State of California, December 28, 1906, in Book 131 of Deeds, page 200; said monument "B-3" being also in the boundary line of that certain tract of land containing 301.60 acres conveyed by Allis-Chalmers Manufacturing Company to the City and County of San Francisco by deed dated March 12, 1924, and recorded March 27, 1924, in said Recorder's office, in Book 110 of Official Records, page 143, running thence along the boundary line between said 429.20-acre tract and said 301.60-acre tract south 56 degrees 00 minutes west 761.98 feet to an iron pipe monument and post marked "B-2"; thence north 35 degrees 32 minutes west 291.67 feet to an iron pipe monument and post marked "B-1" set in the southerly

boundary line of that certain 972.66-acre tract conveyed to Spring Valley Water Company by W. F. Chipman and the Union Trust Company of San Francisco, executors of the last will of Josephine A. Phelps, deceased, dated June 4, 1918, and recorded in said Recorder's office June 6, 1918, in Book 272 of Deeds, page 356; thence along the boundary line between said 972.66-acre tract and said 301.60-acre tract north 47 degrees 32 minutes east 1100.00 feet to an iron monument; thence leaving said last mentioned boundary line south 19 degrees 14 minutes east 213.70 feet; thence south 12 degrees 51 minutes west 361.56 feet to the point of beginning, containing 8.10 acres and being a portion of said 301.60-acre tract.

Parcel 2. Beginning at a point in the boundary line between said 429.20-acre tract and said 301.60-acre tract hereinabove referred to in Parcel 1, distant thereon south 36 degrees 22 minutes east 256.27 feet from the point of beginning of said Parcel 1, hereinabove described, running thence north 86 degrees 36 minutes east 718.82 feet; thence south 18 degrees 59 minutes west 733.10 feet to said last mentioned boundary line; thence along said last mentioned boundary line north 36 degrees 22 minutes west 807.96 feet to the point of beginning, containing 5.59 acres and being a portion of said 301.60-acre tract.

Section 2. The City Attorney is hereby directed to prepare the necessary conveyance and supervise the delivery of deed upon payment of purchase price as aforesaid.

Section 3. This ordinance shall take effect immediately.

Board of Public Works Authorized to Sell or Rent Hetch Hetchy Equipment.

Bill No. 7247a, Ordinance No. 6782 (New Series), as follows:

Authorizing the Board of Public Works to sell at public auction or to rent equipment purchased for the Hetch Hetchy project upon certification of the City Engineer that the same is not required for construction purposes on the Hetch Hetchy project.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever the City Engineer shall certify to the Board of Public Works that any portion or portions of the equipment, ma-

terials, machinery or supplies owned by the City and purchased for use in the construction of the Hetch Hetchy project and particularly described in his certificate, is or are no longer suitable for or required for construction purposes on the Hetch Hetchy project, and shall in said certificate recommend that said materials, equipment, machinery or supplies be sold at public auction, the Board of Public Works is authorized to sell either directly or through its duly authorized representatives such articles mentioned in the City Engineer's certificate at a public auction, to be held upon not less than five (5) days advertised notice. Said auction sale or sales may be held in the meeting room of the Board of Public Works in the City Hall at San Francisco, California, or in the discretion of said Board at a point convenient to the location of said equipment.

Section 2. Notice of said sale shall be given by publication in the official newspaper of the City and County for a period of not less than five (5) days. Said notice shall specify the time and place of said sale, a description of the property to be sold, and the terms and conditions upon which sale and delivery shall be made, and may, in the discretion of the Board of Public Works, name a minimum price which will be considered.

Section 3. When said sale is held it shall be competent for the Board of Public Works or its representatives to consider as a bid at said sale any sealed offers in writing for the purchase of said equipment accompanied by a certified check for ten per cent (10%) of the amount bid. After receiving, reading and filing all of said sealed offers in writing, the Board shall proceed to receive oral bids and to dispose of the articles sold to the highest bidder, subject to the terms prescribed for the sale, or in its discretion reject all offers.

Section 4. If the City Engineer shall notify the Board in writing that any portion or portions of said equipment, machinery, materials or supplies are not immediately required for construction purposes, but may be required at some future date, and shall recommend that the articles specified in his communication be rented, the Board of Public Works is authorized in its discretion to rent or lease said articles of equipment, machinery, materials or supplies to any responsible person or corporation for a period not exceeding the length of time estimated by the City Engineer during which

use of the same will not be required by the City. Rental shall only be made under written agreement which shall set forth the terms of the rental. Any person or corporation to whom such articles are rented must furnish security in the way of approved surety bond or cash deposits or credits with the City and County of San Francisco to insure the performance of the rental agreement and the return of the equipment in as good shape as received to the City and County of San Francisco at the termination of the agreement, ordinary wear and tear excepted.

Section 5. All moneys received from sales or rentals under the terms of this ordinance shall be deposited to the credit of the particular bond construction fund from the proceeds of which said articles were paid for.

Section 6. This ordinance shall take effect immediately.

Accepting Offers to Sell Land Required for the Widening and Extension of Market Street.

Supervisor McLeran presented:

Resolution No. 24526 (New Series), as follows:

Whereas, the owners of the following described land sought to be acquired by the City and County of San Francisco for the extending and widening of Market street have offered to convey the property desired by the City and County of San Francisco for the sum set forth opposite their names, viz.:

Elbridge J. Bailey and Mary E. Bailey, \$8,250.

Beginning at a point on the northwesterly line of Market street between Mono street and Danvers street, distant thereon 50 feet northeasterly from the northerly line of Mono street, and running thence northeasterly along the northwesterly line of Market street 25 feet; thence deflecting 109 degrees 16 minutes 03 seconds to the left and running northwesterly 44.136 feet; thence southwesterly on a curve to the left of 275-foot radius tangent to a line deflected 90 degrees 43 minutes 47 seconds to the left from the preceding course, central angle 5 degrees 01 minutes 26 seconds, a distance of 24.113 feet; thence southeasterly along a line deflected 85 degrees 01 minutes 14 seconds to the left from the tangent to the preceding curve, a distance of 34.527 feet to the point of beginning.

Being portion of Lot No. 13, in Block No. 4, Market Street Homestead Association.

It is hereby understood that the above mentioned sum also includes damages in full to the remaining portion of Lot No. 13, in Block No. 4, Market Street Homestead Association, caused or to be caused by the future establishment of a grade on the proposed extension of Market street.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the property owned by said persons and offered to the City and County of San Francisco for the sum set forth, which said price is in accordance with the City's appraisal of the property; now, therefore, be it

Resolved, That the said offer of sale be accepted and the City Attorney is hereby authorized and directed to examine the title of said property, and, if the same is found in

satisfactory condition, to accept, in behalf of the City and County of San Francisco, a deed conveying title thereto, and file the same for record, with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco, upon payment of the agreed purchase price.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovi, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Release of Damage Claim Accepted for Roosevelt Way Improvement.

Supervisor McLeran presented:

Resolution No. 24527 (New Series), as follows:

Whereas, the following owner of property adjacent to Roosevelt way has offered to release the City and County of San Francisco, its contractors or agents, from all claim or claims of damages to her property or the buildings thereon caused by the establishment of grades on Roosevelt way and the grading and construction of Roosevelt way to the proposed official grade and the grading and repaving of adjacent streets to said Roosevelt way.

Whereas, the City Attorney has recommended the acceptance of said offer as per the following terms, namely:

Alvina Fontana (formerly Alvina C. Eisenmann), \$350.

Lot Six (6), Block 2618A, as per the Assessor's Block Books of the City and County of San Francisco.

As a consideration for the above-mentioned sum, the owner agrees to release the City and County of San Francisco from its obligation mentioned in deed from Millie Epstein, dated September 14, 1921, to construct a retaining wall in front of her property. Now, therefore, be it

Resolved, That the said offer be accepted and the City Attorney be authorized to close negotiations and superintend the payment of money to the above-named person upon receipt of the proper releases.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovi, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Cancellation of Erroneous Tax Sale.

Supervisor McLeran presented:

Resolution No. 24528 (New Series), as follows:

Whereas, the Tax Collector and Auditor have reported that the

taxes on the second installment for the year 1923 on the following described property were paid on June 23, 1924, but through error were not stamped "Paid" on the Assessment Roll and that the property was sold to the State of California on June 23, 1924, Sale No. 1882; therefore

Resolved, That the Auditor be directed to cancel Sale No. 1882 in accordance with the provisions of Sections 3776 and 3805 of the Political Code of the following property:

Regulating Use of Aisles in Theaters, Etc.

Bill No. 7254, Ordinance No. — (New Series), as follows:

Regulating the use of aisles, passageways and stairways, and prohibiting the obstruction of all passageways in theaters, opera-houses and places of public assemblage, and providing for a fire detail to enforce laws and ordinances providing for public safety and providing a penalty for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any owner, lessee, manager, or

other person, firm or corporation having charge or control of any theatre, public hall, concert hall, or other place of public assemblage to obstruct or cause or permit to be obstructed, or to permit any person or persons, with the exception of ushers and other necessary attendants, to sit or remain standing in any entrance, exit, aisle, stairway, lobby, foyer, exit court or passageway, or any other floor space thereof not occupied by fixed seats legally permissible, during any performance, exhibition, lecture, entertainment or public assemblage therein.

Section 2. The Chief Engineer of the Fire Department shall detail one or more experienced members of the Fire Department for service in buildings and structures of the kind and description specified in Section One hereof, as he may deem necessary or proper in the interest of the public safety, to be present in such building or structure during the progress of any performance, exhibition, lecture, entertainment or public assemblage therein.

Section 3. The members of the Fire Department so detailed shall report immediately any violation of this ordinance or any violation of any other law or ordinance pertaining to the extinction of fires or public safety to the Police Department, which shall forthwith cause said laws or ordinances to be enforced.

Section 4. All ordinances or parts of ordinances in conflict with this ordinance, or any part thereof, are hereby repealed.

Section 5. Any person or persons, firm or corporation who shall violate any law or ordinance providing for the prevention or extinction of fire or for the safety of the public in buildings or structures of the kind and description in Section One hereof specified, or who shall interfere with any member of the Fire Department in the discharge of his duties as herein prescribed, shall be guilty of a misdemeanor and shall be punished by fine not to exceed the sum of Five Hundred Dollars (\$500) or by imprisonment in the County Jail not exceeding six months, or by both such fine and imprisonment.

Section 6. This ordinance shall take effect and be in force immediately.

Requiring the Fire Commissioners to detail one or more firemen to be present in any and all buildings used as a theater, hall, concert hall, or place of public assemblage during any performance therein; regulating the duties of such firemen and providing a penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Fire Commissioners shall detail one or more experienced members of the Fire Department as they may deem necessary or proper in the interest of the public safety, in any and all buildings or structures used as a theater, public hall, concert hall or other place of public assemblage to be present in such building or structure during the progress of any performance, exhibition, lecture, entertainment or public assemblage therein.

Section 2. The members of the Fire Department so detailed shall report immediately any violation of this ordinance or any violation of any other law or ordinance pertaining to the extinction of fires or public safety to the Police Department, which shall forthwith cause said laws or ordinances to be enforced.

Section 3. All ordinances or parts of ordinances in conflict with this ordinance or any part thereof, are hereby repealed.

Section 4. Any person or persons, firm or corporation who shall violate any of the provisions of this ordinance, or who shall interfere with any member of the Fire Department in the discharge of his duties as herein prescribed shall be guilty of a misdemeanor and shall be punished by fine not to exceed the sum of five hundred dollars (\$500) or by imprisonment in the County Jail not exceeding six months, or by both such fine and imprisonment.

Section 5. This ordinance shall take effect and be in force immediately.

Rereferred.

The following resolution was presented by Supervisor Colman and ordered *rereferred to the Public Welfare Committee*:

Endorsement of Proposed Census by Registrar of Voters.

Supervisor Colman presented:

Resolution No. ——— (New Series), as follows:

Whereas, on May 4, 1925, the Board of Supervisors, by unanimous vote, adopted a motion, offered by Supervisor Schmitz and seconded

by Supervisor Morgan, requesting the Registrar of Voters to furnish the Board an estimate of what it would cost for him to take a census of the City of San Francisco; and

Whereas, under date of May 12, 1925, the Registrar of Voters reported that the census could be completed within a period of thirty days at a cost not to exceed \$20,000, which price includes the necessary printing; and

Whereas, his Honor the Mayor recently addressed a communication to the Board of Supervisors calling attention to the importance and vital necessity to San Francisco of this proposed census and expressed the hope that ways and means would be devised to accomplish this worthy purpose; therefore, be it

Resolved, That the Board of Supervisors approves and indorses the proposition of the taking of this census by the Registrar of Voters and recommends that the entire matter be referred to the Finance Committee with the request that it authorize and appropriate the necessary moneys for this work.

Declaring Public Necessity and Convenience of Public Ferry Between San Francisco and Berkeley.

Supervisor Shannon presented:

Resolution No. 24532 (New Series), as follows:

Whereas, this Board of Supervisors has, by ordinance, granted to Golden Gate Ferry Company, a corporation, a franchise for a public ferry between the City and County of San Francisco and the City of Berkeley; and

Whereas, it is the opinion of this Board that the present facilities for the transportation of automobiles across the Bay of San Francisco between the City and County of San Francisco and the East Bay District are inadequate to meet either the present or future demands of the automobile traveling public; and

Whereas, the lack of such adequate facilities is a serious obstacle to the commercial, industrial and economic growth of San Francisco and the East Bay District; and

Whereas, the present automobile ferries between San Francisco and the East Bay District have their terminals at the foot of Mission street, in San Francisco, thereby causing the concentration at the foot of Mission street of all automobile travel between said East Bay District and San Francisco; and

Whereas, said concentration of automobiles at said point brings about a traffic condition which makes travel slow, dangerous and congested; and

Whereas, the establishment of a ferry service between a point at the foot of Hyde street, San Francisco, and a point at the foot of University avenue, in Berkeley, would greatly relieve the said traffic congestion and make travel between said points more rapid and convenient; and

Whereas, it has been made to appear that under the present law the Railroad Commission of the State of California must grant to Golden Gate Ferry Company a certificate of public convenience and necessity as a condition precedent to the establishment of said public ferry; now, therefore, be it

Resolved, That it is the opinion of this Board that public necessity and convenience demands the establishment of said public ferry and that the Railroad Commission of the State of California should grant to Golden Gate Ferry Company the required certificate of public convenience and necessity; and be it

Further Resolved, That a copy of this resolution be delivered by the Clerk of this Board to said Railroad Commission.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

The following matters were passed for printing:

Ordering Street Work.

On motion of Supervisor Harrelson:

Bill No. 7271, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors July 16, 1924, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works and to be done in accordance with the specifications prepared therefor by said Board of Public Works and on file in its office, which said plans

and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of *Howard street between Twenty-sixth and Army streets, including the intersection of Army street*, by grading to official line and grade; by the construction of an 8-inch ironstone pipe sewer with 16 Y branches and 1 brick manhole with appurtenances along the center line of Howard street from a point 20 feet south-erly from Twenty-sixth street to the center line of Army street; by the construction of concrete curbs; by the construction of concrete curbs, artificial stone sidewalks, and brick catchbasins with 10-inch ironstone pipe culverts on the angular corners of the intersection of Howard street and Army street; and by the construction of an asphaltic concrete pavement on the roadway thereof, including the necessary conform work on the intersection of Howard street and Army street.

That in the opinion of the said Board of Public Works, the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses can be more equitably imposed upon the property benefited thereby, and therefore the said Board does hereby determine and declare that the expenses of such work or improvement be made chargeable upon a district in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement and to be assessed to pay the costs and expenses thereof as follows:

All of lots numbered 8, 9, 10, 10-A, 11, 24 and 25 of Block No. 6571, as delineated on the Assessor's Block Book of the City and County of San Francisco, current at the time of

the inception of the proceedings for the aforesaid improvement.

Section 2. This ordinance shall take effect immediately.

Bill No. 7272, Ordinance No. — (New Series), as follows:

Changing and re-establishing the official grades on San Bruno avenue between the northerly line of Twenty-first street and a line parallel with Twenty-second street and 250 feet northerly therefrom, and on Twenty-first street between San Bruno avenue and Vermont street.

Whereas, the Board of Supervisors, on the written recommendation of the Board of Public Works, did, on the 2d day of March, 1925, by Resolution No. 23646 (New Series), declare its intention to change and re-establish the grades on San Bruno avenue between the northerly line of Twenty-first street and a line parallel with Twenty-second street and 250 feet northerly therefrom, and on Twenty-first street between San Bruno avenue and Vermont street.

Whereas, said resolution was so published for ten days, and the Board of Public Works within ten days after the first publication of said resolution of intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than forty days has elapsed since the first publication of said resolution of intention; therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The grades on the following named streets at the points hereinafter named and at the elevations above city base as hereinafter stated, are hereby changed and established as follows:

San Bruno Avenue.

Easterly line of, 33 feet northerly from Twenty-first street southerly line, 128.50 feet.

Easterly line of, 8 feet northerly from Twenty-first street southerly line, 127 feet.

15 feet westerly from the easterly line of, at Twenty-first street southerly line, 126.50 feet.

56.58 feet westerly from the easterly line of, at Twenty-first street southerly line, 128 feet.

250 feet northerly from Twenty-second street, 98 feet. (The same being the present official grade.)

On San Bruno avenue between the northerly line of Twenty-first street and a line parallel with Twenty-second street and 250 feet

northerly therefrom, and on Twenty-first street between San Bruno avenue and Vermont street be changed and established to conform to true gradients between the grade elevations above given therefor and the present official grade of Vermont street at Twenty-first street.

Section 2. This ordinance shall take effect immediately.

Extension of Time.

Supervisor Harrelson presented:

Resolution No. 24533 (New Series), as follows:

Resolved, That the Fay Improvement Company is hereby granted an extension of sixty days' time from and after October 13, 1925, within which to complete the improvement of Bacon street between Brussels and Goettingen streets. This extension of time is granted for the reason that the survey has been made and the curbs are now being constructed.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Condemnation of Land Required for Street Purposes.

Supervisor Harrelson presented: —

Resolution No. 24534 (New Series), as follows:

Resolved, That public interest and necessity and use require the acquisition by the City and County of San Francisco of the following described lands and any and all rights and claims thereto for street purposes, to-wit:

Parcel No. 1. Beginning at a point on the center line of Nashua street (formerly Water street, as laid down and delineated on that certain map entitled, "Gift Map No. 4," filed in the office of the County Recorder of the City and County of San Francisco on December 31, 1861, and recorded in Liber "A" and "B" of Maps, pages 16, 17, 18 and 19, and portions of which street were closed by Resolution No. 20603 (New Series) of the Board of Supervisors of the City and County of San Francisco, approved December 22, 1922), distant thereon 220 feet perpendicularly northeasterly from the northeasterly line of Oakdale avenue; thence running northwesterly and parallel with the said northeasterly line of Oakdale avenue to a point on the center line of Llewellyn street (for-

merly Freelon street, as laid down and delineated on the above-mentioned "Gift Map No. 4"); thence running northerly along said center line of Llewellyn street to a point distant 260 feet perpendicularly northeasterly from the northeasterly line of Oakdale avenue; thence running southeasterly and parallel with said northeasterly line of Oakdale avenue to a point on the center line of Nashua street; thence running southwesterly along the center line of Nashua street to the point of beginning, said land being a portion of Lot 15 of Assessor's Block No. 5583 and formerly known as Lot 1533 of Gift Map No. 4.

That all the lands, rights and claims above described are hereby declared to be suitable, adaptable and necessary for a public use by the City and County of San Francisco.

The City Attorney is hereby instructed to commence proceedings against the owner or owners of said lots, pieces or parcels of land inclosed within said hereinabove description, and any and all rights and claims thereto and interest therein, for the condemnation thereof for the use of the City and County of San Francisco, as aforesaid, and to prosecute such proceedings to a speedy termination.

Adapted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

El Camino del Mar Boulevard.

Supervisor Harrelson presented:

Resolution No. 24535 (New Series), as follows:

Whereas, the highway along the margin of the Pacific Ocean from Sutro Heights to Sea Cliff, where it forms a connection with the Camino del Mar, affords a magnificent view of the sea, and logically and appropriately should be designated by the same name; and

Whereas, the name of Warren G. Harding has been fittingly bestowed on the great golf and athletic field at Lake Merced and the highway leading thereto, and a duplication of the name is unnecessary; therefore,

Resolved, That the name El Camino del Mar is hereby given to the boulevard extending from Sutro Heights to the Presidio, as being that which will most suitably express the salient feature of this notable highway, viz.: one of the

most magnificent marine views of the world.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Closing and Abandoning a Portion of Patterson Street as Hereinafter Described.

Supervisor Harrelson presented:

Resolution No. 24536 (New Series), as follows:

Whereas, this Board has by Resolution No. 24318 (New Series), declared its intention to close and abandon a portion of Patterson street, situated in the City and County of San Francisco, and hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of a portion of Patterson street was duly given by the Board of Public Works of said City and County by publication and posting in the manner provided by Section 3, Chapter 3, Article 6, of the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of the time of publication of said notice; and

Whereas, no objection or objections to said closing and abandonment of said portion of Patterson street was or were made or delivered to the Clerk of this Board within said period of ten days or at all; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portion of Patterson street; and

Whereas, in and by said Resolution No. 24318 (New Series) this Board did declare that the damages, costs and expenses of closing said street are nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said street shall be paid out of the revenues of the City and County of San Francisco; and

Whereas, the said work is for closing a portion of said Patterson street, and it appears to this Board that no assessment is necessary. Now, therefore, be it

Resolved, That said closing and

abandonment of a portion of said Patterson street be and the same is hereby ordered, and that the said portion of Patterson street be and the same is hereby closed and abandoned as a public street.

The said portion of Patterson street hereinabove referred to is more particularly bounded and described as follows, to-wit:

All of Patterson street, being 40 feet in width, lying north of a line at right angles easterly to the westerly line of Patterson street, at a point distant thereon 287.49 feet, more or less, northerly from the northerly line of Oakdale avenue, said point being the southeasterly corner of Lot 58, Haley's Map No. 1.

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco; and the Clerk of this Board is hereby directed to advertise this resolution in the Bulletin, as required by law.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Supervisor Rossi presented:

Resolution No. — (New Series), as follows:

Whereas, the Federal Government is contemplating the construction of a Federal building in San Francisco to house the various Federal officers who are now renting quarters in all sections of the City; and

Whereas, a location available to the present Federal Postoffice at Seventh and Mission is desirable in order that the activities of the Federal officials may be more efficiently co-ordinated;

Resolved, That a site in the Civic Center be offered the Federal Government for this purpose.

Referred to Public Buildings and Finance Committee.

City Attorney to Institute Proceedings to Secure Reduction of Water Rates.

Supervisor Katz presented:

Resolution No. — (New Series), as follows:

Whereas, the water rates paid by the consumers of the City and

County of San Francisco to the Spring Valley Water Company are the highest water rates paid in any large city of the United States, to the detriment of San Francisco;

Whereas, by an order made by the Railroad Commission of the State of California, effective September 1, 1921, and a subsequent order, effective April, 1922, the Spring Valley Water Company was granted an increase in its water rates of 20 per cent, based upon certain conditions, and in said order the City and County of San Francisco was given the option of purchasing the Spring Valley Water Company at the stipulated price of \$37,000,000;

Whereas, among the conditions contained in said order the Company was required to expend the sum, not exceeding \$1,500,000, to increase the yield of the Calaveras reservoir not less than 24,000,000 gallons of water daily, and that commencing with the year 1922 the company is required to make an annual contribution to the amortization fund of such sum as will upon the expiration of the term of twelve years, with interest at 5 per cent compounded annually, yield the sum equivalent to the capital expenditures required of \$1,500,000. It further provided that if the revenues of any particular year shall exceed the requirements of the Spring Valley Water Company by more than the amount of such annual contribution, the amount of such excess shall be apportioned equally between the amortization fund and the surplus of the Spring Valley Water Company;

Whereas, the revenues of the Spring Valley Water Company in the past three years have so far exceeded the stipulated requirements that the amortization fund, designed to aggregate \$1,500,000 in twelve years, has in three years reached the total of \$1,002,026.45, and over the period of twelve years will, if continued, reach approximately a sum of \$5,000,000;

Whereas, all of said moneys are being collected through excessive water rates, and if the City of San Francisco does not purchase or acquire the Spring Valley Water Company within the twelve-year period, all of said amortization fund will become the property of the Spring Valley Water Company;

Whereas, it is therefore apparent that the water rates should be reduced so that this amortization fund over the period of twelve years shall not exceed the sum of \$1,500,000. Be it, therefore,

Resolved, That this Board of Supervisors does hereby request and direct the City Attorney to institute such proceedings before the State Railroad Commission as are necessary to secure a reduction of the water rates prevailing in San Francisco.

Referred to Public Utilities Committee.

ADJOURNMENT.

There being no further business, the Board at the hour of 6:05 p. m. adjourned.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, SEPTEMBER 28, 1925,
2 P. M.

In Board of Supervisors, San Francisco, Monday, September 28, 1925, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncoviari, Rossi, Schmitz, Welch, Wetmore—13.

Absent—Supervisors Badaracco, Bath, Colman, McLeran, Shannon—5.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of September 14, 1925, was considered read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

General Alvaro Obregon, Former President of Mexico.

Upon the opening of the meeting today, his Honor Mayor Rolph, escorting General Alvaro Obregon, former President of the Republic of Mexico, entered the chamber and was vociferously greeted by the Supervisors and a large number of citizens who were in attendance at the meeting.

His Honor Mayor Rolph introduced the General as the "strong man" of Mexico, who had won for his country the confidence of the world, and who now had retired to the peaceful life of a farmer. He explained that the General was here to visit his son Humberto, who is about to enter Stanford University, and that his visit had no other significance.

General Alvaro Obregon then shook hands with the members of the Board and with many citizens present. He asked to be excused from making an address on account

of his unfamiliarity with English, but expressed through his Honor the Mayor his deep appreciation of the cordial welcome and honor accorded him.

Invitation to Reception.

The following was read by the Clerk:

September 28, 1925.

Hon. Board of Supervisors, City Hall, San Francisco.

My dear Colleagues:

It gives me great pleasure to extend to you and your wives, in behalf of the Mexican Colony, a cordial invitation to be present at the reception and ball which is being given this evening in honor of General Alvaro Obregon at the Fairmont Hotel.

Very sincerely yours,

JAMES ROLPH, JR.,

Mayor.

Consideration of the application of A. H. Bergstrom, for a franchise to construct, operate and maintain a toll bridge across San Francisco Bay between the City and County of San Francisco and the County of Alameda.

Application for Toll Bridge Franchise.

Pursuant to notice heretofore given, the following was presented and read by the Clerk:

Before the Board of Supervisors of the City and County of San Francisco, State of California.

In the matter of the application of A. H. Bergstrom for authority to erect, maintain, operate and take tolls on a toll bridge over and across the Bay of San Francisco.

To the Honorable Board of Supervisors of the City and County of San Francisco, State of California.

The petition of A. H. Bergstrom respectfully shows:

That your petitioner purposes to construct, maintain, operate and take tolls on a toll bridge to be constructed across the Bay of San Francisco, said bridge to be located along and over the following described line, to-wit:

Beginning at a point in San Francisco at about the foot of Davidson avenue on Hunter's Point, and running northerly sixty-two (62°) degrees, east four and four-tenths (4.4) miles; thence on a one (1°) degree curve to the north one and six-tenths (1.6) miles to true north to a point on the easterly shore of the Bay of San Francisco at about the foot of Webster street, in the City of Alameda, County of Alameda, State of California.

That the length of said bridge is to be six (6) miles and the breadth to be sixty (60) feet, more or less.

That due notice of the hearing of this petition or application has been given by publication in newspapers of general circulation, printed and published in the City and County of San Francisco, and in the City of Oakland, County of Alameda, State of California, the counties in which said proposed toll bridge is to be located, at least once a week for a period of six successive weeks, such

notice specifying the proposed location, length and breadth of said bridge, together with the date and place at which the application would be made. Affidavits of publication containing copies of said notice are hereto attached and made a part hereof.

Wherefore, your petitioner prays that your Honorable Board grant to your petitioner, his heirs and assigns, authority and the right to construct, maintain, operate and take tolls on a toll bridge along and over the line and between the points hereinabove particularly described or such points contiguous thereto as may be designated by the War Department of the United States.

Hugh K. McKevitt, Attorney for Applicant.

State of California, City and County of San Francisco.—ss.

A. H. Bergstrom, being first duly sworn, deposes and says: That he has read the foregoing application and knows the contents thereof, that the same is true of his own knowledge, except as to matters therein stated upon his information and belief and as to those matters he believes it to be true.

A. H. BERGSTROM.

Firemen in Theaters.

Bill No. 7270, Ordinance No. 6798 (New Series), as follows:

Requiring the Fire Commissioners to detail one or more firemen to be present in any and all buildings used as a theater, hall, concert hall, or place of public assemblage during any performance therein; regulating the duties of such firemen and providing a penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Fire Commissioners shall detail one or more experienced members of the Fire Department as they may deem necessary or proper in the interest of the public safety, in any and all buildings or structures used as a theater, public hall, concert hall or other place of public assemblage to be present in such building or structure during the prog-

ress of any performance, exhibition, lecture, entertainment or public assemblage therein.

Section 2. The members of the Fire Department so detailed shall report immediately any violation of this ordinance or any violation of any other law or ordinance pertaining to the extinction of fires or public safety to the Police Department, which shall forthwith cause said laws or ordinances to be enforced.

Section 3. All ordinances or parts of ordinances in conflict with this ordinance or any part thereof, are hereby repealed.

Section 4. Any person or persons, firm or corporation who shall violate any of the provisions of this ordinance, or who shall interfere with any member of the Fire Department in the discharge of his duties as herein prescribed shall be guilty of a misdemeanor and shall be punished by fine not to exceed the sum of five hundred dollars (\$500) or by imprisonment in the County Jail not-exceeding six months, or by both such fine and imprisonment.

Section 5. This ordinance shall take effect and be in force immediately.

Ordering Street Work.

Bill No. 7271, Ordinance No. 6799 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors July 16, 1924, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works and to be done in accordance with the specifications prepared therefor by said Board of Public Works and on file in its office, which said plans

and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of *Howard street between Twenty-sixth and Army streets, including the intersection of Army street*, by grading to official line and grade; by the construction of an 8-inch ironstone pipe sewer with 16 Y branches and 1 brick manhole with appurtenances along the center line of Howard street from a point 20 feet southerly from Twenty-sixth street to the center line of Army street; by the construction of concrete curbs; by the construction of concrete curbs, artificial stone sidewalks, and brick catchbasins with 10-inch ironstone pipe culverts on the angular corners of the intersection of Howard street and Army street; and by the construction of an asphaltic concrete pavement on the roadway thereof, including the necessary conform work on the intersection of Howard street and Army street.

That in the opinion of the said Board of Public Works, the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses can be more equitably imposed upon the property benefited thereby, and therefore the said Board does hereby determine and declare that the expenses of such work or improvement be made chargeable upon a District in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement and to be assessed to pay the costs and expenses thereof as follows:

All of lots numbered 8, 9, 10, 10-A, 11, 24 and 25 of Block, No. 6571, as delineated on the Assessor's Block Book of the City and County of San Francisco, current at the time of

the inception of the proceedings for the aforesaid improvement.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Welch, Wetmore—13.

Absent—Supervisors Badaracco, Bath, Colman, McLeran, Shannon—5.

Accepting Offer to Sell Land Required for Widening of Market Street.

Supervisor Rossi presented:

Resolution No. 24551 (New Series), as follows:

Whereas, the owners of the following described land sought to be acquired by the City and County of San Francisco for the extending and widening of Market street have offered to convey the property desired by the City and County of San Francisco for the sum set forth opposite their names, viz.:

Rollo Brown and Josephine Brown, \$4,450—Beginning at a point distant 55,437 feet at right angles northerly from the northerly line of Eighteenth street, and distant 600 feet at right angles westerly from the westerly line of Hattie street, said point being on the easterly boundary line of Lot 25 of Block "B" of Park Lane Tract, and running thence northerly, parallel with Hattie street, along the easterly line

of said Lot 25 a distance of 21.750 feet to the northerly boundary line of said Lot 25; thence deflecting 95 degrees 00 minutes 02 seconds to the left and running westerly along said northerly boundary line 25.095 feet to the westerly boundary line of said lot; thence deflecting 84 degrees 59 minutes 58 seconds to the left and running southerly, parallel with Hattie street, along said westerly boundary line 34.807 feet; thence northeasterly on a curve to the right of 1235-foot radius, tangent to a line deflected 122 degrees 02 minutes 59 seconds to the left from the preceding course, central angle 1 degree 21 minutes 31 seconds a distance of 29.285 feet to the point of beginning; being portion of Lot 25 of Block "B" of Park Lane Tract.

It is hereby understood that the above mentioned sum also includes damages in full to the adjoining portion of said Lot 25 of Block "B" of Park Lane Tract, caused or to be caused by the future establishment of a grade on the proposed extension of Market street.

The building now partially on the above described parcel is to become the property of the City and County of San Francisco.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the property owned by said persons and offered to the City and County of San Francisco for the sum set forth, which said price is in accordance with the City's appraisement of the property; now, therefore, be it

Resolved, That the said offer of sale be accepted and the City Attorney is hereby authorized and directed to examine the title of said property, and, if the same is found in satisfactory condition, to accept, in behalf of the City and County of San Francisco, a deed conveying title thereto and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco upon payment of the agreed purchase price.

Auctioneers' Ordinance.

On motion of Supervisor Robb:

Bill No. 7276, Ordinance No. — (New Series), as follows:

Regulating the calling of auctioneers and sale of property by auction and prescribing a penalty for a violation thereof, and repealing Ordinance No. 2366 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A "public auction room" is hereby defined to be the premises designated in the application filed with the Board of Police Commissioners by any person desiring to engage in the calling of auctioneer when and after said permit has been granted by the Board, and during the time said premises are used for conducting legal auction sales therein.

Section 2. It shall be unlawful for any person, firm or corporation to sell, offer for sale or expose for sale by public auction personal property at any place other than in a public auction room, except as hereinafter provided.

Section 3. The provisions of Section 2 shall not apply to household furniture, vehicles, automobiles, machinery, livestock and such bulky articles as have been usually sold in warehouses or in the public streets or on the wharves.

Section 4. The provisions of Section 2 shall not apply to any bona fide sale of a stock of merchandise by public auction where the owner thereof or the creditors of the owner are engaged in the legitimate closing out of any such stock and such sale is held upon the premises where the business of the owner had been carried on for not less than one year immediately preceding; provided, however, that no public auction conducted under the provisions of this section shall continue for a period longer than thirty days at any one time.

Section 5. In all cases where a public auction sale is held under the provisions of Section 4, the owner or the creditors of the owner must take an inventory of the stock of merchandise on the premises which is to be sold at said public auction, and must submit said inventory to the Chief of Police at least twenty-four hours prior to the commencement of the auction sale. The inventory required by this section

must show each item of merchandise contained in the stock to be offered for sale in the premises by public auction, and the said owner or creditor of the owner must take and subscribe an oath, to be attached to the inventory, that the said inventory contains a true and itemized account of all the property to be sold at said public auction, and that the same is a bona fide closing out sale of said stock. No property or merchandise shall be sold under the provisions of Section 4 except those itemized and shown in the inventory provided for herein.

Section 6. During the pendency of auction sales held under the provisions of Section 4, the auctioneer engaged in the public auction sale must, at the end of each and every twenty-four hours, forward to the Chief of Police, by mail or otherwise, an itemized account of all sales made by him during said twenty-four hour periods. This itemized statement shall be subscribed by the auctioneer conducting the sale, and any false or fraudulent itemized statement submitted by said auctioneer to the Chief of Police shall be deemed sufficient cause for the suspension or revocation of his permit from the Board of Police Commissioners.

Section 7. The provisions of this ordinance shall not apply to any sale made under the direction of any court or pursuant to any law.

Section 8. It shall be unlawful for any person to engage in the calling of an auctioneer, or to conduct a public auction room without first having obtained a permit from the Board of Police Commissioners and without having first filed a bond and paid the license fee provided for in this or other ordinances.

Section 9. Application for such permit from the Board of Police Commissioners shall be made in writing by the person desiring the same and shall contain a description of the premises sought to be used as public auction room. A notice, printed in conspicuous type, signed by the Secretary of the Board of Police Commissioners, stating that application has been made for such permit, and stating the date when such application would be heard by the said Board, shall be conspicuously posted on the premises described in the application for at least ten days prior to the date of such hearing.

Section 10. At the hearing of such application any person may object to the granting of such per-

mit and may be heard in respect thereto.

Section 11. The Board of Police Commissioners may grant the permit applied for or may, in the exercise of a sound and reasonable discretion, when the public interest may so require, deny the same. Such permit shall authorize the holding of auction sales only at the premises described therein.

Section 12. Any permit granted under this ordinance may be suspended or revoked by the Board of Police Commissioners when it shall appear to said Board that the business or calling of the person to whom such permit was granted is conducted in a disorderly or improper manner or in violation of any law of this State or ordinance of this City and County, or that the place where such business or calling is being conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling. Complaints to revoke permits granted by the Board must be in writing, signed by the person making the same, and filed with the Secretary of the Board, and a copy thereof, certified by the Secretary, must be served upon the party complained against or upon the person in charge of the said place of business at least five days before the time set for the hearing of the complaint. Upon the revocation of the permit the license issued thereon shall immediately terminate or be suspended during such time as said Board shall determine.

Section 13. No auctioneer must have at one time more than one place for holding auction.

Section 14. All sales of goods, wares or merchandise by public auction must be made between the hours of 7 a. m. and 7 p. m., and no such sales can be made on Sundays or legal holidays; provided, however, that the Board of Police Commissioners may grant a special permit for such a limited period of time as the Board shall fix for the sale by public auction of books, prints or paintings, or goods sold in the original packages as imported, according to a printed catalogue, of which samples must have been opened to public inspection at least one day previous to the sale, at an hour or hours later than 7 p. m., to be specified in said permit, and provided that any such permit may be revoked by the Board of Police Commissioners for the reasons and in the manner provided in Section 12 of this ordinance for the revocation of a permit.

Section 15. It shall be unlawful

to ring any bell or sound any other loud or noisy instrument for the purpose of attracting attention to any auction sale.

Section 16. The bond referred to in Section 9 must be conditioned to be paid to the people of the State of California, with one or more sureties, in the sum of five thousand dollars, and approved by a judge of the Superior Court, and must be filed in the office of the County Clerk. For every violation of this ordinance, or of his duty as an auctioneer, in addition to the criminal penalty the auctioneer shall forfeit two hundred and fifty dollars, recoverable on his bond.

Section 17. Every auctioneer, in case of inability to attend any auction by reason of sickness or the performance of any duty imposed upon him by law, or during a temporary absence from the City and County, may employ a copartner or clerk to hold such auction in his name and behalf, such partner or employee to take and file with the Chief of Police an affidavit to faithfully perform the duties of auctioneer and to be approved by the Chief of Police; but any auctioneer may employ a crier at any sale and he shall be responsible for the acts of his partner, employee or crier, upon his bond. Where a crier is employed, however, the auctioneer employing him must be present in person during all auction sales. No auctioneer shall transfer or loan his license or permit it to be used by any other person or persons except as in this section set forth.

Section 18. Each auctioneer must keep a book in which he must enter all sales, the amount paid and the date of each sale, which book must be open at all times for the inspection of the Police Department and of any person interested therein.

Section 19. Every auctioneer must, under his own name, give previous notice in one or more daily newspapers of general circulation in the City and County of San Francisco, of every auction sale to be made by him. Such notice must be inserted in the regular auction columns of such paper or papers and must be continued from day to day during any such sale, and in the case the auctioneer is connected with any person or firm, his name must in all cases precede, separately and individually, the name of such person or the title of the firm.

Section 20. No auctioneer must demand or receive a higher compensation for his services than a commission of fifteen per cent on the amount of any sales (said fifteen

per cent to include all expenses of sale), public or private, made by him, unless by virtue of a previous agreement in writing between him and the owner or consignee. Every auctioneer who violates this section must refund the excess of charge and forfeit to the party aggrieved two hundred and fifty dollars in addition to the criminal penalty herein provided.

Section 21. It shall be unlawful for any person, firm or corporation, other than a licensed auctioneer, to hold, conduct, carry on or maintain any auction room or place for holding public auction sales, or to advertise or hold himself out to the public as an auctioneer, or to conduct, carry on or maintain any sale of goods by public auction; and it shall be unlawful to maintain, conduct or carry on any mock auction.

Section 22. Any auctioneer as defined and covered by this ordinance, or any person, firm or corporation owning or conducting a public auction room, who purchases or buys for or on his or its own account, new or second-hand merchandise, and who sells the same or offers for sale the same at either public auction or private sale, must, in all notices or advertising of any auction sale, or of any private sale, which may be either published, printed or distributed, and, likewise, prior to the commencement of any auction sale, or likewise prior to making any private sale, clearly and distinctly state and declare that the property so being sold or offered or advertised for sale belongs to and is the property of such auctioneer.

Section 23. Anyone aggrieved or damaged by any act of an auctioneer in violation of or contrary to the provisions of this ordinance, has an action against him and his bondsmen on his official bond therefor.

Section 24. The provisions of this ordinance shall not apply to any auction held for charitable or benevolent purposes or at any church fair, festival or bazaar; but the same shall be made applicable to all sales of public and unclaimed property.

Section 25. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or invalid, such decision shall not affect the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other

sections, subsections, sentences, clauses or phrases be declared unconstitutional or invalid.

Section 26. All ordinances in so far as they conflict with the provisions of this ordinance, and especially Ordinance 2366 (New Series), are hereby repealed.

Section 27. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment, and each day that any of the provisions of this ordinance is violated shall constitute and be a separate offense punishable as in this ordinance provided.

Section 28. This ordinance shall take effect immediately.

Accepting Offer of Z. T. Hayden to Sell Land for School Purposes.

Supervisor Wetmore presented:

Resolution No. 24555 (New Series), as follows:

Whereas, an offer has been received from Z. T. Hayden to convey to the City and County of San Francisco certain land and improvements situate on southwest corner of Dolores and Twenty-second streets, required for school purposes; and

Bus Service to the California Palace of the Legion of Honor.

Supervisor Morgan presented:

Resolution No. 24565 (New Series), as follows:

Whereas, there is now on exhibit in the California Palace of the Legion of Honor the world-famous Walker loan collection of paintings, and numerous demands have been made upon the Mayor and the Board of Public Works for a bus service between the Municipal Street Railway lines and said war memorial building during the period that this collection of pictures is on exhibit; now, therefore, be it

Resolved, That the Board of Public Works be and it is hereby authorized and directed to install and maintain during the month of October, 1925, on Saturdays and Sundays only, a municipal bus service for carrying passengers to and from said war memorial building, the route of said bus service to be as follows: Leaving the end of the "C" car line on California street, thence over Thirty-second avenue to Clement street, thence over Clement street to Thirty-fourth avenue, thence through Lincoln Park to said Palace of the Legion of Honor, and return by the same route. Said service to be maintained with one bus on a five-cent fare. Be it

Further Resolved, That the action of the Board of Public Works in installing said service during the last Saturday and Sunday of September, upon official request of the Mayor, pending confirmation by the Board of Supervisors, be and it is hereby approved and confirmed. Be it

Further Resolved, That the Board of Public Works be and it is hereby directed to preserve a record of the number of passengers carried on said bus and the cost of operating the same and report the results to the Board of Supervisors with a view to determining the desirability of establishing a permanent service between said points.

Relative to Acceptance of Streets in the Crocker Amazon Tract.

Supervisor Welch presented:

Resolution No. 24567 (New Series), as follows:

Whereas, the public streets in the

Crocker Amazon tract have been improved under private contract to the advantage of the City and the property owners thereon have paid the cost thereof and deserve to have the same kept in repair as in case of improvements made under public contract; therefore,

Resolved, That the Board of Public Works report to this Board a list of streets in the Crocker Amazon tract that have been properly constructed and to recommend that the same be accepted as provided in Section 23 of Chapter 2 of Article 6 of the Charter.

Adopted by the following vote:

Ayes—Supervisors Deasy, Harrelson, Hayden, Katz, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Welch, Wetmore—13.

Communication From City Attorney.

The following was presented and read by the Clerk:

October 5, 1925.

Hon. Board of Supervisors, City Hall, San Francisco, Calif.

Members:

We are transmitting herewith two proposed resolutions for the amendment in minor details of the petition filed with the Railroad Commission for the valuation of the properties of the Great Western Power Company and the petition for the valuation of the properties of the Pacific Gas and Electric Company.

The proposed amendment to the Great Western petition is for the purpose of including two 11,000-volt lines in the city limits which were omitted from the original petition, but which it is now necessary to include by reason of changed conditions.

The proposed amendment to the petition for the valuation of the Pacific Gas and Electric Company's properties in made necessary chiefly because of certain complications which arose at Station "A" in the

Potrero in order to avoid complications between the gas properties and the electric properties, and also to include Substation "J", which at the time the petition was filed was planned to be abandoned shortly thereafter. By reason of a change in the company's plans this station is not to be abandoned, and it is necessary to include it in the properties to be valued.

We would suggest that you suspend your rules and pass this resolution to print today so we can have the amendment ready for the first hearing before the Commission this month.

Respectfully submitted,

(Signed) GEORGE LULL,
City Attorney.

(Signed) JOHN J. DAILEY,
Special Counsel.

Passed for Printing.

Thereupon, the following were presented and *passed for printing*:

Amended Petition, Evaluation of Pacific Gas and Electric Company.

Resolution No. ——— (New Series), as follows:

Whereas, in accordance with the directions contained in Resolution No. 21988 (New Series) of this Board, approved February 1, 1924, the City Attorney did, on the 11th day of February, 1924, file with the Railroad Commission of the State of California a petition on behalf of the City and County of San Francisco asking that said Railroad Commission fix and determine the just compensation to be paid by the City and County of San Francisco for certain parts and portions of the electric generating, transmission and distribution properties of Pacific Gas & Electric Company, the properties to be included and which were included in said petition so filed being specifically described in a schedule attached to said petition marked "Exhibit A" under the caption: "Properties of the Pacific Gas & Electric Company to be Acquired Under Eminent Domain Proceedings or Otherwise"; and

Whereas, the City Attorney and the Special Counsel for the City and County in said proceeding have advised this Board that it is necessary and advantageous that said petition so filed with the Railroad Commission be amended so as to include certain properties not included in said original petition, and to exclude therefrom and dismiss from said proceedings certain properties included in said original proceeding, such amendment to consist of the following changes, to-wit:

1. Strike out the entire parcel

of land described as Parcel 11 in "Exhibit A" attached to said petition, and dismiss the same from the proceeding, and insert in lieu thereof as the land description for said Parcel 11 the following:

Beginning at a point on the easterly line of Georgia street equidistant thereon between the southerly line of Twenty-second street and the northerly line of Twenty-third street, and running thence southerly along what was formerly the easterly line of Georgia street sixty-two (62) feet; thence at a right angle thence at a right angle northerly sixty-two (62) feet, and thence at a right angle easterly twenty-six (26) feet to the point of beginning, subject to the right of the company to maintain any and all existing water or gas mains now beneath the surface of the land just described.

2. Strike out all of the parcel of land described as Parcel 12 in said "Exhibit A" attached to said petition and release the same from the proceeding, and insert in lieu thereof as the land description for said Parcel 12 the following:

Beginning at a point on the southerly line of Commercial street, distant thereon sixty (60) feet easterly from the corner formed by the intersection of said line of Commercial street with the easterly line of Montgomery street, and running thence easterly along said line of Commercial street forty-nine (49) feet nine (9) inches; thence at a right angle southerly fifty-nine (59) feet six (6) inches; thence at a right angle easterly six (6) feet three (3) inches; thence at a right angle southerly sixty (60) feet to the northerly line of Sacramento street; thence westerly along said line of Sacramento street twenty-six (26) feet; thence at a right angle northerly sixty (60) feet; thence at a right angle westerly thirty (30) feet, and thence at a right angle northerly fifty-nine (59) feet six (6) inches to the point of beginning.

3. Strike out the words "spur tracks" and "wharves" in paragraph numbered 1 under "Buildings and Structures" on page 8 of "Exhibit A" attached to said petition, and after "etc." at the end of said paragraph place a semicolon and insert the following:

also a one-half operating interest in that certain spur track leading into Station "A" from where it crosses what was formerly the easterly line of Georgia street north of Twenty-third street and extending in a general southwesterly direction to its connection with the Santa Fe

Railroad tracks; also the right of joint use with the company of the oil unloading wharf erected just north of the easterly end of what was formerly Humboldt street, so long as said wharf is maintained at its present location; also a right of way for an eight (8) inch oil pipe line leading from said wharf to and along what was formerly Humboldt street to the easterly line of Georgia street.

4. At the end of the last line of page 9 of the properties described in "Exhibit A" attached to said petition, and after "etc." place a semicolon and add the following:

also all substation equipment and other machinery and equipment such as is described in this paragraph comprising the machinery and equipment of Substation "F" of the company now maintained in certain premises held by the company under lease from Sierra & San Francisco Power Company and located in Western Addition Block No. 250.

5. On page 9 of said "Exhibit A" attached to the petition after the description of Substation "B" insert another paragraph designated 8 reading as follows:

8. Substation "J"

located upon the parcel of land hereinabove described as Parcel 12.

Now, therefore, be it Resolved by the Board of Supervisors of the City and County of San Francisco that in the judgment of this Board the public interest and necessity of the people require that the City and County of San Francisco should acquire by condemnation proceedings or otherwise all of the properties and rights described and set out in said "Exhibit A" attached to said original petition as modified by the changes and amendment hereinabove contained; and this Board does hereby declare its intention to initiate such proceedings as may be required under the law governing said City and County for the purpose of submitting to the voters of the City and County a proposition to acquire under eminent domain proceedings, or otherwise, the said properties and rights mentioned and described in said "Exhibit A" as modified and amended as hereinabove set out, it being fully understood and hereby declared that the purpose of this resolution is not to be considered as in any way repealing said Resolution No. 21988 (New Series), approved February 1, 1924, but is to be considered as an authorization from this Board for the amendment of said petition as hereinabove specified, and a reiteration of the recitals

contained in said resolution, relative to the necessity of acquiring said properties, and as so amended, and of the intention of this Board to initiate such proceedings as may be required under the law governing said City and County for the purpose of submitting to the voters of the City and County a proposition to acquire, under eminent domain proceedings or otherwise, the said properties and rights as so amended; and be it further

Resolved, That the City Attorney be and he is hereby authorized and directed to prepare and file with the Railroad Commission of the State of California an amendment to said petition heretofore filed with said Commission asking the said Commission to fix and determine the just compensation to be paid by the City and County of San Francisco for the additional properties and rights added to those contained and set out in "Exhibit A" attached to said original petition, and as otherwise amended as herein set out.

Amended Petition, Evaluation of Great Western Power Company.

Resolution No. ——— (New Series), as follows:

Whereas, in accordance with the direction contained in Resolution No. 21989 (New Series) of this Board, approved February 1, 1924, the City Attorney did, on the 11th day of February, 1924, file with the Railroad Commission of the State of California a petition on behalf of the City and County of San Francisco asking that said Railroad Commission fix and determine the just compensation to be paid by the City and County of San Francisco for certain parts and portions of the electric generating, transmission and distribution properties of the Great Western Power Company of California, the properties to be included, and which were included, in said petition so filed being specifically described in a schedule marked "Exhibit A" under the caption: "Properties of Great Western Power Company of California to be Acquired Under Eminent Domain Proceedings or Otherwise", and attached to said petition; and

Whereas, certain properties of said Great Western Power Company of California located within the limits of the City and County of San Francisco were not included in the list of properties to be acquired and set forth in said petition, or in the ordinance directing the filing of said petition, and the following properties were specifically excluded therefrom, to-wit:

A certain 11,000-volt transmission line leading from the Harrison Street Substation of said company, located upon a parcel of land described as Parcel 5 in said Exhibit A, and extending in a general south-westerly direction in part along the right of way of the Ocean Shore Railway Company and crossing the southerly boundary of the City and County of San Francisco near where the Junipero Sierra boulevard enters San Mateo County;

Also a certain 11,000-volt circuit connecting with and leading from the terminals of submarine cables 1 and 2 at or near the foot of Folsom street and extending, partly underground and partly overhead, to the vicinity of said Harrison Street Substation; and

Whereas, this Board now finds that it is necessary to include the said 11,000-volt transmission line and the 11,000-volt circuit hereinabove described as a part of the properties sought to be acquired from said Great Western Power Company of California in conjunction with the properties specifically described in said "Exhibit A" attached to the said petition filed with the Railroad Commission of the State of California on the 11th day of February, 1924. Now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that, in the judgment of this Board, the public interest and necessity of the people require that the City and County of San Francisco should acquire, by condemnation proceedings or otherwise, those certain parts and portions of the properties of said Great Western Power Company of California hereinabove specifically described in conjunction with the properties of said company described in said Exhibit A attached to said petition heretofore filed with the said Railroad Commission; and this Board does hereby declare its intention to initiate such proceedings as may be required under the law governing said City and County for the purpose of submitting to the voters of the City and County a proposition to acquire, under eminent domain proceedings or otherwise, the said 11,000-volt transmission line and the 11,000-volt circuit hereinabove specifically described in conjunction with the electric properties and rights described, set out and identified in said Exhibit A attached to said petition heretofore filed with the said Railroad Commission, it being fully understood and hereby declared that the purpose of this resolution is not to

be considered as in any way repealing said Resolution No. 21989, approved February 1, 1924, but is to be considered as an authorization from this Board for the amendment of said petition as hereinabove specified, and a reiteration of the recitals contained in said resolution relative to the necessity of acquiring said properties, and as so amended, and of the intention of this Board to initiate such proceedings as may be required under the law governing said City and County for the purpose of submitting to the voters of the City and County a proposition to acquire, under eminent domain proceedings or otherwise, the said properties and rights as so amended; and be it further

Resolved, That the City Attorney be and he is hereby authorized and directed to prepare and file with the Railroad Commission of the State of California an amendment to the said petition heretofore filed with said Commission asking the Commission to fix and determine the just compensation to be paid by the City and County of San Francisco for the said 11,000-volt transmission line and the said 11,000-volt circuit hereinabove specifically described, in conjunction with the electric properties and rights described in said Exhibit A attached to said original petition heretofore filed with the said Railroad Commission.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were read and ordered filed:

Fire Committee, by Supervisor Deasy, chairman.

Public Buildings Committee, by Supervisor Wetmore, chairman.

Streets Committee, by Supervisor Harrelson, chairman.

Report of Joint Committee, Streets and Commercial Development, on Spur Track Policy.

The following was presented and read by the Clerk:

Board of Supervisors, City and County of San Francisco.

Gentlemen:
Your Joint Committee Streets and Commercial Development, to whom were referred the applications of Southern Pacific Company and Western Pacific Railroad Company for spur track permits in the district bounded by Seventh street, Fourteenth street, Harrison street and Berry street, respectfully submit the following report:

That the Southern Pacific Company be granted permission to con-

struct and operate solely spur tracks on

Seventh Street.

Beginning at a point on Seventh street near Berry street; thence northerly along the easterly side of Seventh street to a point 175 feet northerly from Townsend street; thence on a curve easterly through private property to Gilbert street; thence across Gilbert street near its southerly end; thence through private property to Butte place; thence across Butte place near its southerly end; thence through private property to Lucerne street; thence across Lucerne street near its southerly end; thence through private property to Harriet street; thence across Harriet street near its southerly end; thence through private property to the westerly line of Sixth street opposite Bluxome street.

Gilbert Street.

Along Gilbert street from the southerly line of Brannan street for approximately 180 feet; thence easterly on a curve through private property and connecting with the spur crossing the southerly ends of Butte place, Lucerne and Harriet streets.

Harriet Street.

Along Harriet street from the southerly line of Brannan street for approximately 180 feet; thence easterly on a curve through private property and connecting with the spur track crossing the southerly ends of Butte place, Lucerne and Harriet streets.

That the Western Pacific Company be granted permit to construct and operate spur tracks to serve such portions of the district bounded by Sixth street, Ninth street, Harrison street and Brannan street as are not now served by the Southern Pacific Company under the spur track permit mentioned above. This permit granted to the Western Pacific Company shall provide for the joint use of the spur tracks mentioned by any other railroad upon paying its share of the cost and interest.

Provided further, that if the Southern Pacific Company refuses to accept joint use of track on Harrison street between Ninth and Fourteenth streets, the Western Pacific Company shall construct and operate these tracks with the joint user clause as a part of the permit.

And further provided, that each company shall begin actual construction work on all the spur tracks herein mentioned within a

period of thirty days from and after the validation of the permits by the Railroad Commission, and complete same within six months after beginning the actual construction of the spur tracks.

Respectfully submitted,

WM. A. HARRELSON.
RICHARD J. WELCH.
J. EMMET HAYDEN.
JOHN A. MCGREGOR.

Motion.

Supervisor Schmitz moved that the foregoing matter be laid over one week and that the Clerk be instructed to mail each member of the Board a copy of Mr. Levy's letter, the committee's report and the brief of the Southern Pacific Company.

Motion carried.

Relative to the Purchase of the Properties of the Market Street Railway Company.

Supervisor McGregor called attention to a proposition which has been put on the ballot for the November election by a referendum petition signed by 26,000 voters of this City and County, which provides for the purchase of the Market Street Railway system for \$36,000,000. He said the properties were not worth \$36,000,000, or anything like that amount; that the petition was obviously circulated by the company; that the purchase price was clearly fixed by the company instead of being the result of negotiations thoroughly gone into by both parties to the transaction. He felt that it was his duty as chairman of the Special Committee to call the Board's attention to these facts.

Motion.

Supervisor McGregor, seconded by Supervisor Colman, thereupon moved that this Board go on record as opposing absolutely the purchase of the Market Street Railway properties at \$36,000,000 provided for in the referendum petition to be placed on the ballot next November; also that the Special Committee on Purchase of Market Street Railway Properties and the Public Utilities Committee take this matter up immediately and prepare a statement to be sent to the voters.

Motion carried by the following vote:

A y e s — Supervisors Badaracco, Both, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Salary Increase, Wardmen at San Francisco Hospital.

Supervisor McSheehy moved that the Clerk be instructed to communicate with the Board of Health, advising that the Board of Supervisors in this year's budget had granted wardmen an increase from \$40 to \$50 per month, and to request that the latter amount be paid. He declared that he had been informed that the wardmen were not being paid the increase allowed by the Board of Supervisors.

Supervisor Rossi requested that the increases allowed watchmen and laundresses be also paid.

Supervisor Katz made the same request for seamstresses in the San Francisco Hospital.

Thereupon, *Supervisor McSheehy's* motion was duly carried.

Convention of League of California Municipalities.

Supervisor Bath, on behalf of Supervisors Shannon, Badaracco and himself, a committee that attended the recent convention of the League of California Municipalities at Long Beach, declared that the convention was attended by upwards of 1000 delegates from some 300 cities and towns in California and matters of very great importance were taken up and given exhaustive consideration. The paper on Hetch Hetchy read by Mr. Nelson Eckart of our engineering department, he said, was heard with a great deal of interest by the attending delegates. He spoke of the hospitable treatment accorded the San Francisco delegation by the delegates from Los Angeles, and declared that San Francisco had much to learn from Los Angeles. He bespoke a more friendly feeling and cooperation between the two cities.

State Fair Presents Cup to San Francisco.

Supervisor Colman, in a brief address, called attention to a beautiful silver cup that had been presented to San Francisco for its exhibit this year at the State Fair in Sacramento. *Supervisor Colman* said that the City's exhibit was a notable one and that great credit should be given Mr. Glick of the City Engineer's department for the able manner in which he represented the interests of San Francisco at Sacramento.

Acting Mayor McLeran received the gift in behalf of the City and in a few gracious words expressed the appreciation of the City.

Check for Hydroelectric Power.

Acting Mayor McLeran exhibited

a check received from the Pacific Gas and Electric Company for last month's hydroelectric power crop in the sum of \$182,426.97, and request was made that a note be made of it in the record.

Supervisor McSheehy requested that it be also noted that an amount equal to three times that, or \$547,280.01, represented the company's share of receipts from the output.

Bay Bridge Hearing.

Supervisor Welch announced that there would be a bridge hearing before the Joint Streets, Commercial Development and Public Utilities Committee on Friday, October 9, 1925, at 10 a. m.

Grand Opera Season.

Supervisor Hayden, chairman of the Auditorium Committee, took occasion to compliment the Citizens Committee, headed by Mr. Robert Bentley, which had underwritten the opera for this season at the Civic Auditorium. The City, he said, is greatly indebted to the San Francisco Opera Association, whose members serve without compensation. The season, he said, was the greatest success and showed the largest gate receipts of any season.

Supervisor Hayden, seconded by *Supervisor McGregor*, moved that the Clerk extend the compliments and commendation of the Board to the San Francisco Opera Association for its part in the wonderful success of the San Francisco Opera Season.

No ordered.

UNFINISHED BUSINESS.

Auctioneers' Ordinance.

Bill No. 7276, Ordinance No. 6803 (New Series), as follows:

Regulating the calling of auctioneers and sale of property by auction and prescribing a penalty for a violation thereof, and repealing Ordinance No. 2366 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A "public auction room" is hereby defined to be the premises designated in the application filed with the Board of Police Commissioners by any person desiring to engage in the calling of auctioneer when and after said permit has been granted by the Board, and during the time said premises are used for conducting legal auction sales therein.

Section 2. It shall be unlawful for any person, firm or corporation to sell, offer for sale or expose for sale by public auction personal property at any place other than in a public auction room, except as hereinafter provided.

Section 3. The provisions of Section 2 shall not apply to household furniture, vehicles, automobiles, machinery, livestock and such bulky articles as have been usually sold in warehouses or in the public streets or on the wharves.

Section 4. The provisions of Section 2 shall not apply to any bona fide sale of a stock of merchandise by public auction where the owner thereof or the creditors of the owner are engaged in the legitimate closing out of any such stock and such sale is held upon the premises where the business of the owner had been carried on for not less than one year immediately preceding; provided, however, that no public auction conducted under the provisions of this section shall continue for a period longer than thirty days at any one time.

Section 5. In all cases where a public auction sale is held under the provisions of Section 4, the owner or the creditors of the owner must take an inventory of the stock of merchandise on the premises which is to be sold at said public auction, and must submit said inventory to the Chief of Police at least twenty-four hours prior to the commencement of the auction sale. The inventory required by this section must show each item of merchandise contained in the stock to be offered for sale in the premises by public auction, and the said owner or creditor of the owner must take and subscribe an oath, to be at-

tached to the inventory, that the said inventory contains a true and itemized account of all the property to be sold at said public auction, and that the same is a bona fide closing out sale of said stock. No property or merchandise shall be sold under the provisions of Section 4 except those itemized and shown in the inventory provided for herein.

Section 6. During the pendency of auction sales held under the provisions of Section 4, the auctioneer engaged in the public auction sale must, at the end of each and every twenty-four hours, forward to the Chief of Police, by mail or otherwise, an itemized account of all sales made by him during said twenty-four hour periods. This itemized statement shall be subscribed by the auctioneer conducting the sale, and any false or fraudulent itemized statement submitted by said auctioneer to the Chief of Police shall be deemed sufficient cause for the suspension or revocation of his permit from the Board of Police Commissioners.

Section 7. The provisions of this ordinance shall not apply to any sale made under the direction of any court or pursuant to any law.

Section 8. It shall be unlawful for any person to engage in the calling of an auctioneer, or to conduct a public auction room without first having obtained a permit from the Board of Police Commissioners and without having first filed a bond and paid the license fee provided for in this or other ordinances.

Section 9. Application for such permit from the Board of Police Commissioners shall be made in writing by the person desiring the same and shall contain a description of the premises sought to be used as public auction room. A notice, printed in conspicuous type, signed by the Secretary of the Board of Police Commissioners, stating that application has been made for such permit, and stating the date when such application would be heard by the said Board, shall be conspicuously posted on the premises described in the application for at least ten days prior to the date of such hearing.

Section 10. At the hearing of such application any person may object to the granting of such permit and may be heard in respect thereto.

Section 11. The Board of Police Commissioners may grant the permit applied for or may, in the exercise of a sound and reasonable

discretion, when the public interest may so require, deny the same. Such permit shall authorize the holding of auction sales only at the premises described therein.

Section 12. Any permit granted under this ordinance may be suspended or revoked by the Board of Police Commissioners when it shall appear to said Board that the business or calling of the person to whom such permit was granted is conducted in a disorderly or improper manner or in violation of any law of this State or ordinance of this City and County, or that the place where such business or calling is being conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling. Complaints to revoke permits granted by the Board must be in writing, signed by the person making the same, and filed with the Secretary of the Board, and a copy thereof, certified by the Secretary, must be served upon the party complained against or upon the person in charge of the said place of business at least five days before the time set for the hearing of the complaint. Upon the revocation of the permit the license issued thereon shall immediately terminate or be suspended during such time as said Board shall determine.

Section 13. No auctioneer must have at one time more than one place for holding auction.

Section 14. All sales of goods, wares or merchandise by public auction must be made between the hours of 7 a. m. and 7 p. m., and no such sales can be made on Sundays or legal holidays; provided, however, that the Board of Police Commissioners may grant a special permit for such a limited period of time as the Board shall fix for the sale by public auction of books, prints or paintings, or goods sold in the original packages as imported, according to a printed catalogue, of which samples must have been opened to public inspection at least one day previous to the sale, at an hour or hours later than 7 p. m., to be specified in said permit, and provided that any such permit may be revoked by the Board of Police Commissioners for the reasons and in the manner provided in Section 12 of this ordinance for the revocation of a permit.

Section 15. It shall be unlawful to ring any bell or sound any other loud or noisy instrument for the purpose of attracting attention to any auction sale.

Section 16. The bond referred to in Section 9 must be conditioned to

be paid to the people of the State of California, with one or more sureties, in the sum of five thousand dollars, and approved by a judge of the Superior Court, and must be filed in the office of the County Clerk. For every violation of this ordinance, or of his duty as an auctioneer, in addition to the criminal penalty the auctioneer shall forfeit two hundred and fifty dollars, recoverable on his bond.

Section 17. Every auctioneer, in case of inability to attend any auction by reason of sickness or the performance of any duty imposed upon him by law, or during a temporary absence from the City and County, may employ a copartner or clerk to hold such auction in his name and behalf, such partner or employee to take and file with the Chief of Police an affidavit to faithfully perform the duties of auctioneer and to be approved by the Chief of Police; but any auctioneer may employ a crier at any sale and he shall be responsible for the acts of his partner, employee or crier, upon his bond. Where a crier is employed, however, the auctioneer employing him must be present in person during all auction sales. No auctioneer shall transfer or loan his license or permit it to be used by any other person or persons except as in this section set forth.

Section 18. Each auctioneer must keep a book in which he must enter all sales, the amount paid and the date of each sale, which book must be open at all times for the inspection of the Police Department and of any person interested therein.

Section 19. Every auctioneer must, under his own name, give previous notice in one or more daily newspapers of general circulation in the City and County of San Francisco, of every auction sale to be made by him. Such notice must be inserted in the regular auction columns of such paper or papers and must be continued from day to day during any such sale, and in the case the auctioneer is connected with any person or firm, his name must in all cases precede, separately and individually, the name of such person or the title of the firm.

Section 20. No auctioneer must demand or receive a higher compensation for his services than a commission of fifteen per cent on the amount of any sales (said fifteen per cent to include all expenses of sale), public or private, made by him, unless by virtue of a previous agreement in writing between him and the owner or consignee. Every auctioneer who violates this section must refund the excess of charge

and forfeit to the party aggrieved two hundred and fifty dollars in addition to the criminal penalty herein provided.

Section 21. It shall be unlawful for any person, firm or corporation, other than a licensed auctioneer, to hold, conduct, carry on or maintain any auction room or place for holding public auction sales, or to advertise or hold himself out to the public as an auctioneer, or to conduct, carry on or maintain any sale of goods by public auction; and it shall be unlawful to maintain, conduct or carry on any mock auction.

Section 22. Any auctioneer as defined and covered by this ordinance, or any person, firm or corporation owning or conducting a public auction room, who purchases or buys for or on his or its own account, new or second-hand merchandise, and who sells the same or offers for sale the same at either public auction or private sale, must, in all notices or advertising of any auction sale, or of any private sale, which may be either published, printed or distributed, and, likewise, prior to the commencement of any auction sale, or likewise prior to making any private sale, clearly and distinctly state and declare that the property so being sold or offered or advertised for sale belongs to and is the property of such auctioneer.

Section 23. Anyone aggrieved or damaged by any act of an auctioneer in violation of or contrary to the provisions of this ordinance, has an action against him and his bondsmen on his official bond therefor.

Section 24. The provisions of this ordinance shall not apply to any auction held for charitable or benevolent purposes or at any church fair, festival or bazaar; but the same shall be made applicable to all sales of public and unclaimed property.

Section 25. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or invalid, such decision shall not affect the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional or invalid.

Section 26. All ordinances in so far as they conflict with the provisions of this ordinance, and especially Ordinance 2366 (New Series), are hereby repealed.

Section 27. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment, and each day that any of the provisions of this ordinance is violated shall constitute and be a separate offense punishable as in this ordinance provided.

Section 28. This ordinance shall take effect immediately.

Granting permission, revocable at will of the Board of Supervisors, to the Western Pacific Railroad Company, its successors or assigns, to construct, maintain and operate a spur track across Barneveld and Jerrold avenues, in accordance with the description and blue print attached to the application.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the Western Pacific Railroad Company, its successors or assigns, to construct, maintain and operate a spur track across Barneveld and Jerrold avenues in accordance with the description and blue print attached to the application.

Said permission is granted subject to provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof, as complete as though the same were written in this ordinance.

Provided, that said spur track shall be laid with girder rail under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drain-

age be paid for by the Western Pacific Railroad Company.

Provided, that the Western Pacific Railroad Company shall erect and maintain all-night lighted arc lamps, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Supervisor Harrelson presented:

Resolution No. 24586 (New Series), as follows:

Resolved, That that certain deed executed on the 8th day of June, 1925, between Residential Development Company of San Francisco (a corporation) and the City and County of San Francisco (a municipal corporation), conveying land for street purposes as shown on map entitled "Blocks 3260, 3263, 3273 and 3274, Monterey Heights, San Francisco, California," is hereby accepted in the name of the City and County of San Francisco.

Further Resolved, That the lands covered by said deed are hereby de-

clared open public streets to be known as San Aleso avenue, West Gate drive and North Gate drive.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Bond Fixed for Payment of Taxes.

Supervisor Harrelson presented:

Resolution No. 24587 (New Series), as follows:

Resolved, That the bond filed with this Board September 28, 1925, by Residential Development Company of San Francisco (a corporation) as principal and John M. Punnett and W. P. Laufenberg as sureties, in the sum of two thousand dollars, which sum is hereby fixed by this Board and conditioned for the payment of all taxes which are now a lien but not yet payable against the property as shown on map of Blocks 3260, 3263, 3273 and 3274, Monterey Heights, San Francisco, California, is hereby approved.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Approving Map, Monterey Heights.

Supervisor Harrelson presented:

Resolution No. 24588 (New Series), as follows:

Whereas, the Board of Public Works did, by Resolution No. 88238 (Second Series), approve a map of Blocks 3260, 3263, 3273 and 3274, Monterey Heights, San Francisco, California; therefore, be it

Resolved, That the map of Blocks 3260, 3263, 3273 and 3274, Monterey Heights, San Francisco, California, is hereby approved.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Intention to Change Grades.

Supervisor Harrelson presented:

Resolution No. 24589 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base as hereinafter stated, in accordance

with Resolution No. 88246 (Second Series) of the Board of Public Works adopted September 25, 1925, and written recommendation of said Board, filed September 29, 1925, to-wit:

Forty-eighth Avenue.

Geary street southerly line, 195 feet. (The same being the recommended grade.)

200 feet southerly from Geary street, 198 feet.

150 feet northerly from Anza street, 181.50 feet.

Anza street, 174 feet. (The same being the present official grade.)

On Forty-eighth avenue between Geary and Anza streets be changed and established to conform to true gradients between the grade elevations above given therefor.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Extensions of Time.

Supervisor Harrelson presented: Resolution No. 24590 (New Series), as follows:

Resolved, That James M. Smith is hereby granted an extension of ninety days' time from and after October 4, 1925, within which to complete improvement of Avalon avenue between Edinburgh and Naples streets, and between Naples and Vienna streets. This extension of time is granted upon the recommendation of the Board of Public Works because of uncertain weather conditions.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Also, Resolution No. 24591 (New Series), as follows:

Resolved, That A. E. Hennessey be granted an extension of ninety days' time from and after October

10, 1925, within which to complete contract for the improvement of De Long street between Orizaba avenue and Liebig street. This extension of time is granted for the reason that the work is well under way.

Passed for Printing.

The following bill was *passed for printing*:

Establishing Grades, Mangels Avenue.

On motion of Supervisor Harrelson:

Bill No. 7281, Ordinance No. — (New Series), as follows:

Establishing grades on Mangels avenue between Detroit and Foerster streets.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The grades on Man-

gels avenue between Detroit and Foerster streets are hereby established at points hereinafter named and at heights above city base as hereinafter stated, in accordance with recommendation of the Board of Public Works filed September 29, 1925.

Temporary Fill at Regent Street and Ocean Shore Right of Way.

Supervisor Harrelson presented: Resolution No. 24594 (New Series), as follows:

Whereas, the City Engineer notified the Board of Public Works that the bridge at the intersection of Regent street and San Jose avenue and the bridge at the intersection of Sickles avenue and De Wolf street, over the old Ocean Shore Railroad Company's right of way, were in very bad condition and would be in need of constant repairs and maintenance; and

Whereas, the estimated cost of making the necessary repairs to both of these structures is \$16,500; now, therefore, be it

Resolved, That as a temporary expedient until a comprehensive plan is prepared for the construction of the boulevard along the old Ocean Shore Railroad Company's right of way is undertaken the Board of Public Works be directed to fill in under San Jose avenue at the intersection of Regent street and under Sickles avenue at the intersection of De Wolf street.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, McSheehy, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—18.

Award of Contract, Gasoline.

Supervisor Rossi presented: Resolution No. 24595 (New Series), as follows:

Resolved, That contract for furnishing gasoline during the fiscal year 1925-26 be and is hereby awarded to Crown Oil Company on bid submitted May 11, 1925 (Proposal No. 116), as follows, viz.:

Item No. 508—Gasoline, motor:

(a) In steel barrels, per gallon, 17 cents.

(b) By tank wagon, per gallon, 16¾ cents.

(c) At service stations of contractor and of Shell Company of California, per gallon, 19 cents.

Note: (a) The price of gasoline herein quoted for delivery in contractor's steel tanks is based upon a differential of 3 cents; and (b) the price for delivery by tank truck is based upon a differential of 3¼

cents; and (c) the price for delivery at contractor's service stations is based upon a differential of 1 cent per gallon under the current retail market price of gasoline in San Francisco, California, including the current 2-cent state gasoline tax.

In the event of a decline in such retail market price the prices to be paid hereunder shall be correspondingly decreased; and in the event of such decline and a subsequent increase the prices to be paid hereunder shall be correspondingly increased; so that the prices payable hereunder under section (a) shall at all times be 3 cents less under section (b) the price shall at all times be 3¼ cents less, and under section (c) the price shall at all times be 1 cent less than the current retail market price of gasoline in San Francisco, California, including the 2-cent state tax; provided, however, that the prices payable under this bid shall not in any event exceed the prices first set out herein, including the said 2-cent tax.

Delivery to be made within the City and County of San Francisco at such times and in such quantities as may be designated by buyer.

Any additional tax or charge levied by governmental authority which seller is obliged to pay on account of deliveries of gasoline hereunder shall be added to the prices herein agreed to be paid by buyer.

Resolved, That all other bids submitted be rejected.

Note: All above awards are made to the lowest bidder except when award is made in consideration of deliveries or on account of the quality offered as determined by such tests as required or recommended by the Purchaser of Supplies.

Opinion of City Attorney.

The following was presented and read by the Clerk:

San Francisco, Cal., Sept. 18, 1925. Supplies Committee, Board of Supervisors, City.

Gentlemen: In regard to my opinion heretofore rendered in the matter of bids for gasoline, etc., I beg to say that I have no doubt but that the bid of the Mohawk Oil Company was irregular, being conditional and in the alternative. I was informed that the other bids were similar and advised that all the bids were irregular and that they should be rejected. I am now informed that the other bids were merely accompanied by explanations filed at the same time in accord-

ance with the specifications in the proposals. If this be so the same defect will not apply to these bids for a bidder has the right to accompany his bid with such explanations. You are to satisfy yourselves of the facts and if the other bids are simply accompanied by an explanation you are advised that this explanation does not render them irregular.

Yours truly,
(Signed) GEORGE LULL,
City Attorney.

Privilege of the Floor.

Louis Crowley, attorney, was heard in opposition to the award of contract in the foregoing resolution.

Mr. Mortimer, representing Crown Oil Company, urged the adoption of the resolution and the award of the contract as recommended.

Adopted.

Whereupon, the roll was called and the foregoing resolution was adopted by the following vote:

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Katz, McGregor, McLeran, Morgan, Robb, Roncovieri, Rossi, Schmitz, Shannon, Welch, Wetmore—17.

No—Supervisor McSheehy—1.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

TUESDAY, OCTOBER 13, 1925, 2 P. M.

In Board of Supervisors, San Francisco, Tuesday, October 13, 1925, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, McLeran, McGregor, McSheehy, Morgan, Robb, Roncovieri, Rossi, Shannon, Welch, Wetmore—16.

Absent—Supervisors Katz, Schmitz—2.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Welch was called to the chair.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of October 5, 1925, was considered read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Redwood Highway Conference.

Communication, from his Honor Mayor Rolph, transmitting letter from J. H. Kirkpatrick, manager of the Redwood Highway Association, announcing annual meeting of said association to be held at Petaluma on October 24th, and requesting co-operation of the City and County of San Francisco and the delegating of representatives from the City to this meeting, the principal object of which is the putting of the association on a sound promotional basis.

Read, and, on motion of Supervisor Shannon, the Mayor was authorized to appoint five Supervisors to represent San Francisco.

Congressional Committee Visits Board.

Supervisor Welch, acting chairman, presented the Committee on Rivers and Harbors of the House of Representatives of the United States, consisting of S. Wallace Dempsey, chairman; Congressman

Chas. Curry, Congressman Lineberger of Los Angeles, Congressman McDuffie of Alabama.

They have been making a tour of California, particularly in regard to the rivers and harbors of the State.

Supervisor Welch expressed appreciation for the painstaking and thorough manner in which the committee had gone about its work. They had visited, he said, every port in and off shore along the entire coast.

Being called upon, Congressman McDuffie of Alabama said: "I bring you greetings of the people of Alabama, whose problems are similar to yours, whose hopes are like yours, whose views are the same as those you have. The people who are your neighbors, one and the same, of a great Union, in an effort to work out the great destiny of the greatest nation under the sun. The people who are interested not only in California, but the entire American Republic."

Congressman Lineberger, while from the southern part of the State, said, "I know no sectional divisions." He further stated, "I feel that this trip of the Sub-Committee of Rivers and Harbors will result in great benefit to our State and after all, it is the net results which we achieve in life which really count. San Francisco is the greatest port on earth."

Congressman Curry in speaking of Congress said: "I believe they are going to take proper care of the Sacramento and San Joaquin rivers and of San Diego and Los Angeles and San Francisco harbors. I believe that the thing that needs attention and must have it, if we are going to keep the American flag on the merchant ships, is the harbor of San Francisco."

Congressman S. Wallace Dempsey, Chairman of the Committee on Rivers and Harbors, complimented San Francisco on its wonderful Civic Center and called particular attention to the beauty of its buildings and the fact that the governmental buildings are grouped together so it is easy to get from one

to another and thus expedite the transaction of business.

Supervisor McGregor, in responding for the Board, after greeting the visitors, said he hoped that "as a result of your coming to California, we will be spoken of more and more".

Major Schultz and Mr. McCann, secretary for the committee, were also introduced to the Board.

Report of Joint Committee, Streets and Commercial Development, on Spur Track Policy.

The following matter, laid over from last meeting, was presented and read by the Clerk:

Board of Supervisors, City and County of San Francisco.
Gentlemen:

Your Joint Committee Streets and Commercial Development, to whom were referred the applications of Southern Pacific Company and Western Pacific Railroad Company for spur track permits in the district bounded by Seventh street, Fourteenth street, Harrison street and Berry street, respectfully submit the following report:

That the Southern Pacific Company be granted permission to construct and operate solely spur tracks on

Seventh Street.

Beginning at a point on Seventh street near Berry street; thence northerly along the easterly side of Seventh street to a point 175 feet northerly from Townsend street; thence on a curve easterly through private property to Gilbert street; thence across Gilbert street near its southerly end; thence through private property to Butte place; thence across Butte place near its southerly end; thence through private property to Lucerne street; thence across Lucerne street near its southerly end; thence through private property to Harriet street; thence across Harriet street near its southerly end; thence through private property to the westerly line of Sixth street opposite Bluxome street.

Gilbert Street.

Along Gilbert street from the southerly line of Brannan street for approximately 180 feet; thence easterly on a curve through private property and connecting with the spur crossing the southerly ends of Butte place, Lucerne and Harriet streets.

Harriet Street.

Along Harriet street from the southerly line of Brannan street for approximately 180 feet; thence east-

erly on a curve through private property and connecting with the spur track crossing the southerly ends of Butte place, Lucerne and Harriet streets.

That the Western Pacific Company be granted permit to construct and operate spur tracks to serve such portions of the district bounded by Sixth street, Ninth street, Harrison street and Brannan street as are not now served by the Southern Pacific Company under the spur track permit mentioned above. This permit granted to the Western Pacific Company shall provide for the joint use of the spur tracks mentioned by any other railroad upon paying its share of the cost and interest.

Provided further, that if the Southern Pacific Company refuses to accept joint use of track on Harrison street between Ninth and Fourteenth streets, the Western Pacific Company shall construct and operate these tracks with the joint user clause as a part of the permit.

And further provided, that each company shall begin actual construction work on all the spur tracks herein mentioned within a period of thirty days from and after the validation of the permits by the Railroad Commission, and complete same within six months after beginning the actual construction of the spur tracks.

Respectfully submitted,

WM. A. HARRELSON.
RICHARD J. WELCH.
J. EMMET HAYDEN.
JOHN A. MCGREGOR.

Privilege of the Floor.

Attorney Hobbs, representing the Southern Pacific Company, was granted the privilege of the floor and opposed the action of the committee and asked that matter be continued for sixty days.

Attorney Angellotti urged the importance of immediate action, saying that there are a number of industrial plants that are waiting on the action of the Board. He asked for the approval of the committee report.

Motion.

Supervisor McLeran moved that the matter lay over until November 9, 1925.

Motion lost by the following vote:

Ayes—Supervisors Bath, Harrelson, McLeran, McGregor, Robb, Rossi, Welch—7.

Noes — Supervisors Badaracco, Colman, Deasy, Hayden, McSheehy, Morgan, Roncovieri, Shannon, Wetmore—9.

Absent—Supervisors Katz, Schmitz—2.

Action Deferred.

Whereupon, the foregoing report and the following bills were *laid over one week*:

Bill No. —, Ordinance No. — (New Series), as follows:
